Independent Auditor's Report

To the Trustees and Plan Administrator
Lake Champlain Chocolates 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Lake Champlain Chocolates 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audits). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to, or derived from, the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lake Champlain Chocolates 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Lake Champlain Chocolates 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan covering all full-time employees of Champlain Chocolate Company (the Company) who have completed at least one month of service and have reached 21 years of age and all part-time employees of the Company who have completed at least one year of service (1,000 hours) and have reached 21 years of age, except nonresident aliens, leased employees, union employees, and employees not eligible for employer-provided health and welfare benefits, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants are automatically enrolled at a deferral rate of 6% upon meeting the eligibility requirements, unless an affirmative election to opt out of participation is completed. Participants may contribute up to 100% of annual eligible compensation. Participants who have reached age 50 before the end of the Plan year are eligible to make an additional catch-up contribution. In addition, the Plan allows rollover contributions from other qualified plans.

The Company makes safe harbor matching contributions, as defined by the Plan. During 2023, the Company matched 100% of each participant's deferral contributions up to 3% of the participant's compensation, plus 50% of each participant's deferral contributions up to the next 2% of the participant's compensation, for a maximum match of 4% of compensation.

The Company may elect to contribute a discretionary profit sharing contribution. Employees must be employed on the last day of the Plan year and complete 1,000 hours of service to be eligible for profit sharing contributions. The Company did not make a profit sharing contribution in 2023.

Contributions and eligible compensation are subject to certain limitations.

Participant accounts: Each participant's account includes the participant's contributions, the Company's safe harbor matching contributions, and allocations of the Company's discretionary profit sharing contributions and Plan expenses and earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. Participants are 100% vested in safe harbor matching contributions after two years of service. Participants are 20% vested in discretionary profit sharing contributions after two years of service, increasing 20% per year, with 100% vesting after six years of credited service. Participants automatically become fully vested upon reaching the normal retirement age, death or becoming disabled while employed by the Company.

Lake Champlain Chocolates 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (continued)

Payment of benefits: Benefits may be distributed to participants upon the termination of employment by reason of retirement (age 65), disability, death, or other separation from service. Distributions under the Plan may be made in lump sums or partial withdrawals. A participant may also request a withdrawal upon reaching age 59½ or upon demonstration by the participant to the Plan Administrator that the participant is suffering from hardship, as defined in the Plan document. Participants may withdraw from their rollover account at any time.

Forfeitures: As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$10,441 and \$628, respectively. These amounts will be used to reduce future employer contributions or pay Plan expenses. During 2023, forfeitures were not used to reduce employer contributions or pay Plan expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Expenses of the Plan: Substantially all expenses of maintaining the Plan are paid by the Company. Certain administrative fees are paid by the Plan. Certain transaction fees are paid by Plan participants.

Use of estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: Plan management has evaluated subsequent events through October 7, 2024, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified by Ascensus, LLC as Agent for Ascensus Trust Company

The following is a summary of the Plan's information as of December 31, 2023 and 2022 and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, that was prepared by, or derived from information certified by, the qualified institution and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the qualified institution that information provided to the Plan Administrator by the qualified institution related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following:

- All investments;
- All investment income;
- Information regarding investments in Note 4; and
- Information included on Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year).

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Observable market-based inputs or observable inputs that are corroborated by market data.

Level 3: Unobservable inputs for the assets or liabilities that are not corroborated by market data.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used in the current or prior year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, therefore, are considered to be Level 1.

Note 5. Tax Status

The Plan has adopted a nonstandardized form of a pre-approved plan. The pre-approved plan provider, Setaway, LLC, has received an opinion letter from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Note 7. Related-Party Transactions

ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the qualified institution or its affiliates is considered party-in-interest transactions. Additionally, the Company pays certain administrative fees for the Plan, as described in Note 2.
