**Statement by Enrolled Actuary**  
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## INDEPENDENT AUDITORS' REPORT

To the Participants and the Pension and Profit Sharing Committee  
Macy's, Inc. Cash Account Pension Plan

### Opinion

We have audited the financial statements of the Macy's, Inc. Cash Account Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Macy's, Inc. Cash Account Pension Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Macy's, Inc. Cash Account Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Macy's, Inc. Cash Account Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Macy's, Inc. Cash Account Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Macy's, Inc. Cash Account Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Schedule SB, line 24—Change in Actuarial Assumptions**

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected rate of return on assets from 3.74% to 5.80%.

This change was made to better reflect the trust fund's asset mix and capital market expectations as of January 1, 2023. The funding assumption change did not reduce the funding shortfall, so approval of the Commissioner is not required.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**Schedule SB, line 24—Change in Actuarial Assumptions**

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected rate of return on assets from 3.74% to 5.80%.

This change was made to better reflect the trust fund's asset mix and capital market expectations as of January 1, 2023. The funding assumption change did not reduce the funding shortfall, so approval of the Commissioner is not required.

## Actuarial Assumptions and Methods

### Form of Payment and Timing

Upon termination, active participants are assumed to elect a lump sum or an annuity payment form as follows:

| Age | Option Election |         |
|-----|-----------------|---------|
|     | Lump Sum        | Annuity |
| -54 | 100%            | 0%      |
| 55+ | 80%             | 20%     |

All active participants eligible to elect a lump sum payment after termination are assumed to commence benefits as follows:

| Age   | Deferral Period |      |      |
|-------|-----------------|------|------|
|       | 0               | 1    | 2+   |
| -54   | 35%             | 30%  | 0%   |
| 55-58 | 50%             | 40%  | 5%   |
| 59    | 50%             | 40%  | 6%   |
| 60-61 | 50%             | 40%  | 7%   |
| 62-63 | 50%             | 40%  | 9%   |
| 64    | 50%             | 40%  | 13%  |
| 65+   | 100%            | 100% | 100% |

All inactive participants not eligible for a lump sum are assumed to commence benefits as follows:

| Age   | Rate |
|-------|------|
| -54   | 0%   |
| 55-58 | 1%   |
| 59-61 | 2%   |
| 62-63 | 4%   |
| 64    | 15%  |
| 65+   | 100% |

### Withdrawal Rates

## Actuarial Assumptions and Methods

### Form of Payment and Timing

Upon termination, active participants are assumed to elect a lump sum or an annuity payment form as follows:

| Age | Option Election |         |
|-----|-----------------|---------|
|     | Lump Sum        | Annuity |
| -54 | 100%            | 0%      |
| 55+ | 80%             | 20%     |

All active participants eligible to elect a lump sum payment after termination are assumed to commence benefits as follows:

| Age   | Deferral Period |      |      |
|-------|-----------------|------|------|
|       | 0               | 1    | 2+   |
| -54   | 35%             | 30%  | 0%   |
| 55-58 | 50%             | 40%  | 5%   |
| 59    | 50%             | 40%  | 6%   |
| 60-61 | 50%             | 40%  | 7%   |
| 62-63 | 50%             | 40%  | 9%   |
| 64    | 50%             | 40%  | 13%  |
| 65+   | 100%            | 100% | 100% |

All inactive participants not eligible for a lump sum are assumed to commence benefits as follows:

| Age   | Rate |
|-------|------|
| -54   | 0%   |
| 55-58 | 1%   |
| 59-61 | 2%   |
| 62-63 | 4%   |
| 64    | 15%  |
| 65+   | 100% |

### Withdrawal Rates

## INDEPENDENT AUDITORS' REPORT

To the Participants and the Pension and Profit Sharing Committee  
Macy's, Inc. Cash Account Pension Plan

### Opinion

We have audited the financial statements of the Macy's, Inc. Cash Account Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Macy's, Inc. Cash Account Pension Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Macy's, Inc. Cash Account Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Macy's, Inc. Cash Account Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Macy's, Inc. Cash Account Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Macy's, Inc. Cash Account Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**1. Description of the Plan**

The following brief description of the Macy's, Inc. Cash Account Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

**a. General**

The Plan is a non-contributory defined benefit pension plan sponsored and administered by Macy's, Inc. (the Company or Plan Sponsor) that covers substantially all employees of the Company that completed eligibility requirements prior to January 1, 2012. The Plan was adopted in 1984 and since establishment has been amended on numerous occasions to comply with various requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and U.S. tax law as well as to merge certain other Company approved defined benefit plans into the Plan.

