(1) Name: **BOULAY PLLP**

(2) EIN: **41-0887288**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Plan Administrator and Participants
Rockler Companies, Inc. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed an audit of the accompanying financial statements of Rockler Companies, Inc. 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Rockler Companies, Inc. 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rockler Companies, Inc. 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockler Companies, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Rockler Companies, Inc. 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockler Companies, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following brief description of the Rockler Companies, Inc. 401(k) and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

Eligibility

The Plan is a defined contribution plan covering eligible employees of the Company who have one month of service and are age 18 or older. Employees who are nonresident aliens or employees covered under a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60 percent of their eligible compensation unless they are eligible for catch-up contributions, in which case a participant may contribute up to 100 percent of eligible compensation, as defined in the Plan and subject to limitations set forth by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants can also make Roth contributions into the Plan. Participants direct their contributions into various investment options offered by the Plan.

In accordance with Plan provisions, the Company contributed a safe harbor matching contribution of 100 percent of the first 3 percent of eligible compensation and 50 percent of the next 2 percent of eligible compensation for the year ended December 31, 2023. To be eligible for safe harbor matching contributions, a participant must be employed for one year with 1,000 hours of service. The Company may make a discretionary profit sharing and discretionary matching contributions. No discretionary contributions were made for the year ended December 31, 2023. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and the allocation of Plan earnings; each participant account is charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain expenses and administrative costs incurred in connection with the general administration of the Plan are paid out of Plan assets.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and employer safe harbor contributions, plus actual earnings. Vesting in the Company's discretionary profit sharing contribution and discretionary matching contributions is based on years of continuous service and are 100 percent vested after five years of credited service.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$3,042 and \$3,461, respectively. These accounts will be used to reduce future Company contributions or plan expenses. In 2023, Company paid \$1,492 for plan expenses from the forfeited non-vested accounts.

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of Plan (Continued)

Payment of Benefits

Upon termination of employment, the Plan permits participants to elect distribution of their vested account balance under any one of the following methods: a lump-sum amount or partial withdrawals. If a participant's vested account balance is greater than \$1,000 but does not exceed \$5,000, the Plan will automatically distribute their balance into a qualifying IRA account. If a participant's vested account balance does not exceed \$1,000, the Plan will distribute their balance in a lump-sum distribution. Participants are also allowed to receive in service distributions if they have attained age 59½ or if they satisfy hardship provisions.

Notes Receivable From Participants

Under the Plan document, participants may borrow up to 50% of their participant contribution account balance or \$50,000, whichever is less. Employer contributions are not available to borrow from. Only one loan may be outstanding to a participant at one time. Loans must be repaid by the participant within five years, unless the loan is used to acquire the participant's primary residence, in which case the term may not exceed ten years. The loan interest is 1% over the prime lending rate. Principal and interest is paid ratably through monthly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting - Accrual Method

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's stable value fund is valued at contract value (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year are presented in the net appreciation in fair value of investments.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Substantially all administrative expenses, including audit, trust and recordkeeping fees, are paid by the Company. Investment transaction fees are paid by the Plan.

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments

The Company's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Company at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Value is quoted daily from publicly traded closing prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 11, 2024, the date which the financial statements were available to be issued.

Rockler Companies, Inc.

Notes to the Financial Statements

December 31, 2023 and 2022

3. Certification of Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, investments at contract value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on noted receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the direction of the Plan Administrator, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The following table provides information on those assets that are measured at fair value on a recurring basis:

Fair Value Measurement Using				
December 31, 2023	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits			
		Level 1	Level 2	Level 3
Mutual funds	\$ 27,458,762	\$ 27,458,762	\$ -	\$ -
Totals	\$ 27,458,762			

The following table provides information on those assets that are measured at fair value on a recurring basis:

Fair Value Measurement Using				
December 31, 2022	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits			
		Level 1	Level 2	Level 3
Mutual funds	\$ 25,659,485	\$ 25,659,485	\$ -	\$ -
Totals	\$ 25,659,485			

