c	Target normal cost	6c	754940	

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part I Service Provider Information (continued)

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	
(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	
(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	

Part II Service Providers Who Fail or Refuse to Provide Information

4 Provide, to the extent possible, the following information for each service provider who failed or refused to provide the information necessary to complete this Schedule.

(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide

Part III Termination Information on Accountants and Enrolled Actuaries (see instructions)

SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110
		2023
		This Form is Open to Public Inspection

For calendar plan year 2023 or fiscal plan year beginning 01/01/2023 and ending 12/31/2023		
A Name of plan GCC RIO GRANDE, INC. DEFINED BENEFIT PENSION PLAN	B Three-digit plan number (PN) ▶	002
C Plan sponsor's name as shown on line 2a of Form 5500 GCC RIO GRANDE, INC.		
D Employer Identification Number (EIN) 85-0422452		

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a		
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)		
(2) Participant contributions	1b(2)		
(3) Other	1b(3)		
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)		
(2) U.S. Government securities	1c(2)		
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)		
(B) All other	1c(3)(B)		
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)		
(B) Common	1c(4)(B)		
(5) Partnership/joint venture interests	1c(5)		
(6) Real estate (other than employer real property)	1c(6)		
(7) Loans (other than to participants)	1c(7)		
(8) Participant loans	1c(8)		
(9) Value of interest in common/collective trusts	1c(9)		
(10) Value of interest in pooled separate accounts	1c(10)	10967093	10703131
(11) Value of interest in master trust investment accounts	1c(11)		
(12) Value of interest in 103-12 investment entities	1c(12)		
(13) Value of interest in registered investment companies (e.g., mutual funds)	1c(13)	5218262	7938135
(14) Value of funds held in insurance company general account (unallocated contracts)	1c(14)		
(15) Other	1c(15)		

1d Employer-related investments:		(a) Beginning of Year	(b) End of Year
(1) Employer securities	1d(1)		
(2) Employer real property	1d(2)		
e Buildings and other property used in plan operation	1e		
f Total assets (add all amounts in lines 1a through 1e)	1f	16185355	18641266
Liabilities			
g Benefit claims payable	1g		
h Operating payables	1h		
i Acquisition indebtedness	1i		
j Other liabilities	1j		
k Total liabilities (add all amounts in lines 1g through 1j)	1k	0	0
Net Assets			
l Net assets (subtract line 1k from line 1f)	1l	16185355	18641266

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)	1000000	
(B) Participants	2a(1)(B)		
(C) Others (including rollovers)	2a(1)(C)		
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)		1000000
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)		
(B) U.S. Government securities	2b(1)(B)		
(C) Corporate debt instruments	2b(1)(C)		
(D) Loans (other than to participants)	2b(1)(D)		
(E) Participant loans	2b(1)(E)		
(F) Other	2b(1)(F)		
(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)		0
(2) Dividends: (A) Preferred stock	2b(2)(A)		
(B) Common stock	2b(2)(B)		
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)	197320	
(D) Total dividends. Add lines 2b(2)(A) , (B) , and (C)	2b(2)(D)		197320
(3) Rents	2b(3)		
(4) Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A)		
(B) Aggregate carrying amount (see instructions)	2b(4)(B)		
(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)		
(5) Unrealized appreciation (depreciation) of assets: (A) Real estate	2b(5)(A)		
(B) Other	2b(5)(B)		
(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)		

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts.....	2b(6)		
(7) Net investment gain (loss) from pooled separate accounts.....	2b(7)		1736273
(8) Net investment gain (loss) from master trust investment accounts.....	2b(8)		
(9) Net investment gain (loss) from 103-12 investment entities.....	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		734690
c Other income	2c		
d Total income. Add all income amounts in column (b) and enter total	2d		3668283

Expenses

e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	950252	
(2) To insurance carriers for the provision of benefits.....	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		950252
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions)	2g		
h Interest expense	2h		
i Administrative expenses:			
(1) Salaries and allowances	2i(1)		
(2) Contract administrator fees.....	2i(2)	108117	
(3) Recordkeeping fees.....	2i(3)		
(4) IQPA audit fees.....	2i(4)		
(5) Investment advisory and investment management fees	2i(5)	10983	
(6) Bank or trust company trustee/custodial fees	2i(6)		
(7) Actuarial fees	2i(7)		
(8) Legal fees	2i(8)		
(9) Valuation/appraisal fees	2i(9)		
(10) Other trustee fees and expenses	2i(10)		
(11) Other expenses	2i(11)	143020	
(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)		262120
j Total expenses. Add all expense amounts in column (b) and enter total	2j		1212372

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		2455911
l Transfers of assets:			
(1) To this plan	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BROCK AND COMPANY CPAS P.C.**

(2) EIN: **84-0930288**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 521090.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation		Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500. Independent Auditor's Report

To the Plan Administrator of the
GCC Rio Grande, Inc. Defined Benefit Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the GCC Rio Grande, Inc. Defined Benefit Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i: Schedule of Assets (Held at End of Year) and Schedule H, Line 4j: Schedule of Reportable Transactions, as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the GCC Rio Grande, Inc. Defined Benefit Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined benefit pension plan that was established by GCC Rio Grande, Inc. (the "Company", "Employer", "Plan Sponsor", or "Plan Administrator") on July 1, 1994. The Plan covers (a) non-union employees of the Company that were first hired or rehired on or before September 30, 2008 and (b) union employees. Eligible employees who have attained age 21 and completed one year of service may enter the Plan on January 1 or July 1 coincident with or after meeting the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company's Investment Committee ("Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Empower's Acquisition of Prudential's Retirement Business. Effective April 1, 2022, Empower Annuity Insurance Company of America ("EAICA"), the parent company of Empower Retirement, LLC ("Empower"), acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Plan Amendments. On August 17, 2023, the Plan Sponsor elected two changes in accordance with the Setting Every Community Up for Retirement Enhancement Act 2.0 ("SECURE Act 2.0") as follows:

- The maximum dollar amount for involuntary cash out distributions and automatic IRA rollovers under the Plan was increased to \$7,000. This change will be effective for distributions made after December 31, 2023.
- The Plan's Required Beginning Date ("RBD") provisions were updated to be age 73 for Required Minimum Distributions ("RMDs") made on or after January 1, 2023 and age 75 for RMDs made on or after January 1, 2033.

Funding Policy. The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Such minimum funding requirement is actuarially determined using various actuarial methods and assumptions including the unit credit actuarial cost method. During 2023, the Company made contributions of \$1,000,000. The Company's contributions for 2023 exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA (see Note 6).

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Pension Benefits. Participants with five or more years of service are entitled to normal retirement pension benefits at their normal retirement date (later of age 65 or the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan) equal to the greater of (a) one twelfth of 1.5% of their average compensation (the average annual compensation received during the highest five consecutive calendar years) minus their offset amount (.49% of the participant's average compensation as limited by covered compensation, as defined), multiplied by their years of accrual service or (b) \$23.50 multiplied by the participant's years of accrual service, per month. A participant will not receive credit for more than 35 years of accrual service. The Plan provides for an early retirement date (the first day of the month coincident with or following the later of attainment of age 55 or the completion of 10 years of accrual service) and an early retirement benefit. The early retirement benefit is equal to the participant's accrued benefit, as defined. If the early retirement benefit commences prior to the participant's normal retirement date, it will be reduced by 3/10th of 1% for each month by which the early retirement date precedes the normal retirement date. If a participant terminates employment prior to completion of five years of service, they forfeit the right to receive their actuarially determined accrued benefit. Participants whose present value of pension benefits is less than \$5,000 will receive the value of their accrued benefit as a lump-sum distribution or direct rollover to an IRA. The Plan provides for the following forms of distribution: (a) qualified joint and survivor annuity, (b) lump sum (only if the present value of the participant's accrued benefit is less than \$7,500), (c) installments, (d) life annuity, (e) life annuity with certain term, and (f) joint and survivor annuity.