Effective January 1, 1997, the Plan was amended and converted to a cash balance program. Amounts credited to the participants' cash balance accounts at January 1, 1997 consisted of opening cash balances equal to the single sum present value, using stated actuarial assumptions, of the participants' accrued normal retirement benefits earned through December 31, 1996 under the former plans.

Effective July 31, 2006, the Company merged the May Department Stores Company Retirement Plan and the Federated Department Stores, Inc. Former Subsidiary Pension Plan, both of which were sponsored by the Company, into the Plan. The merger of the May Department Stores Company Retirement Plan and the Federated Department Stores, Inc. Former Subsidiary Pension Plan into the Plan did not impact benefit accruals.

Effective January 1, 2012, the Plan was closed to new participants, with limited exceptions. Effective December 31, 2013, participants in the Plan no longer earn future pension service credits, with limited exceptions. All retirement benefits attributable to service in subsequent periods are provided by the Company through defined contribution plans.

The Plan was amended in June 2023 to provide for the purchase of an annuity contract for certain pension benefits being paid by the Plan. The Plan transferred approximately \$294,489,000 during 2023 to an insurance carrier, which is included in benefit payments in the statement of changes in net assets available for benefits.

**b. Eligibility and Vesting**

Prior to January 1, 2012, employees were generally eligible for participation in the Plan after one year of service of at least 1,000 hours and after reaching a minimum age of 21. However, no new participants (or rehires) entered the Plan on or after January 1, 2012. Exceptions include certain associates covered by a collective bargaining agreement and previous plan participants who rehire within the same calendar year of their termination.

A participant generally became fully vested in the Plan upon completing three years of vesting service with the Company.

**c. Pension Benefits**

Pension benefits are maintained in separate bookkeeping accounts for each participant. Plan assets are not allocated to individual participants. Plan assets are commingled to pay the benefits of all Plan participants.

MACY'S, INC.  
CASH ACCOUNT PENSION PLAN  
Notes to Financial Statements  
December 31, 2023 and 2022

---

Pension benefits for certain employees include an initial balance based on the single sum value of the December 31, 1996 accrued benefit under the Company's former plans, pay credits for plan years beginning on or after January 1, 1997, and quarterly interest credits.

The initial cash balance was actuarially calculated by applying the December 31, 1996 accrued benefit under the prior plans to actuarial factors set forth in the Plan. Such actuarial factors depended on the participant's age and the prior pension plan or plans in which the benefit was earned.

Effective December 31, 2013, participants in the Plan no longer earn future pension service credits, with limited exceptions.

An interest credit is added to each participant's account at the end of each calendar quarter, until benefit payments have commenced. The interest rate for each Plan year is based on the greater of the rate quoted for 30-year U.S. Treasury bonds for the November preceding the start of such year or 5.00%. The interest credit rate for both the 2023 and 2022 Plan years was 5.00%.

The Plan contains special minimum benefit guarantees for all participants who participated in one of the Company's prior tax-qualified pension plans on or before December 31, 1996. The value of any benefit to which the participant is entitled under the Plan cannot be less (as determined under actuarial factors set forth in the Plan) than the value of the benefit that would have been paid had termination occurred no later than December 31, 1996. In addition, for any active participant on December 31, 1996 who retires (or had retired) after reaching age 55 with at least 10 years of vesting service prior to December 21, 2001, annuity benefit payments, other than single life annuity benefits, cannot be less than annuity benefits would have been if the participant's 1996 pension plan benefit formula had continued in effect.

Pension benefits for certain participants of the former May Department Stores Company Retirement Plan and the Federated Department Stores, Inc. Former Subsidiary Pension Plan generally continue to be calculated under their applicable benefit formulas and are primarily based on years of credited service and career pay. The Plan contains special minimum benefit guarantees for participants of the former May Department Stores Company Retirement Plan.

Benefits under the Plan can be paid in a lump sum or in a variety of annuity forms. However, if the participant's pension benefit is \$5,000 or less, it will be distributed to the participant in a lump sum.

