Independent Auditor's Report

To the Trustees and Administrator of
Goodworks, Inc. Federal Contract Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Goodworks, Inc. Federal Contract Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GOODWORKS, INC. FEDERAL CONTRACT RETIREMENT PLAN

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Goodworks, Inc. Federal Contract Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution retirement plan covering federal contract (Source America) employees of Goodworks, Inc. (the Company or Plan Sponsor). Source America is the non-profit agency designated (per Public Law 92-28) to give technical assistance on all aspects of the Javits-Wagner-O'Day (JWOD) Program. JWOD works by setting aside certain products and services which federal agencies are mandated to procure from non-profit community rehabilitation agencies employing people with severe disabilities. The federal contracts under the JWOD Program specify an hourly Health and Welfare fringe benefit for employees. The Plan was established for the benefit of these employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Goodworks, Inc. serves as the Plan's Administrator.

Purpose

The purpose of this Plan is to provide benefits for eligible employees at retirement, and other incidental benefits prior to retirement in addition to those provided by Social Security.

Contributions

Contributions by the Company are based on the health and welfare rate stated in the individual federal contracts. These rates vary by contract and are applied to the contract hours worked, excluding overtime. There are no required participant contributions and the right to make voluntary employee contributions is not available.

Participant Accounts

Participants direct the allocation of contributions made by the Company among investment options managed by the Plan's custodian, Matrix Trust Company. Participants monitor and manage their individual accounts directly through a voice response system or through an internet website. Each participant's account is credited with the Company's contributions and an allocation of plan earnings and losses.

Eligibility and Vesting

All employees working on federal government contracts are eligible. There is no minimum age or service requirements for participation in the Plan and employees may begin participation on their employment commencement date. A participant is considered fully vested in employer contributions at all times.

GOODWORKS, INC. FEDERAL CONTRACT RETIREMENT PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of Benefits

Generally, each participant shall be entitled to receive a benefit in such amount as can be provided by the total value of the participant's account as of their normal retirement date. A participant or the participant's beneficiary, in such manner as the participant shall determine, may elect to receive either a lump sum or installment payments. Participants should refer to Section IV of the Plan Document for specific details, definitions, and alternatives.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or the complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.

Participant-Directed Investments Options

Until September 1, 1999, all investments in the Plan were considered to be non-participant-directed. However, effective September 1, 1999, all participants in the Plan were given the option of directing contributions to the diversified investment options offered by the Plan.

Notes Receivable from Participants

Under the provisions of the Plan Document, participants are not allowed to borrow from their individual accounts.

Administrative Expenses

The Company absorbs some costs of administering the Plan. Administrative fees incurred by the Plan for the years ended December 31, 2023 and 2022 totaled \$35,694 and \$50,055, respectively. These fees were deducted from participants' accounts during the years ended December 31, 2023 and 2022, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

GOODWORKS, INC. FEDERAL CONTRACT RETIREMENT PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Tax Status

The Plan has adopted a volume submitter plan sponsored by Minnesota Life Insurance Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements.

Concentrations

All of the Plan's participants are employed by the Plan Sponsor to provide services under the federal contracts detailed in Note 1. These contracts are subject to annual renewal.

GOODWORKS, INC. FEDERAL CONTRACT RETIREMENT PLAN

Notes to Financial Statements

Note 3. Information Certified by Matrix Trust Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Matrix Trust Company, the custodian of the Plan.

The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the Plan's financial statements and ERISA-required supplemental schedule related to the following assets:

The following table presents the value of the Plan's participant-directed investments that were certified by the custodian as of December 31, 2023 and 2022:

	2023	2022
Investments, at Fair Value		
Registered Investment Companies (Mutual Funds and Exchange Traded Funds)	<u>\$ 2,088,542</u>	<u>\$ 1,882,915</u>
Cash (Non-Interest-Bearing)	<u>\$ 679</u>	<u>\$ 207</u>

For the years ended December 31, 2023 and 2022, the custodian also certified to the completeness and accuracy of \$167,425 and \$(295,413), respectively, of net appreciation/(depreciation) in fair value of investments and \$70,888 and \$74,027, respectively, in interest and dividends related those investments.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Note 4. Fair Value Measurements (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The types of assets utilizing Level 2 valuations generally include pooled separate account assets.

Level 3 Fair value is based on at least one or more significant unobservable inputs. These inputs reflect the Plan's assumptions about the inputs market participants would use in pricing the assets or liabilities. The types of assets utilizing Level 3 valuations generally include investments in the general account.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques utilized must maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan based on quoted market prices.

Exchange-Traded Funds: Valued at the NAV per share based upon quoted market prices of underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan did not have any financial liabilities that would be required to be measured at fair value.

The Plan did not have any financial assets or liabilities reported at fair value on a nonrecurring basis that are required to be disclosed.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

2023	Level 1	Level 2	Level 3	Total

Transfers between Levels

For the years ended December 31, 2023 and 2022, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Matrix Trust Company, the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near-term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of employer contributions per the financial statements for the years ended December 31, 2023 and 2022, to Form 5500:

	2023	2022
Total Employer Contributions per the Financial Statements	\$ 547,244	\$ 471,974
Less: Employer's Contributions Receivable, at End of Year	(43,751)	-
Total Employer Contributions per the Form 5500	\$ 503,493	\$ 471,974

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:

	2023	2022
Net Assets Available for Benefits per the Financial Statements	\$ 2,132,972	\$ 1,901,634
