Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PLANTE & MORAN, PLLC**

(2) EIN: **38-1357951**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

To the Plan Administrator
The Cleveland Museum of Art Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of The Cleveland Museum of Art Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the plan sponsor of The Cleveland Museum of Art Pension Plan purchased an annuity contract for certain plan participants to relieve the Plan of the liability as of December 31, 2023. Our opinion is not modified with respect to this matter.

To the Plan Administrator
The Cleveland Museum of Art Pension Plan

As explained in Note 6, the financial statements included investments valued at approximately \$3,662,487 and \$30,958,000 at December 31, 2023 and 2022, respectively, whose fair value was estimated by management in the absence of readily determinable market value. Management's estimates were based on information provided by John Hancock Life Insurance Company (U.S.A.). Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

To the Plan Administrator
The Cleveland Museum of Art Pension Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of December 31, 2023 and reportable transactions for the year ended December 31, 2023 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).
- The supplemental schedules of assets held at end of year as of December 31, 2023 and of reportable transactions for the year ended December 31, 2023 that accompany the financial statements do not disclose the historical cost of certain nonparticipant-directed plan assets held by a qualified institution. Disclosure of this information is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Note 1 - Plan Description

The following description of The Cleveland Museum of Art Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan covering all employees of The Cleveland Museum of Art (the "Museum") who have completed 1,000 hours of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2023, the Cleveland Museum of Art discontinued the Group Annuity Contract No. 544 GAC issued by John Hancock Life Insurance Company (U.S.A.). As a result of the discontinuance, there was suspension and discontinuance of payment of contributions after establishing guaranteed benefits for certain participants and other individuals under the contract. The related obligation for the Plan participants, or participant's respective survivors and beneficiaries, who have retired and who are currently receiving their established benefit payments under the contract was used to purchase an allocated contract by John Hancock Life Insurance Company (U.S.A.) December 2023 for \$25,410,851. No continued obligation will be recorded related to these participants for the actuarial information as of and for the plan year ended December 31, 2023. Prior to the discontinuance of the group annuity contract, the contract was unallocated and covered all participants of the Plan. As a result of the discontinuance of the group annuity contract, the Plan is entitled to a participation right. See further discussion in Note 2.

Any remaining participants not currently receiving established benefit payments were released from coverage under the contract. The obligation to pay future benefits for these related participants remains an obligation of the Plan. On the discontinuance date, the transferable balance, difference between liability of the fund, the balance of the immediate participation guarantee fund, consideration for the participation right, plus additional excess cash of approximately \$5,157,000, was transferred to Charles Schwab Trust Bank. Based on the timing of the transaction right at year end, the funds transferred to Charles Schwab Trust Bank were held in a combination of interest bearing and non-interest bearing cash, as reflected on the Statement of Net Assets Available for Benefits.

Pension Benefits

Participants shall accrue yearly benefit payments in an amount equal to 1 percent of the career average compensation multiplied by the number of years of service credited. As of December 31, 2010, employees who had not attained age 45 with at least 5 years of service under the Plan and whose age plus years of service under the Plan did not total at least 60 ceased to accrue additional benefits. Those employees who had attained the above qualifications were able to make a one-time irrevocable election to continue to accrue additional benefits under the Plan. The Plan permits early retirement at age 55 with at least 10 years of service. Employees may elect to receive the value of their accumulated plan benefits as a life annuity payable monthly from retirement. Employees may also elect to receive their pension benefits in the form of a joint and survivor annuity. Employees whose accrued benefits are \$5,000 or less upon termination or retirement will receive the value of their accumulated plan benefits as a lump-sum distribution.

Death Benefits

If an active or terminated married employee who has a vested interest in the Plan dies prior to his or her benefit commencement, a death benefit equal to the benefit the employee would have received under the qualified joint and survivor annuity form had he or she retired on the day immediately preceding the date of his or her death will be paid to the surviving spouse. A beneficiary of employees (either married for at least one year or single) will at least receive a cash payment equal to the employee's contribution accumulation.

