Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of The University of Montana Foundation Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements to the 2023 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2023 Financial Statements

We do not express an opinion on the 2023 financial statements referred to above of The University of Montana Foundation Defined Contribution Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2023 Financial Statements

The University of Montana Foundation Defined Contribution Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Further, as described in Note 5 to the financial statements, The University of Montana Foundation Defined Contribution Retirement Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements referred to above.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The University of Montana Foundation Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Our responsibility is to conduct an audit of The University of Montana Foundation Defined Contribution Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements (Continued)

We are required to be independent of The University of Montana Foundation Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2023 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Report on Compiled 2022 Financial Statement

Plan management is responsible for the accompanying financial statement of The University of Montana Foundation Defined Contribution Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2022 and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2022 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2022 financial statements.

Further, The University of Montana Foundation Defined Contribution Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions. The University of Montana Foundation Defined Contribution Retirement Plan has excluded from the compiled 2022 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable.

THE UNIVERSITY OF MONTANA FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (AUDITED) AND 2022 (UNAUDITED)

NOTE 1 DESCRIPTION OF PLAN

The following description of The University of Montana Foundation Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective February 22, 1988. The Plan has been amended throughout the years to comply with tax legislation. The Plan was last amended and restated effective January 1, 2022. The Plan covers all eligible employees of The University of Montana Foundation (the Employer). The Plan excludes reclassified employees and employees who normally work less than 20 hours per week. Employees are eligible for Employer nonelective contributions upon completing 6 months of service and attaining age 21. The Plan is subject to ERISA. The Retirement Plan Committee is responsible for the oversight of the Plan, and along with their external investment advisor, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

The Employer will make a fixed nonelective contribution of 11% of each participant's eligible compensation to the Plan.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the Employer's fixed nonelective contribution and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in the Employer contributions plus actual earnings thereon.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of an annuity. Other optional forms of payment are a lump sum distribution, installments, or ad-hoc distributions. The Plan does not allow for in-service distributions. The Plan does not provide for mandatory distributions of a participant's vested account balance following severance from employment.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid directly by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2024, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

TIAA and CREF, the insurance carriers of the Plan, and TIAA on behalf of TIAA Trust, N.A. (collectively the qualified institutions) have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statement of net assets available for benefits as of December 31, 2023, the statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2023.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Sub-Accounts of Variable Annuities – Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Pooled Separate Account – Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Insurance Company General Account – Valued at fair value by TIAA by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 5 EXCLUDED CONTRACTS

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

The Plan also has excluded from investments in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements referred to above.

THE UNIVERSITY OF MONTANA FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (AUDITED) AND 2022 (UNAUDITED)

NOTE 6 INDIVIDUAL CONTRACT WITH INSURANCE COMPANY

The Plan entered into a contract with TIAA whereby TIAA maintains a portion of the contributions in a “guaranteed account,” which is called the Traditional Annuity – Non Benefit Responsive. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA, including a 2.5% surrender charge if not taken in 10 annual installments. The guaranteed account is included in the financial statements at fair value because it is nonfully benefit responsive. The Traditional Annuity is subject to a 10-year withdrawal period. Upon termination of the contract, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Annuity accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account divided by the number of remaining payments. The average yield based on annualized earnings and based on the interest rate credited to participants was 5.92% for the year ended December 31, 2023.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter received from the IRS on the volume submitter plan indicating that the volume submitter plan is qualified under Section 403 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The volume submitter plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

THE UNIVERSITY OF MONTANA FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (AUDITED) AND 2022 (UNAUDITED)

NOTE 9 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by TIAA and CREF and TIAA on behalf of TIAA Trust, N.A., the qualified institutions, as defined by the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