**d. Death and Disability Benefits**

If a participant dies prior to receiving a retirement benefit, the benefit becomes payable to the participant's beneficiary under the Plan. If the participant's beneficiary is the surviving spouse, the Plan provides that the benefit payment will be a single life annuity beginning as of the first day of the month following the later of the date the participant would have attained normal retirement age had the participant survived or the date of death. However, the surviving spouse may elect to begin payment of the benefit as of any earlier first day of a month which follows both the participant's death and such election and/or to have such benefit payment paid in a lump sum. If the participant's beneficiary is either a named beneficiary other than the surviving spouse or the participant's estate, then such benefit will generally be paid in a lump sum as soon as administratively practical after the participant's death.

Active participants who become totally disabled (and are approved for total disability by the Pension and Profit Sharing Committee) continue to earn pay credits, if applicable, under the Plan until retirement benefits commence or the participant reaches the normal retirement age, whichever occurs first. For purposes of earning additional pay credits, participants receive credit for a year of vesting service for each full calendar year included in the period from total disability to the date that retirement benefits commence, and the pay for each such full year is deemed to be equal to the amount of pay taken into account under the Plan for the last full calendar year of employment. Interest credits are earned until retirement benefits commence.

**2. Summary of Significant Accounting Policies**

**a. Master Trust**

The Plan participates in the Macy's, Inc. Defined Benefit Plans Master Trust (Master Trust) Agreement with JP Morgan Chase N.A. (the Trustee). Under the terms of the Master Trust, the Trustee serves as the custodian for the Master Trust. At December 31, 2023 and 2022, the Master Trust held the assets of the Plan and the Broadway Stores, Inc. Pension Plan for Participating Concessionaires, both of which are sponsored by the Company. The Macy's, Inc. Pension and Profit Sharing Committee and the Trustee select a diversified group of investment managers who determine purchases and sales of investments for the respective portions of the assets in the Master Trust managed by them. In addition, investment managers may enter into certain derivative financial instruments within the guidelines of the Plan's investment policy in order to meet the Plan's primary investment objectives of payment of benefit obligations to Plan participants and an ultimate realization of investment returns over longer periods in excess of inflation. Derivative investments of the Master Trust may include the following types of financial instrument contracts: interest rate, foreign exchange, equity, commodity, credit, agency mortgage forward and other types of contracts.

**b. Basis of Presentation**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**c. Investment Valuation and Income Recognition**

The fair value of the Plan's participation in the Master Trust, as certified by the Trustee, is based on the beginning of year value of the Plan's participation in the Master Trust plus allocated investment income or loss and actual contributions, less actual distributions and allocated administrative expenses. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses on the sale of securities are reported on the average cost method.

Money market investments include highly liquid fixed-income securities with a maturity of three months or less.

Dividend income is recorded on the ex-dividend date. Interest and other income from investments are recorded as earned on an accrual basis.

**d. Actuarial Present Value of Accumulated Plan Benefits**

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) active participants (b) retired participants and (c) terminated vested participants. Benefits payable are included, to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

**MACY'S, INC.**  
**CASH ACCOUNT PENSION PLAN**  
Notes to Financial Statements  
December 31, 2023 and 2022

---

Actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

**e. Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

**f. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

**g. Reclassifications**

Certain reclassifications were made to prior years' amounts to conform with the classifications of such amounts in the most recent year.

**h. Subsequent Events**

The Plan has evaluated subsequent events through **October 15, 2024**, the date the financial statements were available to be issued.

**3. Obligation for Pension Benefits**

The Company contributes amounts to the Plan as deemed necessary on an actuarially determined basis to provide the Plan with assets sufficient to meet the anticipated benefits to be paid to participants and in accordance with ERISA. The contributions are calculated using the standard unit credit method. These amounts fall between the minimum and maximum contributions allowed under the provisions of the Internal Revenue Code and ERISA. For the 2023 and 2022 Plan years, the Plan's funding was impacted by the Pension Protection Act of 2006. No pension contributions were required for the 2023 and 2022 Plan years.

The calculation of the present value of accumulated plan benefits was made by a third party actuary. Significant assumptions underlying the actuarial computations as of December 31, 2023 and 2022 include:

- a) For 2023 and 2022, the Pri-2012 White Collar mortality table, projected from 2012 to 2016 using MP-2018, and then projected forward to the measurement date using MP-2021.
- b) Withdrawal and retirement rates based on an age-graded scale.
- c) Interest rate of 5.30% compounded annually at both December 31, 2023 and 2022.

#### 4. Investments

All of the Plan's investments are included in the Master Trust. The assets of the Master Trust are held by the Trustee. Each participating plan has an undivided interest in the Master Trust. At December 31, 2023 and 2022, the Plan's interest in the net assets of the Master Trust was approximately 99.9%. Investment income or loss and administrative expenses relating to the Master Trust are allocated to the individual plans based upon monthly balances invested by each plan.