December 31, 2023 and 2022

Note 1 - Plan Description (Continued)

Funding

Contributions are made by the Museum in actuarially determined amounts. The Museum's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

Funding Policy

The Plan no longer allows participant contributions.

Accumulated employee contributions of nonretired participants are approximately \$2,187,000 and \$2,231,000 as of December 31, 2023 and 2022, respectively, including related investment income. Interest on amounts contributed to the Plan subsequent to January 1, 1988 is determined based on 120 percent of the federal midterm rate in effect as of the first month of the plan year (4.62 and 1.57 percent as of January 1, 2023 and 2022, respectively). Accumulated employee contributions were transferred to Charles Schwab Trust Bank as a part of the discontinuance noted above.

Vesting

A participant is fully vested in his or her employer pension benefit after five years of credited service. Participants are immediately vested in their employee contributions and any income thereon.

Administration

The Museum is the sponsor of the Plan. The pension committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. John Hancock Life Insurance Company (U.S.A.) functioned as trustee and investment manager. Charles Schwab Trust Bank functions as the investment custodian. USI Advisors, Inc. functions as the investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Party-in-interest Transactions

Plan assets including a group annuity contract and investment funds are managed by John Hancock Life Insurance Company (U.S.A.) and Charles Schwab Trust Bank or their affiliates. John Hancock Life Insurance Company (U.S.A.) was the trustee of the Plan and John Hancock Life Insurance Company (U.S.A.) and Charles Schwab Trust Bank are the custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Allocated Contracts

The Plan has allocated insurance contract from John Hancock Life Insurance Company (U.S.A.) for retirees who were covered under the Plan in prior years. See Note 1 and Note 6. The activity related to the allocated insurance contracts for retirees receiving benefits is excluded from the financial statements. The Plan retains a participation right on this contract, such that it will receive dividend income on this contract, however has no obligation to pay benefits related to prior plan participants. There was no dividend income received on the allocated contract for the year ended December 31, 2023.

December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The estimated fair value of the group annuity contract is based on contract value, adjusted for certain contractual provisions. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The money market fund is valued at fair value based on its outstanding balance. The participation right of insurance contract is valued based on the conversion dividend value quoted to the plan sponsor at year-end, which is the value that the plan sponsor would receive at that date if they were to convert the contract to a non-participating contract and give up their participation right. See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Museum. These transactions qualify as party-in-interest transactions.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments that are attributable, under the Plan's provisions, to the services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to the following:

- (a) Retired or terminated employees or their beneficiaries
- (b) Present employees or their beneficiaries
- (c) Beneficiaries of employees who have died

Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee services rendered to the valuation date.

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary from USI Consulting Group as of the beginning of each plan year and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

The significant actuarial assumptions used in the valuation of the Plan at January 1, 2023 are summarized as follows:

Actuarial cost method	Entry age normal actuarial cost method
Assumed rate of return	4.75 percent per annum
Mortality basis	Pri-2012 Total Dataset Amount-Weighted Mortality projected forward generationally using the MP-2021 scale with separate rates for employees, retirees, terminated vested and contingent survivors.
Retirement	Age 60 through 80

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and that, due to the uncertainties inherent in setting assumptions, the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 11, 2024, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

John Hancock Life Insurance Company (U.S.A.) and Charles Schwab Trust Bank (the "Custodians") hold the Plan's investments, and execute related investment transactions. The investment balances and related investment results included in the accompanying financial statements, supplemental schedule of assets held at end of year, and supplemental schedule of reportable transactions other than the participation right of insurance contract, are based solely on information certified by the Custodians.

December 31, 2023 and 2022

Note 4 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by consulting actuaries from USI Consulting Group as of the beginning of each plan year. The calculation of the estimated present value of accumulated plan benefits attributable to participants in the Plan, which was made as of January 1, 2023, the most recent actuarial valuation, is as follows:

Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving benefit payments	\$ 21,319,295
Other vested participants	15,046,043
Total vested benefits	36,365,338
Nonvested benefits	98,544
Total actuarial present value of accumulated plan benefits	<u>\$ 36,463,882</u>

A summary of significant changes in the actuarial present value of accumulated plan benefits during the year ended January 1, 2023 is as follows:

Actuarial present value of accumulated plan benefits - Beginning of year	\$ 36,812,988
Increase (decrease) during the year attributable to:	
Benefits accumulated	231,725
Interest due to the decrease in the discount period	1,695,189
Benefits paid	<u>(2,276,020)</u>
Net decrease	<u>(349,106)</u>
Actuarial present value of accumulated plan benefits - End of year	<u>\$ 36,463,882</u>

As described in Note 1, the Plan purchased an annuity contract and transferred the remaining liability for certain participants as of December 31, 2023. The impact of the annuity purchase has not been reflected in the January 1, 2023 actuarial present value of accumulated plan benefits or changes in actuarial present value of accumulated plan benefits for the year then ended.

Note 5 - Group Annuity Contract

Through December 31, 2023, the Plan invested in an unallocated immediate participation guarantee group annuity contract with John Hancock Life Insurance Company (U.S.A.). The insurer credits the Plan's deposits that are intended to provide future benefits to present and terminated vested employees in an account that is invested with other assets of the insurer. The account is credited with its share of actual income over the fixed-rate income and mortality experience. When a participant retires, benefit payments are made directly from the account. The balance of the account must be maintained at the amount required, according to a premium schedule in the contract, to provide for the remaining pension benefits for all current retirees. This portion of the account is referred to as the retired life fund.

December 31, 2023 and 2022

Note 5 - Group Annuity Contract (Continued)

In addition to the group annuity contract recorded in the accompanying statement of net assets available for benefits, there is a contingency account. Effective December 31, 2023, as a result of the discontinuance of the group annuity contract, the contingency account was liquidated and funds were transferred to John Hancock Life Insurance Company (U.S.A.). At December 31, 2022 the contingency account held a fair value of approximately \$503,000, that is not an asset of the Plan and, therefore, is not included in the financial statements. This contingency account, however, is a contractual asset of the insurer and is considered an asset for actuarial reporting purposes. The income earned on the account may only be used to reduce future employer contributions. The group annuity contract recognized income of approximately \$19,000 for 2023 and approximately \$20,000 for 2022 (included in interest income) from the contingency account. The group annuity contract provides for periodic dividends at John Hancock Life Insurance Company (U.S.A.)'s discretion on the basis of its experience under the contract. No dividends were received in 2023 or 2022.

Effective December 31, 2023 this contract was discontinued. See Note 1 for additional information.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2023	
		Investments (at Fair Value)	Level 2
Money market fund		\$ 802,138	\$ 802,138
Participation right of insurance contract		3,662,487	3,662,487
Total		\$ 4,464,625	\$ 4,464,625

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2022	
	Investments (at Fair Value)	Level 2
Group annuity contract	\$ 30,957,587	\$ 30,957,587

There were no unfunded commitments or redemption restrictions on the investments described above.

Note 7 - Plan Termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Note 8 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Salary Scale

Future pays are projected using a salary scale of 3.00%. For accrued benefits actual individual pay histories have been used with missing years filled in using 3.00%.

Based on an experience study completed in 2018 covering the period from January 1, 2012 to December 31, 2016. The plan sponsor believes that this period will be representative of anticipated future experience.

Mortality

Mortality as provided in Notice 2022-22, male and female, with different rates for annuitants and nonannuitants (as prescribed by IRC 430).

Rates of Retirement

<u>Age(s)</u>	<u>Rate</u>
60-64	5.00%
65-69	20.00
70-79	25.00
80+	100.00

Weighted Average Retirement Age is 68. This is the average retirement age for someone eligible to retire at all ages using the assumed rates and no other decrements.

Rationale: Based on an experience study completed in 2018 covering the period from January 1, 2012 to December 31, 2016. The plan sponsor believes that this period will be representative of anticipated future experience.

