Plan Trustees
Aero-Flite 401(k) Plan
Spokane Valley, Washington

Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Aero-Flite 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974 (ERISA)*, as permitted by *ERISA* Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Aero-Flite 401(k) Plan's financial statements performed in accordance with *ERISA* Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*. As permitted by *ERISA* Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA* (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Aero-Flite 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *ERISA* Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the *ERISA* Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aero-Flite 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Aero-Flite 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aero-Flite 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an *ERISA* Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by *ERISA*

The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of *Labor's Rules and Regulations for Reporting and Disclosure* under *ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*.

In Our Opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

AERO-FLITE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Aero-Flite 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of the participating company who have completed a year of service defined by the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA)*.

Eligibility. Employees of the Company are eligible to participate in the Plan and receive any employer paid matching contributions upon reaching 21 years of age and after completing two months of service. Employees initially hired as independent contractors are eligible to participate in the Plan on the day of being hired as an Aero-Flite, Inc. employee, assuming all other requirements have been met.

Contributions. Voluntary contributions are made by each participant up to a maximum of 100 percent of the participant's salary or the annual limits published by the IRS, whichever is less. The annual limit for 2023 was \$22,500. If the participant attained age 50 before the end of the year, then that participant may elect to defer additional amounts (called "catch up contributions") to the Plan for that year. The maximum amount for 2023 is \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. If the employee does not complete a salary deferral agreement, the Company automatically withholds 3 percent of the employee's compensation from their pay each payroll period and contributes that amount to the Plan as a pre-tax salary deferral. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1 percent, up to a maximum auto-deferral of 6 percent.

Employer safe harbor match – The Company makes safe harbor contributions equal to 100 percent of employee contributions up to 1 percent of eligible compensation deferred to the Plan; and 50 percent of employee contributions over 1 percent, but not to exceed 6 percent of eligible compensation deferred to the Plan. The employer safe harbor contribution for the year ended December 31, 2023, was \$700,694.

Employer match and profit-sharing contributions – The Company may elect to make discretionary matching and profit-sharing contributions to the Plan. There was no profit-sharing contribution for the year ended December 31, 2023.

Participant Accounts. Each participant's account is credited each pay period with the participant's contribution and the Company's matching contribution. Plan investment income and unrealized gains or losses are allocated to participant accounts daily. Company contributions are allocated based upon participant contributions. Earnings are allocated based upon account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AERO-FLITE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits. Upon retirement or termination of service, the balance of the participant's account will be distributed as an annuity or as a single lump-sum cash payment. The participant can elect the form of payment at any time before retirement. However, if a participant's vested benefit in the Plan does not exceed \$5,000, the vested balance of the participant's account may only be distributed in a single lump-sum payment.

The Plan administrator may begin making required minimum distributions when the participant reaches age 72, or upon termination of employment, whichever is later, at which point the participant may elect to receive a lump-sum, installments, or a continuous right of withdrawal where the participant may withdraw such amounts at such times as the participant chooses.

Normal retirement age is 65; however, participants are allowed in-service withdrawals at age 59 years and 6 months. Hardship withdrawals are allowed from a participant's deferral contributions and rollover accounts.

Vesting. Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the employer safe-harbor and Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested in employer safe harbor match contributions after two years of credited service. For employer discretionary match and profit-sharing contributions, participants vest based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

The Plan has allocated \$2,901,648 to participants who have terminated participation in the Plan as of December 31, 2023.

Forfeitures. Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, must be used during the Plan year in which the forfeiture occurred, and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future employer contributions.

Forfeited nonvested accounts totaled \$1,190 as of December 31, 2023 (\$1,428 for 2022). Forfeitures of \$2,090 were used to reduce employer contributions in the current year.

AERO-FLITE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (CONTINUED)

Income Tax Status. The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC* and, therefore, believes that the Plan is qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the authorities; however, there are currently no audits for any tax periods in progress.

Administrative Expenses. The Plan will pay some or all Plan-related administrative expenses out of the forfeiture account or paid by the Company. Investment management and distribution fees are paid by the Plan participants.

Plan Termination. Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the *ERISA*. In the event of Plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting. The financial statements of the Aero-Flite 401(k) Plan are prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are valued at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition. Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits. Benefits are recorded when paid.

3. GUARANTEED INVESTMENT CONTRACT WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

In 2017, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is created with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on an annual basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is depended on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under *ERISA*; or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreements without the consent of the issuer.

AERO-FLITE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts are valued using the net asset value (NAV), per share practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The following tables set forth, by level within the fair value hierarchy, the Plan's fair value measurements at December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts		9,837,510		\$ 9,837,510
Total Assets at fair value	\$ 0	\$ 9,837,510	\$ 0	\$ 9,837,510

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts		14,351,795		\$ 14,351,795
Total Assets at fair value	\$ 0	\$ 14,351,795	\$ 0	\$ 14,351,795

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

6. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2023 and 2022.
- Net depreciation in fair value of investments and interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year).

7. RELATED PARTY TRANSACTIONS

Plan fees for investment management, recordkeeping, investment advising, and Plan auditing qualify as party-in-interest transactions. Fees paid by the Plan for these services in 2023 amounted to \$2,325. These party-in-interest transactions are exempt from the prohibited transaction rules of the *ERISA*.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued. There were no subsequent events identified.

9. RECONCILIATION TO FORM 5500

Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