Death and Disability Benefits. In the event of a participant's death, the participant's beneficiary will receive a benefit equal to the actuarial equivalent of the participant's accrued benefit. In the event of a participant's disability while employed by the Employer, the participant will be entitled to receive a benefit equal to the actuarial equivalent of their accrued benefit payable at their normal retirement date, except that in no event will the annual disability benefit for an eligible disabled participant be less than \$450 a year.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustees. See Note 4 for a discussion of fair value measurements.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Included in administrative expenses are PGBC premiums, recordkeeping, investment management, investment advisor, and other administrative fees. Certain indirect investment related and other Plan expenses are included in investment income.

Note 3 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' average compensation, as defined, and years of accrual service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service, rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2023 and 2022, respectively, were as follows:

Life expectancy of participants

Pri-2012 Total Dataset Employee/Retiree Mortality Table with Scale MP-2021 (2023)

Pri-2012 Total Dataset Employee/Retiree Mortality Table with Scale MP-2021 (2022)

Retirement age assumptions

2023	
Age	Rate of Retirement
Less than 58	0%
58-64	20%
65+	100%

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 3 – Actuarial Present Value of Accumulated Plan Benefits (continued)

	2022	
	Age	Rate of Retirement
	Less than 58	0%
	58-64	20%
	65+	100%
Expected return on Plan assets	5.50% (2023)	
	5.50% (2022)	
Discount rate	4.80% (2023)	
	4.99% (2022)	

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and 2023. Had the valuations been performed as of December 31, there would be no material differences.

The Statements of Accumulated Plan Benefits as of December 31, 2023 and 2022 are as follows:

	December 31,	
	2023	2022
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$ 8,782,331	\$ 8,261,234
Other participants	9,620,348	10,640,488
	18,402,679	18,901,722
Nonvested benefits	145,036	156,024
Total actuarial present value of accumulated plan benefits	\$ 18,547,715	\$ 19,057,746

The Statement of Changes in Accumulated Plan Benefits for the year ended December 31, 2023 is as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 19,057,746
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial (gain) / loss	(905,357)
Increase for interest	925,297
Benefits paid	(950,252)
Change in actuarial assumptions	420,281
Net increase (decrease)	(510,031)
Actuarial present value of accumulated plan benefits at end of year	\$ 18,547,715

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements

Topic ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.
- Pooled separate accounts ("PSAs"): Valued at the NAV of units held by the Plan at year end. The NAV, as provided by Prudential Retirement Insurance and Annuity Company ("PRIAC") and Empower Annuity Insurance Company ("EAIC"), is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Investment transactions (purchases and sales) may occur daily.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
			Total
Mutual Funds	\$ 7,938,135	\$ -	\$ -
Total Assets			\$ 7,938,135
in FV Hierarchy	\$ 7,938,135	\$ -	7,938,135
Investments			
Measured at NAV			10,703,131
Total Assets at Fair Value			\$ 18,641,266

Assets at Fair Value as of December 31, 2022			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
			Total
Mutual Funds	\$ 5,218,262	\$ -	\$ -
Total Assets			\$ 5,218,262
in FV Hierarchy	\$ 5,218,262	\$ -	5,218,262

Total Assets at Fair Value			\$ 16,185,355

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Unit. The following table as of December 31, 2023 and 2022, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Restrictions
	2023	2022			
PSAs (a)	\$ 10,703,131	\$ 10,967,093	None	Daily	(b)

(a) The PSAs have various US stock, international stock, US bond, international bond, and short-term investment strategies.

(b) The Group Annuity Contract that provides for the PSAs requires a 15 day termination notice. Furthermore, EAIC (formerly PRIAC) may delay transfers, distributions, or disbursements if an emergency exists, by order of the SEC, and for negative cash flow if EAIC determines that liquidating investments would adversely affect remaining investors.

Note 5 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by PRIAC and EAIC, the custodians of the Plan, and Prudential Bank & Trust, FSB and Empower Trust Company, LLC, the trustees of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment amounts, as shown in Note 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown in the supplemental schedules; and
- The investment information in the Schedule of Reportable Transactions for the year ended December 31, 2023, as shown in the supplemental schedules.

Note 6 – Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- 1) Benefits attributable to employee contributions, as applicable, taking into account those paid out before termination;
- 2) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination;
- 3) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limitations;

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 – Plan Termination (continued)

- 4) All other vested benefits (that is, vested benefits not insured by the PBGC); and
- 5) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protections is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 7 – Tax Status

The Plan Sponsor has adopted a Plan Document Systems LLC Volume Submitter Defined Benefit Plan ("volume submitter plan"). The volume submitter plan received an advisory letter from the IRS on March 30, 2018, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the volume submitter plan and Plan have been amended since receiving the IRS advisory letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under the applicable requirements of the IRC as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-in-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are units of pooled separate accounts offered by EAIC (formerly PRIAC). As EAIC is the custodian of the Plan, these transactions qualify as party-in-interest transactions. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 9 – Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 19,141,266	\$ 16,685,355
Less: Employer contribution receivable	<u>(500,000)</u>	<u>(500,000)</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u>\$ 18,641,266</u>	<u>\$ 16,185,355</u>

The following is a reconciliation of Employer contributions per the financial statements to the Form 5500 for the year ended December 31, 2023:

	<u>Employer Contributions</u>
Amounts per the financial statements	\$ 1,000,000
Add: 2022 Employer contribution receivable	500,000
Less: 2023 Employer contribution receivable	<u>(500,000)</u>
Amounts per the Form 5500 (unaudited)	<u>\$ 1,000,000</u>

Note 10 – Concentrations, Risks, and Uncertainties

The Plan has various investments in mutual funds and pooled separate accounts. Investment securities, in general, are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. As of December 31, 2023 and 2022, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Actuarial methods

Under the actuarial methods described below, if all current assumptions remain constant and are realized, funding at least the minimum required contribution each year will eventually accumulate sufficient plan assets to cover the funding target. Future widening of the interest rate stabilization corridor may extend the time period for the plan to become fully funded.

Cost method

Costs have been computed in accordance with the unit credit actuarial cost method and reflect the actuarial assumptions described under "Actuarial assumptions" of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target normal cost

The target normal cost is the present value of benefits expected to accrue during the plan year plus an estimate of the expenses to be paid from plan assets during the plan year.

Funding target and funding shortfall

The funding target is the present value of benefits accrued as of the beginning of the plan year and the funding shortfall is the excess of the funding target over the actuarial value of assets (reduced by the credit balance). The initial funding shortfall is amortized over 15 years.

In subsequent years, the funding shortfall less the present value of prior year amortization installments is amortized over 15 years, and added to any prior year amortization installments.

Segment rates are adjusted as necessary to fall within the specified corridor of the corresponding 25-year average of segment rates for the period ending September 30 of the calendar year preceding the first day of the plan year. The specified corridor is:

<u>Plan year</u>	<u>Corridor</u>
Through 2030	95% - 105%
2031	90% - 110%
2032	85% - 115%
2033	80% - 120%
2034	75% - 125%
2035 and later	70% - 130%

In the event the 25-year average of either the first, second, or third segment rate falls below 5%, the 25-year average of such rate will be deemed to be 5%.

The adjustments to fall within the specified corridor of the 25-year average of segment rates apply for determining the minimum required contribution and related funded percentages. They do not apply for determining the maximum tax deductible contribution or certain other situations.

