INDEPENDENT AUDITORS' REPORT

To the Plan Administrator,
Frilot, L.L.C. 401(k) Retirement Plan
New Orleans, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Frilot, L.L.C. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Notes 3, 4, and 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Frilot, L.L.C. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Frilot, L.L.C. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Frilot, L.L.C. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Frilot, L.L.C. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i- Schedule of Assets (Held at End of Year), December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FRILLOT, L.L.C. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

NOTE I – DESCRIPTION OF PLAN

The following description of the Frilot, L.L.C. 401(k) Retirement Plan (the “Plan”) provides a summary for certain significant provisions of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all partners and employees of Frilot, L.L.C. (the “Employer”) who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Management Committee of the Employer (the “Plan Administrator”). The trustee of the Plan is Fidelity Management Trust Company (“Fidelity”). Assets of the Plan are held by the trustee in mutual funds and other investment alternatives available and approved by the Plan Administrator.

Contributions

Each year, participants may contribute, by salary reduction pursuant to Section 401(k) of the Internal Revenue Code (the “Code”), up to 75% of pretax annual compensation, as defined in the Plan document, not to exceed statutory limits. Participants are also permitted to make Roth (after-tax) elective deferrals, subject to annual statutory limits. Participants may also contribute amounts representing eligible rollover distributions from other qualified pension plans.

The Employer makes a 3% safe harbor nonelective contribution for eligible participants. For the year ended December 31, 2023, the Employer made safe harbor nonelective contributions of \$304,840.

The Employer may also make discretionary profit-sharing contributions for eligible participants. For the year ended December 31, 2023, the Employer made profit-sharing contributions of \$508,149, net of forfeitures of \$16,907.

Participant Accounts

Each participant’s account is allocated and credited with the participant’s contribution and allocations of the Employer’s contributions and Plan earnings, as well as allocations of Plan losses and administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE I – DESCRIPTION OF PLAN - Continued

Vesting

Participants are immediately vested in their 401(k) deferral contributions and rollover contributions, plus actual earnings thereon. Participants are also fully vested in safe harbor Employer contributions. Vesting in the Employer's profit-sharing contribution portion of their accounts plus actual earnings thereon is as follows:

FULL YEARS OF SERVICE	VESTED AND NON-FORFEITABLE PERCENTAGE OF COMPANY CONTRIBUTION INTO THE PLAN
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

The Plan provides a participant-directed investment program, whereby participants select the investments for their accounts. The Plan currently offers several mutual funds, a money market fund, a common collective trust, and a self-directed brokerage account, which allow participants to make individual selections of investments. The options offered represent several different alternatives to investing with different risk and return characteristics. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms shall be no greater than five years, unless the note receivable is used to purchase a participant's principal residence in which case the notes receivable term will be determined at the time the loan is made and must be within a reasonable term. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate equivalent to current interest rates for loans from commercial sources. Interest rates on the notes receivable from participants ranged from 3.25% to 9.25% as of December 31, 2023 and 2022. Principal and interest are paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN - Continued

Forfeitures

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15,633 and \$12,637, respectively. These accounts are used principally to pay administrative expenses incurred by the Plan or to reduce the Employer's contribution. During the year ended December 31, 2023, \$14,235 in forfeitures were used to reduce the Employer's profit-sharing and safe harbor contributions.

Payment of Benefits

Upon termination of service, a participant whose vested account balance exceeds \$1,000 may elect to receive benefits in the form of a lump sum amount or annual installment payments, as defined in the Plan document. Participants with balances of \$1,000 or less are subject to the mandatory cash out provisions of the Plan and will receive a lump sum amount equal to the fair value of the participant's vested interest in his or her account. In the case of a hardship as defined in the Plan document, a participant may request a distribution from the employee contribution portion of his/her account balance. Participants who have attained age 59.5 may request an in-service withdrawal of all or a portion of their entire vested account while they are still employed by the employer.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting; however, benefits are recorded when paid.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make significant estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition

Transactions in the various funds are accounted for using the trade date. Related investment fees are netted against investment income. Dividends are recorded on the ex-dividend date. The Plan represents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation

The Plan's investments are participant directed and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

The Plan's investments in mutual funds and self-directed brokerage accounts are stated at fair value based on information provided by Fidelity Management Trust Company, the Plan's trustee. Shares of mutual funds are valued at quoted market prices which represent the net asset value (NAV) of the shares held by the Plan at year end. The Plan's investments also include an investment in the Fidelity Advisor Stable Value Portfolio Class I, a common collective trust that invests in fully benefit responsive investment contracts.

Related investment fees are netted against investment income. Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plans' gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest on notes receivable is recognized when received. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

FRILOT, L.L.C. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023

NOTE 3 – INVESTMENTS (UNAUDITED)

Fidelity is the trustee of the Plan, held the Plan's investments, and executed Plan transactions in 2023. The Plan's investments are participant-directed, and participants are permitted to invest all amounts in any of the investment alternatives available under the Plan. Participants may change their elected salary deferral rate as of each payroll period. During 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,916,781.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standard Board ("FASB"), authoritative guidance for fair value measurements, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The descriptions on the following page are of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 4 – FAIR VALUE MEASUREMENTS – Continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Stated at cost, which approximates fair value.

Self-directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common Trust Fund: The Fidelity Advisor Stable Value Portfolio Class I fund is valued at NAV per unit, as computed by Fidelity Management Trust Company. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. Participant transactions (purchases and sales) may occur daily. The Fidelity Advisor Stable Value Portfolio Class I are subject to certain potential limitations on transfers to other investment options and on the timing of withdrawals. These investment contracts provide for benefit responsive withdrawals and investment exchanges at contract value; however, withdrawals or investment exchanges prompted by an employer-initiated event may be paid at the contract's market value, which may be less than the contract value or may be subject to a contract charge or penalty. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023.

Description	Level 1	Level 2	Level 3	Total

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds, a money market fund, and a common collective trust managed by Fidelity Management Trust Company. Additionally, an affiliate of Fidelity Management Trust Company, Fidelity Workplace Services, LLC, provides recordkeeping services. Fidelity Management Trust Company is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 – TAX STATUS

The Plan utilizes a pre-approved defined contribution plan document and relies on the advisory letter issued to the volume submitter document sponsor. The volume submitter document sponsor received an opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the Code and ERISA. Therefore, the Plan Administrator believes that the Plan was exempt from Federal income taxes as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are to become fully vested in their accounts, and both participant and all employer contributions, including any income earned, are to be distributed to the participants.

NOTE 9 – ADMINISTRATIVE EXPENSES

The Employer provides office space, accounting personnel, and other administrative services to the Plan at no cost. The value of these administrative services has not been determined by the Plan for the year ended December 31, 2023 and 2022, and will not be reimbursed to the Employer. The Plan incurred expenses of \$1,950 and \$1,575 in 2023 and 2022, respectively, which represents administrative fees incurred by participants. Additionally, the Plan paid indirect compensation of \$50,120 for advisory fees, which is included in the net appreciation in fair value of investments. All other Plan expenses are paid by the Plan sponsor.

NOTE 10 – RISKS AND UNCERTANTIES

The Plan's investments are held in various mutual funds, a money market fund, a common collective trust, and self-directed brokerage accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31, 2023 and 2022 to the Form 5500:

NOTE 12 – REGULATORY MATTERS

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. As permitted by the CARES Act, the Plan opted in to implement certain provisions.

NOTE 12 – REGULATORY MATTERS – Continued

On December 29, 2022 the SECURE 2.0 Act of 2022 was signed into law. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. As permitted by the SECURE 2.0 Act, the Plan opted in to implement certain provisions.

Plans could voluntarily adopt the provisions of both Acts by placing them in operation without amending the Plan, as long as Plan management makes the required amendments to Plan documents before the deadlines for each respective Act (various dates in 2025 and 2026). The Plan has not yet amended the Plan documents as of December 31, 2023 with respect to these Acts.

Pursuant to ERISA section 412, plans with more than one participant are required to have a Fidelity bond in the amount of 10% of the trust, with a minimum bonding of \$1,000 and a maximum required bonding of \$500,000. At December 31, 2023, the Plan did not have a Fidelity bond in place, but subsequently obtained coverage in 2024. See Note 13 – Subsequent Events.

NOTE 13 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the date the financial statements were available to be issued, which corresponds with the date of the independent auditors' report. No material subsequent events have occurred since December 31, 2023 that required recognition or disclosure in these financial statements other than noted below.

Subsequent to year end, the Plan obtained Fidelity Bond coverage in the amount of \$500,000.