The Plan's investment managers may execute transactions in various financial instruments that may give rise to varying degrees of off-balance sheet market and credit risk, including derivatives. Derivatives are instruments that derive their value from underlying asset prices, indices, reference rates and other inputs, or a combination of these factors. Derivatives may be privately negotiated contracts, which are usually referred to as over-the-counter (OTC) derivatives, or they may be listed and traded on an exchange (exchange-traded). The Plan may enter into various types of derivatives, including:

- *Futures and Forwards:* Contracts that commit counterparties to purchase or sell financial instruments, commodities or currencies in the future.
- *Swaps:* Contracts that require counterparties to exchange cash flows such as currency or interest payment streams. The amounts exchanged are based on the specific terms of the contract with reference to specified rates, financial instruments, commodities, currencies or indices.
- *Options:* Contracts in which the option purchaser has the right, but not the obligation, to purchase from or sell to the option writer financial instruments, commodities or currencies within a defined time period for a specified price.

Market risk includes risk that arises from the potential for changes in value of financial instruments resulting from fluctuations in interest and foreign exchange rates and in prices of debt and equity securities. In many cases, these financial instruments serve to reduce, rather than increase, the Plan's exposure to losses from market or other risks. In addition, the measurement of market risk is meaningful only when all related and offsetting transactions are identified. The investment managers may limit the Plan's market risk by holding or purchasing offsetting positions.

As a writer of options contracts, the Plan may receive a premium to become obligated to buy or sell financial instruments for a period of time at the holder's option. During this period, the Plan would bear the risk of an unfavorable change in the market value of the financial instrument underlying the option, but would have no credit risk, as the counterparty has no performance obligation to the Plan once it has paid its cash premium.

The Plan may be subject to credit risk of counterparty nonperformance on derivative contracts in a gain position, except for written options, which obligate the Plan to perform and do not give rise to any counterparty credit risk.

Investments, including equity securities and fixed income securities, are reported at fair value as determined by quoted market prices on an active market, where applicable. Certain debt instruments are valued based on yields currently available on comparable securities of issuers with similar credit ratings. The fair value of money market investments, other types of investments, including real estate and private equity, and other derivative contracts, represents the net asset value of shares or underlying assets of the investment as a practical expedient to estimate fair value. Real estate investments are valued using appraisals conducted by experts at least once per year on each property, and those appraisals are certified by independent appraisal consulting firms. Derivatives which are traded over the counter are valued using dealer supplied valuations and certain other derivatives are valued on the basis of valuations received from the counterparty. Derivatives are presented on a gross basis in the disclosure of fair values of investments of the Master Trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2023 and 2022, the Master Trust had approximately \$638,426,000 and \$619,404,000 respectively, of investments for which the Plan has concluded that the net asset value reported by the underlying fund approximates the fair value of the investment or net asset value is used as a practical expedient to fair value. These investments are redeemable with the fund at net asset value under the original terms of the partnership agreements and/or subscription agreements and operations of the underlying funds. Due to the nature of the investments held by the funds, changes in market conditions and the economic environment may significantly impact the net asset value of the funds and, consequently, the fair value of the Plan's interests in the funds.

Money market pooled funds invest in high quality, short-term money market instruments which are issued and payable in U.S. dollars. The funds aim to provide the highest possible level of current income while still maintaining liquidity and preserving capital. International equity pooled funds seek to provide long-term capital growth and income by investing in equity securities of non-U.S. companies located both in developed and emerging markets. There are generally no redemption restrictions or unfunded commitments related to the Master Trust's money market pooled funds, equity securities or fixed income securities.

Real estate investments include several funds which seek risk-adjusted return by providing a stable, income-driven rate of return over the long term with high potential for growth of net investment income and appreciation of value. Investments may relate to various types of real estate including stable properties of

high quality and design, properties under distress or dislocation which can produce high investment returns and wholly-owned equity real estate assets diversified based on strategy and life-cycle. The Master Trust has unfunded real estate commitments at December 31, 2023 of approximately \$3,940,000.

Private equity investments have an objective of realizing aggregate long-term returns in excess of those available from investments in the public equity markets. The funds may include investments in partnerships or direct investments in various stages of business development, industry sectors, investment cycles and geographic areas. The funds may also invest in pooled investment vehicles relating to business growth strategies, business changes or acquisition transactions, refinancing and recapitalization transactions, or other corporate finance transactions. The Master Trust's private equity investments are subject to lock-up periods ranging from approximately three to five years with no redemption provisions and the Master Trust has unfunded private equity commitments at December 31, 2023 of approximately \$17,642,000.

