INDEPENDENT AUDITORS' REPORT

To the Plan Administrators of
Gypsum Management and Supply, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Gypsum Management and Supply, Inc. 401(k) Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GYPSUM MANAGEMENT AND SUPPLY, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE A – DESCRIPTION OF THE PLAN

The following description of Gypsum Management and Supply, Inc. 401(k) Savings Plan (the “Plan”) is provided for general informational purposes only. More complete information regarding the Plan’s provisions may be found in the Plan Document.

General – The Plan is a defined contribution and profit-sharing plan established by Gypsum Management and Supply, Inc. (the “Company”) under the provisions of section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers all eligible employees of Gypsum Management and Supply, Inc. and Subsidiaries (the “Sponsoring Employer”) who are not members of a collective bargaining unit whose coverage under another pension plan was subject to good faith bargaining. The Plan is administered by an Administrative Committee appointed by the Board of Directors of Gypsum Management and Supply, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan amendments – Effective January 1, 2023, the Plan was amended and restated to make changes to eligibility requirements, participant loans, and true-up matching contributions. Eligibility requirements have been amended and reduced to 30 days of service effective January 16, 2023. Participant loans are now authorized to be made from a Member’s Plan account effective March 1, 2023. The amended true-up matching contributions are effective January 1, 2023.

Eligibility – Employees are eligible to participate in the Plan upon reaching the age of 18 and completing 30 days of continuous service.

Contributions – Participants may elect to defer a portion of their annual compensation subject to IRC limitations. The Sponsoring Employer may make discretionary matching contributions on a per-payroll-period basis in any amount the Sponsoring Employer determines.

The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participant accounts – Each participant’s account is credited with the participant’s contribution, the Company’s contribution, rollover contributions, and allocations of the Plan’s earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – All participants’ contributions and earnings thereon are fully vested. Vesting in the Sponsoring Employer’s matching and discretionary contributions portion of their accounts plus actual earnings thereon is determined by years of vesting service. Participants become 50% vested after two years of vesting service and are fully vested in their accounts after three years of service, as defined by the Plan.

GYPSUM MANAGEMENT AND SUPPLY, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Forfeited accounts – Forfeitures of terminated participants' non-vested accounts are used to reduce future Company contributions in the year in which they are forfeited and to pay administrative expenses of the Plan. During the years ended December 31, 2023 and 2022, forfeited non-vested accounts totaled \$55,698 and \$59,528, respectively. In 2023 and 2022, forfeited non-vested amounts totaling \$78,621 and \$138,398, respectively, were used to reduce company contributions.

Benefits – The vested portion of a participant's account is available for disbursement when (1) the participant retires at age 65 or later; (2) the participant becomes permanently disabled; (3) the participant terminates employment with three or more years of services; or (4) the participant dies while an active participant in the Plan. Participants who terminate employment with less than three years of service receive the vested portion of their account balance.

Notes receivable from participants – Participant loans are recorded at amortized cost, which represents unpaid principal plus accrued interest. Interest income on notes receivable from participants is recorded when it is earned. In accordance with ASC 326, the Plan utilizes historical information and reasonable and supportable forecasts regarding future events to regularly evaluate the collectability of notes receivable from participants. No allowance for credit losses has been recorded as of December 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Recently adopted accounting pronouncements – In June 2016, the Financial Accounting Standards Board ("FASB") issued ASU 2016-13, *Financial Instruments – Credit Losses: Measurement of Credit Losses on Financial Instruments*, which requires the use of a new current expected credit loss ("CECL") model in estimating allowances for current expected credit losses with respect to notes receivable. The CECL model requires that the Plan estimate its lifetime expected credit loss with respect to these receivables and record allowances when deducted from the balance of the receivables, which represent the estimated net amounts expected to be collected. The Plan will consider whether historical loss rates are consistent with expectations of forward-looking estimates for its notes receivable from participants.

This ASU is effective for fiscal years beginning after December 15, 2022. The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new/enhanced disclosures only.

Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits – Benefits are recorded when paid.

GYPSUM MANAGEMENT AND SUPPLY, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition – Investments are reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value equals principal balance plus accrued interest.

Gain or loss on securities sold is based on average cost. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative expenses – Administrative fees paid by the Plan for distributing payments and other services related to the Plan amounted to \$232,267 for the year ended December 31, 2023. All other administrative expenses of the Plan have been paid by the Company and are therefore not reflected in the accompanying statement of changes in net assets available for benefits.

Fair value measurements – FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	--

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

GYPSUM MANAGEMENT AND SUPPLY, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued based on the same securities traded on a national exchange and are valued at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on the last day of the plan year are valued at the last reported bid price. These assets are classified as Level 1 or Level 2 assets within the valuation hierarchy, depending on whether the investment is available for trading in active markets.

Common/collective trust funds: Common/collective trust funds are priced using the net asset value ("NAV"). The net asset value is deemed appropriate, as these funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restriction on redemptions.

Pooled separate accounts: These accounts consist of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2023. The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for dividends, splits, and administrative maintenance charges and other items) and reported by the insurance company denotes readily determined fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Contributions in excess of limits – The Plan failed the discrimination test for the years ended December 31, 2023 and 2022. Excess contributions amounting to \$609,175 and \$385,572 respectively, are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant-directed contributions for the year. The plan reimbursed these excess contributions during 2023 and 2022.

Subsequent events – Subsequent events have been evaluated through October 7, 2024, which is the date these financial statements were available to be issued.

GYPSUM MANAGEMENT AND SUPPLY, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE C – TAX STATUS

The Internal Revenue Service (“IRS”) issued a determination letter dated June 14, 2018 stating that the plan, as designed, constitutes a qualified plan under section 401(a) of the IRC. The Plan has been amended since the receipt of the determination letter; however, the Plan Administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for tax years prior to 2020.

NOTE D – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds the Prudential Guaranteed Income Fund (“PGIF”) which is a fully benefit-responsive investment contract. Contract value is the relevant measure for fully benefit-responsive investment contracts as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. For the PGIF, contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Interest is credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis. Certain factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer’s general account are used to establish interest crediting rates. These rates are established without the use of a specific formula.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F – CERTIFIED INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as complete and accurate by a qualified institution need not be subjected to independent audit. The Plan administrator has obtained a certification from Empower Annuity Insurance Company and Prudential Bank and Trust, as trustees of the Plan, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- a. Investments and notes receivable from participants as of December 31, 2023 and 2022.
- b. Plan transactions related to investment income, securities transactions, and interest income on notes receivable from participants for the year ended December 31, 2023.
- c. All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE G – PARTIES-IN-INTEREST

During 2023, certain administrative fees due to Empower Trust Company were paid by the Plan Sponsor as discussed in Note B. Empower is the trustee, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the participants of the Plan to Empower relate to administrative fees defined by the Plan Document.

These fees paid to Empower qualify as party-in-interest transactions. Total administrative fees paid by the Plan totaled \$232,267 for the year ended December 31, 2023. These transactions do not constitute prohibited transactions under ERISA.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
