Independent Auditor's Report

**To the Plan Administrator and Audit Committee
Horizon House 403(b) Plan
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Horizon House 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplementary information.

HORIZON HOUSE 403(b) PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 1 - Description of the Plan

The following description of the Horizon House 403(b) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's definitions, benefits, eligibility and other matters.

General - The Plan is a defined-contribution plan that was established effective January 1, 1978 for the benefit of the employees of Horizon House (the Sponsor). The Plan is intended to be a plan that meets requirements under Section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - All employees of the Sponsor with the exception of nonresident aliens and leased employees are eligible to defer wages immediately upon hire. Eligible employees start receiving matching contributions after six months of service.

Contributions - Participants may elect to defer up to 100% of their eligible compensation as pretax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible plans (rollovers).

The Sponsor may make discretionary matching contributions for union and nonunion employees alike, determined annually by the Board of Trustees. Additionally, the Sponsor makes matching contributions to union employees under terms of a collective bargaining agreement. For the year ended December 31, 2023, the Sponsor matched 50% of deferrals with the maximum match not to exceed 6% of a participant's eligible compensation. Participant and matching contributions are paid to the Plan after each pay period.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and matching contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their account is based on a 3-year graded vesting schedule (25% after one year, 50% after two years, and 100% after three years).

Forfeited Accounts - Forfeitures may be used to reduce employer matching contributions and to pay administrative expenses of the Plan. During 2023, the Sponsor used \$5,742 of forfeitures to reduce employer matching contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$4,645 and \$44, respectively.

Payment of Benefits - Upon termination of service, death, disability, or reaching age 59 ½, a participant or beneficiary may elect to receive a lump-sum payment equal to the vested portion of their account or installment payments. The Plan also provides for hardship withdrawals in accordance with provisions specified in the Plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Notes to Financial Statements For the Year Ended December 31, 2023

Note 1 - Continued

Notes Receivable From Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. Loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate, as defined. Terms may not exceed five years, except for the purchase of a primary residence, in which case the term may be up to 15 years. Principal and interest is paid ratably through payroll deductions.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation represents the change in fair value from one period to the next and realized gains and losses on investments.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Transaction based fees for notes receivable from participants and benefit payments are charged directly to participant accounts. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Subsequent Events - The Sponsor has evaluated subsequent events through October 10, 2024, the date on which the Plan's financial statements were available to be issued.

HORIZON HOUSE 403(b) PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 3 - Excluded Annuity and Custodial Accounts

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As such, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements.

Note 4 - Fair Value Measurements

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements For the Year Ended December 31, 2023

Note 4 - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,889,328	\$ -	\$ -	\$ 13,889,328

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,243,113	\$ -	\$ -	\$ 11,243,113

Note 5 - Fully Benefit-Responsive Investment Contract

The Plan entered into a fully benefit-responsive guaranteed investment contract with Standard Insurance Company (Standard) through the Standard Stable Asset Fund. Standard maintains the contributions in their general account. Assets in the general account are supported by the financial stability of Standard. While Standard is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, any guarantees are dependent on Standard's ability to meet its financial obligations. The crediting rate is based on a formula established by Standard but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events may limit the ability of the Plan to transact at contract value, including termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of the Plan's withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or withdrawal restrictions may apply. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Standard and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow Standard to terminate the contract with the Plan and settle at an amount different from contract value. Those events include the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain the minimum asset levels, plan disqualification, and failure to adopt the Plan in a reasonable time.

Note 6 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2023 and 2022, and investment income for the year ended December 31, 2023, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (Schwab), the Plan's custodian. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 7 - Party-in-Interest Transactions

The Plan holds shares of a money market mutual fund managed by Schwab or by one of its affiliates. Therefore, transactions with this investment and fees paid by the Plan to Schwab or its affiliates would qualify as party-in-interest transactions. Standard is the issuer of the Plan's investment contract. Transactions with this investment and fees paid by the Plan to Standard qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 9 - Income Tax Status

The Sponsor adopted a DATAIR 403(b) volume submitter plan document. DATAIR received an approval letter from the IRS dated March 31, 2017, which states that the 403(b) volume submitter plan document satisfies the applicable provisions of Section 403(b) of the IRC. The Plan's management believes that the Plan is currently designed and being operated in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 10 - Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities are exposed to various risks such as interest rate, credit, and market risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