Sponsor elections

Discount rate: Segment rates, with no lookback

Mortality table: Prescribed IRS static mortality table – separate

At-risk determination

The at-risk funding target is determined by assuming that participants eligible to retire in the current plan year and next 10 plan years retire at the earliest possible date, but not before the end of the plan year. All participants are assumed to elect the optional form resulting in the highest possible present value.

A load is added to the at-risk funding target and at-risk target normal cost when a plan is at-risk in at least two years during the preceding four years. The load increases the at-risk funding target by 4% of the not at-risk funding target plus \$700 per participant, and increases the at-risk target normal cost by 4% of the not at-risk target normal cost.

The funding target and target normal cost are calculated by multiplying the not at-risk values by 100% minus the phase-in percentage, plus the at-risk values multiplied by the phase-in percentage.

Credit balance

The credit balance consists of the carryover balance from excess contributions prior to the Pension Protection Act (PPA) of 2006, plus the prefunding balance from elected excess contributions after the PPA. Balances accumulate with interest and are reduced for amounts applied towards the minimum required contribution, voluntary waivers by the plan sponsor, and compelled waivers to avoid benefit restrictions. The actuarial value of assets is reduced by the credit balance to determine certain funded percentages and to determine the funding shortfall.

Asset valuation method

The actuarial value of assets is determined using an annual average of the adjusted fair market value of assets with the earliest determination 24 months prior to the valuation date. The fair market value of assets in prior years is adjusted for contributions, benefit payments, expenses and expected earnings (not to exceed the third segment rate).

This is equivalent to the fair market value of assets, plus two-thirds of the (gain)/loss from the prior year, plus one-third of the (gain)/loss from the second preceding year. The (gain)/loss in each year is the difference between the expected and actual returns on the fair market value of assets.

The actuarial value of assets is adjusted to be no less than 90% or no more than 110% of the fair market value of assets, as required by IRC Section 430(g)(3)(B)(iii).

Since the expected earnings assumption cannot exceed the third segment rate, over time, the method may produce an actuarial value of assets slightly below the fair market value of assets.

The actuarial value of assets for determining the maximum tax deductible contribution reflects interest rate stabilization rates for discounting contributions and limiting expected earnings.

Actuarial assumptions

Funding Assumptions:

The discount rate and mortality assumptions are prescribed assumptions set by law. All other assumptions are non-prescribed assumptions set by the actuary which reflect estimates of future experience, are appropriate for the purpose of the measurement, consider relevant plan characteristics, and contain no significant bias unless otherwise noted. Relevant historical information, such as credible plan experience and experience from representative populations, was considered in the selection of the non-prescribed assumptions with a significant effect on the measurement. Factors that may affect future experience and the views of experts were also considered.

The termination age, retirement age and salary scale assumptions consider the experience study completed in August 2022 based on plan experience from 2017 through 2021.

ASC 960 Assumptions:

All assumptions are set by the plan sponsor and they align with the Funding Assumptions except for the mortality assumption and the discount rate.

The mortality assumption reflects experience from representative populations, based on the Pri-2012 Private Retirement Plans Mortality Table Report issued by the Society of Actuaries (SOA) in October 2019 and the Mortality Improvement Scale MP-2021 Report issued by the SOA in October 2021.

The discount rate reflects an effective rate based on high quality corporate bond yields and the plan cashflow as of the valuation date.

The actuarial assumptions as of January 1, 2023 used in this report are:

Discount Rate	With ARPA Interest	Without Interest	ASC 960
	<u>Rate Stabilization</u>	<u>Rate Stabilization</u>	
Effective Rate	5.31%	3.72%	4.99%
First Segment – First 5 Years	4.75%	2.13%	N/A
Second Segment – Next 15 Years	5.00%	3.62%	N/A
Third Segment – After 20 Years	5.74%	3.93%	N/A

Payment Form

Life annuity.

Spouse's Benefit

It is assumed that husbands and wives are the same age and that 100% of all Participants who are or will become eligible for coverage under the Spouse's Benefit will be survived by an eligible spouse.

Plan provisions

Effective Date	July 1, 1994.
Participation Eligibility	Each Employee in the service of the Employer, excluding those first hired or rehired after September 30, 2008, will be eligible to participate in the Plan as of the January 1st or July 1st coincident with or next following the completion of one Year of Service and attainment of age 21.
Normal Retirement Date	The later of the Participant's 65th birthday or the fifth anniversary of the first day of the Plan Year in which the Participant commenced participation in the Plan.
Early Retirement Date	The first day of any month coincident with or next following the later of the Participant's 55th birthday or the completion of 10 Years of Accrual Service.
Normal Retirement Benefit	A Participant who retires on his Normal Retirement Date will be entitled to a monthly retirement income commencing on his Normal Retirement Date and payable for his lifetime. The amount of such retirement income will be equal to 1/12 of 1.5% of his "Average Compensation" minus his "Offset Amount", multiplied by his total Years of Accrual Service, up to a maximum of 35 years. The minimum monthly retirement income will be equal to \$23.50 multiplied by the Participant's total Years of Accrual Service.
Covered Compensation	The maximum average wage utilized to determine Social Security benefits in the year of retirement.
Offset Amount	0.49% of the participant's Average Compensation as limited by Covered Compensation.
Average Compensation	The average annual compensation received during the highest five consecutive calendar years.

Early Retirement Benefit

The Early Retirement Benefit will be equal to the Participant's Accrued Benefit. If the payment of the benefit commences prior to Normal Retirement Date, it will be reduced to reflect the earlier commencement of benefits by 3/10th of 1% for each month by which Early Retirement Date precedes Normal Retirement Date.

Death Benefit

In the event of a Participant's death, his beneficiary will receive a benefit equal to the actuarial equivalent of the Participant's Accrued Benefit.

Disability Benefit

In the event of a Participant's disablement, he will be entitled to receive a benefit, which is equal to the actuarial equivalent of his Accrued Benefit payable at Normal Retirement Date. The minimum annual Disability Benefit will be equal to \$450.

Termination Benefit

A Participant who terminates his service with the Employer will have a vested interest equal to a percentage of the actuarial equivalent of his Accrued Benefit earned at date of termination of service in accordance with the following schedule

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 5 years	0%
5 or more years	100%

Accrued Benefit

A Participant's Accrued Benefit is equal to his prorated Normal Retirement Benefit determined using current "Average Compensation" and the ratio of current Years of Accrual Service to total projected Years of Accrual Service at Normal Retirement Date. Benefit accruals for those Participants who were Highly Compensated Employees as of January 1, 2009 were frozen as of January 1, 2009.

Actuarial Equivalence

Actuarial Equivalence is defined as an interest rate of 6%, the 1983 Group Annuity Mortality Table.

Distribution of active participants by age and service

Number of active participants as of January 1, 2023 – distribution by age and service

Active participant counts are shown below.

