Independent Auditor's Report

Plan Administrator
Columbia Vantage House Corporation 403(b) TDA Plan
Columbia, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Columbia Vantage House Corporation 403(b) TDA Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Columbia Vantage House Corporation 403(b) TDA Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Columbia Vantage House Corporation 403(b) TDA Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Columbia Vantage House Corporation 403(b) TDA Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Columbia Vantage House Corporation 403(b) TDA Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Columbia Vantage House Corporation 403(b) TDA Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Columbia Vantage House Corporation 403(b) TDA Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Columbia Vantage House Corporation 403(b) TDA Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted originally on January 1, 1999 by Columbia Vantage House Corporation (the "Company"), is a defined contribution plan covering all full-time employees of the Company. Effective October 15, 2019, the Plan name change from Columbia Vantage House, Inc. 403(b) TDA Plan to Columbia Vantage House Corporation 403(b) TDA Plan. An employee will become eligible for participation after completing the Plan's eligibility requirements as stated in the Plan Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective December 1, 2022, the Company restated the plan transferring certain investments from Lincoln National Life Insurance Company to Mid Atlantic Trust Company. As of December 31, 2023, the Plan had certain investments with both the trustees.

Contributions

Participants may defer salary up to an annual maximum of \$22,500 for the year ended December 31, 2023, or 100% of eligible compensation, whichever is lesser. The total of employee and employer contributions for a given year cannot exceed the lesser of \$66,000 for the year ended December 31, 2023, or 100% of the employee's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans.

Each year, the Company may make matching contributions to be determined annually based on a percentage of employee salary deferrals. For the year ended December 31, 2023, the Company has made a matching contribution of 2% of the participating employee's wages toward the 403(b) Plan.

Participant Accounts

Each participant account is credited with the participant's contributions, employer matching contributions, and an allocation of the Plan earnings. Each account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus the Company's matching contributions.

Columbia Vantage House Corporation 403(b) TDA Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Hardship Withdrawals

Participants may withdraw from the Plan that portion of their account resulting from salary deferrals in the event of undue financial hardship. The maximum hardship withdrawal is equal to a participant's vested account balance.

Notes Receivable From Participants

Loans to participants are reported at their unpaid principal balance plus any accrued interest. Loans are made in any amount greater than \$1,000, but less than 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. The Plan allows a maximum of one outstanding loan per participant.

Loan terms range from three to five years or up to 20 years for the purchase of a primary residence. During the existence of the contract loan, the amount of the contract loan principal will continue to earn interest at an annual rate of 7.00%. The loan rate or interest will be an annual rate of 9.50%. The loan maintenance fee is an annual rate of 2.50%. Loan payments of principal and interest is paid ratably through monthly or quarterly payments. When a loan is processed, an amount equal to the outstanding principal of the loan will be transferred to a Loan Reserve Account within this contract. The Loan Fund held in Loan Reserve Account serves as the only acceptable collateral for the loan. Participants will not have access to the amount held in the loan reserve account. Funds in the Loan Reserve Account are invested in the Fixed Account and cannot be transferred to various subaccounts and aren't available for distribution. As the loan is paid, the Loan Reserve Account will be reduced by the amount of each loan payment applied to the principal. Upon complete payment of the loan, the Loan Reserve Account will have a zero balance and will be closed. The loan reserve account will be credited with interest at a rate equal to 9.50% (loan annual interest rate of 12.00% minus loan maintenance fee of 2.50% = 9.50% credited interest rate).

Effective from November 28, 2022, loan terms range up to five years or up to 10 years for the purchase of a primary residence. Any loan granted or renewed under this policy will bear an interest equal to 1% above the Wall Street Journal's published prime rate. The loan must provide at least quarterly payments under a level amortization schedule. If the participant is currently employed by the employer, the Plan Administrator will require the participant receiving a loan from the plan to enter into an agreement for payroll withholding or ACH to repay the loan.

