## Independent Auditor's Report

To the Plan Administrator  
Gehl Company Retirement Income Plan B

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the accompanying financial statements of Gehl Company Retirement Income Plan B, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gehl Company Retirement Income Plan B's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gehl Company Retirement Income Plan B and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter - Liquidation Basis of Accounting***

As discussed in Note 1 to the financial statements, the investment committee of Gehl Company Retirement Income Plan B approved a Plan of liquidation on December 29, 2021, and management determined liquidation was imminent. As a result, the Gehl Company Retirement Income Plan B has adopted the liquidation basis for the years ended December 31, 2023 and 2022. Our opinion is not modified with respect to that matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gehl Company Retirement Income Plan B's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedule Required by ERISA***

The supplemental schedules of Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Notes to Financial Statements**

---

### **Note 1: Description of Plan**

The Gehl Company Retirement Income Plan B ("Plan") is a defined-benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is sponsored by Manitou America Holding, Inc. ("Sponsor"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of Plan provisions.

### **Plan Termination**

On December 29, 2021, the Sponsor communicated to all participants its intent to terminate the Plan subject to the provisions of ERISA with a termination date of February 28, 2022. As a result, the Plan's financial statements are presented on the liquidation basis of accounting as of and for the years ended December 31, 2023 and 2022. On May 1, 2023, the Company entered into an agreement with Mutual of Omaha to purchase a Group Annuity Contract, to be funded entirely by Plan assets. In conjunction with the signed agreement, Mutual of Omaha will assume the obligation to make future annuity payments to a mutually agreed upon listing of Company retirees. See further disclosures related to the Plan termination in Note 7.

### **Eligibility and Participation**

All West Bend, Wisconsin office, sales, and branch employees (Group B Participants) were eligible to participate in the Plan. All union shop employees (Group A Participants) at the Sponsor's plant in West Bend, Wisconsin were eligible to participate in the Plan. Certain exempt employees (Group C Participants) were eligible to participate in the Plan.

Effective May 1, 2005, the Plan was amended to freeze participation. No additional employees could become a participant in the Plan after April 30, 2005.

### **Vesting**

Participants in the Plan became fully vested after five years of service.

The Sponsor announced on August 18, 2009 that it was suspending benefit accruals for all participants of the Plan effective October 3, 2009. An employee's accrued service benefit and average monthly compensation was calculated and frozen effective October 3, 2009, regardless of an employee's future employment status with the Sponsor. If an employee had not yet satisfied the five-year vesting requirement, they would continue to receive vesting service credit for continued employment toward the five-year vesting requirement.

### **Retirement Benefits**

The Plan provided monthly benefits, for Group B Participants, at the normal retirement age of 65. These benefits were computed as the greater of one percent of average monthly compensation multiplied by the number of years of benefit accrual service, not to exceed 35 years or \$22 per month multiplied by the number of years of benefit accrual service. Early retirement could be taken with reduced monthly benefits at age 55 providing the employee had 5 years of vested service. The benefits for Group A Participants were based on \$26 per month multiplied by the number of years of benefit accrual service. Early retirement could be taken with reduced monthly benefits at age 60 provided the employee had 10 years of vested service. The benefits for Group C Participants were based on \$9 per month multiplied by the number of years of benefit accrual service. Early retirement could be taken with reduced monthly benefits at age 60 provided the employee had 10 years of vested service.

The Plan also contained provisions for pre-retirement spousal benefits, deferred retirement, and disability retirement.

### **Note 1: Description of Plan (Continued)**

#### **Administrative Expenses**

Custodial fees, investment management fees, Pension Benefit Guaranty Corporation ("PBGC") insurance premiums, actuarial, and audit fees are generally charged to and paid by the Plan. Other administrative expenses incurred in the administration of the Plan are paid by the Sponsor and are excluded from these financial statements.

### **Note 2: Summary of Significant Accounting Policies**

#### **Basis of Accounting**

As disclosed in Note 1, as a result of the Plan termination, the accompanying financial statements have been prepared on the liquidation basis of accounting, which is a basis of accounting that is generally accepted in the United States of America ("GAAP").

#### **Use of Estimates**

The preparation of the accompanying financial statements in accordance with GAAP requires management to make estimates and assumptions that directly affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from these estimates. The Plan has identified the estimates and related assumptions regarding the actuarial present value of accumulated plan benefits to be significant estimates, and as such these estimates are subject to change in the near term.

#### **Actuarial Present Value of Accumulated Plan Benefits**

Accumulated plan benefits (see Note 3) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service rendered by the employees to the valuation date. Accumulated benefits include benefits expected to be paid to:

- a) Retired or terminated participants or their beneficiaries.
- b) Beneficiaries of participants who have died.
- c) Active participants or their beneficiaries.

Benefits payable under all circumstances - retirement, death, disability, and the termination of employment - are included to the extent they are deemed attributable to employee service rendered as of the valuation date.

#### **Investment Valuation and Income Recognition**

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Payment of Benefits**

Benefit payments to participants are recorded when paid.

