INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the FullBloom Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the FullBloom Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the FullBloom Retirement Saving Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the FullBloom Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the FullBloom Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the FullBloom Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the FullBloom Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

FullBloom Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

1. Description of Plan

The following description of the FullBloom Retirement Savings Plan (the “Plan”) provides only general information. The Plan was originally effective January 1, 2008, and was most recently amended and restated effective April 18, 2022. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan incorporating a cash or deferred arrangement, as defined under Internal Revenue Code (“IRC”) Section 401(a), covering eligible employees of FullBloom (the “Company”) and certain related employers, including NonPublic Education Services, Inc. and Catapult Learning West, LLC. The Company serves as the Plan Administrator. Fidelity Management Trust Company (“Fidelity”) is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

To be qualified to make elective deferrals and receive non-discretionary matching contributions or additional discretionary matching contributions, employees must complete one (1) month of service. For discretionary nonelective employer contributions, employees must complete one (1) year of service with the Company. Employees covered by a collective bargaining agreement, leased employees, part-time employees and nonresident aliens are not eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100 percent of their pre-tax annual compensation, as defined in the Plan document. Contributions may also be designated as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Effective September 1, 2023, automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated age-appropriate Freedom Fund until changed by the participant. Prior to September 1, 2023, automatically enrolled participants had their deferral rate set at 3 percent of eligible compensation (see Note 9). The Plan also allows for deferral percentages for each active participant having automatic enrollment contributions made on his or her behalf to be increased annually by 1 percent of eligible compensation limited to 10 percent of eligible compensation.

Effective January 1, 2023, the Plan provides for non-discretionary matching contributions equal to 50% of the first 2% of eligible compensation contributed to the Plan as salary deferrals by participants (see Note 9); prior to January 1, 2023, the non-discretionary matching contributions equaled 50% of the first 1% of eligible compensation.

The Company may make additional discretionary matching contributions in an amount equal to a percentage of the eligible contributions made by each eligible participant during the Plan year. The Company may also make discretionary nonelective employer contributions to be allocated based on a pro-rata portion of the contribution equal to the ratio of an employee’s compensation to the compensation of all eligible participants. To receive any additional discretionary matching contributions or discretionary nonelective employer contributions, unless they retire, become disabled, or die during the Plan year, participants must be employed on the last day of the Plan year and must have worked 800 hours during the Plan year. Participants direct the investment of their contributions into various investment options offered by the Plan. No additional discretionary matching contributions or discretionary nonelective contributions were made during 2023.

The employer’s prevailing wage contributions are made on behalf of employees who work on contracts covered by the Davis-Bacon Act, or any similar state, local, or other law that requires such contributions. The contributions are

FullBloom Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

made at a rate set by the Davis-Bacon Act or any other federal, state, or municipal prevailing wage contract. During the year ended December 31, 2023, the prevailing wage contributions were \$0.

Contributions are subject to certain IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, non-discretionary matching contributions and additional discretionary matching contributions, if any, as well as allocations of prevailing wage contributions, if eligible, discretionary nonelective employer contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of certain administration expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have one outstanding loan at a given time. Loan terms range from one to five years, except in the case of residential loans, in which case they may extend up to 10 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions and employer prevailing wage contributions plus actual earnings and any qualified non-elective contribution. Vesting in the Company's additional discretionary matching contributions, non-discretionary matching contributions and nonelective employer contributions are based on years of continuous service as listed below.

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	33%
2	66%
3	100%

Participants will become fully vested automatically if they attain normal retirement age (59.5) or early retirement age (age 55 and five years of vesting service), death, permanent total disability, or the Plan is terminated or partially terminated. Years of service for vesting will be determined on the basis of the elapsed time method.

