Independent Auditor's Report

To the Plan Administrator
Savings Plan of the Connecticut Water Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Savings Plan of the Connecticut Water Company (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule H - Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Savings Plan of the Connecticut Water Company

Notes to Financial Statements December 31, 2023 and 2022

Note 1 - Description of the Plan

The following description of Savings Plan of the Connecticut Water Company (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established by the Board of Directors of the Company in 1985 and most recently restated effective June 1, 2022 and amended October 1, 2023. The Plan is a defined contribution plan covering all eligible employees of the Connecticut Water Company and Maine Water Company, and wholly-owned subsidiaries of Connecticut Water Service, Inc.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Benefits Plan Administration Committee determines the appropriateness of the Plan's investment offerings, monitors investments and determines the Plan's valuation policies utilizing information provided by Fiduciary Investment Advisors.

Effective June 1, 2022, the Plan document was restated to adopt Pre-approved Basic Savings Plan - Plus document of Principal Financial Group. The IRS has informed Principal Financial Group by an advisory letter dated June 30, 2020, that the Plan and related trust are in compliance with the applicable sections of the IRC. No changes to the Plan provisions were made as a result of the Plan document restatement.

Contributions

The Plan contains the following provisions as described below:

- a) Participant salary deferral contributions are made on a pre-tax basis of between 1% and 50% of eligible compensation, or a flat dollar amount up to an annual maximum set by the IRC, for all employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute via rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.
- b) New employees are eligible to enroll in the Plan after 30 days of employment with the Company. Enrollment will take place on the first day of the next Plan year month following the date on which such eligibility requirements are satisfied.
- c) Participants are eligible to receive Company contributions after 6 months of employment with the Company following the next plan year quarter following on which such eligibility requirements are satisfied.

Effective January 1, 2023, the Plan has an automatic enrollment and automatic elective deferral contribution of 5% of employees' eligible compensation. The automatic elective deferral contribution shall increase on January 1 of each Plan year by 1% up to a maximum of 10%. The Company will make a safe harbor matching contribution each payroll period of 100% of elective deferral contributions that are not over 3% of eligible compensation, plus 50% of elective deferral contributions that are over 3% but are not over 5% of eligible compensation. Employees hired on or after January 1, 2009, are ineligible to participate in the Company's pension plan; therefore, the Company will make additional contributions equal to 3% of compensation for the payroll period for each person who was an active participant at any time during that period. Discretionary Contributions may be made for each Plan Year in an amount determined by the Employer.

Savings Plan of the Connecticut Water Company

Notes to Financial Statements December 31, 2023 and 2022

Prior to January 1, 2023, the Plan had an automatic enrollment and automatic contribution increase provisions with automatic deferral rate of 3% of employees' eligible compensation. In addition, the Plan had an annual automatic contribution increase provision to increase employees' contributions by 1% annually up to 7% maximum. The Company made an automatic safe harbor contribution of 3% of eligible compensation for all eligible employees, even if the employee does not elect to make their own contributions. Employees hired on or after January 1, 2009, are ineligible to participate in the Company's pension plan; therefore, the Company contributes an additional 1.5% of eligible compensation to the employee's account.

Once eligible, employees can elect to enter into a written salary deferral agreement. Participant loans and hardship withdrawals are permitted. Changes in contributions are allowed quarterly.

The Plan has a Roth deferral option. The Roth deferral option allows participants to make after-tax contributions to the Plan.

Notes receivable from participants

Participants may borrow up to the lesser of \$50,000 or 50% of the vested amount of their accounts at the rate of interest of prime rate plus 1%. The minimum loan amount is \$1,000. Notes receivable from participants must be repaid within five years. Notes receivable from participants to purchase a principal residence may be repaid within 15 years. Principal and interest are paid ratably through payroll deductions over the life of the loan. Delinquent notes receivable from participants are treated as a benefit payment based upon the terms of the Plan document.

Vesting

A participant is fully vested at all times in the accrued balance of his or her entire account.

Participant accounts

On a daily basis, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustee"), the trustee and the record-keeper of the Plan, determines the total net earnings of each investment option and allocates this amount to the accounts of the participants on the basis of the percentage each participant has invested in each investment option.

Employer contributions are deposited into participants' accounts based on the participant elected allocations.

Each participant's account is credited with the participant's contributions, the Company's contributions and account earnings. Participant's accounts are charged with an allocation of certain administrative expenses to the extent those expenses are not paid by the Company. Participants are permitted to invest in one or more of the investment options offered pursuant to the provisions of the Plan.

Payment of benefits

Payments of benefits upon retirement at age 65 or later, or termination of employment, are, at the election of the participant, either made in a lump-sum payment, paid over a period of time not to exceed the participant's life expectancy, or paid out commencing at age 70-1/2. Payment of benefits in the event of death is made to the beneficiaries designated by the participant and initiated by the beneficiary. A retired or terminated participant who elects distributions commencing at age 70-1/2 may elect to receive periodic distributions at any time prior to taking a lump-sum payout. Benefits are recorded when paid.

Savings Plan of the Connecticut Water Company

Notes to Financial Statements December 31, 2023 and 2022

Prior to age 59-1/2, a participant may withdraw or roll over balances for any reason, subject to tax penalties, if applicable. Additionally, participants under the age of 59-1/2 are able to withdraw balances attributable to employee contributions for hardship purposes. Company contributions are not available for in-service distributions due to hardship or following the attainment of age 59-1/2. Participants may withdraw all or any part of their contributed balance upon having attained age 59-1/2. Company contributions can be withdrawn at age 70-1/2.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of asset and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

Administrative expenses and fees of the Plan are ordinarily paid by the Company unless the Plan administrator directs the Trustee to pay these expenses utilizing Plan assets. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments. During 2023 and 2022, administrative expenses of \$66,154 and \$78,355, respectively, were paid to the Trustee out of Plan assets.

Valuation of investments and income recognition

The investments in the accompanying statements of net assets available for benefits are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for more information related to the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Risks and uncertainties

The Plan provides for various investment options in mutual funds, a collective investment trust, and a common stock fund. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedule.

Savings Plan of the Connecticut Water Company

Notes to Financial Statements December 31, 2023 and 2022

Subsequent events

The Plan has evaluated subsequent events through October 10, 2024, the date of the financial statements were available to be issued.

Note 3 - Fair value measurements

The Plan values its financial instruments based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs is used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Financial assets carried at fair value as of December 31, 2023, are classified in the table below in one of the three categories described above:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 46,967,491	\$ -	\$ -	\$ 46,967,491
	46,967,491			46,967,491
Investments Measured at NAV				
Collective Investment Trust	-	-	-	2,863,433
Total Investments, at Fair Value	\$ 46,967,491	\$ -	\$ -	\$ 49,830,924

Savings Plan of the Connecticut Water Company

Notes to Financial Statements December 31, 2023 and 2022

Financial assets carried at fair value as of December 31, 2022, are classified in the table below in one of the three categories described above:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 39,558,969	\$ -	\$ -	\$ 39,558,969
	39,558,969			39,558,969
Investments Measured at NAV Collective Investment Trust	-	-	-	2,826,290
Total Investments, at Fair Value	\$ 39,558,969	\$ -	\$ -	\$ 42,385,259

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments in mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end using quoted market prices on active markets (Level 1). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets.

The Plan's interest in the collective investment trust is valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Fair value of investments in entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022:

2023	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently eligible)	Redemption Notice Period
Galliard Stable Return Fund	\$2,863,433	-	Daily	1 Day
2022	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently eligible)	Redemption Notice Period
Galliard Stable Return Fund	\$2,826,290	-	Daily	1 Day

Savings Plan of the Connecticut Water Company

Notes to Financial Statements December 31, 2023 and 2022

Note 4 - Tax status

The Plan uses a volume submitter plan document designed by Principal Financial Group, which the Plan has adopted via a nonstandardized adoption agreement. The Internal Revenue Service ("IRS") has informed Principal Financial Group by an advisory letter dated June 30, 2020, that the Plan and related trust are in compliance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 5 - Related-party transactions and party-in-interest transactions

Section 3(14) of ERISA defines a party-in-interest to include among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants qualify as party-in-interest transactions.

The Plan's investment in the Galliard Stable Return Fund managed by the Trustee is considered an exempt party-in-interest transaction. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the Trustee of \$66,154 and \$78,355 for the years ended December 31, 2023 and 2022, respectively, which were not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 7 - Information certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2023, and 2022, and investment income and interest income on notes receivable from participants for the years then ended, that are disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan.
