REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
DuPont Puerto Rico Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the DuPont Puerto Rico Savings and Investment Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the Financial Statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are present, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the DuPont Puerto Rico Savings and Investment Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution.

Their report dated September 8, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

DUPONT PUERTO RICO SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan

The following description of the DuPont Puerto Rico Savings and Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by the DuPont Electronics Microcircuits Industries, Ltd. (“DEMI” or the “Company” or the “Plan Sponsor”), an indirect, wholly owned subsidiary of Celanese Corporation, on June 1, 2019. The Plan is available to the Puerto Rico based employees of DEMI, except for collectively bargained, leased, and commission-only employees upon the eligible employee’s date of hire. The purpose of the Plan is to encourage and assist employees in following a systematic savings program suited to their individual objectives, and to provide an opportunity for employees to invest in the alternatives described in the Plan. The Plan is a tax qualified defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective February 1, 2024, the Plan was amended to change the Plan name to Celanese Puerto Rico Savings and Investment Plan and the plan sponsor was changed to Celanese Microcircuits Industries, Ltd.

Effective November 1, 2022, the Plan was amended to allow special withdrawal distributions up to \$100,000 due to the passage of Hurricane Fiona for the period October 6, 2022 through December 31, 2022.

Trustee and Administration of the Plan

A local Plan administrator was named by the Company and participates in the Benefits Plans Administrative Committee meetings, whose members were appointed by the Company. Effective November 1, 2022, the Plan was amended to appoint the Benefits Plans Administrative & Investment Committee as the new Plan administrator. The Benefits Plans Administrative & Investment Committee, whose members are appointed by the Company, has responsibility for selecting and overseeing the Plan investments and determining the Plan’s valuation policies utilizing information provided by the investment advisers, custodians, and insurance companies. The Company holds authority to appoint Trustees and has designated Banco Popular de Puerto Rico as Trustee and paying agent for the Plan. Bank of America, N.A (“Bank of America”) is the custodian of the Plan and provides record-keeping and participant services.

Contributions

An eligible employee may contribute as pre-tax contributions up to an amount not to exceed the maximum deferral amount specified by Section 1081.01 (d)(7)(A) of the Internal Revenue Code for a New Puerto Rico of January 31, 2011, as amended (“PR Code”).

DUPONT PUERTO RICO SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Also, the participant may make voluntary contributions to the Plan on an after-tax basis up to 10% of eligible compensation as defined by the plan document. The Plan allows for rollover contributions from other Puerto Rico qualified plans. The Company makes a matching contribution equal to 100% of a participant's contribution, up to 6% of eligible compensation. In addition, the Company may make a contribution ("Retirement Savings Contribution") to each eligible employee account, currently equal to 3% of eligible compensation. Retirement Savings Contributions were made for the years ended December 31, 2023 and 2022.

The retirement savings contribution is made by the Company regardless of whether the participant voluntarily contributes to the Plan. Participants are automatically enrolled in the Plan at a 6% before-tax savings rate and increased 1% annually, up to a maximum of 15% of eligible compensation, if no action is taken by the eligible employee within 60 days from the date of hire. Under automatic enrollment the participant assets are invested in accordance with a managed account feature offered by Bank of America. In addition, participants who have attained age 50 before the end of the Plan year may elect to make catch-up contributions of up to \$1,500 per Plan year.

Participant Accounts

Each participant account is credited with the participant's contributions, retirement savings contributions, Company matching contributions, and Plan earnings thereon. Participant accounts are charged with an allocation of Plan fees. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in their contributions plus actual earnings thereon and in the Company matching contributions. Participants become fully vested on the retirement savings contribution after three years of service. Retirement savings contributions are fully and immediately vested when the participant reaches age 65 while working for the Company. In the event of a participant's death, disability, or retirement, all amounts in the participant's account become fully vested. If the participant's job is eliminated, this will also result in their account becoming fully vested.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balances, excluding the retirement savings contribution, subject to a minimum of \$1,000 and a maximum of \$50,000. The maximum amount is reduced by the highest outstanding loan balance of a previous loan, whether repaid or not, in the preceding 12 months. The interest rate for all loans is fixed for the life of the loan at prime plus 1.00%. Interest rate on notes receivables from participants ranged from 4.25% to 9.50% and 4.25% to 8.00% as of December 31, 2023 and 2022, respectively. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 10 years. Loans are limited to two loans outstanding at one time. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the PR Code. Initiation fees associated with loans are deducted from the individual participant loans.

