Independent Auditor's Report

Investment Committee
Newly Weds Foods, Inc. Cash Accumulation Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Newly Weds Foods, Inc. Cash Accumulation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Newly Weds Foods, Inc. Cash Accumulation Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of Newly Weds Foods, Inc. (the Company) Cash Accumulation Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information of the Plan's provisions.

General: The Plan is a defined contribution plan for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have completed 90 days of service are eligible to participate in the Plan. Eligible participants may enter the Plan on their respective 91st day of service.

Contributions: Eligible participants may elect to contribute up to 75% of pretax annual compensation, subject to limitations by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to also make catch-up contributions. Participants are allowed rollover contributions from other qualified retirement plans (rollovers). Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of investment earnings and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, participants may direct their contributions into several investment options as more fully described in the Plan's literature. Participants may change their investment allocation at any time.

Vesting: Participants are fully vested immediately in their contributions plus actual earnings thereon.

Notes receivable from participants: A participant may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their total account balance. A participant may only have one note outstanding at any given time. The loan repayment period is up to five years or up to 15 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear an interest rate at the prime rate plus 1% on the first business day of the month in which the loan is originated. Principal and interest are paid ratably through weekly or semimonthly payroll deductions.

Payment of benefits: Benefit payments are made to participants or their beneficiaries upon death, retirement, disability or termination of employment. Benefits are payable in a lump sum, partial withdrawals or in installments. In-service withdrawals are permitted by the Plan upon attainment of age 55, completion of 15 years of service, or by determination that a financial hardship, as defined, has been incurred. Benefit payments are to be made to participants from their vested account balances.

Newly Weds Foods, Inc. Cash Accumulation Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Other income: Pursuant to service agreements with T. Rowe Price Trust Company (T. Rowe Price), T. Rowe Price agreed to make revenue sharing payments to the Plan to pay administrative expenses that the Plan incurs. For the year ended December 31, 2023, \$95,374, was earned by the Plan under this agreement. Of the amount earned from T. Rowe Price, \$27,552 and \$26,971 was received in January 2024 and 2023, respectively, and is included in other income receivable as of December 31, 2023 and 2022, respectively. As of December 31, 2023 and 2022, the balance in the ERISA Budget Account which holds these revenue sharing payments totaled \$93,963 and \$133,462, respectively, which are invested in a money market account, included in shares of registered investment companies in the statements of net assets available for benefits.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's losses and gains on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) require the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are charged against earnings, except to the extent expenses are paid by the Company.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 9, 2024, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified by T. Rowe Price Trust Company (the Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and the supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from T. Rowe Price Trust Company, the trustee of the Plan, that the information provided to the Plan Administrator by the trustee as of December 31, 2023 and 2022, and for the year ended December 31, 2023, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the supplemental schedule related to the following assets and income:

	2023	2022
Shares of registered investment companies	\$ 83,489,416	\$ 67,956,887
Shares of common/collective trust	13,385,269	12,855,445
Notes receivable from participants	1,758,818	1,509,102
Net appreciation in fair value of investments	10,136,548	
Dividends	4,515,848	
Interest income on notes receivable from participants	105,617	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Newly Weds Foods, Inc. Cash Accumulation Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Shares of common/collective trust are valued based on the NAV of shares of the common/collective trust held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 83,489,416	\$ -	\$ -	\$ 83,489,416
Total assets in the fair value hierarchy	<u>\$ 83,489,416</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 83,489,416</u>
Investments measured at NAV (a)				13,385,269
Total investments at fair value				<u>\$ 96,874,685</u>

	2022			
	Level 1	Level 1	Level 3	Total
Shares of registered investment companies	\$ 67,956,887	\$ -	\$ -	\$ 67,956,887
Total assets in the fair value hierarchy	<u>\$ 67,956,887</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 67,956,887</u>
Investments measured at NAV (a)				12,855,445
Total investments at fair value				<u>\$ 80,812,332</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Newly Weds Foods, Inc. Cash Accumulation Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022:

	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
Shares of common/collective trust	\$ 13,385,269	\$ 12,855,445	\$ -	\$ -	Daily	12 Months

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

T. Rowe Price provides trustee and recordkeeping services to the Plan. These transactions qualify as party-in-interest transactions. Total administrative expenses paid by the Plan to service providers totaled approximately \$71,941 for the year ended December 31, 2023.

Certain employees of the Company provide administrative services to the Plan. These employees do not receive compensation from the Plan for their services. Certain other administrative expenses of the Plan are paid by the Company.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

Effective August 19, 2020, the Plan adopted a volume submitter plan sponsored by T. Rowe Price. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan has been amended since the adoption date. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500
