Lancaster EMS
401(K) Retirement Plan
Millersville, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of LANCASTER EMS 401(K) RETIREMENT PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LANCASTER EMS 401(K) RETIREMENT PLAN's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LANCASTER EMS 401(K) RETIREMENT PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LANCASTER EMS 401(K) RETIREMENT PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LANCASTER EMS 401(K) RETIREMENT PLAN's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LANCASTER EMS 401(K) RETIREMENT PLAN's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

General

Lancaster EMS (the Employer) 401(K) Retirement Plan (the Plan) is a defined contribution plan covering substantially all employees of Lancaster EMS. The Plan complies with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. For the purpose of making elective deferrals, an eligible employee is any person who has attained the age of 19 and completed three months of service. Employer contributions, as defined below, begin once an eligible employee completes one year of service.

Basis of Accounting

The financial statements are presented on the accrual basis of accounting in accordance with generally accepted accounting principles. Contributions from participants are recorded in the period in which they are earned by the Plan participants. The Company's matching contribution is recorded in the same period as the corresponding employee contributions and is funded bi-weekly.

Contributions

Employee participation in this Plan is voluntary. The following types of contributions are permitted:

(A) Employer

(1) Matching of employee contributions are at the sole discretion of the Employer. For the year ended December 31, 2023, the Employer has decided to match 50% of employees' contributions up to 6% for employees with fewer than 10 years of service, 8% for more than 10 but less than 15 years of service, 10% for more than 15 but less than 20 years of service, and 12% for more than 20 years of service.

(2) Profit Sharing – such an amount, if any, as determined by the Employer.

(B) Employee - 1% to 75% of participant compensation as elected, but not to exceed the \$22,500 limit set by the federal government.

(C) Participant Rollover Contributions – Participants eligible for a withdrawal from another eligible retirement plan or traditional IRA may roll over all or part of that amount into the Plan. Participants may not roll over amounts from a Roth IRA into the Plan.

The Company made profit sharing contributions of \$-0- for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's matching contribution, (b) Employer's profit sharing contribution and (c) Plan earnings. Participants control which funds contributions are to be invested. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Benefits

Upon termination of service (retirement, death, or permanent disability), a participant may consent to receive either a lump-sum payment or installment payments. Balances of \$5,000 or less are paid out in a lump sum payment as soon as reasonably practicable following termination. Balances in the Employee Contribution Accounts and Employer Contribution Accounts representing his or her value shall be paid to the participant. Termination due to death of participant results in payment to either the spouse or the designated beneficiary, as previously elected.

Net assets available for benefits include vested amounts allocated to inactive participants of \$871,605 and \$505,148 at December 31, 2023 and 2022, respectively.

Forfeitures

Forfeitures arising from breaks in service experienced by participants with less than fully-vested interests in their Employer Contribution Accounts shall be used to pay administrative expenses or reduce future Employer contributions, if any, for the Plan year with respect to which such forfeitures arise. The amount of forfeitures amounted to \$27 for the year ended December 31, 2023. There were no forfeitures outstanding at December 31, 2023 and 2022.

Subsequent Events

Management has evaluated all events and transactions occurring after the balance sheet date through October 11, 2024, the date through which the financial statements were available to be issued. Management feels that no events or transactions occurred subsequent to the balance sheet date requiring an adjustment of the financial statements or disclosure in the footnotes.

Plan Termination

It is the expectation of the Employer that it will continue this Plan indefinitely and make payments of its contributions in the manner agreed upon. The continuance of the Plan is not assumed as a contractual obligation of the Employer, and the right is reserved by the Employer, at any time, to reduce, suspend, or discontinue its contributions.

In the event the Plan is fully or partially terminated, all affected participants shall receive 100% of the value in their account balance.

Vesting

Employer matching and profit sharing contributions vest over a five-year period, while employee contributions vest upon participation in the Plan.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

The Plan permits participants deemed credit-worthy by the Plan administrator to borrow from Plan assets, subject to the limits of federal law. Loan terms are up to five years and bear an interest rate based on the prevailing interest rates charged for loans which would be made under similar circumstances, as determined by a committee appointed by the Employer. The current interest rates on all loans are between 4.25% to 8.00%. A loan may exceed five years only if the funds will be used to purchase a principal residence. However, the loan must be repaid before the participant's normal retirement age. The loans are secured by the balance of the participant's account.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments, and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Retirement Accounts

Both an Employer Contributions Account and an Employee Contributions Account shall be maintained for each participant. Within each account, subaccounts shall be maintained to show a participant's interest in each of the investment funds.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: INCOME TAX STATUS

The Plan has adopted a standardized prototype plan sponsored by Ascensus, LLC. The prototype plan sponsor has received a favorable determination letter from the IRS upon which the Company relies as evidence that the Plan meets all applicable plan design qualification requirements. The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan constitutes an exempt trust under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxes under Section 501(a).

The Plan's tax returns for the years ended December 31, 2023, 2022, and 2021 remain subject to examination by the Internal Revenue Service.

NOTE 3: INVESTMENTS

Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value and requires additional disclosures about the use of fair value instruments. ASC 820 specifies that the valuation techniques used to measure fair value maximize the use of market data obtained from independent sources (observable inputs) and minimizes the use of unobservable inputs. ASC 820 establishes a fair value hierarchy based on the use of these inputs and is summarized as follows:

Level 1 – quoted prices in active markets for identical securities;

Level 2 – other significant observable inputs, including quoted prices for similar securities; and

Level 3 – significant unobservable techniques supported by little or no market activity.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Cash – The fair value of cash is materially the same as its carrying value, due to the short-term nature of the instrument.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan provides for investments which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