Attained age	Years of credited service										Total
	Under 1	1-4	5-9	10-14	15-19	20-24	25-29	30-34	35-39	40+	
Under 25

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part II Beginning of Year Carryover and Prefunding Balances

	(a) Carryover balance	(b) Prefunding balance
7 Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	0	112,777
8 Portion elected for use to offset prior year's funding requirement (line 35 from prior year)	0	0
9 Amount remaining (line 7 minus line 8)	0	112,777
10 Interest on line 9 using prior year's actual return of <u>-17.31</u> %	0	-19522
11 Prior year's excess contributions to be added to prefunding balance:		
a Present value of excess contributions (line 38a from prior year)		1432591
b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of <u>5.48</u> %		78506
b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		0
c Total available at beginning of current plan year to add to prefunding balance		1511097
d Portion of (c) to be added to prefunding balance		1511097
12 Other reductions in balances due to elections or deemed elections	0	0
13 Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	0	1604352

Part III Funding Percentages

14 Funding target attainment percentage	14	90.73%
15 Adjusted funding target attainment percentage	15	90.73%
16 Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	104.97%
17 If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage	17	%

Part IV Contributions and Liquidity Shortfalls**18** Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
09/29/2023	250,000				
12/22/2023	250,000				
03/28/2024	250,000				
06/28/2024	250,000				
Totals ▶			18(b)	1,000,000	18(c) 0

19 Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:

a Contributions allocated toward unpaid minimum required contributions from prior years	19a	0
b Contributions made to avoid restrictions adjusted to valuation date	19b	0
c Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c	944,242

20 Quarterly contributions and liquidity shortfalls:

- a** Did the plan have a "funding shortfall" for the prior year? ☐ Yes ☒ No
- b** If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? ☐ Yes ☐ No
- c** If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year			
(1) 1st	(2) 2nd	(3) 3rd	(4) 4th

Part V Assumptions Used to Determine Funding Target and Target Normal Cost

21 Discount rate:				
a Segment rates:	1st segment: 4.75 %	2nd segment: 5.00 %	3rd segment: 5.74 %	☐ N/A, full yield curve used
b Applicable month (enter code)				21b 0
22 Weighted average retirement age				22 61
23 Mortality table(s) (see instructions) ☐ Prescribed - combined ☒ Prescribed - separate ☐ Substitute				

Part VI Miscellaneous Items

24 Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment.	☐ Yes ☒ No
25 Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment.	☐ Yes ☒ No
26 Demographic and benefit information	
a Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment.	☒ Yes ☐ No
b Is the plan required to provide a projection of expected benefit payments? If "Yes," see instructions regarding required attachment ...	☐ Yes ☒ No
27 If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment.	27

Part VII Reconciliation of Unpaid Minimum Required Contributions For Prior Years

28 Unpaid minimum required contributions for all prior years	28	0
29 Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a)	29	0
30 Remaining amount of unpaid minimum required contributions (line 28 minus line 29)	30	0

Part VIII Minimum Required Contribution For Current Year

31 Target normal cost and excess assets (see instructions):			
a Target normal cost (line 6c)	31a	754,940	
b Excess assets, if applicable, but not greater than line 31a	31b	0	
32 Amortization installments:	Outstanding Balance	Installment	
a Net shortfall amortization installment	1,710,600	156,658	
b Waiver amortization installment	0	0	
33 If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount	33		
34 Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33)	34	911,598	
	Carryover balance	Prefunding balance	Total balance
35 Balances elected for use to offset funding requirement	0	0	0
36 Additional cash requirement (line 34 minus line 35)	36	911,598	
37 Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c)	37	944,242	
38 Present value of excess contributions for current year (see instructions)			
a Total (excess, if any, of line 37 over line 36)	38a	32,644	
b Portion included in line 38a attributable to use of prefunding and funding standard carryover balances	38b	0	
39 Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37)	39	0	
40 Unpaid minimum required contributions for all years	40	0	

Part IX Pension Funding Relief Under the American Rescue Plan Act of 2021 (See Instructions)

41 If an election was made to use the extended amortization rule for a plan year beginning on or before December 31, 2021, check the box to indicate the first plan year for which the rule applies. ☐ 2019 ☐ 2020 ☐ 2021

Weighted Average Retirement Age:				61.16

Actuarial methods

Under the actuarial methods described below, if all current assumptions remain constant and are realized, funding at least the minimum required contribution each year will eventually accumulate sufficient plan assets to cover the funding target. Future widening of the interest rate stabilization corridor may extend the time period for the plan to become fully funded.

Cost method

Costs have been computed in accordance with the unit credit actuarial cost method and reflect the actuarial assumptions described under "Actuarial assumptions" of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target normal cost

The target normal cost is the present value of benefits expected to accrue during the plan year plus an estimate of the expenses to be paid from plan assets during the plan year.

Funding target and funding shortfall

The funding target is the present value of benefits accrued as of the beginning of the plan year and the funding shortfall is the excess of the funding target over the actuarial value of assets (reduced by the credit balance). The initial funding shortfall is amortized over 15 years.

In subsequent years, the funding shortfall less the present value of prior year amortization installments is amortized over 15 years, and added to any prior year amortization installments.

Segment rates are adjusted as necessary to fall within the specified corridor of the corresponding 25-year average of segment rates for the period ending September 30 of the calendar year preceding the first day of the plan year. The specified corridor is:

<u>Plan year</u>	<u>Corridor</u>
Through 2030	95% - 105%
2031	90% - 110%
2032	85% - 115%
2033	80% - 120%
2034	75% - 125%
2035 and later	70% - 130%

In the event the 25-year average of either the first, second, or third segment rate falls below 5%, the 25-year average of such rate will be deemed to be 5%.

The adjustments to fall within the specified corridor of the 25-year average of segment rates apply for determining the minimum required contribution and related funded percentages. They do not apply for determining the maximum tax deductible contribution or certain other situations.

Sponsor elections

Discount rate: Segment rates, with no lookback

Mortality table: Prescribed IRS static mortality table – separate

At-risk determination

The at-risk funding target is determined by assuming that participants eligible to retire in the current plan year and next 10 plan years retire at the earliest possible date, but not before the end of the plan year. All participants are assumed to elect the optional form resulting in the highest possible present value.

A load is added to the at-risk funding target and at-risk target normal cost when a plan is at-risk in at least two years during the preceding four years. The load increases the at-risk funding target by 4% of the not at-risk funding target plus \$700 per participant, and increases the at-risk target normal cost by 4% of the not at-risk target normal cost.

The funding target and target normal cost are calculated by multiplying the not at-risk values by 100% minus the phase-in percentage, plus the at-risk values multiplied by the phase-in percentage.

Credit balance

The credit balance consists of the carryover balance from excess contributions prior to the Pension Protection Act (PPA) of 2006, plus the prefunding balance from elected excess contributions after the PPA. Balances accumulate with interest and are reduced for amounts applied towards the minimum required contribution, voluntary waivers by the plan sponsor, and compelled waivers to avoid benefit restrictions. The actuarial value of assets is reduced by the credit balance to determine certain funded percentages and to determine the funding shortfall.

Asset valuation method

The actuarial value of assets is determined using an annual average of the adjusted fair market value of assets with the earliest determination 24 months prior to the valuation date. The fair market value of assets in prior years is adjusted for contributions, benefit payments, expenses and expected earnings (not to exceed the third segment rate).

This is equivalent to the fair market value of assets, plus two-thirds of the (gain)/loss from the prior year, plus one-third of the (gain)/loss from the second preceding year. The (gain)/loss in each year is the difference between the expected and actual returns on the fair market value of assets.

The actuarial value of assets is adjusted to be no less than 90% or no more than 110% of the fair market value of assets, as required by IRC Section 430(g)(3)(B)(iii).

Since the expected earnings assumption cannot exceed the third segment rate, over time, the method may produce an actuarial value of assets slightly below the fair market value of assets.

The actuarial value of assets for determining the maximum tax deductible contribution reflects interest rate stabilization rates for discounting contributions and limiting expected earnings.

Actuarial assumptions

Funding Assumptions:

The discount rate and mortality assumptions are prescribed assumptions set by law. All other assumptions are non-prescribed assumptions set by the actuary which reflect estimates of future experience, are appropriate for the purpose of the measurement, consider relevant plan characteristics, and contain no significant bias unless otherwise noted. Relevant historical information, such as credible plan experience and experience from representative populations, was considered in the selection of the non-prescribed assumptions with a significant effect on the measurement. Factors that may affect future experience and the views of experts were also considered.

The termination age, retirement age and salary scale assumptions consider the experience study completed in August 2022 based on plan experience from 2017 through 2021.

ASC 960 Assumptions:

All assumptions are set by the plan sponsor and they align with the Funding Assumptions except for the mortality assumption and the discount rate.

The mortality assumption reflects experience from representative populations, based on the Pri-2012 Private Retirement Plans Mortality Table Report issued by the Society of Actuaries (SOA) in October 2019 and the Mortality Improvement Scale MP-2021 Report issued by the SOA in October 2021.

The discount rate reflects an effective rate based on high quality corporate bond yields and the plan cashflow as of the valuation date.

The actuarial assumptions as of January 1, 2023 used in this report are:

Discount Rate	With ARPA Interest	Without Interest	ASC 960
	<u>Rate Stabilization</u>	<u>Rate Stabilization</u>	
Effective Rate	5.31%	3.72%	4.99%
First Segment – First 5 Years	4.75%	2.13%	N/A
Second Segment – Next 15 Years	5.00%	3.62%	N/A
Third Segment – After 20 Years	5.74%	3.93%	N/A

Spouse's Benefit

It is assumed that husbands and wives are the same age and that 100% of all Participants who are or will become eligible for coverage under the Spouse's Benefit will be survived by an eligible spouse.

Plan provisions

Effective Date	July 1, 1994.
Participation Eligibility	Each Employee in the service of the Employer, excluding those first hired or rehired after September 30, 2008, will be eligible to participate in the Plan as of the January 1st or July 1st coincident with or next following the completion of one Year of Service and attainment of age 21.
Normal Retirement Date	The later of the Participant's 65th birthday or the fifth anniversary of the first day of the Plan Year in which the Participant commenced participation in the Plan.
Early Retirement Date	The first day of any month coincident with or next following the later of the Participant's 55th birthday or the completion of 10 Years of Accrual Service.
Normal Retirement Benefit	A Participant who retires on his Normal Retirement Date will be entitled to a monthly retirement income commencing on his Normal Retirement Date and payable for his lifetime. The amount of such retirement income will be equal to 1/12 of 1.5% of his "Average Compensation" minus his "Offset Amount", multiplied by his total Years of Accrual Service, up to a maximum of 35 years. The minimum monthly retirement income will be equal to \$23.50 multiplied by the Participant's total Years of Accrual Service.
Covered Compensation	The maximum average wage utilized to determine Social Security benefits in the year of retirement.
Offset Amount	0.49% of the participant's Average Compensation as limited by Covered Compensation.
Average Compensation	The average annual compensation received during the highest five consecutive calendar years.

Early Retirement Benefit

The Early Retirement Benefit will be equal to the Participant's Accrued Benefit. If the payment of the benefit commences prior to Normal Retirement Date, it will be reduced to reflect the earlier commencement of benefits by 3/10th of 1% for each month by which Early Retirement Date precedes Normal Retirement Date.

Death Benefit

In the event of a Participant's death, his beneficiary will receive a benefit equal to the actuarial equivalent of the Participant's Accrued Benefit.

Disability Benefit

In the event of a Participant's disablement, he will be entitled to receive a benefit, which is equal to the actuarial equivalent of his Accrued Benefit payable at Normal Retirement Date. The minimum annual Disability Benefit will be equal to \$450.

Termination Benefit

A Participant who terminates his service with the Employer will have a vested interest equal to a percentage of the actuarial equivalent of his Accrued Benefit earned at date of termination of service in accordance with the following schedule

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 5 years	0%
5 or more years	100%

Accrued Benefit

A Participant's Accrued Benefit is equal to his prorated Normal Retirement Benefit determined using current "Average Compensation" and the ratio of current Years of Accrual Service to total projected Years of Accrual Service at Normal Retirement Date. Benefit accruals for those Participants who were Highly Compensated Employees as of January 1, 2009 were frozen as of January 1, 2009.

Actuarial Equivalence

Actuarial Equivalence is defined as an interest rate of 6%, the 1983 Group Annuity Mortality Table.

Distribution of active participants by age and service

Number of active participants as of January 1, 2023 – distribution by age and service

Independent Auditor's Report

To the Plan Administrator of the
GCC Rio Grande, Inc. Defined Benefit Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the GCC Rio Grande, Inc. Defined Benefit Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i: Schedule of Assets (Held at End of Year) and Schedule H, Line 4j: Schedule of Reportable Transactions, as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the GCC Rio Grande, Inc. Defined Benefit Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined benefit pension plan that was established by GCC Rio Grande, Inc. (the "Company", "Employer", "Plan Sponsor", or "Plan Administrator") on July 1, 1994. The Plan covers (a) non-union employees of the Company that were first hired or rehired on or before September 30, 2008 and (b) union employees. Eligible employees who have attained age 21 and completed one year of service may enter the Plan on January 1 or July 1 coincident with or after meeting the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company's Investment Committee ("Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Empower's Acquisition of Prudential's Retirement Business. Effective April 1, 2022, Empower Annuity Insurance Company of America ("EAICA"), the parent company of Empower Retirement, LLC ("Empower"), acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Plan Amendments. On August 17, 2023, the Plan Sponsor elected two changes in accordance with the Setting Every Community Up for Retirement Enhancement Act 2.0 ("SECURE Act 2.0") as follows:

- The maximum dollar amount for involuntary cash out distributions and automatic IRA rollovers under the Plan was increased to \$7,000. This change will be effective for distributions made after December 31, 2023.
- The Plan's Required Beginning Date ("RBD") provisions were updated to be age 73 for Required Minimum Distributions ("RMDs") made on or after January 1, 2023 and age 75 for RMDs made on or after January 1, 2033.

Funding Policy. The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Such minimum funding requirement is actuarially determined using various actuarial methods and assumptions including the unit credit actuarial cost method. During 2023, the Company made contributions of \$1,000,000. The Company's contributions for 2023 exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA (see Note 6).

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Pension Benefits. Participants with five or more years of service are entitled to normal retirement pension benefits at their normal retirement date (later of age 65 or the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan) equal to the greater of (a) one twelfth of 1.5% of their average compensation (the average annual compensation received during the highest five consecutive calendar years) minus their offset amount (.49% of the participant's average compensation as limited by covered compensation, as defined), multiplied by their years of accrual service or (b) \$23.50 multiplied by the participant's years of accrual service, per month. A participant will not receive credit for more than 35 years of accrual service. The Plan provides for an early retirement date (the first day of the month coincident with or following the later of attainment of age 55 or the completion of 10 years of accrual service) and an early retirement benefit. The early retirement benefit is equal to the participant's accrued benefit, as defined. If the early retirement benefit commences prior to the participant's normal retirement date, it will be reduced by 3/10th of 1% for each month by which the early retirement date precedes the normal retirement date. If a participant terminates employment prior to completion of five years of service, they forfeit the right to receive their actuarially determined accrued benefit. Participants whose present value of pension benefits is less than \$5,000 will receive the value of their accrued benefit as a lump-sum distribution or direct rollover to an IRA. The Plan provides for the following forms of distribution: (a) qualified joint and survivor annuity, (b) lump sum (only if the present value of the participant's accrued benefit is less than \$7,500), (c) installments, (d) life annuity, (e) life annuity with certain term, and (f) joint and survivor annuity.

Death and Disability Benefits. In the event of a participant's death, the participant's beneficiary will receive a benefit equal to the actuarial equivalent of the participant's accrued benefit. In the event of a participant's disability while employed by the Employer, the participant will be entitled to receive a benefit equal to the actuarial equivalent of their accrued benefit payable at their normal retirement date, except that in no event will the annual disability benefit for an eligible disabled participant be less than \$450 a year.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustees. See Note 4 for a discussion of fair value measurements.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Included in administrative expenses are PGBC premiums, recordkeeping, investment management, investment advisor, and other administrative fees. Certain indirect investment related and other Plan expenses are included in investment income.