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or account, or annual installments. If the account balance is \$1,000 or under, an immediate distribution will be made. A participant entitled to a benefit under the Plan of more than \$1,000 may elect to defer payment of that benefit until the calendar year in which the participant reaches 70 ½.

In service withdrawals are permitted as follows:

- Withdrawals are available for any reason from after-tax amounts in the Plan. There are no minimum amounts or restrictions on the number of times they can occur throughout the year.
- Hardships withdrawals are available to the employee in the event of hardship. Hardship events include the purchase of their principal residence, medical expenses for them, their spouse, their dependents, educational expenses such as tuition, payments needed to prevent eviction from their principal residence and payments for funeral expenses.
- Withdrawals after age 59 ½ are available for any reason from the before-tax contributions including investment earnings and the vested portion of the employer matching contributions.

Forfeitures

The Plan provides that forfeitures of nonvested retirement savings contributions, if any, shall be applied to reduce Plan expenses and to reduce Company contributions. Forfeited unallocated amounts totaled \$1,035 and \$246 as of December 31, 2023 and 2022, respectively. During 2023, \$246 of forfeitures were used to reduce Company contributions.

Investment Options

The Plan currently offers various investment options for participants to direct their investment. Participants may allocate their before and after tax savings deductions and Company contributions among the various mutual fund investment options at their discretion.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America ("U.S. GAAP") for all periods presented.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Plans Administrative & Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Interest income is recorded on the accrual basis. Initiation fees associated with loans are deducted from the individual participant loans.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Banco Popular de Puerto Rico, the Trustee of the Plan.

4. Fair Value Measurements

U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 or 2022.

DUPONT PUERTO RICO SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodologies used for assets measured at fair value.

- **Mutual Funds:** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are considered to be actively traded and are classified as Level 1.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments measured at fair value on a recurring basis:

	2023	
	Level 1	Total
Mutual funds	\$23,838,698	\$23,838,698
Total investments at fair value	<u>\$23,838,698</u>	<u>\$23,838,698</u>
	2022	
	Level 1	Total
Mutual funds	\$19,779,887	\$19,779,887
Total investments at fair value	<u>\$19,779,887</u>	<u>\$19,779,887</u>

5. Tax Status

The Company has obtained a favorable determination letter from the Puerto Rico Treasury Department, dated September 20, 2019, as to the Plan’s qualified status and the trust’s exemption from taxes on income under the provisions of Section 1081.01 (a) and (d) of the PR Code.

During December 2022, the Plan requested a new determination letter from the Puerto Rico Treasury Department in connection with the Plan amendment (see Note 1). The Company received a favorable determination letter from the Puerto Rico Treasury Department on May 5, 2023, stating the amendment will not affect the ruling issued on behalf of the Plan.

No events have occurred with respect to the Plan that, in substantial likelihood, would result in the Plan being disqualified by the Puerto Rico Treasury Department. The Plan has been amended since receiving the determination letter; however the Plan administrator believes that the Plan is designed and is currently operated in accordance with the applicable requirements of the PR Code; therefore, no provision for income taxes has been included in the Plan’s financial statements.

DUPONT PUERTO RICO SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by federal, state, and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods (2020 and thereafter) in progress.

6. Related Party and Party-in-Interest Transactions

Party in interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Fees are paid by Plan participants to Bank of America for administrative services. Certain administrative functions are performed by officers or employees of the Plan Sponsor who may also be participants in the Plan. No such officer or employee receives compensation from the Plan. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA. Notes receivable from participants are also considered exempt party-in-interest transactions.

7. Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. While the Plan Sponsor has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event the Plan is terminated, all participants become vested and the distribution of balances will be made based upon the valuation of the participants' accounts.

8. Subsequent Events

The Plan has evaluated subsequent events through September 6, 2024, the date the financial statements were available to be issued. Based on this evaluation, other than as disclosed in Note 1, no material events were identified that would require adjustment or disclosure in these financial statements.