5. Guaranteed Interest Contracts

During 2023 and 2022, the Plan held an interest in the T.Rowe Price Stable Value Fund and the Fidelity Stable Value Fund, respectively. These funds are common collective trust funds with underlying investments in investment contracts that carry a “benefit responsiveness” feature, which among other things, guarantees that participant-initiated withdrawals from the fund will be covered at contract value. This fund invests in investment contracts issued by insurance companies and other financial institutions (wraps), fixed income securities, and money market funds. As of December 31, 2023 and 2022, there were no reserves against the wrap contracts’ carrying values due to minimal credit risks of the issuers. Interest rates are reviewed on a monthly basis for resetting. Certain events could limit the ability of the Plan to transact at contract value with the issuers of the contracts held by the funds. Such events could include, but are not limited to, the following: the establishment of a defined contribution plan that competes with the Plan for contributions, substantive modification to the funds or the administration of the funds, change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on cash flow, transfer to a competing investment option, and failure of the Plan to qualify under the applicable sections of the Internal Revenue Code, as amended. Withdrawals initiated by the Plan will normally be provided at contract value as soon as practicable within twelve months following written notice. The Plan does not believe that the occurrence of any of these events, which could limit the Plan’s ability to transact at contract value with participants, is probable.

6. Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. The Plan’s investments are exposed to various risk factors, such as interest rates, market conditions and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

8. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity is the trustee of the Plan; therefore, these are party-in-interest transactions. Fees paid by the Plan for investment management services amounted to approximately \$57,000 for the year ended December 31, 2023.

Rockler Companies, Inc.

Notes to the Financial Statements

December 31, 2023 and 2022

9. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their Employer contributions, and the Plan assets will be distributed according to the provisions of the Plan documents.

10. SECURE 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements at December 31, 2023 and 2022 to Form 5500. The reconciliation is caused by the adjustment of fair value to contract value.

	2023	2022
Net assets available for benefits per the financial statements	\$ 31,081,161	\$ 29,827,957
Adjustment of fully benefit-responsive contracts from contract value to fair value	-	(262,116)
Net assets available for benefits per Form 5500	\$ 31,081,161	\$ 29,565,841

The following is a reconciliation of the net increase in net assets available for benefits from the financial statements for the year ended December 31, 2023:

	2023

Independent Auditor's Report

To the Plan Administrator and Participants
Rockler Companies, Inc. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed an audit of the accompanying financial statements of Rockler Companies, Inc. 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Rockler Companies, Inc. 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rockler Companies, Inc. 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockler Companies, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Rockler Companies, Inc. 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockler Companies, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following brief description of the Rockler Companies, Inc. 401(k) and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

Eligibility

The Plan is a defined contribution plan covering eligible employees of the Company who have one month of service and are age 18 or older. Employees who are nonresident aliens or employees covered under a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60 percent of their eligible compensation unless they are eligible for catch-up contributions, in which case a participant may contribute up to 100 percent of eligible compensation, as defined in the Plan and subject to limitations set forth by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants can also make Roth contributions into the Plan. Participants direct their contributions into various investment options offered by the Plan.

In accordance with Plan provisions, the Company contributed a safe harbor matching contribution of 100 percent of the first 3 percent of eligible compensation and 50 percent of the next 2 percent of eligible compensation for the year ended December 31, 2023. To be eligible for safe harbor matching contributions, a participant must be employed for one year with 1,000 hours of service. The Company may make a discretionary profit sharing and discretionary matching contributions. No discretionary contributions were made for the year ended December 31, 2023. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and the allocation of Plan earnings; each participant account is charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain expenses and administrative costs incurred in connection with the general administration of the Plan are paid out of Plan assets.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and employer safe harbor contributions, plus actual earnings. Vesting in the Company's discretionary profit sharing contribution and discretionary matching contributions is based on years of continuous service and are 100 percent vested after five years of credited service.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$3,042 and \$3,461, respectively. These accounts will be used to reduce future Company contributions or plan expenses. In 2023, Company paid \$1,492 for plan expenses from the forfeited non-vested accounts.

