Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of OSCO Industries, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of OSCO Industries, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of OSCO Industries, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about OSCO Industries, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OSCO Industries, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about OSCO Industries, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and (acquired and disposed of within year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OSCO INDUSTRIES, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

(1) DESCRIPTION OF PLAN

The following description of the OSCO Industries, Inc. (the “Company or Plan Sponsor”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a volume-submitter plan sponsored by Ascensus. Broker’s commissions associated with investment transactions and investment management fees are paid by the Plan. The Plan is regularly updated to comply with tax legislation. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investments

Contributions to the 401(k) portion of the Plan are invested by the participants among the available investment options offered by the Plan. Contributions to the profit-sharing portion of the plan are invested by the Plan trustees.

Contributions to the Plan

Under the 401(k) portion of the Plan, employees may elect to contribute a portion of their qualified compensation, on a pre-tax basis, to the Plan (Elective Deferral Contributions), in amounts up to 50% of compensation, subject to applicable Federal law. Catch-up contributions are also permitted upon the attainment of age 50 and over. The Company may, in its sole discretion, make a Matching Contribution of the employees’ Elective Deferral Contributions. Eligible employees covered under a collective bargaining agreement and hired after December 31, 2015 will receive a Matching Contribution of a maximum of \$.45 per hour worked thru March 1, 2022 and a maximum of \$.55 per hour worked thereafter. Eligible employees hired prior to January 1, 2016 and covered under a collective bargaining agreement will receive a matching contribution of a maximum of \$.10 per hour worked thru March 1, 2022 and a maximum of \$.20 per hour worked thereafter.

Each year, under the 401(k) portion of the Plan, the Company will make a Safe Harbor Contribution in an amount not less than 3% of each participant’s eligible compensation. Union employees are excluded for the purposes of the Safe Harbor contribution.

Under the Profit Sharing portion of the Plan, the Company may, in its sole discretion, make an annual Profit Sharing Contribution on behalf of eligible employees. Union employees hired after December 31, 2015 will receive a Profit Sharing Contribution of \$.45 per hour worked thru March 1, 2022 and \$.55 per hour worked thereafter. Union employees hired prior to January 1, 2016 will receive a Profit Sharing Contribution of \$.10 per hour worked thru March 1, 2022 and \$.20 per hour worked thereafter.

Rollover contributions from other qualified plans are permissible on behalf of any eligible employee, regardless of whether such employee has met the age and service requirements of the Plan.

Eligibility

Employees are eligible to make Elective Deferral Contributions and receive Matching and Safe Harbor Contributions on the 1) first day of the first month of the Plan Year (January 1) or 2) the first day of the seventh month of the Plan year, coincident with or next following the date of attaining age 18 and upon the completion of one year of Eligibility Service (1,000 hours of service). Eligibility to receive Profit Sharing

Contributions requires that the participant be employed on the last day of the plan year, or complete at least 501 hours of service during the plan year. Union employees hired after January 1, 2013 are eligible to make Elective Deferral Contributions and receive Matching and Profit Sharing Contributions upon the attainment of age 18 and completion of one year of Eligibility Service.

Vesting

All employees are immediately 100% vested in their Elective Deferral Contributions. Non-union employees are 100% vested in other amounts upon receiving an allocation of the Company's contribution. Union employees vesting in Matching Contributions and Profit Sharing Contributions are subject to a three year cliff vesting schedule.

Notes Receivable

The Plan permits participants to borrow from their fund accounts in amounts from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 4.75%-10.00%, which was the prime rate plus 150 basis points at loan inception. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Normal retirement is at age 65. Distributions are also due at termination due to disability or death. If the vested amount of the participant's account is less than \$1,000, such distribution will be paid in the form of a lump sum. If greater than \$1,000, the participant consents to the method of distribution.

Participants Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Company's contributions, and (c) Plan earnings. Allocations are based on a participants' earnings, or account balances, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Forfeitures

Forfeitures of non-vested accounts can be used to reduce the Company's contributions, be reallocated as additional Company contributions, or pay Plan expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$17,098 and \$7,975, respectively. For 2023, employer contributions were reduced by \$0 with forfeited, non-vested accounts.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Basis of Accounting

The financial statements of the Plan are prepared using U.S. generally accepted accounting principles and the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid

to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note (9) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through September 30, 2024, which is the date the financial statements were available to be issued.

(3) INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

Reliance Trust Company was the trustee of the profit-sharing portion of the Plan through April 2023 and Peoples Bank became the trustee of the profit-sharing portion of the Plan in April 2023. Empower Trust Company, LLC is the trustee of the 401(k) portion of the Plan (collectively, the "Trustees"). The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

(5) TAX STATUS

The Plan is a volume submitter plan provided by Ascensus. The Plan and Trust are intended to qualify as a tax-exempt profit-sharing plan and trust under sections 401(a) and 501(a) of the internal revenue code. The Plan provider obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

(7) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company ("Reliance") was a custodian and trustee of the profit-sharing portion of the Plan through April 2023 and Peoples Bank ("Peoples") became the custodian and trustee of the profit-sharing portion of the Plan in April 2023. Empower Trust Company, LLC ("Empower") is the trustee and plan

administrator, respectively, of the 401(k) portion of the Plan. Therefore, transactions with these companies are considered to be party in interest transactions. Fees paid by the Plan to Reliance, Peoples and Empower amounted to \$12,135, \$24,118 and \$8,043 for the year ended December 31, 2023, respectively.

PNC Capital Advisors, Ascensus and Empower Advisory Group provide investment management services to the Plan. Fees paid by the Plan to PNC Capital Advisors, Ascensus and Empower Advisory Group totaled \$14,454, \$20,444 and \$5,351 for the year ending December 31, 2023, respectively.

The Plan sponsor pays for accounting fees and certain other administrative expenses.

(9) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a) quoted prices for similar assets or liabilities in active markets, b) quoted prices for identical or similar assets or liabilities in inactive markets, c) inputs other than quoted prices that are observable for the asset or liability, d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common and foreign stocks - Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds, municipal bonds and certificates of deposit - Valued primarily using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities - Valued using pricing models maximizing the use of observable inputs for similar securities.

Structured finance securities - Valued by an automated pricing service that determines the value using internal policies and methods based on a matrix of similar securities.

Money markets - Valued by utilizing cost, which approximates fair value.

Partnerships - Valued by an automated pricing service. The pricing service passes values from the exchange based on daily trading activity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:
