Independent Auditor's Report

To the Plan Administrator of
Stonewall Kitchen, LLC 401(k) Profit Sharing Plan
York, Maine

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Stonewall Kitchen, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stonewall Kitchen, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment and notes receivable from participants information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stonewall Kitchen, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stonewall Kitchen, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stonewall Kitchen, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stonewall Kitchen, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements referred to above, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stonewall Kitchen, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Stonewall Kitchen, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Stonewall Kitchen, LLC and Subsidiaries (the Company) who have attained 20 years of age and have completed three months of service. Those who are temporary or leased employees, collectively bargained employees, non-resident aliens who receive no compensation from the Company, and seasonal employees whose regularly scheduled service is less than 1,000 hours are excluded from the Plan. Eligible employees can enter the Plan the first day of the calendar month following satisfaction of eligibility requirements. The Plan was originally established on October 15, 1999 and was most recently amended and restated in April 2022 when the Plan's trustee changed from MassMutual Life Insurance Company (MassMutual) to Empower Trust Company, LLC (Empower Trust) due to Empower Retirement, LLC (Empower) acquiring MassMutual's retirement plan business in a prior year.

The Plan Administrator is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Internal Revenue Code of 1986 (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer and contribute pre-tax, Roth, and catch-up contributions to the Plan. A participant's combined pre-tax, Roth, and catch-up contributions cannot exceed the limits set forth under the Code. Participants that have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for safe harbor employer matching contributions for participants who have completed one year with 1,000 hours of service. Eligible participants receive safe harbor employer matching contributions the first day of the month following satisfaction of eligibility requirements. For the year ended December 31, 2023, the safe harbor employer matching contribution was 100% of the participant's contributions up to 3% of the participant's eligible compensation and 50% of the participant's contributions between 3% and 5% of the participant's eligible compensation.

In addition to the safe harbor employer matching contribution, the Plan provides for discretionary employer matching contributions for eligible participants who have completed one year and 1,000 hours of service during the plan year and are employed on the last day of the plan year. For the year ended December 31, 2023, the Company made no discretionary employer matching contributions. The Company may also make a discretionary employer profit sharing contribution to employees who have completed one year and 1,000 hours of service during the plan year and are employed by the Company on the last day of the plan year, with certain exceptions as defined in the plan document. For the year ended December 31, 2023, the Company made no discretionary employer profit sharing contributions.

1. Description of Plan...continued

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor employer matching, discretionary employer matching and discretionary employer profit sharing contributions, an allocation of the Plan's earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan, if any. The allocations of earnings or losses are based on a participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balances. A participant may borrow from his or her vested account balance a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance within the last twelve months or 50% of his or her vested account balance. Loan terms are limited to a maximum of five years with the exception of loans used to purchase a primary residence, which must be repaid in a reasonable period beyond five years. A participant will be considered to be in default with respect to a loan if any scheduled repayment with respect to such loan is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. Notes receivable from participants are secured by the balances in the participants' accounts and bear interest at the prime rate plus 1% at the date the loan application is processed. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. Certain other restrictions apply to notes receivable from participants as defined in the plan document.

Upon termination of employment, any outstanding notes receivable from participants are due and payable in accordance with the terms of the underlying provisions of the promissory note. As of December 31, 2023 and 2022, the rates of interest on outstanding notes receivable from participants ranged from 4.25% to 9.50% with various maturities through 2041.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor employer matching contributions plus actual earnings thereon. Participants vest in discretionary employer matching and discretionary employer profit sharing contributions based on years of continuous service and become fully vested after four years of credited service. Former Michel Design Works, Ltd. and Vermont Coffee Company employees are subject to a six year vesting schedule for discretionary employer contributions transferred from their respective plan. Participants will become immediately vested in all contribution sources upon normal retirement age, disability, or death.

Forfeitures

Forfeitures represent the nonvested portion of terminated participants' account balances plus related earnings. These amounts can be used to reduce any future employer contributions or pay plan expenses. As of December 31, 2023, forfeitures held by the Plan totaled \$13,257. There were no forfeitures held by the Plan as of December 31, 2022.

During the year ended December 31, 2023, no forfeited nonvested accounts were used to pay plan expenses or reduce employer contributions.

