INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Participants
Diebold, Incorporated 401(k) Savings Plan
North Canton, Ohio

Opinion

We have audited the financial statements of Diebold, Incorporated 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the statement of changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information," is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following brief description of the Diebold, Incorporated 401(k) Savings Plan (the Plan), as amended and restated effective as of January 1, 2015, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan was established as a defined contribution plan effective as of April 1, 1990 by Diebold Nixdorf, Incorporated (the Employer, the Company or Diebold Nixdorf). The Plan consists of two distinct components. The first component is the profit sharing portion, including cash or deferred arrangement, intended to be qualified under Section 401(k) of the Internal Revenue Code (IRC), which consists of all plan assets and funds, except for plan assets and funds invested in Diebold Nixdorf common shares. The second component of the Plan is the Employee Stock Ownership Plan (ESOP), which consists solely of all plan assets and funds invested in Diebold Nixdorf common shares. By establishing an ESOP within the Plan, the participants can receive any cash dividends from Diebold Nixdorf common shares directly, if desired, and the Employer can take a corresponding tax deduction. This component is no longer available as of December 31, 2023. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers substantially U.S. employees and eligible Diebold Nixdorf AG employees. The Plan does not cover certain categories of part-time, temporary and intern employees or employees covered by a collective bargaining agreement.

(b) Contributions

For the year ended December 31, 2023, the Plan allowed each participant to voluntarily contribute from one to 50 percent (in one percent increments) of pre-tax compensation. In addition, the Plan was formally amended on March 28, 2022 to allow participants to elect Roth contributions. Participant contributions are subject to Internal Revenue Service (IRS) limitations. The Plan provides for an automatic contribution election for eligible new participants at six percent. Participants that do not make an affirmative contribution election receive an annual notice explaining the automatic election and their right to modify the election. The Plan also allowed employees aged 50 and older to elect to make additional catch-up contributions subject to certain limitations of the IRS.

The Employer match is determined by the Employer's Board of Directors. As of the last day of each Plan year, the Employer calculates the amount of the Basic Matching Contribution that would be contributed on behalf of each participant for that Plan year if the Basic Matching Contribution were calculated and contributed on an annual basis rather than during each payroll period. The Employer contributes to the Trust Fund, as of the last day of the Plan year, any additional amount necessary to increase the Basic Matching Contribution for each participant to the amount of the Basic Matching Contribution as calculated on an annual basis. For the year ended December 31, 2023, the Company match for the Plan was 50 cents per dollar of pre-tax compensation not in excess of six percent of the voluntary participant contribution.

At the end of any Plan year, the Employer, at its discretion, may determine that an Additional Matching Contribution be made for the next succeeding Plan year. The amount of any Additional Matching Contribution shall be determined solely by action of the Employer's Board of Directors. There were no Additional Matching Contributions made on behalf of any plan participants in 2023.

(c) Participants' Accounts

Each participant directs his or her contributions, as well as any Employer matching contributions, into any of several investment funds within the Plan with a minimum investment in any fund of one percent. Participants' accounts are valued on a daily basis. The Plan utilizes cash equivalents to temporarily hold monies pending settlement for transactions initiated by a participant, contributions received not yet allocated or the value of any distributions payable from the trust.

(d) Vesting

The Employer's contributions and earnings are vested in accordance with the following schedule: less than three years service, zero percent; three or more years of service, 100 percent.

(e) Distribution of Benefits

Upon termination of service with the Employer or a participating affiliate, a participant may elect to receive his or her total vested account balance in a lump sum payment, defer receipt until his or her retirement date, or make a direct rollover to a qualified plan if such total account balance exceeds \$5,000. The Plan allows participants to elect to distribute any portion of their vested account balance if their account balance is greater than or equal to \$5,000. If the vested account balance does not exceed \$5,000, the participant may elect to receive his or her total account balance in a lump sum payment or make a direct rollover to a qualified plan. If the account balance is greater than \$1,000 and the participant does not elect one of the noted options, the Plan administrator (the Administrator) will pay the distribution in a direct rollover to the individual retirement annuity plan designated by the Administrator. If the account balance is \$1,000 or less and the participant does not make a distribution election, the funds are distributed in the form of a cash lump sum. The Administrator or its designee shall make such determination on a periodic basis, at least annually. A participant can leave funds in the account with required minimum distributions beginning at age 70 1/2. Accounts do not need to be distributed at retirement date.