Rates of Disability

<u>Age(s)</u>	<u>Rate</u>										
25	18.51%										
35	8.78										
45	6.21										
55	2.92										
	Rationale: Based on an experience study completed in 2018 covering the period from January 1, 2012 to December 31, 2016. Due to the small number of active participants, the experience analysis was fitted to a standard Society of Actuaries table.										
Assumptions Made In Valuing Spouse's Benefit	Ninety percent of the male and seventy-five percent of the female employees included in the valuation are assumed to be married. These percentages are used as the probabilities that survivor benefits will be payable due to preretirement deaths. The wife is assumed to be four years younger than the husband.										
Optional Form Selection	All participants are assumed to elect a life annuity, which is actuarially equivalent to all other payment forms.										
Annual Increase to Social Security	None assumed.										
Provision for Expenses	<p>The expected administrative (i.e. non-investment) expenses that will be paid from plan assets, which were assumed to equal actual expenses during the prior year, were included in the Target Normal Cost for minimum contribution purposes.</p> <p>Rationale: Based on prior year's actual administrative expenses.</p>										
Standing Elections	The client has not signed an election that provides for the automatic use of the Carryover Balance and/or Prefunding Balance if necessary to meet the minimum funding requirement.										

Appendix B (Continued)

Asset Method

Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions).

Funding Method

Pure Unit Credit

The actuarial liabilities shown in this report are determined using software purchased from an outside vendor which was developed for this purpose. Certain information is entered into this model in order to generate the liabilities. These inputs include economic and non-economic assumptions, plan provisions, and census information. We rely on the coding within the software to value the liabilities using the actuarial methods and assumptions selected. Both the input to and the output from the model are checked for accuracy and reviewed for reasonableness.

Employees Valued

Only participants as of the valuation date were valued.

Changes in Assumptions and Methods since the Last Actuarial Valuation

The interest rates used for determining the funding target were 4.75%, 5.18% and 5.92%. These rates were updated to the rates required for the current plan year.

The mortality table for the funding target was changed as required under PPA '06.

Justification for Changes in Actuarial Assumptions

The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."

Appendix A

Summary of Principal Plan Provisions

Plan Sponsor	The Cleveland Museum of Art
EIN/PN	34-0714336/001
Effective Date	Amended and restated effective January 1, 2012.
Plan Year	The 12-month period beginning each January 1.
Participation	Each employee participates on the January 1 or July 1 following the date he has both attained age 21 and completed one Year of Service. Plan participation was frozen as of December 31, 2010.
Compensation	Earnings for service rendered, including elective deferrals under 402(g) or 403(b) but excluding all compensation received in excess of basic salary, as limited by IRC Section 401(a)(17). Compensation is not recognized on and after January 1, 2010 for any participant who had not attained the age of 45 with 5 years of service or whose sum of age and years of service was less than 60 as of December 31, 2010.
Average Annual Compensation	Average compensation for the last 5 years of employment. No earnings after December 31, 2009 shall be considered.
Career Average Compensation	Average compensation over an employee's entire period of employment, but excluding earnings prior to January 1, 2009.
Years of Service	One year of service is earned for each plan year in which 1,000 hours are worked. For any participant who had not attained the age of 45 with 5 years of service or whose sum of age and years of service was less than 60 as of December 31, 2010, no Years of Service shall be earned after December 31, 2010 for purposes of benefit accrual.
Contribution Years of Service	For an employee who became a participant of the plan before December 31, 2001 the number of years of service in which the participant made contributions to the plan plus 1. For an employee who became a participant on or after January 1, 2002, their contribution years of service equals zero. No Contribution Years of Service shall be earned after June 30, 2009.
Non-Contribution Years of Service	The excess, if any, of a participant's Years of Service less a participant's Contribution Years of Service.

Appendix A (Continued)

