Independent Auditor's Report

Board of Trustees
McCombs Enterprises Flexible
Benefits Cafeteria Plan and Trust
San Antonio, Texas

Opinion

We have audited the financial statements of McCombs Enterprises Flexible Benefits Cafeteria Plan and Trust (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits and benefit obligations for the year ended December 31, 2023 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefits obligations of the Plan as of December 31, 2023 and 2022 and the changes in its net assets available for benefits and benefit obligations for the year ended December 31, 2023 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Note 1. Description of the Plan

General

The following description of McCombs Enterprises Flexible Benefits Cafeteria Plan and Trust (Plan) provides only general information. Participants should refer to the Plan Document and summary plan description for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

The Plan provides health and other benefits covering all employees of McCombs Enterprises (Company) and affiliated companies who have completed 60 days of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Benefits

The Plan provides health, life, dental, and vision insurance to full-time employees and their dependents. In addition, certain benefits are offered under Section 125 of the Internal Revenue Code (IRC), whereby employees are allowed to exclude contributions to the Plan for such benefits from their personal taxable income.

Stop-Loss Coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). Amounts receivable for claims in excess of the stop-loss limit are included in insurance receivables.

Self-Insured Benefits

The claims for self-insured benefits, medical, and prescription benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processor pays claims directly to or on behalf of participants and are then reimbursed by the Plan's Voluntary Employees' Beneficiary Association (VEBA) trust. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

Contributions

Contributions for employee health benefits are made by the participating employers and employees. Contributions for all other benefits, including those offered to dependents, are made by the employees. The health insurance benefits offered to both employees and their dependents are self-funded, whereby all contributions are held in trust specifically for the payment of medical claims. Contribution requirements are evaluated and revised as necessary on at least an annual basis at the discretion of the Company. All other benefits are insured or offered through third-party insurance carriers.

Plan Expenses

Plan fees and expenses are paid from plan assets.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, claims incurred but not reported, claims payable and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. See discussion of estimates related to claims incurred but not reported under the heading of "Other Plan Benefits" within this note.

Payment of Benefits

Premiums paid by either the plan sponsor or the VEBA trust are recorded as insurance premiums and other participant benefits in the accompanying statement of changes in net assets available for benefits.

Claim payments are recorded when paid by the third-party claims processor. Amounts due, if any, to claims processors that have yet to be reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of net assets available for benefits and benefit obligations. The third-party claims processor processes health, medical, and prescription claims of active employees and dependents and beneficiaries, but the responsibility for payments to participants and providers is retained by the Plan. These payments are recorded as health claims paid in the accompanying statements of changes in net assets available for benefits.

Administrative Expenses

Administrative expenses may be paid by the plan sponsor or the Plan, at the plan sponsor's discretion.

Other Plan Benefits

Plan liabilities for health claims incurred but not reported are estimated based upon historic claims experience and actual claims reported subsequent to the Plan year-end. Additional accruals are included for the estimated ultimate cost of future claims only if such claims are covered as of the Plan's fiscal year-end, and the Plan is obligated to pay for the care regardless of continued participation in the Plan.

Stop-Loss Policy

The Plan is covered under an aggregate and specific excess reinsurance policy. This policy pays 100% of claims in excess of $150,000 per person, per year, and an annual maximum of $1,000,000. The policy does not include a lifetime individual maximum.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Interest income is recorded on the accrual basis.

Concentration of Credit Risk

At December 31, 2023, the Plan had cash deposits representing a concentration of credit risk since the accounts were in excess of federally insured limits. At December 31, 2023, the Plan's cash accounts exceeded federally insured limits by approximately $4,587,000.

Note 3. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan has a number of service providers. Such providers are parties in interest under ERISA. For the year ended December 31, 2023, approximately $1,859,000 was paid by the Plan to administrators for premiums and administrative expenses.

The Company provides certain administrative services to the Plan for which fees of $240,000 were paid to the Company by the Plan during the year ended December 31, 2023.

Note 4. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits and benefit obligations measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

	December 31, 2023			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash – interest-bearing deposits	$ 4,316,852	$ 4,316,852	$ -	$ -

	December 31, 2022			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash – interest-bearing deposits	$ 5,159,350	$ 5,159,350	$ -	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits and benefit obligations, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2023. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows.

Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. There were no Level 2 or Level 3 investments as of December 31, 2023 and 2022.

Note 5. Tax Status

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service dated April 24, 1991, stating that the trust, as then designed, was tax-exempt under the provisions of Section 501(c) 9 of the IRC. The Plan has been amended since receiving the determination letter. As a result of the Plan's funding policy, from time to time, the trust may be subject to income taxes. No federal or state income taxes have been recorded in the financial statements. The Plan Administrator believes that the Plan and related trust are currently being operated in compliance with the applicable requirements of the IRC.

Note 6. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and benefit obligations.

Note 7. Subsequent Events

Subsequent events have been evaluated through September 18, 2024, which is the date the financial statements were available to be issued.