(f) Notes Receivable - Participants

Loan transactions are treated as transfers between the various funds and the Loan Fund. Under the terms of the Plan, active participants of the Plan may borrow against their total account balance except for their balance in the Retiree Medical Funding Account. The minimum amount of any loan is \$1,000 and the maximum is \$50,000 or 50 percent of a participant's current vested balance, whichever is less. The loans are secured by the balance in the participant's account. Loan payments, which include principal and interest, are made through equal payroll deductions over the loan period of one to five years. The notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

A loan is considered in default on the last day of the cure period, which is the last day of the calendar quarter next following the calendar quarter in which payment is not made, if all amounts due and owing under the terms of the loan are not paid in full by such date. Upon default, the outstanding balance of the loan together with unpaid, accrued interest is deemed a lien against the total account maintained on behalf of the participant and no contributions or distributions of any kind may be thereafter made during default. In the event a payment is not made when due, the maturity date of the loan shall accelerate and the outstanding principal amount of the loan, together with all accrued interest, shall be deemed immediately due, and the Administrator deems the participant loan to be a taxable distribution.

(g) Withdrawals

A financial hardship provision is available, enabling a participant to withdraw an amount to cover an immediate financial need, if certain criteria are met.

(h) Expenses

All costs and expenses incident to the administration of the Plan are paid by the participants of the Plan.

(i) Forfeited Accounts

At December 31, 2023 and 2022, forfeited unvested accounts totaled \$395,310 and \$481,985, respectively. These accounts are used to reduce future employer contributions or administrative fees. The Employer used \$814,603 from the forfeited unvested accounts to offset contributions for the year ended December 31, 2023.

(2) Summary of Significant Accounting Policies**(a) Basis of Presentation**

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Administrator has evaluated subsequent events through the date the Plan financial statements are issued.

(b) Investment Valuation and Investment Income

The Plan's investments are stated at fair value as of the last business day of the Plan year, except for a fully benefit-responsive investment contract (FBRIC) held by the Plan that is reported at contract value (see note 3). Shares of registered investment companies are valued at quoted market prices. The Plan holds cash and cash equivalents at year-end as a result of pending transactions, which are valued at the net asset value (NAV) of shares held by the Plan. On August 11, 2023, the Company emerged from bankruptcy. Prior to emergence, the Plan's investment options include a collective investment trust of Diebold Nixdorf common shares in which the Company's defined contribution plans participate on a unit basis. Upon emergence each holder of an equity interest in Diebold Nixdorf, Incorporated had such interest extinguished, cancelled and discharged without distribution. Diebold Nixdorf common shares are traded on a national securities exchange and participation units in the Diebold Nixdorf Company Stock Fund are valued at the last reported sales price on the last business day of the Plan year. The valuation per share of the Company's common share price was \$1.42 at December 31, 2022. With the interest extinguished, the valuation per unit of the Diebold Nixdorf Company stock fund had no value at December 31, 2023. The valuation per unit of the Diebold Nixdorf Company Stock Fund was \$0.55 at December 31, 2022. With the interest extinguished, the Diebold Nixdorf Company stock fund was no longer an investment option and had no value at December 31, 2023.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for a FBRIC held by the Plan that is reported at contract value (see note 3). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a FBRIC because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Realized and unrealized gains and losses derived from investment activities are allocated among the individual accounts in proportion to their respective balances immediately preceding the valuation date and included in net appreciation of investments. Realized gains and losses are calculated as the difference between the historical cost and the market value at either the end of the Plan year or when sold.

(c) Notes Receivable - Participants

Participant loans are classified as notes receivable - participants and are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Interest charged, which is based on the prime interest rate plus one percent as of the loan effective date, is determined by the Employer and ranged from 4.25 percent to 9.50 percent at December 31, 2023 and 2022.

(d) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (the IRS) are recorded as an offset to the contribution receivable for participants with a corresponding addition to benefits paid to participants. Excess contributions for Plan participants in 2023 has not been assessed as of the date of this report but is not expected to be significant.

(e) Benefit Payments

Benefits are recorded when paid. Also in the event a participant loan payment is not made when due, the Administrator deems the participant loan to be a taxable distribution. Consequently, the participant loan balance is reduced and a benefit payment is recorded.

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in assets available for benefits during the reporting period. Actual results could differ from those estimates.

(g) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and, credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(h) Subsequent Events

The Plan has evaluated subsequent events through the date of issuance of the financial statements. There were no subsequent events which required recognition or disclosure in the financial statements.

(3) Investments

All investments as of December 31, 2023 and 2022 are participant-directed.

At December 31, 2022, the Plan has an interest in a fully benefit-responsive group annuity contract as part of the Invesco Stable Value Retirement Trust (the Invesco Trust) option established and maintained by Invesco National Trust Company (the Invesco Trustee), a national trust bank organized and existing under the laws of the United States of America. Effective April 4, 2023, the Trust updated its investment guidelines to invest 100% of its assets in Class C units of Invesco Stable Value Trust. As of December 31, 2023, the investment in the Invesco Trust is categorized in level 2 of the fair value hierarchy at fair value and no longer contains a fully benefit-responsive group annuity contract.

