INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Midwest Railcar Repair Retirement Security Partnership Plan
Brandon, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Midwest Railcar Repair Retirement Security Partnership Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Midwest Railcar Repair Retirement Security Partnership Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Midwest Railcar Repair Retirement Security Partnership Plan

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIDWEST RAILCAR REPAIR RETIREMENT SECURITY PARTNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 and 2022

(1) Significant Accounting Policies

Nature of Business of Plan Sponsor

Midwest Railcar Repair, Inc. (the Plan Sponsor) and CarMath, Inc. (collectively, the Company) clean, qualify, and/or repair interior lining, exterior paint, or mechanical working of railroad cars in Brandon, South Dakota.

Basis of Accounting

The financial statements of the Midwest Railcar Repair Retirement Security Partnership Plan (the Plan) are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on a recurring basis as determined by the Trustee (Note 8). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividend income is recorded on the ex-dividend date.

Contributions

Contributions from plan participants and the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Net Change in Fair Market Value of Investments

The net appreciation (depreciation) in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

MIDWEST RAILCAR REPAIR RETIREMENT SECURITY PARTNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 and 2022

(1) Significant Accounting Policies

Subsequent Events

Significant subsequent events have been evaluated through July 24, 2024, the date which the financial statements were available for issue.

(2) Plan Description

The following description of the Plan provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company who have completed 3 months of service and have attained the age of twenty-one are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, not to exceed the IRS limits. Participants who attain age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company currently matches 100 percent of employee contributions up to 3 percent of compensation and 50 percent of employee contributions after 3 percent up to 5 percent of compensation. Contributions are subject to certain IRS limitations.

The Plan allows Roth elective deferrals. Contributions to Roth 401(k) accounts are made on an after-tax basis and contributions to a Roth 401(k) account are included in the participant's gross income. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participant's Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

The Plan instituted automatic enrollment in which the Plan Sponsor automatically withholds 3 percent of the employee's compensation upon becoming eligible to participate unless otherwise elected by the participant. Contributions are automatically invested in the appropriate target date fund unless the participant elects other investment options. The Plan increases the participant's automatic enrollment by one percentage each year up to a maximum of five percent of compensation.

MIDWEST RAILCAR REPAIR RETIREMENT SECURITY PARTNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 and 2022

(2) Plan Description

Payment of Benefits

Benefit payments are made as soon as administratively feasible following the first valuation date after the date on which a participant is terminated from employment. Upon termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account by either a lump-sum distribution or through installments. In the event a participant has an outstanding note balance at the time of their termination, the unpaid balance is treated as a benefit payment to that participant. Benefits less than \$1,000 are made as soon as administratively feasible after the participant's termination of employment. A participant with an account balance of \$1,000, but less than \$5,000, may receive a rollover distribution into an individual retirement account set up by the Plan Administrator.

Hardship Withdrawals

Should a plan participant experience a hardship, he or she may elect to withdraw a maximum of their vested account balance less a) any outstanding loan balance and b) earnings on contributions. All cases of hardship must be presented in writing to, and approved by, the Company. The Company may request additional supporting documentation from plan participants to substantiate any case of hardship. The Company may, at its discretion, approve all or part of the withdrawal request. Hardship withdrawals are recorded as distributions in the period in which they are paid.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the employer's matching contribution, (b) the employer's profit-sharing contribution, and (c) plan earnings (losses), and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Participant Investment Options

Participants may direct contributions to any of the funds offered by the Plan. Participants may change their investment options as often as they wish. Participants may elect to discontinue contributions at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Prior to January 1, 2018, vesting in the Company's matching and profit-sharing contributions, plus actual earnings (losses) thereon, is based on years of credited service. A participant becomes 20 percent vested after two years of credited service, as defined, and continues to vest at the rate of 20 percent for each successive year of service until 100 percent vested after six years of credited service, or if less than six years, upon reaching normal retirement age, total disability, death or upon termination of the Plan. Participants are immediately vested in Company matching and profit-sharing contributions made after January 1, 2018.

Forfeitures

Forfeited, nonvested account balances totaled **\$5,558** and **\$3,475** at December 31, 2023 and 2022, respectively. Nonvested account balances are forfeited, unless participants return to employment and contribute the distribution received at termination within a specified time. The Plan allocates forfeitures to reduce future employer contributions. Forfeitures of **\$-0-** and **\$17,523** were used to reduce the 2023 and 2022 employer contribution received by the Plan, respectively.

MIDWEST RAILCAR REPAIR RETIREMENT SECURITY PARTNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 and 2022

(3) Administrative Expenses

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. The Company has, at its discretion, absorbed certain other administrative expenses pertaining to the Plan. If not paid by the Company, these administrative expenses become the responsibility of the Plan.

(4) Information Certified by Trustee

The Plan's investments are held by Alerus Financial, N.A., the Trustee, who executes investment transactions and performs all accounting functions associated with the Plan's investments. The Trustee determined the fair value of investments at December 31, 2023.

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan as of and for the years ended December 31, 2023 and 2022. Information contained in the following has been certified by the Trustee:

Statements of Net Assets Available for Benefits (except for employer and employee contributions receivable and liabilities)

Statement of Changes in Net Assets Available for Benefits (except for contributions, benefits paid to participants, and administrative expenses)

Supplemental Schedule of Assets Held at Year End

The Plan invests in mutual funds with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

(5) Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The IRS has ruled that the form of the prototype plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not been amended since receipt of the most recent IRS determination letter. The Plan Administrator and third-party administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor (DOL) or IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

(7) Participant Withdrawals

Vested, undistributed account balances of separated Plan participants total approximately **\$774,000** and \$606,000 at December 31, 2023 and 2022, respectively.

(8) Recurring Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Fair value measurements are framed in a three-level hierarchy defined as follows:

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level Two: inputs include:
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.
- Level Three: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables present the assets carried at fair value as of December 31, 2023 and 2022, respectively, in the accompanying statements of net assets available for benefits by fair value hierarchy, as described above.

December 31, 2023	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 8,634,152	\$ -	\$ -	\$ 8,634,152
Total Assets at Fair Value	8,634,152	-	-	8,634,152

December 31, 2022	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 6,662,127	\$ -	\$ -	\$ 6,662,127
Total Assets at Fair Value	6,662,127	-	-	6,662,127

The following methods and assumptions were used to determine fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
