INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Applied Behavior Health Management, LLC 401(k) Plan
1400 Old Country Road, Suite C103N
Westbury, NY 11590

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Applied Behavior Health Management, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Applied Behavior Health Management, LLC 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the Voya Retirement and Annuity Company, a qualified institution, as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Applied Behavior Health Management, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Applied Behavior Health Management, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Applied Behavior Health Management, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Applied Behavior Health Management, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements – continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. Plan Description

The following description of the Applied Behavior Health Management, LLC 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more description of the Plan provisions.

General – The Plan is a defined contribution plan covering all eligible employees of the Applied Behavior Health Management, LLC ("Sponsor"), including the following controlled groups: Regal Healthcare Capital Partners, LP; Regal Healthcare Marra & Glick Holdings LLC; Kidz Applied Behavior Analysis, PLLC; Kidz Therapy Services, SLP, OT, PT, LMSW, Psychology, Audiology, PLLC; Kidz Educational Services, SLP, OT, PT, LMSW, Psychology, Audiology, PLLC; Kidz Conferences, LLC. The Plan was established effective January 1, 2003, with a restatement date of March 15, 2021 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended, to include all applicable amendments up to and including the Economic Growth and Tax Relief Act of 2001.

The Plan was formally amended in 2021 and 2022 to adopt the provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), the Coronavirus, Aid, Relief and Economic Security Act (CARES), the Consolidated Appropriations Act (CAA) and to allow auto enroll for eligible participants.

Eligibility – Entry into the Plan begins on the first day of the month coinciding with or next following the date eligibility requirements are met. All employees are eligible to participate in the Plan after reaching the age of twenty-one (21) and completing two (2) consecutive months of service, measured from the date of hire, if considered an eligible employee at the end of that period. If two (2) months of consecutive service is not completed, measured from the date of hire, an employee will become eligible if two (2) consecutive months of service are completed during the next successive two (2) month period, up until a full year of service is provided. An employee may also become eligible to participate in the Plan if one year of eligibility service is completed and considered an eligible employee at the end of that period. Any employee who is included in a unit of employees covered by a collective bargaining agreement, a non-resident alien, a fee for service therapist, a part-time employee, a temporary employee, a seasonal employee, an intern or a corporate employee paid under the plan Sponsor, or any adopting employer are not eligible to participate.

Contributions – Each year, participants may voluntarily contribute any percentage of their base compensation, as defined by the Plan, not to exceed \$22,500 in 2023, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants age fifty (50) and over may elect to defer an additional \$7,500 in "catch-up contributions" to the Plan. Such contributions are excluded from the participants' federal taxable income until received as withdrawals or distributions from the Plan. Effective June 1, 2022, the Plan includes an auto – enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants may also elect to contribute to the Plan, on an after-tax basis, by designating some or all their contributions as Roth 401(k) Deferrals. These after-tax contributions, plus the earnings accumulated thereon, may be withdrawn tax-free provided the withdrawal is a qualified distribution, as defined in the plan document.

The Plan provides for employer discretionary matching contributions. The Sponsor may match any employee contribution or catch-up contribution made during the plan year. Participants who are eligible to make salary deferrals to the Plan are eligible for the employer discretionary match contributions. The Sponsor may decide to make additional non-elective contributions to the Plan. Eligibility to receive a non-elective contribution is attained if an employee completed 500 hours of service during the applicable period or are employed on the last day of the applicable period. The Sponsor made contributions to the Plan for the year ended December 31, 2023 and 2022 in the amounts of \$403,049 and \$354,290 respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. Plan Description - continued

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, Plan earnings, and charged with an allocation of investment gains or losses, withdrawals and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan's Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's matching and non-elective contribution portion of their accounts is based on years of continuous service. A participant becomes 100% vested over five years of credited service in accordance with the Plan document, or immediately if employment is terminated due to death, disability, or retirement at Normal Age. Vesting occurs as follows:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than one year	0%
One year but less than Two Years	20%
Two Years but less than Three Years	40%
Three years but less than Four Years	60%
Four Years but less than Five Years	80%
Five or More Years	100%

Distributions of Benefits – Depending on the value of the participants vested account balance, upon termination of service a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or have the vested balance rolled into Individual Retirement Account or another qualified retirement plan, as provided in the Plan document. Distributions upon death will be made to beneficiaries as soon as administratively possible.

