Independent Auditor's Report

To the Administrator
Encore Pipe & Construction
Midland, Texas

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the accompanying financial statements of Encore Pipe & Construction 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Encore Pipe & Construction 401(k) Plan's (the Plan) 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOLINGER, SEGARS, GILBERT & MOSS, L.L.P.
CERTIFIED PUBLIC ACCOUNTANTS

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes and schedule of reportable transactions as of and for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENCORE PIPE & CONSTRUCTION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Encore Pipe & Construction 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. The trustees of the Plan are two individuals who are not subject to control of a corporate trustee. Great West Life and Annuity Insurance Company and Great West Trust Company, LLC (Great West) is the directed custodian and record keeper for the Plan. Empower Retirement, a subsidiary of Great West, provides recordkeeping services for the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all of the employees of Encore Pipe & Construction (the Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility – To become a participant in the Plan, an employee must be 18 years old and is eligible to contribute to the Plan after one year of service (at least 1,000 hours). Plan entry dates are the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. The Plan has an automatic enrollment feature whereby, upon becoming eligible, employees are enrolled automatically at 4% of their eligible compensation, unless they decline enrollment. If auto-enrolled, the deferral will increase 1% at the beginning of each year to a maximum of 10%.

Contributions – Eligible employees may contribute up to $22,500 for 2023 and $20,500 for 2022; participants aged 50 and over may contribute additional "catch-up" contributions up to $7,500 for 2023 and $6,500 for 2022. The Employer permits rollover contributions into the Plan. The Employer has the option to make discretionary matching contributions, profit sharing contributions, and Qualified Non-Elective Contributions (QNEC).

Forfeitures – Forfeitures are the non-vested portion of employer discretionary profit sharing or matching contributions of a terminated participant's account balance. These may be used to reduce matching contributions or to pay administrative expenses of the Plan. Forfeiture balances totaled $2,421 and $2,392 as of December 31, 2023, and 2022, respectively.

Participant Accounts – The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) company matching contributions and (c) allocation of the Plan's earnings, net of investment fees. The earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting – Participants are immediately 100% vested in their voluntary contributions, safe harbor contributions, and rollover amounts plus actual earnings thereon. Participants are fully vested in discretionary profit sharing and employer matching contributions plus allocated earnings after six years of credited service (20% per year after the second year of credited service) A participant immediately becomes 100% vested upon death, disability, or attainment of normal or early retirement.

Investment Options - Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are invested according to the participant's direction. The Plan currently offers several investments in mutual funds, common collective trust funds, and a Key Guaranteed Portfolio Fund sponsored by Great West.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1%. A participant may have a maximum of two loans outstanding at a given time. Principal and interest is paid ratably through payroll deductions. The term of the loan should not exceed five years except in the case of a loan used to acquire a dwelling unit that is to be the principal residence of the participant. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits – Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution or partial withdrawals. In-service distributions are permitted, including hardship withdrawals. Distributions are paid from participants' vested account balances subject to limitations defined in the Plan. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement – Investments are stated at fair value on the last business day of the year. In accordance with the policy of stating investments at fair value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for Plan benefits. Fair value of investments is further discussed in Note 4.

Securities transactions are recognized on the trade-date (the date the order to buy or sell is executed). Income from investments is recorded as earned on an accrual basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

3. Notes Receivable from Participants

Participants of the Plan are permitted to withdraw loans from their account balance as long as they meet certain requirements. The loans are secured by the balance in the participant's account. Interest rates on these loans were 4.25% to 9.50% as of December 31, 2023.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

The following table represents the loan receivable balances at December 31, 2023 and 2022:

	December 31,	
	2023	2022
Notes Receivable from Participants	$ 343,011	$ 418,733

4. Information Prepared and Certified by Trustees

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared and certified to as complete and accurate by the Trustees, Great West Life and Annuity Insurance Company and Great West Trust Company, LLC.

The following table represents fair value of investments at December 31, 2023 and 2022. Investments that represent five percent or more of the Plan's net assets are separately identified.

	December 31,	
	2023	2022
Investments at Fair Value:		
Mutual Funds	$ 4,635,975	$ 3,386,113
Investments at Contract Value:		
Collective Investment Trust	156,452	700,211
Notes Receivable from Participants	343,011	418,733
	$ 5,135,438	$ 4,505,057

NOTES TO FINANCIAL STATEMENTS

During the year, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	December 31, 2023	December 31, 2022
Net Change in Fair Value		
Mutual Funds	$ 496,711	$ (747,792)

	December 31, 2023	December 31, 2022
Net Change in Value		
Collective Investment Trust	$ 6,325	$ (27,132)

Concentrations of credit risk exist if a number of investments are engaged in similar activities and have similar economic characteristics that could cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Plan has invested in a variety of financial instruments and investments involving diverse industries and geographic areas to mitigate exposure to credit risks.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued on the Net Asset Value (NAV) of shares held by the Plan as of the close of business of the NYSE at year end.

Collective Trusts and Insurance: Valued at contract value, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with FASB ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent), the Collective Investment Trust has been recorded at NAV due to the fact that it is not materially different than its fair market value.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Totals
Mutual Funds	$ 4,635,975	$	$	$ 4,635,975
Collective Investment Trust		156,452		156,452
	$ 4,635,975	$ 156,452	$ 0	$ 4,792,427

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Totals
Mutual Funds	$ 3,386,113	$	$	$ 3,386,113
Collective Investment Trust		700,211		700,211
	$ 3,386,113	$ 700,211	$ 0	$ 4,086,324

5. Administration of Plan Assets

The Plan assets are held by the administrator of the Plan. Employer and participant contributions are invested by the administrator as directed by the participant. Administrative expenses for the Plan are paid directly by the Employer for the first $5,000, and the balance of the Plan expenses and transaction charges are paid by the participants. Investment related expenses are included in net appreciation in fair value of investments.

6. Tax Status

The Internal Revenue Service (IRS) has determined, in the letter dated January 31, 2006, that the prototype standardized profit sharing plan is a qualified plan under Section 401(a) of the Internal Revenue Code. The Plan, which operates under the prototype plan, is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code.

The Plan has adopted the "uncertain tax positions" provisions of accounting principles generally accepted in the United States of America. The primary tax position of the Plan is its filing status as a tax exempt entity. The Plan determined that it is more likely than not that its tax positions would be sustained upon examination by the IRS or other State taxing authority.

The Plan is no longer subject to U.S. federal and state income tax examinations by federal taxing authorities for the years before 2020.

There were no penalties or interest related to income taxes recognized during the years ended December 31, 2023 and 2022.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the plan termination, participants will become 100% vested in their accounts.

8. Related Party Expenses

The Plan sponsor absorbs the significant operating expenses associated with administering the plan. Such expenses, to the extent not paid by the plan sponsor, are charged to, and paid from the Plan's assets. Administrative expenses are recorded when incurred. Under the group annuity contract with The Great West Life and Annuity Insurance Company and Great West Trust Company, LLC, these investment fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense. These fees include a revenue sharing arrangement based on the average balances of the Plan's investments, an expense ratio for each investment fund, and certain redemption fees.

Investment and administrative fees separately identifiable as expenses paid by the Plan totaled $61,950 in 2023 and $53,036 in 2022.

9. Subsequent Events

The Plan's management has evaluated subsequent events through September 12, 2024, the date which the financial statements were available for issue.