Participant Contributions	<p>The contribution made by a participant for a plan year equals 3% multiplied by his rate of compensation on December 1st up to \$6,600 plus 4 ½% multiplied by his rate of compensation on December 1st in excess of \$6,600. Starting January 1, 2002 no new participant may contribute and current participants can elect to stop contributing. Effective July 1, 2009 no participants shall be allowed to contribute.</p>
Accrued Benefit	<p>For service earned prior to July 1, 2009:</p> <p>One twelfth (1/12) of the greater of (a) or (b) plus (c)</p> <ul style="list-style-type: none">(a) ½ of the aggregate amount of participant contributions made by the participant after January 1, 1960,(b) The participant's Average Annual Compensation multiplied the sum of<ul style="list-style-type: none">(i) 2% times the number of Contribution Years of Service up to 20, plus(ii) 1% times the number of Contribution Years of Service in excess of 20 but up to 30, plus(iii) 0.5% times the number of Contribution Years of Service in excess of 30 but up to 40,(c) The participant's Average Annual Compensation multiplied by 1% multiplied by the participant's number of Non-Contribution Years of Service as of June 30, 2009. <p>For service after July 1, 2009:</p> <p>The participant's Career Average Compensation multiplied by 1% multiplied by the participant's number of Non-Contribution Years of Service earned after June 30, 2009. For any participant who had not attained the age of 45 with 5 years of service or whose sum of age and years of service was less than 60 as of December 31, 2010, no benefits will accrue after December 31, 2010.</p>
Normal Retirement Benefit	<p><u>Eligibility:</u></p> <p>Age 65 or, if later, fifth anniversary of joining the Plan.</p> <p><u>Monthly Benefit:</u></p> <p>The Accrued Benefit.</p>

Appendix A (Continued)

Early Retirement Benefit Eligibility:

Age 55 and 10 Years of Service.

Monthly Benefit:

The Accrued Benefit at early retirement multiplied by the appropriate factor. Sample factors are 46.4% at age 55, 65.9% at age 60, and 77.2% at age 62.

Disability Retirement Benefit

Eligibility:

Permanent and total disability after attaining age 40 with 15 Years of Service.

Monthly Benefit:

The Accrued Benefit.

Termination Benefit

Eligibility:

Upon termination of employment prior to retirement after completion of at least five Years of Service.

Benefit Payable:

The vested benefit commences in full at age 65, or in a reduced amount under the early retirement provisions. Participants can elect to withdraw their contributions and doing so would reduce the benefits payable at age 65.

Death Benefit

Eligibility:

100% vested and married for at least one year.

Monthly Benefit:

A monthly benefit for life commencing at the time the participant would have been eligible for retirement. The benefit is equal to 50% of the benefit vested on the date of death, adjusted as appropriate for early commencement and the 50% Joint and Survivor Annuity form of payment.

Normal Form of Benefit

Single Life Annuity – This form provides monthly payments during the Participant's lifetime. No payments are made after the Participant dies.

Appendix A (Continued)

Optional Forms of Benefit

50%, 67%, 75% and 100% Joint & Survivor Annuity – This form provides reduced monthly payments during the Participant's lifetime with monthly payments to the surviving spouse after the Participant's death equal to 50%, 67%, 75% and 100%, respectively, of the amount paid during the participant's lifetime. The payments are the actuarial equivalent value of the Normal Form of Benefit.

10 Year Certain and Continuous Annuity – This form provides monthly payments during the Participants lifetime with 120 guaranteed payments to the retiree or his designated beneficiary. The payments are the actuarial equivalent value of the Normal Form of Benefit.

Social Security Adjustment Option – This form provides for larger monthly payments prior to the start of Social Security payments such that once Social Security benefits commence the total benefits received (from this plan and Social Security) is approximately the same throughout retirement.

Annuity forms of payment are converted from the life annuity form using the 1994 Group Annuity Reserving Mortality Table (male) setback three years and 7.00% interest. Lump sum forms of payment are converted from the life annuity form using the Commissioner's Standard Mortality Table as outlined under IRS Code Section 417(e) and the three-tiered transitional segment rates (as outlined under IRS Code Section 417(e)) for the month of November in the calendar year preceding the year of determination.

Benefits Available as Lump Sums

This plan pays only small benefit amounts (lump sums less than \$5,000).

Maximum Benefit Limit

The Internal Revenue Code Section 415 Maximum Benefit payable as a life annuity at Social Security Normal Retirement Age.

Plan Compensation Limit

The Section 401(a)(17) Maximum Compensation that can be recognized for benefit calculation purposes.

Changes in Plan Provisions

The automatic changes, if any, in the plan compensation limit and maximum benefit limit were recognized as amendments for funding purposes.