Payment of Benefits

The Plan provides for retirement benefits to begin upon retirement. Retirement age for the Plan is 65. Upon death, total or permanent disability of a participant while employed, or if the participant reaches early retirement age of 55, the account balance becomes fully vested.

On termination of service, participants with account balances less than \$5,000 will receive a lump sum amount equal to the value of their vested account balance. The distribution will be made as soon as administratively feasible. Participants with account balances greater than \$5,000 may elect for an immediate lump sum distribution, annuity distributions, or distributions received in substantially equal installments of the value of their vested account balance.

Note 1: Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, participants may direct contributions in any of the applicable investment options available to Plan participants.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 2: Summary of Significant Accounting Policies

Method of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in conformity with accounting principles generally accepted in the United States of America (GAAP).

Administrative Expenses

Administrative expenses of the Plan are paid both by the Company and the participants of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts (FBRIC)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The FBRIC is reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level I - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

		Fair Value Measurements Using:			
		Quoted Prices in Active Markets for Identical Assets Level I		Quoted Prices in Active Markets for Similar Assets Level II	Significant Unobservable Inputs Level III
December 31, 2023	Fair Value				
Registered investment companies	\$ 2,396,673	\$ 2,396,673	\$ -	\$ -	
		Quoted Prices in Active Markets for Identical Assets		Quoted Prices in Active Markets for Similar Assets	Significant Unobservable Inputs
December 31, 2022	Fair Value				
Registered investment companies	\$ 1,632,604	\$ 1,632,604	\$ -	\$ -	

Note 4: Fully Benefit - Responsive Investment Contract

The fully benefit-responsive investment contract is a deferred annuity contract issued by Lincoln National Life Insurance Company ("Lincoln") (Fixed Account), which guarantees a minimum fixed rate of interest as specified in the contract. This contract continues in-force until it is terminated by either the Plan or Lincoln. Unlike a traditional GIC with a defined maturity date, the Fixed Account contract does not have a specified maturity date, therefore, unlike a traditional fully benefit- responsive investment contract, there are no known scheduled cash flows associated with this contract.

The annuity contract is invested in separate accounts established by Lincoln. Each separate account is made up of multiple subaccounts. Each subaccount holds a single registered mutual fund. The value of the Plan's investment in the subaccounts reported is equal to the contract value. The contract value is equal to the number of participation units owned under the contract in each subaccount times the unit value of the participation unit.

Columbia Vantage House Corporation 403(b) TDA Plan

Notes to Financial Statements

Note 4: Fully Benefit - Responsive Investment Contract (Continued)

Contract value represents the amount participants would receive if they were to initiate a transaction under the terms of the on-going plan. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate shown on the contract specifications, which was 1.75% at December 31, 2023 and 2022. The interest crediting rate is declared on a quarterly basis. The Fixed Account is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Note 5: Related Party Transactions

Certain Plan investments are managed by Lincoln, Mid Atlantic Trust Company, and Mutual of America. Lincoln is a trustee and record keeper of the plan and Mid Atlantic Trust company and Mutual of America is a custodian and record keeper of the plan, respectively. These transactions qualify as party-in-interest transactions. The fees paid by the Plan for the investment management services are netted with the investment income (loss) on each investment option of the Plan for the year ended December 31, 2023.

Note 6: Tax Status

The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code (IRC), which provides that a qualified trust is exempt from federal income taxes. The Plan is required to operate in accordance with the Plan Agreement and the applicable federal laws in order to maintain its qualification. The Plan received a favorable determination letter dated March 2, 2020, based on a prototype plan used by the Company stating that the Plan is a qualified plan under the applicable section of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Columbia Vantage House Corporation 403(b) TDA Plan

Notes to Financial Statements

Note 7: Information Prepared and Certified by Trustee and Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and other interest income from investments, interest from participant loans for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln National Life Insurance Company and Mid Atlantic Trust Company, the Trustee and Custodian of the Plan, respectively.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
