Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of OU Health 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of OU Health 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by OU Medicine, Inc. (dba OU Health) (Company) for the benefit of its employees who are age 18 or older and have 30 days of service if they are regular employees or 1,000 hours if they are temporary employees. Effective January 1, 2022, the Plan was amended and the 1,000-hour eligibility requirement for temporary employees was removed. Effective July 1, 2021 and January 1, 2022, the Committee approved amendments to permit eligible service credits for any employee employed at OU Health Sciences Center (or another part of the University of Oklahoma) immediately prior to the employee's transition of employment to the Company on or about July 1, 2021, January 1, 2022, or March 1, 2022.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan. Fidelity Workplace Services, LLC (FWS) serves as the recordkeeper. The Plan is administered by the Employee Benefits Council (Council). The Compensation and Benefits Committee (Committee) oversees the Council and has retained the fiduciary responsibility to make certain major benefit decisions regarding the Plan's operations.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 75% of their eligible compensation. Highly compensated employees may only contribute up to 16% of their eligible compensation. Employee rollover contributions and Roth contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes matching contributions on a tiered scale based on years of service ranging from 3% to 9% of employees' salary deferral amounts as outlined in the table below. Effective January 1, 2023, the Committee elected to suspend the matching contribution until further notice. Effective July 1, 2023, the Committee reinstated the matching contribution consistent with the previous matching scale. Company nonelective contributions are discretionary as determined by the Committee. The Company makes bi-weekly discretionary nonelective matching contributions equal to 9% of eligible compensation to eligible physicians, and other credentialed providers who transitioned employment from the University of Oklahoma. Additionally, there was a one-time discretionary nonelective contribution approved in 2022 for transitioning employees (see Note 8). Contributions are subject to certain limitations.

December 31, 2023 and 2022	
Years of Vesting Service as of End of Payroll	Maximum Match Per Pay Period
0–2	3%
3–5	4%
6–8	6%
9–11	7%
12–14	8%
15 or more	9%

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The plan document also includes an automatic deferral feature, whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual 1% increase in the percentage deferred and is ultimately capped at 16%.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts, including matching and nonelective contributions, plus earnings thereon is based on years of continuous service. In general, a participant is fully vested after five years of continuous service, although certain company contribution sources that were transferred into the Plan in February 2018 are subject to shorter vesting periods.

In addition, certain company contribution sources of former employees of the OU Health Sciences Center (or another part of the University of Oklahoma), as described in *Note 9*, shall be subject to shorter vesting periods.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions or directly from the participant's personal checking account.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in their account. Participants may take distributions from their rollover account balance at any time. Hardship and age 59½ in-service distributions are also permitted.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$397,000 and \$64,000, respectively. These accounts will be used to pay administrative fees or reduce future employer contributions. In 2023 and 2022 employer contributions were reduced by approximately \$978,000 and \$1,338,000, respectively, from forfeited nonvested accounts. Also, in 2023 and 2022 forfeited accounts were used to pay approximately \$382,000 and \$362,000, respectively, in administrative expenses.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable during the 2023 plan year. The Plan distributed the 2022 excess contributions to the applicable participants before March 15, 2023.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Exchange traded funds (ETFs) are valued at the closing price reported on the active market on which the individual ETFs are traded. Mutual funds and money market mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3. Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

Note 4. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are shares of mutual funds, money market mutual funds, or ETFs managed by Fidelity, who is the trustee; therefore, these transactions qualify as party-in-interest transactions. Some fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue-sharing rather than a direct payment. The Plan paid approximately \$468,000 and \$485,000 of record-keeping fees to FWS during 2023 and 2022, respectively. Additionally, the Plan paid approximately \$123,000 and \$78,000 of advisory fees to a subsidiary of Fidelity during 2023 and 2022, respectively. The Company directly pays any other fees related to the Plan's operations.

The Company provides certain administrative services at no cost to the Plan.

Note 5. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets.

OU Health 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
2023				
Mutual funds and money market mutual funds	\$ 464,717,277	\$ 464,717,277	\$ -	\$ -
Self-directed brokerage accounts	2,456,205	2,456,205	-	-
	<u>\$ 467,173,482</u>	<u>\$ 467,173,482</u>	<u>\$ -</u>	<u>\$ -</u>
2022				
Mutual funds and money market mutual funds	\$ 368,751,764	\$ 368,751,764	\$ -	\$ -
Self-directed brokerage accounts	2,621,371	2,621,371	-	-
	<u>\$ 371,373,135</u>	<u>\$ 371,373,135</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 or 2022. The Plan had no assets measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 investments at December 31, 2023 and 2022.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Fidelity Management & Research Company, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 8. Contributions for Transitioning Employees

Effective July 1, 2021 and January 1, 2022, the Committee approved amendments to permit eligible service credits for any employee employed at OU Health Sciences Center (or another part of the University of Oklahoma) immediately prior to the employee's transition of employment to the Company on or about July 1, 2021, January 1, 2022 or March 1, 2022. The Employees were provided the option to have their account balance rolled into the Plan as part of this transition. As a result, aggregate amounts of approximately \$0 and \$13,307,000 were rolled into the Plan during the years ended December 31, 2023 and 2022, respectively, and are included in rollovers from transitioning employees on the accompanying statements of changes in net assets available for benefits.

