Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Funk Companies 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Funk Companies 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Funk Companies 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Funk Companies 401k Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Funk Companies 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Funk Companies 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by the ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of The Funk Companies 401k Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of The Funk Companies and related entities (collectively referred to as the Company, Employer, or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As disclosed in Note 8, Prodigal LLC 401(k) Profit Sharing Plan and Trust was merged into the Plan effective January 1, 2023.

The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees are eligible to participate in the Plan if they have completed three months of service and are 21 years of age. Service need not be continuous and there is no minimum number of hours of service required.

Entry Date

Effective January 1, 2023, employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the Plan's eligibility requirements. Prior to January 1, 2023, employees may enter the Plan on the first day of January, April, July, or October coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Plan allows for employer discretionary matching contributions. Prior to July 1, 2022, the matching contribution was 50% of the first 6% of the employee's salary deferred for a maximum matching contribution of 3%. Effective July 1, 2022, the matching formula changed to 50% of the first 20% of the employee's salary deferred for a maximum matching contribution of 10%. In addition, the Plan allows for employer discretionary non-elective contributions. During the year ended December 31, 2023, there were no discretionary non-elective contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated American Funds Target Date (TD) fund until changed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions (if any), allocations of the Company's discretionary non-elective contributions (if any), and Plan earnings. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 3 years of credited service.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$24,642 and \$31,166, respectively. These amounts will be used to reduce future employer discretionary matching contributions or offset plan expenses. During the year ended December 31, 2023, employer contributions were reduced by \$38,502 from forfeited non-vested accounts.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. Any terminated participant with a balance of \$5,000 or less may be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

If a participant attains age 50 and is credited with at least 10 years of service while still employed by the company, he or she may elect to withdraw the vested portion of employer contributions in his or her account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in the ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and other third parties. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions

Participant contributions and the related Company matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Notes to Financial Statements

December 31, 2023 and 2022

Pooled separate accounts - Valued at fair value based on the net asset value (NAV) of the units held in the account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the account less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments at net asset value (a)				18,044,649
Investments at fair value				\$ 18,044,649
	2022			
	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments at net asset value (a)				14,336,488
Investments at fair value				\$ 14,336,488

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements
December 31, 2023 and 2022

The following table sets forth the disclosure for the fair value measurement of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of December 31, 2023 and 2022:

	Fair Value December 31, 2023	Fair Value December 31, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts					
Asset allocation (a)	\$ 14,950,602	\$ 12,636,423	\$ -	Daily	Daily
Aggressive growth (b)	1,493,898	756,645	-	Daily	Daily
Growth (c)	950,779	370,754	-	Daily	Daily
Conservative (d)	220,852	256,546	-	Daily	Daily
Income (e)	310,731	261,756	-	Daily	Daily
Growth & income (f)	117,787	54,364	-	Daily	Daily
	<u>\$ 18,044,649</u>	<u>\$ 14,336,488</u>			

The pooled separate accounts consist of various investment options (i.e. common stock, mutual funds, short-term securities, real estate) and are valued based on the investments held. While the majority of the underlying asset values are quoted prices, the net asset value of the pooled separate accounts are not publicly quoted.

The following is a brief description of the nature and significant investment strategies of the major categories of pooled separate accounts:

(a) Asset allocation funds – These funds seek long term growth of capital by investing in alternative strategies and alternative asset classes.

(b) Aggressive growth funds – These funds aggressively seek capital appreciation and are designed primarily for aggressive investors seeking capital growth over the long-term. Investors should be willing to assume the substantial risks of short-term price fluctuations and losses that are typical for an aggressive fund focusing on stock investments in developing and emerging markets.

(c) Growth funds – These funds seek capital appreciation and invest primarily in common stocks and securities convertible into common stock. They may also invest in preferred stocks, warrants, and other debt securities.

(d) Conservative funds – These funds seek to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

(e) Income funds – These funds primarily seek to realize maximum total return, consistent with preservation of capital and prudent investment management.

(f) Growth & income funds – These funds seek to produce income and to provide an opportunity for growth of principal consistent with common stock investing. These funds strive to accomplish this objective through fundamental research, careful selection and broad diversification.

Note 4 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental information, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (the custodian of the Plan).

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Nova 401k Associates, Inc., which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020 stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts managed by John Hancock Asset Management. John Hancock Asset Management is an entity related to John Hancock Life Insurance Company, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under the ERISA.

Certain fees incurred by the Plan for recordkeeping services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than as a direct payment.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Plan Amendments

Effective January 1, 2023, the Plan was restated using a preapproved Plan document sponsored by Nova 401(k). The restated Plan also included the following changes:

- The Plan entry date changed so employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the Plan's eligibility requirements.
- Effective January 1, 2023, the name of the Plan previously known as Oklahoma Temporary Services Inc 401k Plan was changed to The Funk Companies 401k Plan.
- Prodigal LLC 401(k) Profit Sharing Plan and Trust has been merged with the Plan effective January 1, 2023. Investments transferred into the plan are included in rollover contributions in the Statement of Changes in net Assets Available for Benefits.
- Participants in the plan are allowed to modify their elective deferral elections on the first day of each month where previously, modifications could be made anytime.

Note 9 - Subsequent Events

Effective January 1, 2024, Express Oil & Gas LLC announced the cessation of its participation in the Plan and the intention to transfer qualified assets to Express Oil & Gas 401k Plan.

The Plan has been further amended to allow Roth elective deferrals as a rollover source if it is from a qualified plan or a tax-sheltered annuity.

The Plan sponsor has evaluated subsequent events through October 8, 2024, the date which the financial statements were available to be issued.