### Note 2: Summary of Significant Accounting Policies (Continued)

#### Subsequent Events

The Plan has evaluated subsequent events through October 8, 2024, which is the date the financial statements were available to be issued.

### Note 3: Actuarial Present Value of Accumulated Plan Benefits

Prior to the Plan terminating, the Plan actuarially estimated the present value of accumulated plan benefits on a beginning of the Plan year basis. Under the liquidation basis of accounting the Plan's accumulated benefit obligation should be presented as of the Plan year-end. Additionally, the accumulated benefit obligation should be measured based on the amount estimated necessary to fully settle the Plan's obligations pursuant to its plan of liquidation and in accordance with the applicable governing regulations.

As of January 1, 2022, the Plan's accumulated benefit obligation was estimated to be approximately \$50,917,110. The estimate was based on the assumption the Plan was not going to terminate. During 2023, \$6,978,606 was paid out to participants in lump-sums and existing monthly payments before liquidation and \$32,482,670 was used to purchase annuities with Mutual of Omaha for participants entitled to receive monthly payments post-liquidation. The impact of discounting the 2023 liquidating payments back to January 1, 2023 has not been determined.

### Note 4: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

*Money market funds:* Money market funds are based on quoted market prices or valued using the net asset values ("NAV") per share price of the fund based on quoted market prices of underlying investments.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end registered mutual funds. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*State Street Long U.S. Government/Credit Bond Index Fund:* Valued using audited financial statements and derived NAV per share of the fund. The bond index fund can be redeemed on a daily basis at its NAV. The fund doesn't have any unfunded commitments.

## Notes to Financial Statements

### Note 4: Fair Value Measurements (Continued)

The bond index fund invests in Collective Investment Funds. The bond index fund seeks an investment that approximates as closely as practicable, before expenses, the performance of the State Street Long U.S. Government/Credit Bond Index over the long term. It attempts to achieve its investment objective by investing in other collective investment funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at:

| December 31, 2023                    | Level 1    | Level 2      | Level 3 | Total         |
|--------------------------------------|------------|--------------|---------|---------------|
| Money market funds                   | \$ -       | \$ 1,048,689 | \$ -    | \$ 1,048,689  |
| December 31, 2022                    | Level 1    | Level 2      | Level 3 | Total         |
| Money market funds                   | \$ -       | \$ 8,970,171 | \$ -    | \$ 8,970,171  |
| Mutual funds                         | 25,737,312 | -            | -       | 25,737,312    |
| Total assets in fair value hierarchy | 25,737,312 | -            | -       | 34,707,483    |
| Investments measured at NAV (a)      |            |              |         | 4,810,723     |
| Total investments at fair value      |            |              |         | \$ 39,518,206 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available from benefits. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

### Note 5: Tax Status of the Plan

The Internal Revenue Service ("IRS") has determined and informed the Sponsor by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

## **Notes to Financial Statements**

---

### **Note 6: Funding Policy**

The Plan is solely funded by contributions by the Sponsor, pursuant to the actuarial cost method as determined by the Plan's actuary. The Plan has met the minimum funding requirement for the 2023 Plan year.

### **Note 7: Plan Termination**

On December 29, 2021, the Sponsor communicated to all participants its intent to terminate the Plan subject to the provisions of ERISA with a proposed termination date of February 28, 2022. In order to terminate the Plan, the Sponsor requested approval from the IRS and the Pension Benefit Guaranty Corporation ("PBGC"). As of May 1, 2023, the Sponsor entered into an agreement with Mutual of Omaha where they purchased insurance annuities and Mutual of Omaha assumed responsibility to pay future annuity benefits to the retirees. The pension benefits of the participants in the Plan are 100% vested and the termination did not affect the amount of the benefit the participants were entitled to or the forms of payment available under the provisions of the Plan. As of December 31, 2023, no amounts have been accrued related to the expected costs associated with liquidation as these amounts are unknown. On May 1, 2023, \$32,482,670 was transferred to Mutual of Omaha. After all participant balances were transferred to Mutual of Omaha, there was still \$1,053,416 of a balance in the Plan due to the Plan being overfunded. In 2024, the Plan transferred \$1,053,416 to a qualified defined contribution plan sponsored by the Company.

As communicated to Plan participants, if their balance is \$5,000 or less, participants were automatically paid in the form of a single lump-sum. If their balance was more than \$5,000, they either elected to receive the value of their benefit as a single lump-sum or monthly annuity, even if they were still employed. If participants were under the age of 72 and elected a lump-sum payment, such payment was eligible for rollover to another qualified plan. If participants did not elect to receive any of the above payment options, their benefit was transferred to a qualified insurance company and will remain eligible to receive their benefit as a monthly annuity, in accordance with the Plan provisions. The above also applies if they are a beneficiary of a deceased employee who was in deferred status.

Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

### **Note 8: Risks and Uncertainties**

The Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions will occur in the near term and could be material to the financial statements.