Participant Notes Receivable - The Plan permits participants to borrow a minimum of \$1,000 up to 50% of their vested account balance not to exceed \$50,000. The \$50,000 maximum allowable loan amount is reduced by the highest outstanding loan balance of the participant within the previous 12-month period. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as posted in the Wall Street Journal (or similar financial publication) when the loan is made. The interest rate is fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions and loans must be fully repaid within five years unless the loan was issued for the purchase of a primary residence, upon which the loan must be fully paid within 30 years. As of December 31, 2023 and 2022, the Plan had outstanding loans to participants of \$8,693 and \$-, respectively.

Forfeitures - Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce employer contributions or to pay administrative expenses of the Plan, as determined by the Sponsor at its sole discretion. For the year ended December 31, 2023 there was \$15,811 in forfeitures available for use by the Plan. These were utilized subsequent to year end, to fund the employer profit sharing contribution.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Applied Behavior Health Management, LLC 401(k) Plan (the "Plan") is presented to assist in understanding the Plan's financial statements and supplemental schedules. These financial statements, supplemental schedules, and notes are representations of the Applied Behavior Health Management, LLC, who is responsible for the integrity and objectivity of the financial statements. These accounting policies have been consistently applied in the preparation of the financial statements and supplemental schedules.

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except those benefits currently payable to plan participants are recorded on a cash basis.

Use of Estimates - The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Cash - The Plan considers all cash in demand deposit and money market accounts to be cash equivalents. This does not include cash or cash equivalents held in the investment accounts. These balances are included as a component of investments.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned in accordance with the accrual basis. Dividends are recorded as of the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on the investments bought and sold, as well as held at year-end.

Participant Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Other Receivables - Are comprised of investment income receivable and interest due on delinquent contributions (when applicable) as of the fiscal year-end.

Contributions - Contributions from employees are recorded as they are withheld from the participant's compensation. Contributions from the Sponsor are recorded in the period in which the related participant contributions are due.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan or by the Sponsor, as provided in the Plan document.

Operating Expenses - Operating expenses of the Plan are paid by the Sponsor and are therefore excluded from these financial statements.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements, notes to financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement and Annuity Company (the Custodian).

4. Investments and Fair Value Measurements (Unaudited)

The Plan's investments are reported at fair value in the accompanying financial statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Accounting standards outlined in FASB ASC 820 *Fair Value Measurement* establish a framework for measuring fair value, providing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Voya Retirement Insurance and Annuity Company, (the "Trustee") invests contributions in variable annuity products. The Trustee hires money managers to create investment portfolios with specific performance objectives outlined by the Trustee. These annuities are not securities in which the general public can invest, but instead are limited to participants of a qualified retirement plan for which the Trustee serves in a fiduciary capacity. These annuities are not readily traded, and as such, their values and performance are not published. If the Plan cancels the annuity contract or withdraws funds in excess of allowable levels prior to maturity of the annuity, the Plan may be subject to surrender charges based upon the annuity's surrender schedule. The Plan's investments in fixed interest accounts have qualities of non-benefit responsive guaranteed investment contracts.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2023.

4. Fair Value Measurements (Unaudited) – continued

Pooled Separate Accounts: Variable annuities are valued at the net asset value (“NAV”) of shares held by the Plan at year end.

Fixed Interest Accounts: Fixed interest accounts are valued based on the contract agreement with the provider.

Fully Benefit Responsive Investment Contract: The Plan participates in the Voya Guaranteed Income Fund (GIF), which by definition is considered to be a guaranteed investment contract, or (GIC). Because the GIC is fully benefit-responsive, contract value is the relevant measurement. The Voya Fixed income fund is valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan holds the Voya Fixed Account which are guaranteed interest accounts. The Voya Fixed Account objective is intended to be a long-term investment for participants seeking stability of principal. The guaranteed interest account is credited with earnings on the underlying investments and charged for participant withdrawals. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed interest accounts are considered non-benefit responsive. Fair market value is the amount that would be received were the funds to be withdrawn or transferred within the Plan prior to maturity.

