Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Faulconer Construction Co, Inc. 401(k) Employee Benefit Plan are described in Note 2 to the financial statements. Statement of Auditing Standards 136, "Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA" was adopted during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure(s) affecting the financial statements was (were):

The disclosure of Fair Value of Assets and Liabilities in Note 4 to the financial statements lists management's estimate of the fair value hierarchy of the investments in Mutual Funds, which have been deemed to be listed as Level 1. We evaluated key factors and assumptions used to develop the fair value hierarchy of these investments being reported as Level 1 investments due to the assets having a readily determinable value. The Common/Collective Trust uses NAV as a practical expedient due to the nature of the fund being fully benefit responsive and is not valued on the fair value hierarchy.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Insufficient monitoring of the plan's service organizations, including review of relevant SOC1 reports. Plan management should review the annual SOC1 report to familiarize themselves with deficiencies noted in Reliance Trust Company's annual examination and familiarize themselves with the user entity complimentary controls. The potential effects of not reviewing the annual SOC1 report could be relying on Reliance Trust Company to handle duties that were flagged as having deficiencies.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 3, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the ERISA-required supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the ERISA-required supplemental schedule to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of Sharon Burleson and Fred Stump of Faulconer Construction Co, Inc. 401(k) Employee Benefit Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Chad Maddox, CPA, CVA, CCIFP, CCA
Shelton & Company, CPA's, P.C.
