Independent Auditor's Report

To the Plan Administrator
C-4 Analytics, LLC 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of C-4 Analytics, LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a – Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note A – Description of Plan

The following description of the C-4 Analytics, LLC 401(k) Profit Sharing Plan and Trust (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of C-4 Analytics, LLC (the “Company”, “Plan Administrator”, or “Employer”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment options and monitors investment performance. Prior to January 1, 2023, employees were eligible to participate in the Plan as of the first day of the Plan quarter coinciding with or subsequent to a period of 6 months of service and having attained the age of twenty-one. Effective January 1, 2023, employees are eligible to participate in the Plan as of the first day of the Plan quarter coinciding with or subsequent to the completion of 3 months of service and having attained the age of twenty-one.

SECURE ACT 2.0

In December 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan documents accordingly. Certain provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2023 financial statements.

Contributions

Each year, participants may make pre-tax elective contributions and Roth 401(k) contributions of eligible compensation, as defined in the Plan, subject to certain Internal Revenue Service (“IRS”) limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans. Participants direct the investment of contributions made into their accounts into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate initially set at 3% of eligible compensation during the first and second year of service, and thereafter, increasing 1% each year to a maximum of 6%, and their contributions are invested in a designated investment option until changed by the participant.

Notes to Financial Statements

Note A – Description of Plan (continued)

Contributions

The Company may make employer nonelective contributions including employer profit sharing contributions to participants based upon the approval of its Board of Directors. The Board of Directors approved a profit sharing contribution covering the years ended December 31, 2023 and 2022 in the amount of \$456,263 and \$459,965, net of forfeitures, respectively, which are included in the employer contributions receivable on the statements of net assets available for benefits. A participant is eligible to receive the profit sharing contribution if he or she is employed on the last day of the Plan year or if death, total and permanent disability, or termination of employment on or after normal retirement age. The Company may make matching contributions in an amount equal to a percentage of the amount contributed by each participant. The discretionary matching contributions may be limited to a certain dollar amount. For the year ended December 31, 2023, the Company did not make matching contributions. For the year ended December 31, 2023, the Company made QACA ADP safe harbor matching contributions equal to 100% of the participant's contribution not exceeding 1% of compensation plus 50% of the elective deferrals that exceed 1% of the employee's compensation up to 6% of compensation. All contributions are subject to maximum amounts as permitted by the IRS.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, if any, Plan earnings (losses) from investments and is charged for specific administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the employer profit sharing contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service. Participants are immediately vested in safe harbor employer matching contributions plus earnings thereon.

A participant who attains normal retirement age or who becomes disabled or dies will be considered 100% vested.

C-4 ANALYTICS, LLC 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Note A – Description of Plan (continued)

Payment of Benefits

Upon a disability, retirement, or termination of employment with the Company for any reason, the participant will be entitled to receive a lump sum, partial payment, or installment distribution of the total vested portion of his or her account. The Plan may automatically make distributions to terminated participants, without their consent, if the value of their vested account balances does not exceed \$5,000 and if such amount is at least \$0.01, such amount will be rolled over to an individual retirement account if the participant does not make an affirmative election to either receive or rollover the distribution.

Active participants may take a distribution from the vested portion of their account if they are at least age 59½ or through a hardship distribution. Participants may make a distribution from their rollover account at any time.

Forfeitures

As of December 31, 2023 and 2022, forfeited non-vested amounts totaled \$11,225 and \$6,209, respectively. The forfeitures of unvested account balances will be used to reduce administrative expenses or employer contributions. During the year ended December 31, 2023, forfeitures in the amount of \$26,680 were used to reduce administrative expenses and \$1,832 were used to reduce Employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are secured by the balance in the participant's account. The rate of interest to be paid by the participant must be commensurate with the rate of interest charged on similar commercial loans by persons or institutions in the business of lending money in the same geographic area as the Employer. Principal and interest are paid ratably through bi-weekly after-tax payroll deductions. Interest rates are fixed for the duration of the loan. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C-4 ANALYTICS, LLC 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Note B – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. Investments in fully benefit-responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividend income includes capital gain distributions from the investments. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, then the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Distributions and administration of notes receivable from participants are charged directly to the applicable participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Evaluation of Subsequent Events

The Plan Administrator has evaluated the effect which subsequent events may have on these financial statements. The Plan Administrator's evaluation was completed on October 11, 2024, the date the financial statements became available to be issued.

C-4 ANALYTICS, LLC 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Note C – Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. *Level 1* inputs, in general, consist of unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access, *Level 2* inputs, in general, consist of quoted prices for similar assets in active markets, and *Level 3* inputs are unobservable and significant to the fair value measurement priority.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of each year end.

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,601,913	\$ -	\$ -	\$ 13,601,913
Investments, at fair value	<u>\$ 13,601,913</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,601,913</u>

Investments, at fair value	<u>\$ 8,854,007</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,854,007</u>

There were no transfers between levels for the years ended December 31, 2023 and 2022.

C-4 ANALYTICS, LLC 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Note D – Fully Benefit-Responsive Investment Contract

A portion of the Plan's assets are invested in The Standard Stable Asset D ("Investment") which is considered a fully benefit-responsive investment contract. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participant transactions (purchases and sales) may occur daily. Standard Insurance Company ("Standard") may in its sole discretion reserve the right to change the mode of operation of the Investment but only as to contributions or transfers directed to the account on or after the effective date of the modification. The effective date of any modification shall be the first day of the next calendar quarter. Standard will deliver a written notice to the Plan at least 60 days before the modification becomes effective.