This fair market value represents guaranteed interest accounts contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. This value represents contributions allocated to guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay benefits and insurance company's administrative expenses. All withdrawals from guaranteed interest accounts are made at either book value, the lesser of book or market value, or market value depending upon the withdrawal type as outlined in the contract. Book value equals the sum of all contributions made to the participants account plus interest owed less any charges fees and any previous withdrawals. The contract is therefore included in the financial statements at fair value as reported to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment is not materially different from its fair value.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The Guaranteed Interest Contract (GIC) in which the Plan participates, are maintained by Voya Retirement Insurance and Annuity Company. Interests in the GIC is represented by units, each of which represents an undivided pro-rata share of the net assets of the GIC. Although similar in nature to mutual funds, the GIC is not traded on an active market. Participant transactions (purchases and sales) may occur daily, without requiring notice or restrictions of redemption. The Plan has no unfunded commitments as of December 31, 2023 and 2022.

The following table summarizes investment for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2023. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2023	Fair Value at December 31, 2022	Unfunded Commitment	Other Redemption Restrictions	Redemption Notice Period
GIC	\$ 233,032	\$ 2,183,134	None	Daily	None

4. Fair Value Measurements (Unaudited) – continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023

	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contract	\$ 233,032	\$ 233,032
Pooled separate accounts measured at NAV (a)		5,228,741
Total investments at fair value		<u>\$ 5,461,773</u>

Investments at Fair Value as of December 31, 2022

	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contract	\$ 2,183,134	\$ 2,183,134
Pooled separate accounts measured at NAV (a)		4,350,525
Total investments at fair value		<u>\$ 6,533,659</u>

(a) This category includes pooled separate accounts that are designed to deliver safety and stability by preserving principal and accumulating earnings, valued at the NAV of units held by the plan at year end. The NAV is determined by the custodian of the fund and is based on the fair value of the underlying assets held by the fund. In accordance with ASC Topic 820, Fair Value Measurements, certain investments are measured at fair value using the NAV per share (or its equivalent) practical expedient that have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2023 and 2022:

Fixed Income Funds: A fund that invests solely in fixed income investments, such as bonds or certificates of deposit, as opposed to equity investments. The objective of fixed income funds is guaranteed income as opposed to capital growth. Fixed income funds typically invest in corporate debt or municipal debt. Debt rates of return are based upon economic conditions and credit worthiness of the debtor.

Target Funds: These funds are a hybrid mutual fund that automatically resets the asset mix (stocks, bonds, cash equivalents) in its portfolio according to a selected time frame that is appropriate for a particular investor. The target fund is structured to address a future date, such as retirement.

Equity Funds: Equity funds invest principally in stocks, as opposed to bonds, notes, or other securities. The objective of an equity fund is long-term growth through capital gains, although historically dividends have also been an important source of total return. Stock funds typically have a specific style, for example, value or growth, and can invest in large, moderate, small, or micro companies that trade on one of the major markets or over the counter (e.g. pink sheets).

Variable annuities contain surrender charges and redemption restrictions that may limit the amount a participant would receive when the funds are liquidated and withdrawn.

6. Transactions with Parties-In-Interest

At December 31, 2023 and 2022, certain Plan investments were managed by the Custodian. The custodian is the record keeper of the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for custodial and investment management services are included as a component of administration expenses on the Statement of Changes in Net Assets Available for Benefits.

Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Sponsor. These transactions also qualify as exempt party-in-interest transactions.

Participant loans also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants remain 100% vested in their accounts.

8. Federal Income Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is subject to examination for the tax years 2020 through 2023.

9. Risk and Uncertainties

a. Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Subsequent Events

The plan sponsor has evaluated the December 31, 2023 financial statements for subsequent events through September 6, 2024, the date the financial statements were available to be issued.

After year end, in the first quarter of 2024, the custodian of the Plan changed from Voya Retirement and Annuity Company to Principal Trust Company. The Sponsor also elected to change Third party Administrators as well.

No other events subsequent to the date the financial statements were available to be issued required disclosure in the financial statements.