Forfeited Amounts

Forfeitures represent the non-vested portion of terminated participant's matching and nonelective employer contributions. These amounts may be used to reduce matching contributions of the Company, pay Plan expenses, or reduce nonelective employer contributions. Total unallocated forfeiture account balances were \$191,008 and \$50,752 as of December 31, 2023 and 2022, respectively. For the year ended December 31, 2023, forfeitures of \$106,597 were used to reduce employer contributions; forfeitures of \$0 were used to pay administrative expenses of the Plan.

Payment of Benefits

Upon termination of service, death, disability, normal retirement, or early retirement, a participant may elect to receive a lump sum up to the value of the participant's vested interest in his or her account. Installment payments may also be elected. If a participant's vested account balance is less than \$5,000 upon termination, a distribution of the participant's account may be made automatically in a single lump-sum cash distribution or (in the event of a mandatory distribution) to an individual retirement account established on behalf of the participant. Participants may receive in-service distributions if they attain age 59½. The Plan also provides for hardship withdrawals, except that amounts attributable to prevailing wage contributions are not available for hardship withdrawals. In-

service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time. In addition, minimum payments must begin subject to IRS guidelines.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's Administrative Committee determines the Plan's investment policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Employee contributions, non-discretionary matching contributions, and additional discretionary matching contributions, if any, from the Company are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective contributions and prevailing wage contributions are recorded when earned.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess contributions to the applicable participants during 2024 and 2023, respectively.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- The information for all mutual funds (registered investment companies), common collective trust, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2023, as shown in the ERISA-required supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FullBloom Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

<i>Mutual funds:</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Common collective trust:</i>	A common collective trust is valued at the NAV or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 65,704,937	\$ 65,704,937	\$ -	\$ -
Common collective trust (*)	<u>1,835,334</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 67,540,271</u>	<u>\$ 65,704,937</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 48,854,603	\$ 48,854,603	\$ -	\$ -
Common collective trust (*)	<u>1,674,525</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 50,529,128</u>	<u>\$ 48,854,603</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

FullBloom Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) of the Plan as of December 31, 2023 and 2022.

<u>Investment Type</u>	<u>Fair Value</u> <u>December</u> <u>31, 2023</u>	<u>Fair Value</u> <u>December</u> <u>31, 2022</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Galliard Stable Return Fund	\$ 1,835,334	\$ 1,674,525	\$ -	Daily	Daily

The Galliard Stable Return Fund, a common collective trust, seeks to preserve principal, maintain a stable book value and provide liquidity on a daily basis for plan permitted, participant-directed withdrawals while maintaining a competitive interest rate. The common collective trust is redeemable at NAV under agreements with the underlying fund. However, it is possible that these redemption rights may be restricted by the fund in the future in accordance with underlying fund agreement.

5. Related-Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity. Fidelity is the trustee and recordkeeper of the Plan. During the year ended December 31, 2023, the Plan paid Fidelity \$260,587 for recordkeeping and other direct costs. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

During 2023, the Company failed to remit to the Plan's trustee certain loan repayments totaling \$7,931 within the period prescribed by the Department of Labor regulations. The Company made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the 2023 processing delays. The Company believes that these transactions do not affect the tax status of the Plan and has taken action prescribed by the regulations to remedy such errors.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions, including any additional discretionary matching and nonelective employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

FullBloom Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

8. Tax Status

Effective April 18, 2022, through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The IRS issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

9. Plan Amendments

Effective January 1, 2023, the Plan was amended to update the non-discretionary matching contribution from 50% of the first 1% of eligible compensation contributed to the Plan as salary deferrals by participants to 50% of the first 2% of eligible compensation contributed to the Plan as salary deferrals by participants, as well as to make other general administrative changes to the Plan.

Effective July 1, 2023, the Plan was amended to include service from New Hope Academy, a predecessor employer, for eligibility and vesting purposes.

Effective September 1, 2023, the Plan was amended to:

- Change the automatic enrollment deferral percentage from 3% to 4%; and
- Include service from Lattice, a predecessor employer, for eligibility and vesting purposes.

Effective December 1, 2023, the Plan was amended to make general administrative changes to the Plan.
