Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.**'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.**'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.**'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.

Notes to Financial Statements December 31, 2023, and 2022

(1) Description of the Plan:

The following description of the 1081.01 Retirement Plan for Employees of DDB Latina of Puerto Rico, Inc. (the "Plan") provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

(a) General -

The Plan was created on January 1, 1998. It is a defined contribution profit sharing plan with cash or deferred arrangement, which was created for the purpose of providing retirement benefits for eligible employees of DDB Latina of Puerto Rico, Inc. ("Plan Sponsor"). The Plan is established to comply with the requirements of Section 1081.01 of the Internal Revenue Code for a New Puerto Rico ("IRC-NPR"). The Puerto Rico Treasury Department ("PRTD") has ruled that the terms of the Plan meet the requirements of this Section. The effects of such qualification, maintained through the continued operations of the Plan, are to:

- i. Exempt the Plan's investment income from income taxes,
- ii. Allow the Plan Sponsor to deduct annual contributions, made in accordance with the Plan, for income tax purposes; and
- iii. Allow eligible employees (participants under the Plan) to exclude such contributions, and income earned thereon, from their taxable income until distributed.

The Plan covers all full-time employees of DDB Latina of Puerto Rico, Inc., who are over 21 years of age. Effective January 1, 2015, qualified employees should also comply with a minimum service of at least one year. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of December 31, 2023, and 2022, there were 153 and 136 participants, respectively, with account balances in the Plan.

(b) Contributions -

Each year, participants may contribute up to \$15,000 of pre-tax annual compensation, as established by Act No. 1 of January 31, 2011, of the IRC-NPR. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$1,500. Participants may also contribute to the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct all or a portion of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and fixed annuities as investment options for participants. The Plan Sponsor may elect to match participant's contributions. During the year ended December 31, 2023, matching contributions were equal to 50 cents for each dollar of participant's pre-tax contribution, up to a maximum of 2% of participants' compensation.

The Plan Sponsor may make annual discretionary contributions and/or profit-sharing contributions to the Plan, as determined by the Plan Sponsor every Plan year. During the year ended December 31, 2023, the Plan made profit-sharing contributions amounting to \$57,249 which are presented as employer contributions in the accompanying statement of changes in net assets.

Notes to Financial Statements December 31, 2023, and 2022

(c) **Participant accounts** -

An account is maintained for each participant, credited with the participant's contribution and allocation of: (a) the Plan Sponsor's contributions, (b) plan earnings and (c) administrative expenses as applicable. Allocations are based on participants' earnings and account balances, as defined. The benefit to which a participant is entitled upon termination of employment is the vested portion of the amount accumulated in the participant's account.

(d) **Vesting** -

Participants are immediately vested on their contributions and the earnings thereon. Vesting on employer matching contributions and the balance of their employer profit sharing contributions accounts, including accumulated earnings thereon, is based on years of continuous service.

Vesting starts at 20% of the participant's account after the first year of service and increases by 20% for each additional year, to reach 100% after five years of credited service. Notwithstanding the above, participants will become fully vested on their profit-sharing contributions upon death, disability, and plan termination.

(e) **Forfeitures** -

Forfeitures of non-vested account balances in any given year may be used to reduce the Plan's administrative expenses and then reallocated as profit sharing or matching contributions of the Sponsor. At December 31, 2023 and 2022, forfeited non-vested accounts amounted to \$17,748 and \$31,031, respectively. During the year ended December 31, 2023, forfeitures were used to reduce employer contributions by \$15,302.

(f) **Participant loans** -

The Plan document stipulates that loans to participants are not permitted.

(g) **Payment of benefits** -

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(2) **Summary of accounting policies:**

(a) **Basis of accounting** -

The accompanying financial statements have been prepared using the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

(b) **Basis of presentation** -

The Plan's fiscal year ends on December 31st of each year. All references to years in these notes to financial statements represent calendar years unless otherwise noted. The Plan has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued.

1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.

Notes to Financial Statements December 31, 2023, and 2022

(c) **Investment valuation and revenue recognition -**

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

The reported value for the fully benefit responsive investment contract is reported and presented in the face of the statements of net assets available for benefits at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) **Excess participants' contributions payable -**

Amounts payable to participants for contributions in excess of amounts allowed by the PRTD are recorded as a liability with a corresponding reduction to contributions. See related Note (6).

(e) **Benefit payments -**

Benefits paid directly to participants are recorded when paid.

(f) **Administrative expenses -**

The Plan's expenses are paid either by the Plan or by the Plan Sponsor, as provided by the Plan Document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included as a reduction of investment income presented in the accompanying statement of changes in net assets available for benefits.

(g) **Risks and uncertainties -**

The Plan invests in various investments securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

(h) **Use of estimates -**

The preparation of financial statements in conformity with US GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

(3) **Information certified by qualified institution:**

The Plan Administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investments and notes receivable from participants' information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) were obtained or derived from information obtained by the Plan Administrator and certified as complete

1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.

Notes to Financial Statements December 31, 2023, and 2022

and accurate by Great-West Trust Company, LLC, qualified institution, and in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Great-West Trust Company, LLC, the trustee of the Plan, held the Plan's investment assets and executed investment transactions as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

Information obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Trust Company, LLC:

- Investments (at fair value and contract value), and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment activity, as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2023, as follows:
 - Interest and dividend income in the amount of \$268,851
 - Net appreciation in fair value of investments in the amount of \$823,748
- The information for all investments and the participant loans listed in the schedule of assets (held at end of year) as of December 31, 2023 as shown in the ERISA-required supplemental schedule.

(4) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|-----------|---|
| Level 1- | Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2- | Inputs to the methodologies include: <ul style="list-style-type: none">(a) Quoted prices for similar assets or liabilities in active markets;(b) Quoted prices for identical or similar assets or liabilities in inactive markets;(c) Inputs other than quoted prices that are observable for the asset or liability; and(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 - | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023, and 2022.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.

Notes to Financial Statements December 31, 2023, and 2022

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, and 2022:

Assets at fair value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 7,256,299	\$ -	\$ -	\$ 7,256,299

Assets at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 6,051,307	\$ -	\$ -	\$ 6,051,307

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic condition or model-based valuation techniques may require transfer of financial instruments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there was no transfer in or out of levels 1, 2 or 3.

(5) Guaranteed investment contract with insurance company:

The Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (the Insurance Company.) It covers its Key Guaranteed Portfolio Fund, which is a general account product. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average interest earned by the Plan was 1.40% for the year ended December 31, 2023. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the fully benefit-responsive contract criteria, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Trust Company, LLC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.

Notes to Financial Statements December 31, 2023, and 2022

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023, and 2022 was \$322,067 and \$315,977, respectively. The crediting interest rate is compounded daily to the effective annual interest rate. The interest rate to be credited during the calendar year will be determined by Great-West Trust Company, LLC prior to the last day of the previous calendar year and shall be reset annually. The effective annual interest rate will never be less than 1%.

Certain events might limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor's events that cause a significant withdrawal from the Plan, (iv) premature termination of the contract, among others. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Insurance Company may not terminate the contract at any amount less than the contract value.

(6) Excess participants' contributions:

The Plan failed to pass the Average Deferral Percentage ("ADP") test for the years ended December 31, 2023, and 2022. As of December 31, 2023, the accompanying statements of net assets available for benefits includes contributions payable amounting to \$21,958, corresponding to excess participants' refunds for the years 2023 and 2022 in the amount of \$10,130 and \$11,928, respectively. As of December 31, 2022, contributions payable in the amount of \$11,828 included excess participants refunds for the year 2022.

(7) Administrative expenses:

The Trustee receives an administrative fee for the services performed under the Plan Agreement. The fee may be paid from the accumulated forfeitures or directly by the Sponsor without reimbursement by the Plan. During the year ended December 31, 2023, administrative expenses amounting to \$2,397 were paid by the Plan Sponsor.

(8) Party-in-interest investments and prohibited transactions:

The Plan's investment transactions are managed by the custodian, whose subsidiary is the record keeper of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA. There were no prohibited transactions with party-in-interest during the year ended December 31, 2023.

(9) Plan termination:

Although it has not expressed any intent to do so, the Plan's Sponsor has the right under the Plan to discontinue its contributions at any time and/or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the employer contributions, portion of their accounts.

(10) Non-exempt transactions:

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to segregate participants' contributions from its general assets as soon as practical but no later than 15 business days, when amounts are contributed by participants or withheld from their wages for a pension benefit plan such as the Plan.

1081.01 Retirement Plan for Employees of DDB Latina Puerto Rico, Inc.

Notes to Financial Statements December 31, 2023, and 2022

The costs incurred by the Plan as a result of the unintentional untimely remittances of participants' contributions and loans, as shown in the ERISA-required Schedule of Delinquent Participant Contributions, are absorbed by the Plan Sponsor.

(11) Income tax status:

The Plan has received its latest determination letter from the PRTD dated September 26, 2016, stating that the Plan is qualified under Section 1081 of the IRC-NPR, and therefore, the related trust is exempt from taxation.

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PRTD.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.