During the year ended December 31, 2022, a one-time discretionary contribution of approximately \$1,155,000 was made to transitioning employees who remained continuously employed by the Company from 30 days after the transition date (on or about July 1, 2021) through December 31, 2021. The contribution is equal to the differential between the amount of employer contributions that would have been made on the individual's behalf into the University retirement plans for the 2021 plan year and the calculated employer contribution under the Plan for such participant in 2021.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through October 10, 2024, which is the date the financial statements were available to be issued.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of OU Health 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of OU Health 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by OU Medicine, Inc. (dba OU Health) (Company) for the benefit of its employees who are age 18 or older and have 30 days of service if they are regular employees or 1,000 hours if they are temporary employees. Effective January 1, 2022, the Plan was amended and the 1,000-hour eligibility requirement for temporary employees was removed. Effective July 1, 2021 and January 1, 2022, the Committee approved amendments to permit eligible service credits for any employee employed at OU Health Sciences Center (or another part of the University of Oklahoma) immediately prior to the employee's transition of employment to the Company on or about July 1, 2021, January 1, 2022, or March 1, 2022.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan. Fidelity Workplace Services, LLC (FWS) serves as the recordkeeper. The Plan is administered by the Employee Benefits Council (Council). The Compensation and Benefits Committee (Committee) oversees the Council and has retained the fiduciary responsibility to make certain major benefit decisions regarding the Plan's operations.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 75% of their eligible compensation. Highly compensated employees may only contribute up to 16% of their eligible compensation. Employee rollover contributions and Roth contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes matching contributions on a tiered scale based on years of service ranging from 3% to 9% of employees' salary deferral amounts as outlined in the table below. Effective January 1, 2023, the Committee elected to suspend the matching contribution until further notice. Effective July 1, 2023, the Committee reinstated the matching contribution consistent with the previous matching scale. Company nonelective contributions are discretionary as determined by the Committee. The Company makes bi-weekly discretionary nonelective matching contributions equal to 9% of eligible compensation to eligible physicians, and other credentialed providers who transitioned employment from the University of Oklahoma. Additionally, there was a one-time discretionary nonelective contribution approved in 2022 for transitioning employees (see Note 8). Contributions are subject to certain limitations.

December 31, 2023 and 2022	
Years of Vesting Service as of End of Payroll	Maximum Match Per Pay Period
0–2	3%
3–5	4%
6–8	6%
9–11	7%
12–14	8%
15 or more	9%

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The plan document also includes an automatic deferral feature, whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual 1% increase in the percentage deferred and is ultimately capped at 16%.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts, including matching and nonelective contributions, plus earnings thereon is based on years of continuous service. In general, a participant is fully vested after five years of continuous service, although certain company contribution sources that were transferred into the Plan in February 2018 are subject to shorter vesting periods.

In addition, certain company contribution sources of former employees of the OU Health Sciences Center (or another part of the University of Oklahoma), as described in *Note 9*, shall be subject to shorter vesting periods.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions or directly from the participant's personal checking account.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in their account. Participants may take distributions from their rollover account balance at any time. Hardship and age 59½ in-service distributions are also permitted.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$397,000 and \$64,000, respectively. These accounts will be used to pay administrative fees or reduce future employer contributions. In 2023 and 2022 employer contributions were reduced by approximately \$978,000 and \$1,338,000, respectively, from forfeited nonvested accounts. Also, in 2023 and 2022 forfeited accounts were used to pay approximately \$382,000 and \$362,000, respectively, in administrative expenses.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable during the 2023 plan year. The Plan distributed the 2022 excess contributions to the applicable participants before March 15, 2023.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Exchange traded funds (ETFs) are valued at the closing price reported on the active market on which the individual ETFs are traded. Mutual funds and money market mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3. Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

Note 4. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are shares of mutual funds, money market mutual funds, or ETFs managed by Fidelity, who is the trustee; therefore, these transactions qualify as party-in-interest transactions. Some fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue-sharing rather than a direct payment. The Plan paid approximately \$468,000 and \$485,000 of record-keeping fees to FWS during 2023 and 2022, respectively. Additionally, the Plan paid approximately \$123,000 and \$78,000 of advisory fees to a subsidiary of Fidelity during 2023 and 2022, respectively. The Company directly pays any other fees related to the Plan's operations.

The Company provides certain administrative services at no cost to the Plan.

Note 5. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets.

OU Health 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
2023				
Mutual funds and money market mutual funds	\$ 464,717,277	\$ 464,717,277	\$ -	\$ -
Self-directed brokerage accounts	2,456,205	2,456,205	-	-
	<u>\$ 467,173,482</u>	<u>\$ 467,173,482</u>	<u>\$ -</u>	<u>\$ -</u>
2022				
Mutual funds and money market mutual funds	\$ 368,751,764	\$ 368,751,764	\$ -	\$ -
Self-directed brokerage accounts	2,621,371	2,621,371	-	-
	<u>\$ 371,373,135</u>	<u>\$ 371,373,135</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 or 2022. The Plan had no assets measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 investments at December 31, 2023 and 2022.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Fidelity Management & Research Company, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 8. Contributions for Transitioning Employees

Effective July 1, 2021 and January 1, 2022, the Committee approved amendments to permit eligible service credits for any employee employed at OU Health Sciences Center (or another part of the University of Oklahoma) immediately prior to the employee's transition of employment to the Company on or about July 1, 2021, January 1, 2022 or March 1, 2022. The Employees were provided the option to have their account balance rolled into the Plan as part of this transition. As a result, aggregate amounts of approximately \$0 and \$13,307,000 were rolled into the Plan during the years ended December 31, 2023 and 2022, respectively, and are included in rollovers from transitioning employees on the accompanying statements of changes in net assets available for benefits.

During the year ended December 31, 2022, a one-time discretionary contribution of approximately \$1,155,000 was made to transitioning employees who remained continuously employed by the Company from 30 days after the transition date (on or about July 1, 2021) through December 31, 2021. The contribution is equal to the differential between the amount of employer contributions that would have been made on the individual's behalf into the University retirement plans for the 2021 plan year and the calculated employer contribution under the Plan for such participant in 2021.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through October 10, 2024, which is the date the financial statements were available to be issued.
