INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Chevron Stations Inc. Thrift Plan:

Opinion

We have audited the financial statements of Chevron Stations Inc. Thrift Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Chevron Stations Inc. Thrift Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Chevron Stations Inc. Thrift Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Chevron Stations Inc. Thrift Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Chevron Stations Inc. Thrift Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chevron Stations Inc. Thrift Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is prepared for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**CHEVRON STATIONS INC. THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 - Description of the Plan

The following description of the **Chevron Stations Inc. Thrift Plan** (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan and is qualified as a saving plan under Section 401(a) of the Internal Revenue Code (IRC) and as a qualified deferred arrangement under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Chevron Stations Inc. (the Company), an indirect wholly-owned subsidiary of Chevron Corporation (the Corporation), is the Plan Sponsor and Plan Administrator of the Plan. In its capacity as fiduciary, the Company makes such rules, regulations, computations and takes whatever other action is necessary to administer the Plan in accordance with provisions of the IRC and ERISA. The Company receives no compensation for its services as Plan Sponsor or Plan Administrator.

Fidelity Management Trust Company and Fidelity Workplace Services LLC is the trustee and recordkeeper, respectively, of the Plan. The trustee has the authority to manage the assets of the Plan in accordance with its terms and those of the trust agreement.

Eligibility

All eligible employees of the Company become participants after completion of 3 months of service. Service is based on a calendar year or the 12 consecutive month period that started on the date the eligible employee completed an hour of service.

Contributions

Plan participants may contribute up to 75% of their regular pay on a combined before-tax and after-tax basis. The maximum contribution amount on a before-tax basis was the annual IRC limit of \$22,500 in 2023 and \$20,500 in 2022 for participants under age 50, and \$30,000 in 2023 and \$27,000 in 2022 for participants age 50 and up. Participant contributions are deposited by the Company with the trustee and credited to a "Participant Account" for each participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company will match up to the first 6%, 4% or 2% of the participant's contribution depending upon the participant's job level. The Company contribution for each participant is credited to an "Employer Account" established for such participant.

Participants direct the investment of their and Company's matching contributions into various investment options offered by the Plan.

Payment of benefits

A participant's benefit will be distributed in the form of a single, lump sum payment in cash.

Participant accounts

Each participant's account is credited with the participant's contribution and Company matching contributions ("Employer Account"), as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their account balance in a broad range of investment funds managed by Fidelity Management Trust Company consisting primarily of target retirement and core mutual funds. Participants must evaluate their own investment goals and objectives and choose the investment best suited to achieve those goals and objectives. Participants may change their investment options daily.

Vesting

A participant is always 100% vested in his or her Participant Account. Vesting in the Company's matching contributions becomes 100% vested upon the occurrence of the earliest of the following:

- (a) after 3 years of vesting service; or
- (b) after reaching age 62 while an Employee; or
- (c) by reason of death; or
- (d) because of total disability; or;
- (e) as a result of being laid off for lack of work.

If a participant's employment terminates before reaching age 62 and for any reason other than those described in clauses (d) and (e) of the preceding sentence, the participant's vested interest in the participant's Employer Account is determined as 0% vesting upon completion of fewer than 3 years of service. If a participant's employment terminates as a result of the participant's death, 100% of the participant's Employer Account is paid to the participant's beneficiary.

Forfeited accounts

Upon termination of employment, any portion of the participant's Employer Account that is not vested is forfeited, and the amount of all such forfeitures is used to reduce Company contributions otherwise due. Total forfeitures for the Plan for years ended December 31, 2023 and 2022 were \$23,278 and \$6,504 respectively.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2 - Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The recordkeeper service fees are paid by the participant and subsidized by the Company up to \$25,000. Trustee and other administrative expenses are paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust is a direct filing entity with the Department of Labor; therefore, information regarding the investment's strategy is not disclosed. These investments are excluded from the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 - Investments in Certain Entities that Calculate Net Asset Value

FASB ASC 820 allows entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value.

The following is a summary of the Plan's investments measured at fair value based on NAV, per share (or its equivalent).

<u>Investment Type</u>	<u>31-Dec-23 Fair Value</u>	<u>Unfunded</u>	<u>Redemption (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/collective trusts:

	<u>\$116,588</u>	<u>\$ -</u>		

{a} This investment is a direct filing entity with the Department of Labor; therefore, information regarding the investment's strategy is not disclosed.

NOTE 5 - Income Taxes

On July 20, 2012, the Internal Revenue Service (IRS) issued its determination that the Plan met the requirements for qualification under Sections 401(a) and 401(k) of the IRC and the trust fund established pursuant to the Plan continues to be exempt from Federal Income Tax under Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan is not subject to income tax. Accordingly, no provision for federal or state income taxes has been made.

The Plan's administrator and tax counsel have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2023, and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Corporation has reviewed the Plan's administrative procedures and is of the opinion that it is in accordance with the technical compliance requirements of ERISA.

NOTE 6 – Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes, both positive and negative, in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – Related Party and Party-In-Interest Transactions

Transactions with the Company, as Plan Sponsor and Plan Administrator qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds and common collective trusts managed by Fidelity Management Trust Company, the trust of the Plan, and therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption applies.

NOTE 8 – Form 5500 Reconciliation

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits	\$ 39,616,983	\$ 31,978,570
Employer contributions receivable	-	(56,500)
Net assets available for benefits per the Form 5500	\$ 39,616,983	\$ 31,922,070

The following is a reconciliation of contributions per the financial statements to the Form 5500 for the year ended December 31, 2023:

	2023
Contributions per the financial statements	\$ 1,278,632
Employer contributions	56,500
Contributions per the Form 5500	\$ 1,335,132

NOTE 9 – Subsequent Events

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2023, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 1, 2024, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

October 1, 2024

To the Administrator of
Chevron Stations Inc. Thrift Plan

We have audited the financial statements of Chevron Stations Inc. Thrift Plan (the “Plan”) as of and for the year ended December 31, 2023, and have issued our report thereon dated October 1, 2024. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated March 29, 2024, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan’s internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

During our audit planning, we identified the following potentially significant risks:

Management override of internal control has been identified as a significant and fraud risk of material misstatement to the financial statements as a whole, as required by professional standards. While the Plan’s operations are record kept by Fidelity, we reviewed the detail of the Plan’s activity for unusual transactions and non-standard journal entries. We performed analytical procedures to identify financial relationships inconsistent with our understanding of the Plan’s operations, and we also selected random samples for our Plan level and participant level testing to incorporate an element of unpredictability in our audit procedures.

The fair value of investments has been identified as a significant risk to the financial statements the key factors and assumptions used to develop the fair value

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year ended December 31, 2023.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are the fair value of the Plan's investments at December 31, 2023.

Management's estimate of the fair value of each of the Plan's investments is based on quoted market prices for identical assets in active markets and net asset value of the units held by the Plan as provided by the trustee of the common collective trust fund as of December 31, 2023. We evaluated the key factors and assumptions used to develop the fair value estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements was as follows:

- Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, as discussed in Note 3 to the financial statements.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. There were no significant unusual transactions noted during our audit.

Identified or Suspected Fraud

We have not identified any instances of fraud or obtained information indicating any suspected fraud.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. No such misstatements were identified during the audit.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. No such misstatements were detected as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, and that letter was signed prior to the issuance of our audit report.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
