Hacienda Ford 401(K) Plan
Edinburg, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hacienda Ford 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hacienda Ford 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hacienda Ford 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hacienda Ford 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hacienda Ford 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hacienda Ford 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules as listed in the accompanying index as of or for the years ended December 31, 2023 and 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HACIENDA FORD 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 – DESCRIPTION OF PLAN

The following description of the Hacienda Ford 401(K) Plan (the “Plan”) provides only general information. The Plan is designed to hold and invest plan assets for retirement benefits of the plan participants. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan covering all employees of Hacienda Ford (the “Company”) who have completed 6 months of service and 1,000 hours of service. The Plan became effective January 1, 2007. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company contributes on behalf of each participant an amount elected by the participant in his or her salary modification agreement. The Plan provides for discretionary employer matching contributions. Additionally, the Plan provides for discretionary non-elective employer contributions.

Participant Accounts

Each participant's account is credited with an allocation of participant contributions, the employer contribution and plan earnings. Allocations of discretionary employer contributions, if any, will be allocated to participants, based on the ratio of each participant's compensation to total compensation of all eligible participants. Allocations of plan earnings are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

Benefits are paid upon termination or retirement. Normal retirement age under the Plan is fifty-nine and a half. Benefits are normally paid in a lump sum. The participant may elect an alternative form of payment.

Note 1 – DESCRIPTION OF PLAN – (Continuation)

Vesting

Participants are immediately vested in elective contributions, rollover contributions, and transfer contributions, plus or minus any earnings or losses. Any contribution not listed in the previous sentence will vest as follows:

<u>YEARS OF SERVICE</u>	<u>VESTING PERCENTAGE</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts

Forfeitures will be allocated in the following order: (1) restoration of re-hired participant forfeitures; (2) to offset plan expenses; (3) to reduce the Employer's matching contribution; (4) to reduce the non-elective employer contributions. In 2023 and 2022, employer contributions were reduced by \$39,981 and \$43,887, respectively, from forfeited non-vested accounts.

Note 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accounting records of the Plan are maintained on the cash basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes realized gains or losses and unrealized appreciation or depreciation on investments bought and sold as well as held during the year. Gains and losses on the sale of investments in registered investment company funds are computed using the weighted average cost method.

Note 2 – SUMMARY OF ACCOUNTING POLICIES – (Continuation)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Employer. All asset-based fees and fee sharing arrangements are required to be disclosed to the plan sponsor. Plan investment fund management and advisory fees are asset-based fees charged to fund investors. These fees and expenses are not separately reflected in the financial statements because they are deducted directly from income earned by the fund investments before being allocated to participant accounts. These fees are reflected as a reduction of investment return for such fund investments.

Date of Management's Review and Subsequent Events

Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to the financial statements.

Note 3 – INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Trustee, Voya Institutional Trust Company:

Note 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology is unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are inputs that are unobservable and significant to the fair value measurement.

Valuation Methodology

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at the end of the year. Accounts are based on available quoted market prices.

Level 2 Fair Value Measurements

The fair value of the Voya Gov Money Market Account and the Vanguard Federal Money Market Account is based on a dollar for dollar value of the cash reserves in the accounts; these accounts seek to preserve the value on a \$1 of investment at \$1 per share. Interest on the accounts is calculated using the daily balance method. The daily balance method applies a daily periodic rate to the principal in the accounts each day. A daily periodic rate is the interest paid on the accounts divided by 365 days. Interest will be credited to the account monthly.

Note 4 – FAIR VALUE MEASUREMENTS – (Continuation)

The fair value of certain units of common collective trusts is based on significant observable inputs. Underlying investments include securities, government and agency obligations, cash and fixed income securities. Securities traded on security exchanges are valued at closing market prices on the last sale on the valuation date, if any, otherwise at the last reported bid price. Government and agency obligations are valued based upon the most recent bid quotation for identical or similar obligations. Fixed income securities are valued based upon the most recent bid quotation obtained from major market or security exchanges. The fair value of the common collective trust fund is the respective net asset values reported by the fund daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following presents the Plan's fair value measurements at December 31, 2023 and 2022 reported by level, within the fair value hierarchy.

	FAIR VALUE MEASUREMENTS USING:

TOTAL	4,687,815	74,706	4,613,109

Note 5 – INVESTMENT PROGRAMS

All investments of the Plan are participant-directed. The Plan currently sponsors numerous investment options for participants. Participants are allowed to change their investment election at any time. Undirected participants' and employer contributions will be invested in the Plan's qualified default investment alternative (QDIA) – MyCompass Index Moderate TD.

Note 6 – TRANSACTIONS WITH RELATED PARTIES AND PARTIES-IN-INTEREST

Fees paid by the Plan for the investment management services are included in investment income, as they are paid through revenue sharing rather than direct payment. Voya Institutional Trust Company is the custodial Trustee for the Plan and therefore qualifies as a related party. Fees paid by the plan for the investment management services are included in Net Appreciation (Depreciation) in Fair Value of Investments. Fees paid by the plan during the years ended December 31, 2023 and 2022, for investment management amounted to \$610 and \$273, respectively. Fees paid by the plan during the years ended December 31, 2023 and 2022, for recordkeeping amounted to \$44,971 and \$37,705, respectively. Recordkeeping fees are included in the Statement of Changes in Net Assets as administrative fees.

Note 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or complete discontinuance of contributions, participants will become 100% vested in their accounts.

Note 8 – TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes that the Plan continues to qualify and to operate as designated.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's evaluation was performed for the tax periods ended December 31, 2021 through 2023, the tax years which principally remain subject to examination by major tax jurisdictions as of December 31, 2023.

Note 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
