INDEPENDENT AUDITORS' REPORT

Plan Administrator and Sponsors
National Material L.P. Deferred Compensation Plan 401(k)
Elk Grove Village, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NATIONAL MATERIAL L.P. DEFERRED COMPENSATION PLAN 401(K), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NATIONAL MATERIAL L.P. DEFERRED COMPENSATION PLAN 401(K) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NATIONAL MATERIAL L.P. DEFERRED COMPENSATION PLAN 401(K)'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NATIONAL MATERIAL L.P. DEFERRED COMPENSATION PLAN 401(K)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NATIONAL MATERIAL L.P. DEFERRED COMPENSATION PLAN 401(K)'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule listed in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

The following description of the National Material L.P. ("Company") Deferred Compensation Plan 401(k) ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering substantially all employees who are at least 20½ years old, except those covered by a collective bargaining agreement. Eligible employees may become Plan members immediately upon attaining eligibility. The Plan includes an income deferral option which qualifies under Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).
2. Contributions - Participants may choose to contribute by payroll deduction any percentage of their compensation, to a maximum of \$22,500 for 2023 and \$20,500 for 2022. Participants over the age of 50 may elect to contribute additional funds up to the annual "catch-up" contribution limit of \$7,500 for 2023 and \$6,500 for 2022.

The Company determines in its sole discretion how much, if any, it will make as a matching contribution. For the year ended December 31, 2023, the Company elected to make a matching contribution of 100% of each Participant's Elective Deferrals not exceeding 3% of the Participant's Compensation, plus 50% of each Participant's Elective Deferrals in excess of 3% but not in excess of 5% of the Participant's Compensation.

The Company may also elect to make a discretionary profit-sharing contribution. There were no discretionary employer contributions for 2023 or 2022.

3. Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and plan earnings. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers fourteen mutual funds and one investment contract as investment options.
4. Vesting – Vesting of the Company's matching contributions and profit-sharing contributions follows a three-year graded scale. Participants are still 100% vested in their voluntary contributions and rollover contributions.
5. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to have their vested benefits paid in a lump sum or through a life annuity. For termination of service due to other reasons, a participant will receive their vested benefits in a lump sum distribution.

NOTES TO FINANCIAL STATEMENTS

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments were held by Massachusetts Mutual Life Insurance Company (Mass Mutual) through February 1, 2022. On February 1, 2022, the Plan's Investments were transferred to Empower Annuity Insurance Company of America (Empower). All funds are valued at quoted market values as of December 31, 2023 and 2022, except for the Mass Mutual Fixed Interest Account (SAGIC).

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines its valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note 4 for discussion of investments valued at contract value.

Purchases and sales of securities are reflected on a trade-date basis. Realized gains and losses on the sale of securities are computed on a specific identification basis.

Dividend and interest income are recognized when received. Net appreciation (depreciation) on investments held represents the change in market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year.

PARTICIPANT NOTES RECEIVABLE

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

BENEFITS

Benefit payments to participants are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Level 2 Fair Value Measurements are not applicable to the Plan for 2023 and 2022.

Level 3 Fair Value Measurements

Level 3 Fair Value Measurements are not applicable to the Plan for 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 27,022,406	\$ —	\$ —	\$ 27,022,406
Investments Measured at Net Asset Value	<u>—</u>	<u>—</u>	<u>—</u>	<u>14,763,004</u>

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at Fair Value	<u>\$ 27,561,193</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 34,929,645</u>

In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common/collective trust funds are valued at the net asset value (“NAV”) of units of the common/collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair values. Units of the common/collective trusts funds are valued by the asset custodian at the daily NAV, which represents the cumulative market values of the common/collective trust fund’s underlying investments less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments or any restrictions on the participant’s ability to redeem investments. However, withdrawals prompted by certain events (e.g. termination of the managed income portfolio, changes in laws and regulations) may restrict a participant’s ability to redeem the investment at its NAV. The common/collective trust funds seek to provide a total return for investors retiring approximately at or near the year indicated by the fund.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2023 and 2022 are reported in net appreciation (depreciation) in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

NOTE 4—INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Mass Mutual Fixed Interest Account is a fully-benefit responsive contract. SAGIC is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate were 2.90% at December 31, 2023 and 3.49% at December 31, 2022.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. Consult the plan's group annuity contract for further information.

NOTE 5—PARTICIPANT NOTES RECEIVABLE

Participants may borrow up to 50% of their vested equity balance, with a minimum loan amount of \$1,000 and a maximum of \$50,000. Repayments of principal and interest are made in equal installments over the specified loan period through regular payroll deductions. Loan terms range from 1-5 years except loans for the purchase of a primary residence, which may be up to 30 years. Loans are secured by the balance in the participant's account. The interest rate charged is 1% over the existing prime rate at the time the loan is issued and is fixed over the life of the loan.

NOTE 6—INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Empower Trust Company, LLC, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- a. Investments, as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- b. Investment income as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- c. The schedule of assets (held at end of year) as of December 31, 2023, as shown on Schedule H, Line 4(i).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to related information included in the financial statements and supplemental schedules.

NOTE 8—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 9—TAX STATUS

The Plan, through its adoption of an Empower Retirement LLC Prototype Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan, has obtained an opinion letter issued to Massachusetts Mutual Life Insurance Company by the Internal Revenue Service dated November 14, 2022 stating that the prototype plan is qualified under Section 401(a) of the Internal Revenue Code (“IRC”) and that any employer adopting this plan will be considered to have a qualified plan under the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The Plan presently meets the requirements of Section 401(a) of the Internal Revenue Code and, accordingly, its income is exempt from federal income taxes under Section 501(a). A similar status exists for Illinois income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10—RELATED PARTY TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. In addition, the majority of expenses of the Plan are paid by the Company, except loan fees which are paid by the borrowing participants.

The Plan’s investments are managed by Empower and Mass Mutual and as a result, Empower and Mass Mutual are considered parties-in-interest. The Plan paid certain asset based and transaction fees to Empower and Mass Mutual in the amount of \$43,747 for 2023 and \$56,147 for 2022.

Certain Plan investments are shares of mutual funds that were managed by Reliance Trust Company through February 1, 2022. Reliance Trust Company was the trustee as defined by the Plan and, therefore, is considered a party-in-interest. On February 1, 2022, management of these Plan investments was switched to Great-West Trust Company (later renamed Empower Trust Company) and Great-West Trust Company (later renamed Empower Trust Company) became the trustee as defined by the Plan and, therefore, is considered a party-in-interest.

NOTE 11—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 12—PROHIBITED TRANSACTIONS

During 2023, an eligible employee was not given the opportunity to make elective deferrals in the amount of \$1,213. Correction of this issue is planned for 2024. Lost earnings will be calculated and applied to the accounts of the affected plan participant.

NOTE 13—SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2024, the date which the financial statements were available for issue. There were no subsequent events which require disclosure.