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of Plan (Continued)

Payment of Benefits

Upon termination of employment, the Plan permits participants to elect distribution of their vested account balance under any one of the following methods: a lump-sum amount or partial withdrawals. If a participant's vested account balance is greater than \$1,000 but does not exceed \$5,000, the Plan will automatically distribute their balance into a qualifying IRA account. If a participant's vested account balance does not exceed \$1,000, the Plan will distribute their balance in a lump-sum distribution. Participants are also allowed to receive in service distributions if they have attained age 59½ or if they satisfy hardship provisions.

Notes Receivable From Participants

Under the Plan document, participants may borrow up to 50% of their participant contribution account balance or \$50,000, whichever is less. Employer contributions are not available to borrow from. Only one loan may be outstanding to a participant at one time. Loans must be repaid by the participant within five years, unless the loan is used to acquire the participant's primary residence, in which case the term may not exceed ten years. The loan interest is 1% over the prime lending rate. Principal and interest is paid ratably through monthly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting - Accrual Method

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's stable value fund is valued at contract value (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year are presented in the net appreciation in fair value of investments.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Substantially all administrative expenses, including audit, trust and recordkeeping fees, are paid by the Company. Investment transaction fees are paid by the Plan.

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments

The Company's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Company at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Value is quoted daily from publicly traded closing prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 11, 2024, the date which the financial statements were available to be issued.

Rockler Companies, Inc.

Notes to the Financial Statements

December 31, 2023 and 2022

3. Certification of Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, investments at contract value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on noted receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the direction of the Plan Administrator, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The following table provides information on those assets that are measured at fair value on a recurring basis:

Fair Value Measurement Using				
December 31, 2023	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits			
		Level 1	Level 2	Level 3
Mutual funds	\$ 27,458,762	\$ 27,458,762	\$ -	\$ -
Totals	\$ 27,458,762			

The following table provides information on those assets that are measured at fair value on a recurring basis:

Fair Value Measurement Using				
December 31, 2022	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits			
		Level 1	Level 2	Level 3
Mutual funds	\$ 25,659,485	\$ 25,659,485	\$ -	\$ -
Totals	\$ 25,659,485			

5. Guaranteed Interest Contracts

During 2023 and 2022, the Plan held an interest in the T.Rowe Price Stable Value Fund and the Fidelity Stable Value Fund, respectively. These funds are common collective trust funds with underlying investments in investment contracts that carry a “benefit responsiveness” feature, which among other things, guarantees that participant-initiated withdrawals from the fund will be covered at contract value. This fund invests in investment contracts issued by insurance companies and other financial institutions (wraps), fixed income securities, and money market funds. As of December 31, 2023 and 2022, there were no reserves against the wrap contracts’ carrying values due to minimal credit risks of the issuers. Interest rates are reviewed on a monthly basis for resetting. Certain events could limit the ability of the Plan to transact at contract value with the issuers of the contracts held by the funds. Such events could include, but are not limited to, the following: the establishment of a defined contribution plan that competes with the Plan for contributions, substantive modification to the funds or the administration of the funds, change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on cash flow, transfer to a competing investment option, and failure of the Plan to qualify under the applicable sections of the Internal Revenue Code, as amended. Withdrawals initiated by the Plan will normally be provided at contract value as soon as practicable within twelve months following written notice. The Plan does not believe that the occurrence of any of these events, which could limit the Plan’s ability to transact at contract value with participants, is probable.

6. Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. The Plan’s investments are exposed to various risk factors, such as interest rates, market conditions and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

8. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity is the trustee of the Plan; therefore, these are party-in-interest transactions. Fees paid by the Plan for investment management services amounted to approximately \$57,000 for the year ended December 31, 2023.

Rockler Companies, Inc.

Notes to the Financial Statements

December 31, 2023 and 2022

9. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their Employer contributions, and the Plan assets will be distributed according to the provisions of the Plan documents.

10. SECURE 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements at December 31, 2023 and 2022 to Form 5500. The reconciliation is caused by the adjustment of fair value to contract value.

	2023	2022
