INDEPENDENT AUDITOR'S REPORT

The Plan Administrator,
International-Matex Tank Terminals Retirement Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of International-Matex Tank Terminals Retirement Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

International-Matex Tank Terminals Retirement Investment Plan

December 31, 2023 and 2022

Note 1 - DESCRIPTION OF PLAN

The following description of the International-Matex Tank Terminals Retirement Investment Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution plan of International-Matex Tank Terminals LLC (the “Company” or “Plan Sponsor”) and its participating affiliates (IMTT-Bayonne LLC, East Jersey Railroad & Terminal Company, IMTT-Virginia LLC, IMTT-Richmond-CA, IMTT-Illinois LLC, IMTT-Geismar, IMTT-Pipeline LLC, and IMTT Epic LLC) covering substantially all employees except non-resident aliens, residents of Puerto Rico, leased employees, interns, (seasonal and on-call employees are excluded unless they are credited with at least 1,000 hours of service during the eligibility computation period), and union employees, except employees who are covered by certain collective bargaining agreements as defined in the plan agreement. To be eligible to participate in the Plan, prior to July 1, 2022, employees must have completed six months of service. On or after July 1, 2022, there is no service requirement. Employees must be age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

b. Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the plan agreement. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Additionally, the plan agreement provides that participants may make Roth contributions to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision for all new participants who have not made any affirmative elective deferral percentage before the default percentage is applied. Auto-enrollment also applies to rehired participants. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. The Company

Note 1 - DESCRIPTION OF PLAN (Continued)

b. Contributions (Continued)

and its participating affiliates make employer contributions under two available options. Participants not covered by a collective bargaining agreement and IMTT-Bayonne LLC's participants who were covered by a collective bargaining agreement and who were hired prior to January 1, 2017 had the option to remain in a defined benefit pension plan sponsored by the Company and continue to receive a company matching contribution in the amount of 5% of the participant's qualifying contributions up to 17% of compensation. Participants not covered by a collective bargaining agreement and IMTT-Bayonne LLC's participants who were covered by a collective bargaining agreement and who were hired prior to January 1, 2017 who elected to freeze benefits under the defined benefit pension plan and participate in the enhanced contribution formula, receive company matching contributions in the amount of 100% of the first 3% of their deferrals and an additional contribution of 4% of the participant's qualifying compensation. Participants not covered by a collective bargaining agreement and IMTT-Bayonne LLC's participants who were covered by a collective bargaining agreement and who were hired on or after January 1, 2017 receive employer contributions under the enhanced contribution formula and are not allowed to participate in the defined benefit pension plan.

IMTT-Illinois LLC's participants who were covered under a collective bargaining agreement who were hired prior to January 1, 2018 did not have the option to participate in the enhanced contribution formula and continued to participate in a defined benefit pension plan for union employees sponsored by the Company and continued to receive a company matching contribution in the amount of 5% of the participant's qualifying contributions up to 17% of compensation. IMTT-Illinois LLC's participants who were covered under a collective bargaining agreement who were hired on or after January 1, 2018 participate in the enhanced contribution formula and receive company matching contributions in the amount of 100% of the first 3% of their deferrals and an additional contribution of 2.75% of the participant's qualifying compensation and are not allowed to participate in the defined benefit pension plan for union employees. During the year ended December 31, 2023, the Company and its participating affiliates made total employer contributions of \$3,309,514.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1 - DESCRIPTION OF PLAN (Continued)

c. Participant Accounts

Each participant's account is credited with the participant's contributions as well as allocations of the Company's contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company and its participating affiliates contributions are based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	0%
2	0%
3	100%

A participant will become fully vested upon reaching normal retirement age of 65, or upon death or permanent disability.

e. Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates 2% above prime (8.5% at December 31, 2023). Loan terms may not exceed five years except for the purchase of a principal residence where the plan administrator may permit a longer repayment term. Principal and interest is paid ratably through payroll deductions.