Due to the nature of the underlying assets of the real estate and private equity investments, changes in market conditions and the economic environment may significantly impact the net asset value of these investments and, consequently, the fair value of the Pension Plan's investments. These investments are redeemable at net asset value to the extent provided in the documentation governing the investments. However, these redemption rights may be restricted in accordance with the governing documents. Redemption of these investments is subject to restrictions including lock-up periods where no redemptions are allowed, restrictions on redemption frequency and advance notice periods for redemptions.

Although a secondary market exists for certain of these real estate, and private equity investments, it is not active and individual transactions are typically not observable. When transactions occur in this limited secondary market, they may occur at discounts to the reported net asset value. Therefore, if the redemption rights in the funds were restricted or eliminated and the Plan were to sell these investments in the secondary market, it is reasonably possible that a buyer in the secondary market may require a discount to the reported net asset value, and the discount could be significant. However, the Plan does not anticipate selling any of these investments in such a secondary market.

ASC Topic 820 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and requires additional disclosures about fair value measurements. The ASC Topic 820 fair value hierarchy consists of three levels:

Level 1 fair values are valuations based on quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access;

Level 2 fair values are those valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities; and

Level 3 fair values are valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table presents the fair values of investments, excluding interest and dividend receivables and pending investment purchases and sales, total net assets for the Master Trust and the Plan's Interest in the Master Trust as of December 31, 2023 and 2022. For the years ended December 31, 2023 and 2022 there were no significant transfers in or out of levels 1, 2 or 3 investments.

Notes to Financial Statements  
December 31, 2023 and 2022

Net investment income, including realized and unrealized appreciation, for the Master Trust for the year ended December 31, 2023 is as follows:

|                                               | <b>2023</b>    |

| Net appreciation in fair value of investments | \$ 95,441      |
| Interest and dividends                        | 84,208         |
| Total investment income                       | 179,649        |
| Investment manager expenses                   | (4,901)        |
| Net investment income                         | \$ 174,748     |

**5. Plan Termination**

While the Company has not expressed any intent to terminate the Plan or to discontinue contributions, it has the right to do so at any time, subject to the provisions set forth in ERISA. Should the Plan be terminated at some future date, all participants will become 100% vested in benefits earned as of the termination date.

If the termination is the result of the bankruptcy or near bankruptcy of the Company and the Plan's assets are not adequate to pay all benefits vested prior to the termination, the Pension Benefit Guaranty Corporation (the PBGC) will take over the Plan and will pay those benefits which it guarantees. In this case, some participants may receive a smaller benefit than if the Plan had continued. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits (as described in the Plan document) and the level of benefits guaranteed by the PBGC at that time.

If however, the Plan is terminated for any reason other than the bankruptcy or near bankruptcy of the Company and the Plan has insufficient assets, the Company will be required to pay to the Plan an amount which together with Plan assets will satisfy all benefits accumulated to the date of the Plan termination.

**6. Federal Income Taxes**

The Plan obtained its latest determination letter on April 5, 2021, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended. The Plan Sponsor and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. However, in the ordinary course of investing the Plan does pay a negligible amount of excise tax on unrelated business taxable income.

Accounting principles generally accepted in the United States of America require the Plan Sponsor to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2020.

**7. Administrative Expenses**

The Plan pays reasonable and necessary expenses incurred for the ongoing administration of the Plan. Administrative expenses are paid directly by the Plan or the Master Trust or are first paid by the Plan Sponsor and subsequently reimbursed by the Plan or the Master Trust.

**8. Related Parties**

Certain Master Trust investments are units of the JPMCB International Equity Fund, Prime Money Market Fund and various private equity funds. JP Morgan Chase N.A. is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Master Trust paid the Trustee approximately \$314,000 in administrative expenses, principally Trustee fees in 2023. In addition to expenses incurred by third party service providers, administrative expenses include an allocable portion of services provided by the Plan Sponsor and salaries and benefits of associates who provide services to the plans included in the Master Trust. The Master Trust was allocated approximately \$1,596,000 of Plan Sponsor administrative expense in 2023.

**9. Risks and Uncertainties**

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, overall market volatility, political, currency and regulatory risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