Standard maintains the deposits in an unallocated general fund to which it adds interest at the contract rate and charges participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer on an annual basis, but it may not be less than 1%. A market value adjustment may apply to amounts withdrawn at the request of the contract holder. Such interest rates are reviewed quarterly for resetting.

Participant-initiated withdrawals or transfer requests directly or indirectly arising out of corporate acts such as spin-offs, divestitures, corporate relocations, layoffs, retirement incentive programs, partial or total Plan terminations, or the liberalization of Plan withdrawal or transfer rules, are all contract owner withdrawals. Such payments are not treated as benefit withdrawals.

Certain events limit the ability for contract owner withdrawals such as if (1) the total amount of all transfers and withdrawals from the Investment in a calendar year exceeds 25% of the total Investment's assets as of January 1st of the year in which the contract owner withdrawal is requested, the contract owner withdrawal will be subject to certain limitations as outlined in the agreement and (2) if the total amount of the requested contract owner withdrawal exceeds 25% of the total Investment assets as of January 1st of the year in which the contract owner withdrawal is requested, the contract owner withdrawal will be subject to certain limitations as outlined in the agreement.

The Plan may terminate the group annuity contract without 30 days advance written notice to the other party. Standard may terminate the group annuity contract at any time after sending written notice for reasonable cause such as (1) if Standard believes the Plan is not abiding by state and federal law; (2) if the Plan have not rendered the performance necessary to comply with the terms of the contract; (3) if the balance of the Investment has fallen below \$25,000; (4) if the IRS disqualifies the Plan; or (5) if the Plan has not been adopted within a reasonable period of time. The written notice of termination is effective no sooner than 30 days after the date the Plan receives written notice.

Note E – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

C-4 ANALYTICS, LLC 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Note F – Tax Status

The Company adopted a non-standardized pre-approved profit sharing 401(k) plan. The non-standard preapproved profit plan received a favorable opinion letter from the IRS on June 30, 2020 which stated that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since the non-standardized pre-approved profit plan received the favorable opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest expense or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G – Information Certified by Custodian (Unaudited)

For the years ended December 31, 2023 and 2022, Reliance Trust Company held the Plan’s assets as custodian. The following is a summary of the Plan’s financial information that is included in the financial statements based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note H – Related Party Transactions and Parties-In-Interest Transactions

Certain operating expenses of maintaining the Plan are paid by the Company. Additionally, employees of the Company perform certain routine administrative services for the Plan without charge.

The Plan invests in the fully benefit-responsive investment contract that is managed by Standard Insurance Company, an affiliate of the Plan's recordkeeper. For the year ended December 31, 2023, the Plan incurred \$32,718 of recordkeeping fees and \$17,158 of investment advisory fees.

Notes receivable from participants, which are secured by the participant's account balance, also qualify as party-in-interest transactions.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note J – Reconciliation of Financial Statements to Form 5500

The net assets available for benefits and changes in net assets available for benefits per these financial statements agree to Schedule H of the Form 5500. There are no reconciling items.

Note K – Delinquent Participation Contributions

Plan related salary deferrals and loan repayments withheld from employees' paychecks must be deposited into the Plan as soon as reasonably possible. When this regulation is not satisfied, the Plan sponsor has engaged in a prohibited transaction.

During the plan year ended December 31, 2023, a contribution of \$45,737 was not remitted to the Plan in a timely manner. A corrective contribution was made on December 14, 2023. Lost earnings were funded into the Plan on January 22, 2024.

During the plan year ended December 31, 2023, contributions of \$135,700 were not remitted to the Plan in a timely manner. Management is in the process of correcting the delinquent contributions and lost earnings have not yet been funded.

Note L – Subsequent Events

Effective September 1, 2024, the Plan allows for an In-Plan Roth conversion feature. Additionally, if a participant is eligible for a distribution and currently an employee, they may elect to roll over all or a portion of their distribution to a designated Roth contribution account in the Plan. A participant is eligible to elect a deemed distribution solely for purposes of making an In-Plan Roth Rollover if they satisfy the following condition:

- Participant must be 59 1/2. However, if elected by Plan, any money (untaxed) previously rolled over to the Plan is eligible for In-Plan Roth Rollover at any time, as are any employee after-tax contributions (if allowed by Plan).

C-4 ANALYTICS, LLC 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Note L – Subsequent Events (continued)

The following limitations apply to the In-Plan Roth Rollovers:

- The minimum In-Plan Roth Rollover amount is \$1,000.
- An In-Plan Roth Contribution can only be made from accounts which are 100% vested.
- A transfer can only be made at a time when you are still employed.
- Loans may not be distributed as part of the distribution.

Participants under the Plan, may make an In-Plan Roth Rollover Transfer (provided they are an employee at the time of the transfer). An In-Plan Roth Rollover Transfer allows the participant to elect to change the tax treatment of all or some of their pre-tax accounts provided the account is 100% vested. However, loans may not be rolled over as an In-Plan Roth Rollover Contribution.

The following limitations apply to the In-Plan Roth transfers:

- The minimum amount that may be transferred is \$1,000.
- A transfer can only be made from accounts which are 100% vested.
- Loans may not be distributed as part of the distribution.
- A transfer can only be made at a time when you are still employed.

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