The crediting rate of the contract resets every quarter based on the performance of the underlying investment portfolio. To the extent that the Invesco Trust has unrealized gains and losses (that are accounted for, under contract value accounting, through the value of the synthetic contract), the interest crediting rate may differ from then-current market rates. An investor currently redeeming Invesco units may forgo a benefit, or avoid a loss, related to a future crediting rate different from then-current market rates. Investments in mutual funds and bond trusts are valued at the net asset value of each fund or trust determined as of the close of the New York Stock Exchange (generally 4 p.m., Eastern time) on the valuation date.

Certain events limit the ability of the Plan to transact with the issuer at contract value. These events include, but are not limited to, partial or complete legal termination of the Invesco Trust or a unit holder, tax disqualification of the Invesco Trust or unit holder, and certain Invesco Trust amendments if the issuer's consent is not obtained.

In general, issuers may terminate the contract and settle at other than contract value if there is a change in the qualification status of participant, Employer or Plan, a breach of material obligations under the contract and misrepresentation by the contract holder or failure of the underlying portfolio to conform to the pre-established investment guidelines.

(4) Fair Value Measurements

The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs, other than quoted prices in active markets, that are observable either directly or indirectly.

Level 3: Unobservable inputs for which there is little or no market data.

NAV: The fair value for these assets is determined based on the NAV as reported by the underlying investment managers. Investments that were measured at NAV per share are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the Plan's total investments at fair value.

Investments measured at fair value on a recurring basis are as follows at December 31, 2023 and 2022:

	Fair Value Measurements Using			Fair Value at 2023
	Level 1	Level 2	NAV	
Cash and cash equivalents	\$ 757,960	\$ —	\$ —	\$ 757,960
Mutual funds	212,072,184	—	—	212,072,184
Common/Collective trusts	—	41,650,627	267,723,483	309,374,110
Total	<u>\$ 212,830,144</u>	<u>\$ 41,650,627</u>	<u>\$ 267,723,483</u>	<u>\$ 522,204,254</u>

	Fair Value Measurements Using			Fair Value at 2022
	Level 1	Level 2	NAV	
Cash and cash equivalents	\$ 195,565	\$ —	\$ —	\$ 195,565
Mutual funds	340,699,183	—	—	340,699,183
Common/Collective trusts	—	—	85,624,928	85,624,928
Common stock				
Diebold Nixdorf Company Stock Fund	—	1,528,579	—	1,528,579
Total	<u>\$ 340,894,748</u>	<u>\$ 1,528,579</u>	<u>\$ 85,624,928</u>	<u>\$ 428,048,255</u>

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets measured at fair value are as follows:

- Cash, cash equivalents and mutual funds are valued at the NAV of shares held by the Plan at year end as determined by the closing price reported on the active market on which the individual securities are traded.
- Diebold Nixdorf Company Stock Fund is valued at the last reported share price of participation units held by the Plan at year end as determined by the closing price reported on the active market on which the individual securities are traded.
- Common collective trusts are measured using the NAV per share practical expedient and are valued at the NAV of units held by the Plan at year-end. The NAV, as provided by the trustee of the common collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value using the NAV per share practical expedient as follows:

	December 31, 2023	December 31, 2022	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Northern Trust S&P MCAP Tier 3	\$ 22,158,172	\$ 19,819,281	Not applicable	Daily	Trade Day +1
Small Cap Value Fund II R6	\$ 10,314,579	\$ 9,171,142	Not applicable	Daily	Trade Day +1
Large Cap Growth Fund II R1	\$ —	\$ 56,634,505	Not applicable	Daily	Trade Day +1
Large Cap Growth Fund IV R1	\$ 75,632,271	\$ —	Not applicable	Daily	Trade Day +1
Vanguard Retirement Funds	\$ 159,618,461	\$ —	Not applicable	Daily	Trade Day

During December 31, 2023 and 2022, there were no transfers between levels or changes in the methodologies used for assets measured at fair value.

(5) Tax Status

The Plan has received a determination letter from the IRS dated July 20, 2017, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Subsequent to this determination by the IRC, the Plan was amended. The Plan Administrator believes that the Plan, as amended, is qualified and the related trust is tax-exempt. The Plan Administrator will take steps to ensure that the Plan's operations remain in compliance with the Code, including taking appropriate action, when necessary, to bring the Plan's operations into compliance.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intent to do so, the Employer reserves the right at any time, by action of its Board of Directors, to terminate the Plan or discontinue contributions thereto. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

(7) Party-In-Interest Transactions

The Pending Settlement Fund is designed to temporarily hold monies pending settlement for transactions initiated by the participant. The Merrill Lynch Bank Deposit Program is designed to temporarily hold monies related to contributions received not yet allocated or the value of any distributions payable from the trust.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as December 31, 2023 and 2022 to the Form 5500:
