Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wells Concrete Products Company Profit Sharing 401(k) and Laborers Union Supplemental Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wells Concrete Products Company Profit Sharing 401(k) and Laborers Union Supplemental Retirement Plan

Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan

The following brief description of the Wells Concrete Products Company Profit Sharing 401(k) and Laborers Union Supplemental Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan covering substantially all employees of Wells Concrete Products Company and its subsidiary, Spancrete Group, Inc. (together, the Company or Sponsor) and covering qualified members of the following unions who are employed by the Company:

- North Dakota and Minnesota Laborers Local Union, No. 405 (Local 405)
- Colorado Laborers Union of the Laborers International Union of North America, No. 720 (Local 720)
- Great Lakes Unions (collective group):
 - Wisconsin Laborers District Council Local Union, No. 113
 - Laborers International Union of North America, No. 113
 - International Union of Operating Engineers, No. 139
 - Wisconsin Laborer District Council Laborers, No. 330
 - Construction and General Laborers, No. 330 (Local 330)
 - Teamsters Local Union, No. 662
 - Construction & General Laborers District Council of Chicago and Vicinity Local Union, No. 681

The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees are eligible to participate in the salary deferral arrangement of the Plan if they have completed three months of service. Under the Local 405 collective bargaining agreement, those union employees are eligible to participate in the non-elective employer contributions if they have completed 12 months of service. Under the Local 720 collective bargaining agreement, those union employees are eligible to participate in the non-elective employer contributions if they have completed three months of service. Under the Great Lakes Unions collective bargaining agreements, those union employees are not eligible to participate in non-elective employer contributions. Non-union employees and employees within other select groups are eligible to participate in the discretionary non-elective employer contributions if they have completed 12 months of service, were an active participant and employed on the last day of the plan year.

Excluded employees are leased employees, employees covered by a collective bargain agreement outside of the Great Lakes Unions, Local 405 and Local 720 Unions (unless the agreement requires the employees to be included under the Plan), U.S. citizens or U.S. resident aliens outside the U.S., and employees in a division or facility of the Company which is not in existence on January 1, 2022.

Entry Date

Employees may enter the Plan immediately upon satisfying the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 75% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Additional amounts may be contributed at the discretion of the Company's Board of Directors to non-union participants and other select groups of participants. Discretionary non-elective employer contributions are allocated to participants based upon the ratio of the participant's eligible compensation, as defined in the Plan document, to the total eligible compensation for all participants. Additional discretionary non-elective employer contributions of \$1,821,542 were contributed for the year ended December 31, 2023.

Union specified employer contributions to the Plan are non-elective and are determined in the collective bargaining agreements between the union and the Company. The employer contribution rate for Local 405 employees was \$0.85 per hour worked as defined in the collective bargaining agreement. The employer contribution rate for Local 720 employees was 6% of compensation.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees, except employees from the Great Lake Unions, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation. The Plan also includes a step-up feature which automatically increases the deferral percentage by 1% each year until the participant's deferral reaches 10%.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer non-elective contributions, allocations of the Company's discretionary non-elective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

December 31, 2023 and 2022

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest at a rate of 20% per year after the first year; therefore, a participant is 100% vested after completing six years of credited service.

Participants become 100% vested in employer contributions upon death, disability or retirement.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$197,531 and \$188,257, respectively. Union forfeitures are reallocated directly to eligible union employee accounts. The remaining forfeitures reduce discretionary non-elective employer contributions or reduce Plan expenses. During the year ended December 31, 2023, forfeitures of \$154,226 were allocated to union employee accounts or reduced discretionary non-elective employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The interest rate is set at 1% above the prime rate. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan term can range up to 10 years. A participant may have no more than two outstanding loans at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest, installment payments or partial withdrawals as defined in the Plan document upon retirement, termination of service, death, or disability. A terminated participant with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or normal retirement age, for a hardship or for a qualified reservist distribution, as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors, and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions

Participant contributions and non-elective employer contributions are recorded in the year in which the employee contributions are withheld from compensation. Any discretionary non-elective employer contributions are recorded in the year to which they are attributed by the Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Wells Concrete Products Company Profit Sharing 401(k) and Laborers Union Supplemental Retirement Plan

Notes to Financial Statements
December 31, 2023 and 2022

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2023 and 2022

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds (including money market mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund – Valued at fair value based on the NAV of units held of the collective fund. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			Total
	(Level 1)	(Level 2)	(Level 3)	
Mutual funds	\$ 78,053,052	\$ -	\$ -	\$ 78,053,052
Money market mutual fund	7,000	-	-	7,000

Investments at NAV (a)				<u>3,516,180</u>
Total investments at fair value				<u>\$ 81,576,232</u>
	2022			Total
	(Level 1)	(Level 2)	(Level 3)	
Mutual funds	\$ 66,117,571	\$ -	\$ -	\$ 66,117,571

Total investments in the fair value hierarchy	<u>\$ 66,125,174</u>	<u>\$ -</u>	<u>\$ -</u>	66,125,174
Investments at NAV (a)				<u>4,196,450</u>
Total investments at fair value				<u>\$ 70,321,624</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements
December 31, 2023 and 2022

The following table sets forth the disclosure for the fair value measurement of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of December 31, 2023 and 2022:

	<u>Fair Value December 31, 2023</u>	<u>Fair Value December 31, 2022</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency*</u>	<u>Redemption Notice Period**</u>
Common collective fund					
Fidelity Managed Income Portfolio II	\$ 3,516,180	\$ 4,196,450	\$ -	Daily	Daily

* Plan Sponsor directed withdrawals are subject to 12 months' notice. The portfolio is subject to certain withdrawal restrictions.

** Certain investment options offered by the Plan may be deemed by the issuer to "compete" with this fund. The terms of the contract prohibit the participants from making a direct exchange from this fund to such competing funds. In such cases, participants must first exchange to a non-competing fund for 90 days.

Note 4 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by FMR, LLC which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, money market mutual funds, and a common collective trust fund managed by Fidelity Workplace Services, LLC, the recordkeeper for the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Plan Amendments

Effective January 1, 2023, the Plan was amended to exclude employees covered by the Bricklayers and Allied Craftworkers No. 8 collective bargaining agreement from the Plan. The Plan was also amended to exclude Great Lake Unions employees from auto-enrollment provisions.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:

Total interest income on notes receivable from participants per the Form 5500	<u><u>\$ 95,318</u></u>

Note 10 - Subsequent Events

Effective April 12, 2024, the Plan was amended to change the cash out provisions so that any terminated participants with a balance between \$1,000 and \$5,000 are automatically paid out if their balance is rolled into a qualified Individual Retirement Account.

Effective July 12, 2024, the Plan was amended and restated to include Gate Precast as a predecessor employer and recognize predecessor service for purposes of eligibility and vesting. The Plan was also amended to include discretionary match employer contributions for former Gate Precast employees hired by the Company on July 15, 2024, for which these employees will be eligible after three months of service and will be 100% vested immediately. The Company will contribute 100% of the participant's elective deferrals that do not exceed 3% of eligible compensation, plus 50% of the participant's elective deferrals that exceed 3% of eligible compensation but do not exceed 5% of eligible compensation. Gate Precast employees will not be eligible for the discretionary non-elective employer contributions.

The Plan Sponsor has evaluated subsequent events through October 9, 2024, the date which the financial statements were available to be issued.
