## INDEPENDENT AUDITORS' REPORT

Plan Participants, and Beneficiaries  
Wick, Phillips, Gould & Martin, LLP 401(k) Plan  
Dallas, TX

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Wick, Phillips, Gould & Martin, LLP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosures under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matters***

*Supplemental Schedule Required by ERISA*

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WICK, PHILLIPS, GOULD & MARTIN, LLP 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023

---

1) DESCRIPTION OF PLAN

The following description of the Wick, Phillips, Gould & Martin, LLP 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is sponsored by Wick, Phillips, Gould & Martin, LLP and affiliates (the “Sponsor” or “Company”) and is a single employer defined contribution 401(k) plan covering substantially all employees of the Company. Excluded employees include collective bargaining union employees, non-resident aliens, and residents of Puerto Rico. Participants are eligible to participate in the Plan following attainment of age 21 and the completion of 30 days of service. Participants are able to enter the Plan the first of the month coinciding with or next following date they satisfy the eligibility requirements.

The Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), became effective February 1, 2004.

Contributions

Participants may elect to contribute a percentage or dollar amount of their eligible compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch up contributions. Participants may select from pre-tax, after-tax, or Roth deferrals. These contributions are subject to annual limitations established by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Plan provides an automatic enrollment provision whereby participants are automatically enrolled in the Plan with pre-tax elective deferrals equal to 6% of eligible pay unless they complete an alternative election or elect not to participate.

For participants who work 1,000 hours and are employed on the last day of the Plan year, the Company may elect to make a discretionary matching contribution equal to a percentage of a participant’s elective deferrals. The Company elected to make a discretionary matching contribution equal to 100% on 1% of a participant’s compensation deferred and 50% on the next 6% of compensation deferred, totaling \$845,377 for the year ended December 31, 2023. The Company may also elect to make a discretionary non-elective employer contribution equaling an amount established by management on an annual basis. No discretionary non-elective employer contributions were made for the Plan year ended December 31, 2023.

1) DESCRIPTION OF THE PLAN (CONTINUED)

Investments

Plan participants have the opportunity to direct the investment decisions relating to the assets in their individual account balance. Currently, the Plan offers several investment choices. Participants may change their investment allocations at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary matching contribution, if any, (b) discretionary non-elective employer contribution, if any, (c) Plan earnings or losses, and (d) administrative expenses. Allocations are based on participant's share of net earnings or losses of their respective elected investments. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, employer safe harbor contributions, and rollover contributions plus actual earnings thereon. Participants are vested in employer discretionary matching and non-elective contributions, and related investment earnings based on years of continuous service. Effective for the Plan years ended December 31, 2019 and later, the Plan utilizes the following vesting schedule:

| <u>Years of service</u> | <u>Vested %</u> |
|-------------------------|-----------------|
| Less than 1             | 0               |
| 1                       | 25              |
| 2                       | 50              |
| 3                       | 75              |
| 4 or more               | 100             |

Employer discretionary matching and non-elective contributions for Plan years ended prior to December 31, 2019 utilized the following vesting schedule:

| <u>Years of service</u> | <u>Vested %</u> |
|-------------------------|-----------------|
| Less than 3             | 0               |
| 3 or more               | 100             |

Participants will become fully vested upon death or disability, as defined by the Plan documents.

1) DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance reduced by any outstanding loan balance or (b) \$50,000, reduced by the highest outstanding loan balance during the one year period ended on the day before the loan is made. Only one loan may be outstanding at a time. Loan principal and interest is generally repaid through payroll deductions and are reinvested in the participant's account according to the individual investment elections. Loan terms generally may not exceed five years, but may be up to 15 years for the purchase of a primary residence. Loans are secured by the balance in the participant's accounts and bear interest at a rate of prime plus 1% and range from 4.25% to 9.50%. Loan prepayments are allowed without penalty. Any loan origination fee will be described in the loan application form and will be deducted directly from the participant's account and are included in the administrative expenses on the statement of changes in net assets available for benefits.

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by rollover, lump sum, or installments. Vested account balances that do not exceed \$5,000 are subject to automatic distribution without participant's consent. Rollover contributions are included in determining the \$5,000 threshold. All other accounts must receive participant consent before a distribution to the participant can occur.

Certain in-service withdrawals are allowed. A participant may elect to withdraw all or a portion of their vested account balance while employed after reaching age 59.5. Hardship withdrawals are allowed only for immediate and heavy financial needs for reasons defined by the Plan document.

Forfeitures

A non-vested amount remaining in a participant account of a terminated employee after the earlier of a) the distribution of his or her vested account balance or b) five consecutive one-year breaks in service, is defined as a forfeiture. Forfeitures derived may be used to pay Plan expenses or reduce Company contributions (or reallocate as Company contributions). As of December 31, 2023 and 2022, forfeited accounts totaled \$26,860 and \$16,062, respectively, and are included in investments on the accompanying statements of net assets available for benefits. During the Plan year ended December 31, 2023, \$9,853 in forfeitures were incurred and no forfeitures were used to offset employer contributions or reduce expenses.

## 2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements for the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan's management to make estimates and assumptions that affect certain amounts reported in the financial statements, accompanying notes, and the supplemental schedule. Actual results may vary from those estimates.

### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Group annuity contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value. Contract value is the relevant measure because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. Contract value represents net contributions plus interest at the contract rate.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in the fair value of investments includes the Plan's realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year.

### Notes Receivable from Participants

Notes receivable from participants represent participant loans, all of which are secured by vested account balances of borrowing participants and are recorded at their outstanding principal balances plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned and is included in interest income on notes receivable from participants on the statement of changes in net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

3) INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIANS

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company, Empower Annuity Insurance Company of America, and Empower Trust Company, LLC, certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2023 and 2022.
- b. Interest and dividend income, net appreciation in fair value of investments, and interest income from notes receivable from participants, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2023.
- c. The Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown in the supplemental schedule.

3) INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIANS  
(CONTINUED)

Empower Annuity Insurance Company of America and Empower Trust Company, LLC held the Plan's investment assets and executed investment transactions from January 1, 2023 to January 12, 2023 when the assets transitioned to T. Rowe Price Trust Company who held the Plan's investment assets and executed investment transactions as of December 31, 2023, and for the period January 12, 2023 to December 31, 2023.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4) FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall measurement.

The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires these assets and liabilities to be classified in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

#### 4) FAIR VALUE MEASUREMENTS (CONTINUED)

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. In certain cases, the inputs used to measure fair value may fall into different levels of the hierarchy. For disclosure purposes, the level in the hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

- *Mutual funds of registered investment companies* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common/collective trusts* – Common/collective trusts are composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require five days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

#### 4) FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan has no financial instruments which were categorized using Level 3 inputs as of December 31, 2023 and 2022.

The Plan recognizes transfer between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2023 and 2022.

##### Investments Measured Using Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan.

#### 5) FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

During the Plan year ended and as of December 31, 2022, and for the period January 1, 2023 to January 12, 2023, the Plan held the investment, Key Guaranteed Portfolio Fund, which is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

See accompanying independent auditors' report.

5) FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUE)

The traditional investment contract held by the Plan is a group annuity contract with Empower Annuity Insurance Company of America. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero. The average yield earned by the Plan for the fully benefit-responsive investment was 0.93% for 2022. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

6) NON-PARTICIPANT DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2023 and 2022.

7) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Company for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the Company for these services. The Plan pays certain expenses related to the Plan's operations and investment activity to various service providers.

The Plan also permits loans to participants.

T. Rowe Price Company, Empower Annuity Insurance Company of America, and Empower Trust Company, LLC acted as custodian for the investments as defined by the Plan.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

8) PLAN TERMINATION

Although no intent to do so has been expressed, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets will be distributed in accordance with the Plan document.

9) TAX STATUS

Effective January 12, 2023, the Plan is based on a prototype plan developed by T. Rowe Price Retirement Plan Services, Inc. Prototype Non-standardized Profit Sharing Plan with CODA, which received a favorable opinion letter dated August 19, 2020 from the IRS stating the prototype plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Prior to that, the Plan was based on a prototype plan developed by Great-West Trust Company, LLC which received a favorable opinion letter dated June 30, 2020. The Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participants' account balance and the amounts reported in the statement of net assets available for benefits.

11) SUBSEQUENT EVENTS

The Company evaluated events that occurred after the statement of net assets available for benefits date through October 10, 2024, which is the date these financial statements were available to be issued.