1. Description of Plan...continued

Payment of Benefits

All distributions are subject to the applicable provisions of the Plan. Withdrawals may be made from a participant's account at retirement, death, disability, or termination of employment. The participant's vested account can be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment or through installments. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Participants who are eligible for a hardship withdrawal or have attained age 59½ may elect to withdraw all or a portion of their accounts. Distribution shall be made to an eligible participant from his or her vested account as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 72 if the participant reaches 72 prior to January 1, 2023, or 73 if the participant reaches 72 after December 31, 2022. The Plan also allows for qualified reservist distributions and permits former Village Candle, Inc. participants to withdraw the employer contribution portion of their account balances transferred from the Village Candle 401(k) Plan upon attainment of age 55. Certain other restrictions apply to benefit payments as defined in the plan document.

The Plan can elect to distribute the funds out of the Plan when a participant terminates employment and has less than \$5,000 of a vested balance in the Plan.

Investment Elections

Each participant shall direct the investment of his or her account and shall select among various mutual funds and a guaranteed interest account held with an insurance company. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and Empower Trust. See Note 3 for discussion of fair value measurements.

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies...continued

Investment Valuation and Income Recognition...continued

Guaranteed investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the contract value of the fully benefit-responsive investment contract. See Note 4 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of investments are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued, but unpaid interest. Interest on notes receivable from participants is recorded on an accrual basis. As of December 31, 2023 and 2022, accrued but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable from participant to be a distribution, notes receivable from participants are reduced and a benefit payment is recorded within the statement of changes of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Stonewall Kitchen, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

3. Fair Value Measurements...continued

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
- if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 20,917,268</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,917,268</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 18,664,590</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,664,590</u>

4. Investment Contract with Insurance Company

Guaranteed Interest Account

The Plan entered into a fully benefit-responsive investment contract with MassMutual. Effective December 31, 2020, Empower acquired the retirement plan business of MassMutual. As a result, this investment contract was reinsured by Empower Annuity Insurance Company of America (EAICA). The contract's guarantees are now subject to the terms and conditions of the group annuity contract and the claims-paying ability of EAICA. Empower now administers the contract on MassMutual's behalf.

Notes to Financial Statements

December 31, 2023 and 2022

4. Investment Contract with Insurance Company...continued

Guaranteed Interest Account...continued

The Plan's contract investment balance is credited with earnings based upon contractually determined interest rates and is charged for the Plan's withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The issuer establishes an effective annual interest rate semiannually. In no event will such effective annual interest rate be less than the minimum interest rate as defined by the contract (1.00%).

The guaranteed interest account is included in the financial statements at contract value as reported to the Plan by the issuer. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the issuer or otherwise.

The contract for the Plan's guaranteed interest account specifies certain conditions under which distributions from the account would be payable at amounts below contract value. Such circumstances of the contract include events initiated by the Company including, but not limited to, the Plan's termination or disqualification, mergers, layoffs, or the sale or discontinuance of all or any part of the Company's business.

The issuer may terminate the contract in the event that the Company provides written notice at least 30 days prior to the intended termination date, the Internal Revenue Service (IRS) determines that the Plan no longer meets applicable requirements of the Code, full or partial termination of the Plan, the Company breaches a provision of the contract, or the issuer provides written notice at least 90 days prior to the intended termination date. Currently, management believes that the occurrence of an event that would cause the Plan to transact with participants at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with the issuer, as defined in the contract agreement, but cannot be less than the minimum annual interest rate in effect during each annual rate period, and the minimum annual interest rate in effect during any annual period will not be less than the agreement minimum interest rate, as defined.

5. Information Prepared and Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 and the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

6. Tax Status

The Plan has adopted a pre-approved plan in which the IRS determined, by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Stonewall Kitchen, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

6. Tax Status...continued

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

8. Party-in-Interest Transactions

One of the Plan's investments is a guaranteed interest account managed by an affiliate of Empower and therefore, this transaction qualifies as a party-in-interest transaction as that term is defined in Section 3(14) of ERISA. In addition, the Plan issues notes receivable to participants, which are secured by the balances in participant accounts, which also constitute party-in-interest transaction.

9. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan was amended effective January 1, 2024 to include seasonal employees whose regularly scheduled service is less than 1,000 hours of service per plan year. The amendment also reduced the service requirement for eligibility from three consecutive months of service to two consecutive months of service.

The Plan has evaluated subsequent events for potential disclosure or recognition through October 2, 2024, the date the financial statements were available to be issued.