Note 1 - DESCRIPTION OF PLAN (Continued)

f. Payment of Benefits

Participants may receive the full value of their vested account due to death, disability, retirement, or termination of employment. Distributions are made as soon as administratively feasible and are distributed in a single lump sum payment or substantially equal installments. In-service distributions are allowed to participants that have attained age 59½ and can be made in either a lump-sum or partial withdrawals. Participants may make hardship withdrawals as defined by the plan agreement.

g. Forfeited Accounts

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$128,005 and \$24,129, respectively. These accounts are used to pay plan administrative expenses, restore previous forfeitures of participants' accounts, or reduce employer contributions, as more fully described in the plan agreement. In 2023, employer contributions were reduced by \$26,584 and administrative expenses were reduced by \$133,046 from forfeited non-vested accounts.

h. SECURE 2.0 Act of 2022

On December 29, 2022, the SECURE 2.0 Act was enacted to help improve retirement savings. The SECURE 2.0 Act made wide-ranging changes, both mandatory and elective, to qualified plans and its provisions have various effective dates. The Plan incorporated mandatory and elective changes of the SECURE 2.0 Act as part of a plan restatement effective July 5, 2023. Some significant plan changes include required minimum distribution provisions and long-term part-time employee provisions, among others. Participants should refer to the plan document for a more complete description of the Plan's provisions related to SECURE 2.0 Act.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

a. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as promulgated by the Financial Accounting Standards Board.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The IMTT Retirement Benefits Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

e. Excess Contributions Payable

As of December 31, 2023 and 2022, liabilities of \$53,441 and \$13,065, respectively were recorded as excess contributions payable in the statements of net assets available for benefits for amounts due to highly compensated employees, necessary to satisfy ERISA non-discrimination rules. The Plan distributed these excess participant contributions to the applicable participants prior to March 15, 2024 and 2023.

f. Payment of Benefits

Benefits are recorded when paid.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

h. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued.

Note 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value and notes receivable from participants, held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's trustees, Empower Trust Company, LLC, that held the Plan's investment assets and executed investment transactions as of December 31, 2023, and for the period July 1, 2023 to December 31, 2023, and Charles Schwab Trust Bank, that held the Plan's investment assets and executed investment transactions as of December 31, 2022, and for the period January 1, 2023 to June 30, 2023.

Note 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common collective trust funds*: Valued at NAV of the units in the collective trust. The NAV provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser may reserve the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner. There are no unfunded commitments or redemption restrictions, and these investments are redeemable on a daily basis.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables, set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023

Total investments at fair value	<u>\$40,737,189</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$69,120,514</u>

^(a) Common collective trust funds are measured using NAV as a practical expedient. These investments have not been classified in the fair value hierarchy table. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Empower Trust Company, LLC and Charles Schwab Trust Bank provided trustee and custodial services, Empower Retirement, LLC and Schwab Retirement Plan Services Inc. provided recordkeeping services, and Aon Investments USA, Inc. provided investment advisory services. Transactions associated with these parties are considered party in interest transactions.

During the 2023 plan year, fees paid to parties in interest included \$37,018 of recordkeeping and administrative fees paid to Empower Retirement, LLC, \$43,695 of recordkeeping and administrative fees paid to Schwab Retirement Plan Services Inc., and \$73,388 paid to Aon Investments USA, Inc., for investment advisory services. These fees are included in administrative expenses in the statement of changes in net assets available for benefits.

Note 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7 - TAX STATUS

The Plan, originally effective January 1, 1993, was amended and restated July 5, 2023. The amended and restated Plan is a non-standardized pre-approved plan and has received a favorable advisory letter from the IRS dated November 14, 2022. The Plan itself has not separately applied for tax-exempt status; however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - CHANGE IN TRUSTEE, CUSTODIAN, AND PLAN RESTATEMENT

Effective July 5, 2023, the Plan was restated as a result of a change in the trustee and custodian from Charles Schwab Trust Bank to Empower Trust Company, LLC. There were no significant plan changes related to the restatement. Participants should refer to the restated plan agreement for a more complete description of the plan restatement.
