INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of

Unisyn Precision Components Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We were engaged to perform an audit of the financial statements of **Unisyn Precision Components Retirement Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe

ASSURANCE DIMENSIONS

that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Unisyn Precision Components Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note A – Description of Plan

The following description of Unisyn Precision Components Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of UPC Holdings III Corp. and its participating employers (the “Company” or “Employer”). The Plan was formed and adopted on December 31, 1951 and most recently amended and restated effective January 1, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligible employees may enter the Plan on the first day of each calendar month. Leased employees and nonresident aliens are excluded from participating in the Plan.

Effective January 1, 2023, the Plan was amended to change the name of the Plan from Slabe Machine Products Company 401(k) Retirement Savings Plan and Trust to Unisyn Precision Components Retirement Plan. Additionally, the Plan sponsor was changed from Slabe Machine Products Company to UPC Holdings III Corp. Also, the Plan was amended to remove age requirements and allow leased employees to participate in the Plan and exclude employees that are residents of Puerto Rico. The Plan also permits participant loans.

Further, the Plan was amended to authorize the merger of MK Services Corp into the Plan. All the Plan assets of MK Services Corp were transferred into the Plan in the amount of approximately \$3,046,000.

Administration of the Plan

The accounting records are maintained by the Company. The Plan’s assets for the year were held and managed by Charles Schwab Trust Bank and Fidelity Management Trust Company (the “Custodians”). The Company changed Custodians in January 2023 from Charles Schwab Trust Bank to Fidelity Management Trust Company. Contributions are held by the Custodians, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Under the terms of the Plan, there is an auto-enrollment provision or Qualified Automatic Contribution Arrangement (QACA) whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan those who have in effect a salary reduction agreement on QACA date. Automatically enrolled participants have their deferral rate for all eligible employees at an automatic deferral of 3% of compensation, increasing by 1% each year up to a maximum of 6%. Participants may contribute up to 90% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (“IRC”) limitations. The maximum participant deferral for the year ended December 31, 2023 was \$22,500. A participant who has attained the age of 50 may also make catch up contributions, subject to Internal Revenue Service, (“IRS”) limitations of \$7,500 for the year ended December 31, 2023. The Plan also allows participants to contribute amounts representing distributions from other qualified retirement plans as well as make Roth contributions.

Under the terms of the Plan, the Company makes safe harbor matching contributions equal to 100% of the first 6% of compensation. Each year, the Company may also elect to make a discretionary matching contribution to the Plan in an amount not to exceed 6% of compensation. The Company may also elect to make a discretionary profit sharing contribution to the Plan. Participants must be employed on the last day of the Plan year to be eligible to receive a discretionary Company profit sharing contribution. For the year ended December 31, 2023, the Company did not make any discretionary profit sharing contributions.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Note A – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contributions, if applicable. Each participant's account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

Vesting

Participants are immediately vested in their voluntary contributions, as well as any rollover contributions, plus actual earnings thereon. Participants are also immediately vested in safe harbor contributions. Vesting in Company contributions is based on years of service. A participant is fully vested in Company QACA after no more than 2 years of service as follows:

Years of Services	Vesting Percentage
Less than 2	0%
2	100%

A participant is fully vested in any discretionary Company matching and profit sharing contributions after 6 years of credited service as follows:

Years of Services	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant who reaches normal retirement age 65, becomes totally disabled, or dies, whichever comes first while under the Company's employment, shall be 100% vested on such date.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined quarterly by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. The maximum note repayment period is five year unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five year. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made. No more than two loans may be outstanding at a time for a participant.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon terms of the Plan document. Loans are considered in default as of the end of the quarter subsequent to the quarter in which the payment was due.

Note A – Description of Plan (continued)

Distribution of Benefits

In the event of termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals or an annuity, as defined in the Plan agreement, less any applicable taxes. If a participant's vested balance is \$5,000 or less, the Company may distribute the entire vested account balance to the participant without their consent. Participants may also request in-service distributions upon completion of 15 years of service. Benefits may be received when a participant demonstrates a situation of financial hardship as defined by the IRC.

Forfeitures

Non-vested benefits of terminated participants are forfeited on the date the participant receives a complete distribution of vested benefits. Forfeitures are used to reduce Plan administration expenses and Company contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$2,000. During the year ended December 31, 2023, the Company did not use any forfeitures to reduce Plan expenses and Company contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan terminates, the net assets will be allocated to the participants and beneficiaries based on the balance of each participant's account subject to adjustments for gains or losses incurred or accrued as of the termination date.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. The Plan's interest in the common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. The Plan's investments in self-directed investments are based on quoted market prices at year-end as reported by the Custodians. Self-directed accounts consists of common stocks and exchange traded funds. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Note B – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

<i>Level 1</i>	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
<i>Level 2</i>	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
<i>Level 3</i>	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the Plan year ending December 31, 2023 and 2022.

Money market account: Valued at cost plus accrued interest which represents fair value. Funds held in this account are FDIC-insured up to \$250,000 per participant.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at NAV provided by the Custodians. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2023 and 2022. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Self-directed investments: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Fair Value Measurements at Reporting Date Using:

	Assets Measured at Fair Value at 12/31/2023	Quoted Prices in Active Markets (Level 1)
Money market accounts	\$ 15,426	\$ 15,426
Self-directed investments	2,365,768	2,365,768
Mutual funds	9,202,675	9,202,675
Total assets in the fair value hierarchy	11,583,869	11,583,869
Investments measured at net asset value	46,771	
Investments, at fair value	<u>\$ 11,630,640</u>	

Fair Value Measurements at Reporting Date Using:

	Assets Measured at Fair Value at 12/31/2022	Quoted Prices in Active Markets (Level 1)
Money market accounts	\$ 966	\$ 966
Self-directed investments	1,965,118	1,965,118
Mutual funds	4,401,283	4,401,283
Total assets in the fair value hierarchy	6,367,367	6,367,367
Investments measured at net asset value	3,230	
Investments, at fair value	<u>\$ 6,370,597</u>	

Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy.

Unisyn Precision Components Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodians, qualified institutions. As of December 31, 2023 and 2022, and for the year ended December 31, 2023, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Custodians, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note D – Income Tax Status

The Plan has received a determination letter from the IRS dated June 30, 2020 for its underlying volume submitter profit sharing plan stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended and the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2020.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or participants of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are managed by the Custodians. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to parties-in-interest by the Plan for services amounted to approximately \$35,000 during the year ended December 31, 2023.

Note G – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2023	2022
Net assets available for benefits for financial statement purposes	\$ 12,006,242	\$ 6,422,969
Less: Contributions receivable	(6,913)	-

Note G – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of total additions per the financial statements to the Form 5500 for the year ended December 31:

	<u>2023</u>
Total additions per the financial statements	\$ 3,151,230
Less: Change in contributions receivable	<u>(6,913)</u>
Total additions per the Form 5500	<u>\$ 3,144,317</u>

Note H – Subsequent Events

Subsequent events have been evaluated through October 8, 2024, which is the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was amended to exclude interns, seasonal workers, 1099, contractors or any other temporary workers from participating in the Plan.
