Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We performed an audit of the financial statements of Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audit of Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions are presented and disclosed in the financial statements in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and;
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan as of December 31, 2022 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan which were certified by a qualified institution. Their report dated September 27, 2023 indicated in their opinion the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule agrees to or derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employees become eligible to participate on either January 1st or July 31st following the date on which eligibility requirements have been met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), part-time employee will become eligible to enroll in the Plan once they reach three consecutive years of service with at least 500 hours in each year, beginning in 2024. These employees may still be excluded when completing annual nondiscrimination and coverage testing.

Contributions

Each year, participants may contribute up to a maximum amount of their pretax or after-tax annual compensation, as defined by the Internal Revenue Service and recorded in the plan document. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans.

Under the Plan, the Company may make a discretionary matching contribution to each eligible participant who elects to contribute to the Plan through a salary deferral election. For the years ended December 31, 2023 and 2022, the discretionary match formula was 50% of deferrals up to 3% of compensation. The Company may also make a discretionary non-elective contribution on behalf of all eligible participants based upon each participant's representative compensation. Any non-elective contribution allocation is at the discretion of the Company's Board of Directors. There were no non-elective contributions made in 2023 or 2022. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, if any, allocations of plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions and rollover contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings (losses) thereon is based on years of continuous service in a six year graded schedule. A participant is 100% vested after 6 years of service. Participants also become fully vested in the event of death, disability, retirement, or Plan termination.

For the Year Ended December 31, 2023

Note 1 – Description of the Plan (Continued)

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to reduce future Company matching and non-elective contributions. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$-0- and \$400, respectively. During the year ended December 31, 2023, the Plan utilized \$21,124 of forfeitures to reduce Company matching contributions.

Investment Options

Upon enrollment in the Plan, participants are able to invest in a variety of investment choices as more fully described in the plan document. Participants may change their investment options at any time during the year.

Notes Receivable from Participants

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested balance or \$50,000. Participants may not borrow from Roth contributions, and no loan consolidation or refinancing is allowed. Participants may only have one loan outstanding at a time. Loans are secured by the participant's account balance and must be repaid over a period not to exceed 5 years. Interest is charged on these loans at a rate equal to the current prime rate plus 1%. The interest rates on all current outstanding loans are between 4.25% and 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, death or disability, a participant (or beneficiary) may receive benefits based on the participant's vested account balance. Benefits may only be paid in a lump sum or installment payments, and hardship distributions of pretax elective deferrals and vested Company contributions are permitted. The Plan also has a mandatory distribution provision for terminated or retired participants with a vested account balance under \$5,000.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to reduce future Company matching and non-elective contributions. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$-0- and \$400, respectively. In 2023 and 2022, respectively, \$21,124 and \$13,431 was used to reduce Company matching contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which requires management to make estimates and assumptions affecting certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance. Delinquent notes receivable are reclassified to deemed distributions based on the terms of the plan document.

Note 2 – Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated by management through October 2, 2024, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

* In accordance with FASB ASC 820-10, certain investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 – Tax Status

The Internal Revenue Service determined the prototype plan used by the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code, as indicated in a letter dated March 31, 2014.

The Plan was most recently restated on January 1, 2022. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position which more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6 – Certified Information

At December 31, 2023 and 2022, the Plan's investments were maintained by American Trust Company (the trustee). The trustee supplied the plan administrator with a certification as to the completeness and accuracy of all information relating to investments as of December 31, 2023 and 2022, and income and expenses on such investments for the year ended December 31, 2023. The certified information includes total assets of \$8,158,300 and \$7,099,765 at December 31, 2023 and 2022, respectively, and the activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2023, exclusive of the receivable adjustments presented in Note 9.

Note 7 – Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds certain investment funds managed by the plan trustee. Such investments and the Plan's payment of fees qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some professional fees for the administration and audit of the Plan are paid directly by the Company.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to numerous risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2023</u>	<u>2022</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to net income reported on the Form 5500 for the year ended December 31, 2023:

Change in net assets available for benefits per the financial statements	\$ 1,130,541