Note 3 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' average compensation, as defined, and years of accrual service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service, rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2023 and 2022, respectively, were as follows:

Life expectancy of participants

Pri-2012 Total Dataset Employee/Retiree Mortality Table with Scale MP-2021 (2023)

Pri-2012 Total Dataset Employee/Retiree Mortality Table with Scale MP-2021 (2022)

Retirement age assumptions

2023	
Age	Rate of Retirement
Less than 58	0%
58-64	20%
65+	100%

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 3 – Actuarial Present Value of Accumulated Plan Benefits (continued)

	2022	
	Age	Rate of Retirement
	Less than 58	0%
	58-64	20%
	65+	100%
Expected return on Plan assets	5.50% (2023)	
	5.50% (2022)	
Discount rate	4.80% (2023)	
	4.99% (2022)	

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and 2023. Had the valuations been performed as of December 31, there would be no material differences.

The Statements of Accumulated Plan Benefits as of December 31, 2023 and 2022 are as follows:

	December 31,	
	2023	2022
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$ 8,782,331	\$ 8,261,234
Other participants	9,620,348	10,640,488
	18,402,679	18,901,722
Nonvested benefits	145,036	156,024
Total actuarial present value of accumulated plan benefits	\$ 18,547,715	\$ 19,057,746

The Statement of Changes in Accumulated Plan Benefits for the year ended December 31, 2023 is as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 19,057,746
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial (gain) / loss	(905,357)
Increase for interest	925,297
Benefits paid	(950,252)
Change in actuarial assumptions	420,281
Net increase (decrease)	(510,031)
Actuarial present value of accumulated plan benefits at end of year	\$ 18,547,715

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements

Topic ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.
- Pooled separate accounts ("PSAs"): Valued at the NAV of units held by the Plan at year end. The NAV, as provided by Prudential Retirement Insurance and Annuity Company ("PRIAC") and Empower Annuity Insurance Company ("EAIC"), is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Investment transactions (purchases and sales) may occur daily.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
			Total
Mutual Funds	\$ 7,938,135	\$ -	\$ -
Total Assets			\$ 7,938,135
in FV Hierarchy	\$ 7,938,135	\$ -	7,938,135
Investments			
Measured at NAV			10,703,131
Total Assets at Fair Value			\$ 18,641,266

Assets at Fair Value as of December 31, 2022			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
			Total
Mutual Funds	\$ 5,218,262	\$ -	\$ -
Total Assets			\$ 5,218,262
in FV Hierarchy	\$ 5,218,262	\$ -	5,218,262
Investments			
Measured at NAV			10,967,093
Total Assets at Fair Value			\$ 16,185,355

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Unit. The following table as of December 31, 2023 and 2022, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Restrictions
	2023	2022			
PSAs (a)	\$ 10,703,131	\$ 10,967,093	None	Daily	(b)

(a) The PSAs have various US stock, international stock, US bond, international bond, and short-term investment strategies.

(b) The Group Annuity Contract that provides for the PSAs requires a 15 day termination notice. Furthermore, EAIC (formerly PRIAC) may delay transfers, distributions, or disbursements if an emergency exists, by order of the SEC, and for negative cash flow if EAIC determines that liquidating investments would adversely affect remaining investors.

Note 5 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by PRIAC and EAIC, the custodians of the Plan, and Prudential Bank & Trust, FSB and Empower Trust Company, LLC, the trustees of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment amounts, as shown in Note 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown in the supplemental schedules; and
- The investment information in the Schedule of Reportable Transactions for the year ended December 31, 2023, as shown in the supplemental schedules.

Note 6 – Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- 1) Benefits attributable to employee contributions, as applicable, taking into account those paid out before termination;
- 2) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination;
- 3) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limitations;

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 – Plan Termination (continued)

- 4) All other vested benefits (that is, vested benefits not insured by the PBGC); and
- 5) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protections is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 7 – Tax Status

The Plan Sponsor has adopted a Plan Document Systems LLC Volume Submitter Defined Benefit Plan ("volume submitter plan"). The volume submitter plan received an advisory letter from the IRS on March 30, 2018, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the volume submitter plan and Plan have been amended since receiving the IRS advisory letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under the applicable requirements of the IRC as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-in-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are units of pooled separate accounts offered by EAIC (formerly PRIAC). As EAIC is the custodian of the Plan, these transactions qualify as party-in-interest transactions. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 9 – Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 19,141,266	\$ 16,685,355
Less: Employer contribution receivable	<u>(500,000)</u>	<u>(500,000)</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u>\$ 18,641,266</u>	<u>\$ 16,185,355</u>

The following is a reconciliation of Employer contributions per the financial statements to the Form 5500 for the year ended December 31, 2023:

	<u>Employer Contributions</u>
Amounts per the financial statements	\$ 1,000,000
Add: 2022 Employer contribution receivable	500,000
Less: 2023 Employer contribution receivable	<u>(500,000)</u>
Amounts per the Form 5500 (unaudited)	<u>\$ 1,000,000</u>

Note 10 – Concentrations, Risks, and Uncertainties

The Plan has various investments in mutual funds and pooled separate accounts. Investment securities, in general, are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. As of December 31, 2023 and 2022, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 11, 2024, which is the date the financial statements were available to be issued.

Independent Auditor's Report

To the Plan Administrator of the
GCC Rio Grande, Inc. Defined Benefit Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the GCC Rio Grande, Inc. Defined Benefit Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i: Schedule of Assets (Held at End of Year) and Schedule H, Line 4j: Schedule of Reportable Transactions, as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the GCC Rio Grande, Inc. Defined Benefit Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined benefit pension plan that was established by GCC Rio Grande, Inc. (the "Company", "Employer", "Plan Sponsor", or "Plan Administrator") on July 1, 1994. The Plan covers (a) non-union employees of the Company that were first hired or rehired on or before September 30, 2008 and (b) union employees. Eligible employees who have attained age 21 and completed one year of service may enter the Plan on January 1 or July 1 coincident with or after meeting the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company's Investment Committee ("Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Empower's Acquisition of Prudential's Retirement Business. Effective April 1, 2022, Empower Annuity Insurance Company of America ("EAICA"), the parent company of Empower Retirement, LLC ("Empower"), acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Plan Amendments. On August 17, 2023, the Plan Sponsor elected two changes in accordance with the Setting Every Community Up for Retirement Enhancement Act 2.0 ("SECURE Act 2.0") as follows:

- The maximum dollar amount for involuntary cash out distributions and automatic IRA rollovers under the Plan was increased to \$7,000. This change will be effective for distributions made after December 31, 2023.
- The Plan's Required Beginning Date ("RBD") provisions were updated to be age 73 for Required Minimum Distributions ("RMDs") made on or after January 1, 2023 and age 75 for RMDs made on or after January 1, 2033.

Funding Policy. The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Such minimum funding requirement is actuarially determined using various actuarial methods and assumptions including the unit credit actuarial cost method. During 2023, the Company made contributions of \$1,000,000. The Company's contributions for 2023 exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA (see Note 6).

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Pension Benefits. Participants with five or more years of service are entitled to normal retirement pension benefits at their normal retirement date (later of age 65 or the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan) equal to the greater of (a) one twelfth of 1.5% of their average compensation (the average annual compensation received during the highest five consecutive calendar years) minus their offset amount (.49% of the participant's average compensation as limited by covered compensation, as defined), multiplied by their years of accrual service or (b) \$23.50 multiplied by the participant's years of accrual service, per month. A participant will not receive credit for more than 35 years of accrual service. The Plan provides for an early retirement date (the first day of the month coincident with or following the later of attainment of age 55 or the completion of 10 years of accrual service) and an early retirement benefit. The early retirement benefit is equal to the participant's accrued benefit, as defined. If the early retirement benefit commences prior to the participant's normal retirement date, it will be reduced by 3/10th of 1% for each month by which the early retirement date precedes the normal retirement date. If a participant terminates employment prior to completion of five years of service, they forfeit the right to receive their actuarially determined accrued benefit. Participants whose present value of pension benefits is less than \$5,000 will receive the value of their accrued benefit as a lump-sum distribution or direct rollover to an IRA. The Plan provides for the following forms of distribution: (a) qualified joint and survivor annuity, (b) lump sum (only if the present value of the participant's accrued benefit is less than \$7,500), (c) installments, (d) life annuity, (e) life annuity with certain term, and (f) joint and survivor annuity.

Death and Disability Benefits. In the event of a participant's death, the participant's beneficiary will receive a benefit equal to the actuarial equivalent of the participant's accrued benefit. In the event of a participant's disability while employed by the Employer, the participant will be entitled to receive a benefit equal to the actuarial equivalent of their accrued benefit payable at their normal retirement date, except that in no event will the annual disability benefit for an eligible disabled participant be less than \$450 a year.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustees. See Note 4 for a discussion of fair value measurements.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Included in administrative expenses are PGBC premiums, recordkeeping, investment management, investment advisor, and other administrative fees. Certain indirect investment related and other Plan expenses are included in investment income.

Note 3 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' average compensation, as defined, and years of accrual service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service, rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2023 and 2022, respectively, were as follows:

Life expectancy of participants

Pri-2012 Total Dataset Employee/Retiree Mortality Table with Scale MP-2021 (2023)

Pri-2012 Total Dataset Employee/Retiree Mortality Table with Scale MP-2021 (2022)

Retirement age assumptions

2023	
Age	Rate of Retirement
Less than 58	0%
58-64	20%
65+	100%

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 3 – Actuarial Present Value of Accumulated Plan Benefits (continued)

	2022	
	Age	Rate of Retirement
	Less than 58	0%
	58-64	20%
	65+	100%
Expected return on Plan assets	5.50% (2023)	
	5.50% (2022)	
Discount rate	4.80% (2023)	
	4.99% (2022)	

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and 2023. Had the valuations been performed as of December 31, there would be no material differences.

The Statements of Accumulated Plan Benefits as of December 31, 2023 and 2022 are as follows:

	December 31,	
	2023	2022
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$ 8,782,331	\$ 8,261,234
Other participants	9,620,348	10,640,488
	18,402,679	18,901,722
Nonvested benefits	145,036	156,024
Total actuarial present value of accumulated plan benefits	\$ 18,547,715	\$ 19,057,746

The Statement of Changes in Accumulated Plan Benefits for the year ended December 31, 2023 is as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 19,057,746
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial (gain) / loss	(905,357)
Increase for interest	925,297
Benefits paid	(950,252)
Change in actuarial assumptions	420,281
Net increase (decrease)	(510,031)
Actuarial present value of accumulated plan benefits at end of year	\$ 18,547,715

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements

Topic ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.
- Pooled separate accounts ("PSAs"): Valued at the NAV of units held by the Plan at year end. The NAV, as provided by Prudential Retirement Insurance and Annuity Company ("PRIAC") and Empower Annuity Insurance Company ("EAIC"), is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Investment transactions (purchases and sales) may occur daily.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
			Total
Mutual Funds	\$ 7,938,135	\$ -	\$ -
Total Assets			\$ 7,938,135
in FV Hierarchy	\$ 7,938,135	\$ -	7,938,135
Investments			
Measured at NAV			10,703,131
Total Assets at Fair Value			\$ 18,641,266

Assets at Fair Value as of December 31, 2022			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
			Total
Mutual Funds	\$ 5,218,262	\$ -	\$ -
Total Assets			\$ 5,218,262
in FV Hierarchy	\$ 5,218,262	\$ -	5,218,262
Investments			
Measured at NAV			10,967,093
Total Assets at Fair Value			\$ 16,185,355

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Unit. The following table as of December 31, 2023 and 2022, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Restrictions
	2023	2022			
PSAs (a)	\$ 10,703,131	\$ 10,967,093	None	Daily	(b)

(a) The PSAs have various US stock, international stock, US bond, international bond, and short-term investment strategies.

(b) The Group Annuity Contract that provides for the PSAs requires a 15 day termination notice. Furthermore, EAIC (formerly PRIAC) may delay transfers, distributions, or disbursements if an emergency exists, by order of the SEC, and for negative cash flow if EAIC determines that liquidating investments would adversely affect remaining investors.

Note 5 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by PRIAC and EAIC, the custodians of the Plan, and Prudential Bank & Trust, FSB and Empower Trust Company, LLC, the trustees of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment amounts, as shown in Note 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown in the supplemental schedules; and
- The investment information in the Schedule of Reportable Transactions for the year ended December 31, 2023, as shown in the supplemental schedules.

Note 6 – Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- 1) Benefits attributable to employee contributions, as applicable, taking into account those paid out before termination;
- 2) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination;
- 3) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limitations;

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 – Plan Termination (continued)

- 4) All other vested benefits (that is, vested benefits not insured by the PBGC); and
- 5) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protections is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 7 – Tax Status

The Plan Sponsor has adopted a Plan Document Systems LLC Volume Submitter Defined Benefit Plan ("volume submitter plan"). The volume submitter plan received an advisory letter from the IRS on March 30, 2018, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the volume submitter plan and Plan have been amended since receiving the IRS advisory letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under the applicable requirements of the IRC as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-in-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are units of pooled separate accounts offered by EAIC (formerly PRIAC). As EAIC is the custodian of the Plan, these transactions qualify as party-in-interest transactions. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 9 – Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 19,141,266	\$ 16,685,355
Less: Employer contribution receivable	<u>(500,000)</u>	<u>(500,000)</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u>\$ 18,641,266</u>	<u>\$ 16,185,355</u>

The following is a reconciliation of Employer contributions per the financial statements to the Form 5500 for the year ended December 31, 2023:

	<u>Employer Contributions</u>
Amounts per the financial statements	\$ 1,000,000
Add: 2022 Employer contribution receivable	500,000
Less: 2023 Employer contribution receivable	<u>(500,000)</u>
Amounts per the Form 5500 (unaudited)	<u>\$ 1,000,000</u>

Note 10 – Concentrations, Risks, and Uncertainties

The Plan has various investments in mutual funds and pooled separate accounts. Investment securities, in general, are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. As of December 31, 2023 and 2022, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Notes to Financial Statements

December 31, 2023 and 2022

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 11, 2024, which is the date the financial statements were available to be issued.

Independent Auditor's Report

To the Plan Administrator of the
GCC Rio Grande, Inc. Defined Benefit Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the GCC Rio Grande, Inc. Defined Benefit Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i: Schedule of Assets (Held at End of Year) and Schedule H, Line 4j: Schedule of Reportable Transactions, as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the GCC Rio Grande, Inc. Defined Benefit Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined benefit pension plan that was established by GCC Rio Grande, Inc. (the "Company", "Employer", "Plan Sponsor", or "Plan Administrator") on July 1, 1994. The Plan covers (a) non-union employees of the Company that were first hired or rehired on or before September 30, 2008 and (b) union employees. Eligible employees who have attained age 21 and completed one year of service may enter the Plan on January 1 or July 1 coincident with or after meeting the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company's Investment Committee ("Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Empower's Acquisition of Prudential's Retirement Business. Effective April 1, 2022, Empower Annuity Insurance Company of America ("EAICA"), the parent company of Empower Retirement, LLC ("Empower"), acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Plan Amendments. On August 17, 2023, the Plan Sponsor elected two changes in accordance with the Setting Every Community Up for Retirement Enhancement Act 2.0 ("SECURE Act 2.0") as follows:

- The maximum dollar amount for involuntary cash out distributions and automatic IRA rollovers under the Plan was increased to \$7,000. This change will be effective for distributions made after December 31, 2023.
- The Plan's Required Beginning Date ("RBD") provisions were updated to be age 73 for Required Minimum Distributions ("RMDs") made on or after January 1, 2023 and age 75 for RMDs made on or after January 1, 2033.

Funding Policy. The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Such minimum funding requirement is actuarially determined using various actuarial methods and assumptions including the unit credit actuarial cost method. During 2023, the Company made contributions of \$1,000,000. The Company's contributions for 2023 exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA (see Note 6).

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Pension Benefits. Participants with five or more years of service are entitled to normal retirement pension benefits at their normal retirement date (later of age 65 or the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan) equal to the greater of (a) one twelfth of 1.5% of their average compensation (the average annual compensation received during the highest five consecutive calendar years) minus their offset amount (.49% of the participant's average compensation as limited by covered compensation, as defined), multiplied by their years of accrual service or (b) \$23.50 multiplied by the participant's years of accrual service, per month. A participant will not receive credit for more than 35 years of accrual service. The Plan provides for an early retirement date (the first day of the month coincident with or following the later of attainment of age 55 or the completion of 10 years of accrual service) and an early retirement benefit. The early retirement benefit is equal to the participant's accrued benefit, as defined. If the early retirement benefit commences prior to the participant's normal retirement date, it will be reduced by 3/10th of 1% for each month by which the early retirement date precedes the normal retirement date. If a participant terminates employment prior to completion of five years of service, they forfeit the right to receive their actuarially determined accrued benefit. Participants whose present value of pension benefits is less than \$5,000 will receive the value of their accrued benefit as a lump-sum distribution or direct rollover to an IRA. The Plan provides for the following forms of distribution: (a) qualified joint and survivor annuity, (b) lump sum (only if the present value of the participant's accrued benefit is less than \$7,500), (c) installments, (d) life annuity, (e) life annuity with certain term, and (f) joint and survivor annuity.

Death and Disability Benefits. In the event of a participant's death, the participant's beneficiary will receive a benefit equal to the actuarial equivalent of the participant's accrued benefit. In the event of a participant's disability while employed by the Employer, the participant will be entitled to receive a benefit equal to the actuarial equivalent of their accrued benefit payable at their normal retirement date, except that in no event will the annual disability benefit for an eligible disabled participant be less than \$450 a year.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustees. See Note 4 for a discussion of fair value measurements.

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Included in administrative expenses are PGBC premiums, recordkeeping, investment management, investment advisor, and other administrative fees. Certain indirect investment related and other Plan expenses are included in investment income.

Note 3 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' average compensation, as defined, and years of accrual service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service, rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2023 and 2022, respectively, were as follows:

Life expectancy of participants

Pri-2012 Total Dataset Employee/Retiree Mortality Table with Scale MP-2021 (2023)

	4.99% (2022)	

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and 2023. Had the valuations been performed as of December 31, there would be no material differences.

The Statements of Accumulated Plan Benefits as of December 31, 2023 and 2022 are as follows:

	December 31,	
	2023	2022
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$ 8,782,331	\$ 8,261,234
Other participants	9,620,348	10,640,488
	18,402,679	18,901,722
Nonvested benefits	145,036	156,024
Total actuarial present value of accumulated plan benefits	\$ 18,547,715	\$ 19,057,746

The Statement of Changes in Accumulated Plan Benefits for the year ended December 31, 2023 is as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 19,057,746
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial (gain) / loss	(905,357)
Increase for interest	925,297
Benefits paid	(950,252)
Change in actuarial assumptions	420,281
Net increase (decrease)	(510,031)
Actuarial present value of accumulated plan benefits at end of year	\$ 18,547,715

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements

Topic ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.
- Pooled separate accounts ("PSAs"): Valued at the NAV of units held by the Plan at year end. The NAV, as provided by Prudential Retirement Insurance and Annuity Company ("PRIAC") and Empower Annuity Insurance Company ("EAIC"), is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Investment transactions (purchases and sales) may occur daily.

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
			Total
Mutual Funds	\$ 7,938,135	\$ -	\$ -
Total Assets			\$ 7,938,135
in FV Hierarchy	\$ 7,938,135	\$ -	7,938,135
Investments			
Measured at NAV			10,703,131
Total Assets at Fair Value			\$ 18,641,266

Assets at Fair Value as of December 31, 2022			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
			Total
Mutual Funds	\$ 5,218,262	\$ -	\$ -
Total Assets			\$ 5,218,262
in FV Hierarchy	\$ 5,218,262	\$ -	5,218,262
Investments			
Measured at NAV			10,967,093
Total Assets at Fair Value			\$ 16,185,355

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Unit. The following table as of December 31, 2023 and 2022, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Restrictions
	2023	2022			
PSAs (a)	\$ 10,703,131	\$ 10,967,093	None	Daily	(b)

- (a) The PSAs have various US stock, international stock, US bond, international bond, and short-term investment strategies.
- (b) The Group Annuity Contract that provides for the PSAs requires a 15 day termination notice. Furthermore, EAIC (formerly PRIAC) may delay transfers, distributions, or disbursements if an emergency exists, by order of the SEC, and for negative cash flow if EAIC determines that liquidating investments would adversely affect remaining investors.

Note 5 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by PRIAC and EAIC, the custodians of the Plan, and Prudential Bank & Trust, FSB and Empower Trust Company, LLC, the trustees of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment amounts, as shown in Note 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown in the supplemental schedules; and
- The investment information in the Schedule of Reportable Transactions for the year ended December 31, 2023, as shown in the supplemental schedules.

Note 6 – Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- 1) Benefits attributable to employee contributions, as applicable, taking into account those paid out before termination;
- 2) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination;
- 3) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limitations;

GCC Rio Grande, Inc. Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 – Plan Termination (continued)

- 4) All other vested benefits (that is, vested benefits not insured by the PBGC); and
- 5) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protections is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 7 – Tax Status

The Plan Sponsor has adopted a Plan Document Systems LLC Volume Submitter Defined Benefit Plan ("volume submitter plan"). The volume submitter plan received an advisory letter from the IRS on March 30, 2018, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the volume submitter plan and Plan have been amended since receiving the IRS advisory letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under the applicable requirements of the IRC as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-in-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are units of pooled separate accounts offered by EAIC (formerly PRIAC). As EAIC is the custodian of the Plan, these transactions qualify as party-in-interest transactions. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Notes to Financial Statements

December 31, 2023 and 2022

Note 9 – Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 19,141,266	\$ 16,685,355
Less: Employer contribution receivable	<u>(500,000)</u>	<u>(500,000)</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u>\$ 18,641,266</u>	<u>\$ 16,185,355</u>

The following is a reconciliation of Employer contributions per the financial statements to the Form 5500 for the year ended December 31, 2023:

	<u>Employer Contributions</u>
Amounts per the financial statements	\$ 1,000,000
Add: 2022 Employer contribution receivable	500,000
Less: 2023 Employer contribution receivable	<u>(500,000)</u>
Amounts per the Form 5500 (unaudited)	<u>\$ 1,000,000</u>

Note 10 – Concentrations, Risks, and Uncertainties

The Plan has various investments in mutual funds and pooled separate accounts. Investment securities, in general, are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. As of December 31, 2023 and 2022, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
