INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of
TitleMax Employee's Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of the TitleMax Employee's Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the TitleMax Employee's Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of TitleMax of Georgia, Inc. and adopting affiliate employers (collectively, the Company or Plan Sponsor). Employees are immediately eligible to participate in the Plan upon hiring. Participants must complete one year of service, work 1,000 hours of service in the Plan year, and be employed on the last day of the Plan year to be eligible for Company matching contributions and qualified non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On October 2, 2023, Project Trident Purchaser, LLC acquired the Company. The Company intends to terminate the Plan and allow participants the option to rollover their account into the acquirer's qualified plan, with an estimated effective date of January 1, 2025. All participants would become fully vested upon termination.

Contributions

All eligible employees are automatically enrolled in the Plan, and pre-tax contributions are withheld at 3% of eligible compensation, as defined by the Plan, unless the employee elects differently. Participants may make pre-tax or Roth contributions of up to 100% of their eligible compensation as defined by the Plan, not to exceed a maximum of $22,500, plus an additional $7,500 catch-up deferral for participants who have reached at least 50 years of age by the end of the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company provides a matching contribution of 50% of the first 6% of eligible compensation. The Company may also make qualified non-elective contributions. No qualified non-elective contributions were made in 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contribution, and earnings or losses on the investments in their account, and is charged with an administrative expense and certain transaction fees for services received by the participant. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options daily.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions and qualified non-elective contributions, plus actual earnings thereon. For Company matching contributions, participants vest 20% per year, beginning after 2 years of service, and are fully vested after 6 years of service. Participants also become fully vested once they have attained the age of 65, become disabled, or upon death if they are then currently employed by the Company.

Notes Receivable from Participants

Participants may borrow from their accounts the lesser of up to $50,000, or 50% of the participant's vested balance reduced by the highest outstanding loan balance from the participant account during the prior twelve-month period. Loans are typically made for a period not exceeding five years, or ten years if used for the purchase of a primary residence. The loans bear a reasonable rate of interest based on prevailing interest rates and are secured by the balance in the participant's account. During 2023, loans had fixed rates ranging from 4.25% to 9.50%. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum or installment distribution. Participants may withdraw the vested interest in their account for certain hardship situations and upon attainment of age 59½.

Administrative Expenses

Certain transaction fees for withdrawals and loans are charged directly to the participant. Investment related expenses are included in net increase in fair value of investments. Certain administration fees are charged pro-rata to the participants. These expenses are paid to service providers of the Plan and, therefore, qualify as party-in-interest transactions. All other administrative expenses of the Plan were paid by the Company in 2023. These expenses include, but are not limited to, legal and accounting. The Company does not expect reimbursement from the Plan for any expenses of the Plan.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled $263,887 and $229,280, respectively. These accounts may be used to pay Plan administrative expenses or to reduce Company contributions. During 2023, $308,040 was forfeited from participant accounts. The

Plan used $265,111 in 2023 to reduce employer matching contributions, $16,500 to pay administrative expenses, and earned investment income of $8,178.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld. Qualified non-elective contributions are recognized upon authorization by the Company. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions. Any unfunded participant or employer contributions are included as a participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022. In accordance with FASB ASC 326, *Financial Instruments—Credit Losses*, the Plan estimated the current credit risk associated with employer receivables. After giving consideration to the risk characteristics, including historical payment experience, the Plan determined that no allowance for credit loss was necessary and there was no current year activity in the allowance for credit losses.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan

administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 24, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information regarding investments and notes receivable from participants, including investments held and notes receivable from participants at December 31, 2023 and 2022, and the net increase in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

4. Investments

Certain Plan investments are mutual funds and a money market fund managed by Fidelity, the Plan's qualified institution. Accordingly, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net increase in fair value of investments as they are paid through revenue sharing rather than a direct payment.

The Plan's investments are susceptible to various market risks. Market risks include U.S and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund which trades daily at the net asset value (NAV) per share of the fund (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	**$ 41,018,201**	$ 32,275,910
Money market fund	**650,338**	1,032,896
Stable value fund	**470,325**	1,061,760
Total	**$ 42,138,864**	$ 34,370,566

5. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

In 2022, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized PreApproved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.

7. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022 and the increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:

	2023	2022
Net assets available for benefits per the financial statements	**$ 45,768,246**	$ 37,415,188
Corrective excess contributions	**32,005**	12,676
Employer contributions receivable	**(1,982,267)**	(1,601,117)
Net assets per Form 5500	**$ 43,817,984**	$ 35,826,747

	2023
Increase in net assets available for benefits per the financial statements	**$ 8,353,058**
Add: Prior year contributions receivable	**1,601,117**
Less: Current year contributions receivable	**(1,982,267)**
Less: Prior year excess contributions payable	**(12,676)**
Add: Current year excess contributions payable	**32,005**
Net increase in net assets available for benefits per the Form 5500	**$ 7,991,237**

Contributions are recorded when earned on the financial statements and when paid on the Form 5500.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of
TitleMax Employee's Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of the TitleMax Employee's Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the TitleMax Employee's Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of TitleMax of Georgia, Inc. and adopting affiliate employers (collectively, the Company or Plan Sponsor). Employees are immediately eligible to participate in the Plan upon hiring. Participants must complete one year of service, work 1,000 hours of service in the Plan year, and be employed on the last day of the Plan year to be eligible for Company matching contributions and qualified non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On October 2, 2023, Project Trident Purchaser, LLC acquired the Company. The Company intends to terminate the Plan and allow participants the option to rollover their account into the acquirer's qualified plan, with an estimated effective date of January 1, 2025. All participants would become fully vested upon termination.

Contributions

All eligible employees are automatically enrolled in the Plan, and pre-tax contributions are withheld at 3% of eligible compensation, as defined by the Plan, unless the employee elects differently. Participants may make pre-tax or Roth contributions of up to 100% of their eligible compensation as defined by the Plan, not to exceed a maximum of $22,500, plus an additional $7,500 catch-up deferral for participants who have reached at least 50 years of age by the end of the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company provides a matching contribution of 50% of the first 6% of eligible compensation. The Company may also make qualified non-elective contributions. No qualified non-elective contributions were made in 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contribution, and earnings or losses on the investments in their account, and is charged with an administrative expense and certain transaction fees for services received by the participant. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options daily.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions and qualified non-elective contributions, plus actual earnings thereon. For Company matching contributions, participants vest 20% per year, beginning after 2 years of service, and are fully vested after 6 years of service. Participants also become fully vested once they have attained the age of 65, become disabled, or upon death if they are then currently employed by the Company.

Notes Receivable from Participants

Participants may borrow from their accounts the lesser of up to $50,000, or 50% of the participant's vested balance reduced by the highest outstanding loan balance from the participant account during the prior twelve-month period. Loans are typically made for a period not exceeding five years, or ten years if used for the purchase of a primary residence. The loans bear a reasonable rate of interest based on prevailing interest rates and are secured by the balance in the participant's account. During 2023, loans had fixed rates ranging from 4.25% to 9.50%. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum or installment distribution. Participants may withdraw the vested interest in their account for certain hardship situations and upon attainment of age 59½.

Administrative Expenses

Certain transaction fees for withdrawals and loans are charged directly to the participant. Investment related expenses are included in net increase in fair value of investments. Certain administration fees are charged pro-rata to the participants. These expenses are paid to service providers of the Plan and, therefore, qualify as party-in-interest transactions. All other administrative expenses of the Plan were paid by the Company in 2023. These expenses include, but are not limited to, legal and accounting. The Company does not expect reimbursement from the Plan for any expenses of the Plan.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled $263,887 and $229,280, respectively. These accounts may be used to pay Plan administrative expenses or to reduce Company contributions. During 2023, $308,040 was forfeited from participant accounts. The

Plan used $265,111 in 2023 to reduce employer matching contributions, $16,500 to pay administrative expenses, and earned investment income of $8,178.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld. Qualified non-elective contributions are recognized upon authorization by the Company. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions. Any unfunded participant or employer contributions are included as a participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022. In accordance with FASB ASC 326, *Financial Instruments—Credit Losses*, the Plan estimated the current credit risk associated with employer receivables. After giving consideration to the risk characteristics, including historical payment experience, the Plan determined that no allowance for credit loss was necessary and there was no current year activity in the allowance for credit losses.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan

administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 24, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information regarding investments and notes receivable from participants, including investments held and notes receivable from participants at December 31, 2023 and 2022, and the net increase in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

4. Investments

Certain Plan investments are mutual funds and a money market fund managed by Fidelity, the Plan's qualified institution. Accordingly, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net increase in fair value of investments as they are paid through revenue sharing rather than a direct payment.

The Plan's investments are susceptible to various market risks. Market risks include U.S and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund which trades daily at the net asset value (NAV) per share of the fund (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	**$ 41,018,201**	$ 32,275,910
Money market fund	**650,338**	1,032,896
Stable value fund	**470,325**	1,061,760
Total	**$ 42,138,864**	$ 34,370,566

5. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

In 2022, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized PreApproved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.

7. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022 and the increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:
