INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
U.A. Local No. 159 Defined Contribution Plan:

Opinion

We have audited the financial statements of U.A. Local No. 159 Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of U.A. Local No. 159 Defined Contribution Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of U.A. Local No. 159 Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about U.A. Local No. 159 Defined Contribution Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of U.A. Local No. 159 Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about U.A. Local No. 159 Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements for U.A. Local No. 159 Defined Contribution Plan (the "Plan") are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below.

Mutual Funds: The fair value of the mutual funds is stated at net asset value based on quoted market prices (Level 1).

Common/Collective Trust: The Plan is invested in the Vanguard Retirement Savings Trust. This trust invests in fully benefit-responsive investment contracts. The fair value of the Vanguard Retirement Savings Trust has been estimated using the net asset value of the investments as a practical expedient to estimate fair value. This investment is a direct filing entity with the Department of Labor; therefore, information regarding the investment strategy is not disclosed. Participant-directed redemptions have no restrictions. Units of the trust can be redeemed on a monthly basis. There were no unfunded commitments related to this investment at December 31, 2023 and 2022.

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

U.A. Local No. 159 Defined Contribution Plan
Notes to Financial Statements
December 31, 2023 and 2022

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Contributions Receivable

Contributions due and not paid prior to year-end are recorded as contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

Due from Transit Account

Contributions for the Plan and other related entities are received in a transit account and then transferred to the appropriate entities based on actual hours and contribution rates for each entity. The amount recorded as due from transit account is this Plan's share of the account as of December 31 of each year presented.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Participant Withdrawals and Payments

Benefits are recorded when paid.

Operating Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

Accounting Pronouncements Currently Adopted

In June 2016, the FASB issued an Accounting Standards Update ("ASU") amending the accounting for credit losses on financial statements. This methodology replaced the incurred loss methodology with the expected credit losses using a wide range of reasonable and supportable information. The amendment affects loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposure and other financial instruments recorded at amortized cost.

The Plan adopted the new standard effect January 1, 2023, using the modified retrospective approach. Upon adoption, there was no cumulative-effect adjustment to the opening balance of net assets.

Risks and Uncertainties

The Plan invests in mutual funds and a common/collective trust. Such investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

2. DESCRIPTION OF THE PLAN

The Plan was established to provide retirement benefits for eligible employees. The Plan is financed by contributions from employers and participants and by the net earnings of the investments of the Plan. The Plan is a defined contribution plan covering all eligible employees whose employment is subject to the terms and conditions of various collective bargaining agreements between Local Union 159 of the United Association of Journeymen and Apprentices of Plumbing and Pipe Fitting Industry of the United States and Canada, AFL-CIO and various associations of employers and individual employers engaging in the plumbing and pipe fitting industry in the San Francisco Bay Area. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Employers contribute a specified amount per hour for each hour worked by each of their employees in covered employment to the Plan.

Pursuant to the collective bargaining agreements, a participant may elect to enter into a written wage reduction agreement. The wage reduction agreement shall provide that the participant agrees to accept a reduction in wages from his or her employer. The total compensation deferral may not exceed the limitations prescribed by law. In accordance with such wage reduction agreement, the employer shall make monthly employee contributions to the employee's account on behalf of the participant for each such month in an amount equal to the total amount by which the participant's compensation from the employer was reduced during the month pursuant to the wage reduction agreement.

If any distribution to a participant remains unclaimed for three years from the date of notification, the trustees may declare the benefits to be forfeited. These benefits shall revert to the general assets of the Plan but shall be restored should a valid claim be made.

Participants are fully vested in their accounts as of the first day on which they participate in the Plan.

The Plan's custodian and recordkeeper, Vanguard Fiduciary Trust Company, maintains a separate account for each participant consisting of the sum of the amount contributed on the participant's behalf by any individual employer plus participant contributions (if any) plus the pro rata share of investment earnings and asset appreciation or depreciation minus the pro rata share of expenses of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may change their investment options at any time. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Notes to Financial Statements
December 31, 2023 and 2022

The Plan provides for loans to participants. The maximum loan amount is the lesser of \$50,000 or 50% of the participant's vested interest in the Plan, up to \$50,000. Effective May 1, 2018, the trustees may authorize loans to a participant receiving a pension under the U.A. Local No. 159 Defined Benefit Plan of the greater of the 100% of the first \$10,000 of the participant's vested interest in the Plan or 50% of the participant's vested interest in the Plan, up to \$50,000. No loan shall be made to a participant receiving a pension under the U.A. Local No. 159 Defined Benefit Plan unless it is determined that the participant is creditworthy. A participant may have only one outstanding loan at a time. Five years is the maximum length of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.25%, which is determined periodically by the Board of Trustees. Principal and interest are paid ratably through monthly payments made directly by the participants. During the year ended December 31, 2023, loans of approximately \$31,000 were deemed to be distributed because participants failed to meet the repayment requirements of their loans. During the year ended December 31, 2022, there were no loans deemed to be distributed.

The Plan also provide a hardship loan program that allows participants to borrow against their accounts to satisfy the immediate and heavy financial need, as outlined in the summary Plan description, if they qualify. Distributions under the hardship loan program shall not exceed the lesser of the amount of the participant's elective contributions shown as of the last annual valuation, or the amount of financial need shown.

Participants should refer to the summary Plan description for more information.

3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right to terminate the Plan subject to the provisions of ERISA. Upon the Plan's termination, any and all monies remaining in the Plan, after payment of all expenses and obligations, shall be expended and used for the continuation of the type of benefits provided by the Plan.

4. TAX STATUS

The Plan obtained its latest determination letter, dated August 20, 2015, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of Internal Revenue Code Sections 410(b) and 401(a). The Plan has been amended since applying for the determination letter; however, the trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the trustees believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Investments measured at net asset value				
Common/collective trust	6,483,684

6. FUNDING POLICY

The participating employers contribute such amounts as are specified in the collective bargaining agreements. In addition, Plan participants can elect wage deferrals, subject to certain IRS limitations.

7. RELATED-PARTY TRANSACTIONS

The Plan is related to U.A. Local No. 159 (the "Local"), as a sponsor to the Plan, and through common officers and trustees. The Plan reimburses the Local for costs associated with the administration of the Plan. During each of the years ended December 31, 2023 and 2022, the Plan reimbursed the Local approximately \$6,000.

Employer contributions for the Local-related trust funds are remitted by employers with one check and deposited into a single bank account (transit account). On a monthly basis, the contributions are allocated and transferred to each respective trust fund; any amounts allocated to the Plan and not yet transferred have been recorded as a receivable on the statements of net assets available for benefits. The Plan is related to the other Local-related trust funds through common trustees.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 17, 2024, the date on which the financial statements were available to be issued. Based on this evaluation, management has determined that no subsequent events have occurred that require recognition or disclosure in these financial statements.
