Independent Auditor's Report

To the Plan Administrator of the
BFOB 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of financial statements of the BFOB 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BFOB 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 1: Description of Plan

The following description of the BFOB 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit sharing plan, amended and restated effective January 1, 2022, covering substantially all employees of AMB Group, LLC (the Plan Sponsor or the Company), as well as employees of other members of the Company's controlled group. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prior to January 1, 2022, the Plan operated under the name of The National Football League Capital Accumulation Plan as adopted by Atlanta Falcons Football Club, LLC (the Club). The Plan was amended effective January 1, 2022, to change the name of the Plan to the BFOB 401(k) Plan and amend the Plan Sponsor from Atlanta Falcons Football Club, LLC to AMB Group, LLC.

Effective March 1, 2019, the Plan was amended to exclude all new "Event Day Staff" and "Interns", as defined, from eligibility to enter the Plan. Effective October 7, 2019, the Plan was amended to exclude all new "Massage Therapists", as defined, from eligibility to enter the Plan. Effective January 1, 2022, the Plan was restated to reinstate "Event Day Staff" and "Massage Therapists", as defined, as eligible employee groups.

Prior to January 1, 2022, an employee was eligible to participate the first day of the next payroll period beginning after the completion of 500 hours of service with the Club. If the employee had met the eligibility requirement at another National Football League (NFL) Club or NFL affiliate, the employee is immediately eligible to participate in the Plan as of the hire date. Effective January 1, 2022, the Plan was restated to allow certain employees to become eligible to participate the first day of the next payroll period coinciding with or following completion of three months of service with the Company. "Event Day Staff" and "Massage Therapists", as defined, become eligible to participate the first day of the next payroll period coinciding with or following completion after completing at least 1,000 hours of service during the eligibility period, as defined. Effective January 1, 2024, the service requirement is reduced to 500 hours.

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pre-tax contributions to the Plan of up to 100% of their annual compensation, as defined, subject to limitations under the IRC. Effective January 1, 2022, the Plan was restated to allow for participants to make Roth contributions to the Plan of up to 100% of their annual compensation, as defined, subject to limitations under the IRC. Additionally, the Plan allows participants age fifty and older to make catch-up contributions.

The Plan Sponsor shall match 50% of each participant's pre-tax contributions, but not more than the lesser of 2.5% of a participant's compensation or \$3,750 for contract employees, and employees hired before March 1, 2015. The Plan Sponsor shall match 100% of each participant's pre-tax contributions, but not more than the lesser of 6% of a participant's compensation for employees hired after March 1, 2015, or employees merged into the Plan. Effective January 1, 2022, the Plan was restated whereby the Plan Sponsor shall make a safe harbor matching contribution equal to 100% of each participant's pre-tax or Roth contributions, but not more than the lesser of 6% of a participant's compensation, as defined. Plan Sponsor matching contributions totaled \$4,186,609 in 2023.

The Plan Sponsor may make an annual discretionary nonelective contribution, allocated at the end of the Plan year based on an integrated formula to eligible employees. The discretionary contribution account is subject to a vesting schedule. During 2023, there were no discretionary nonelective contributions.

Administration

The Company serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The Plan Administrator has engaged Transamerica Retirement Services, LLC (TRS) as a third-party administrator to assist in the recordkeeping of the Plan.

State Street Bank and Trust (State Street) serves as Trustee of the Plan. Transamerica Life Insurance Company (TLIC) and State Street serve as custodians of the Plan. The Trustee serves as the intermediary for all asset purchases and redemptions and manages certain investment options of the Plan. The custodians receive all contributions made under the Plan, holds Plan assets, pays benefits to participants as directed by the Plan Administration and assists in administration of the Plan (Notes 5 and 7).

Expenses

Administrative expenses of the Plan are primarily paid by the Plan Sponsor. These expenses include, but are not limited to, legal and accounting and certain recordkeeping fees.

Participant Accounts

Each participant account is credited with pre-tax, Roth and rollover contributions made by the participant and the participant's portion of the Plan Sponsor's safe harbor matching and discretionary nonelective contributions and Plan earnings. Plan earnings, which consist of earnings, expenses and gains and losses on investments, are allocated based on participant account balances, as defined in the plan agreement.

Vesting

Participants' vesting in their salary deferral, Plan Sponsor's safe harbor matching and rollover contributions and income earned thereon are fully vested at the time of entry to the Plan.

Participant vesting in the Plan Sponsor's discretionary nonelective contributions and income earned thereon is based on years of continuous service during which an employee completes at least 1,000 hours of service with the Company. The vesting percentages are as follows:

Years of Service	Percentage
Less than 2	0%
2	40%
3	60%
4	80%
5	100%

Participants also become 100% vested upon termination of the Plan, reaching normal retirement age of sixty-five or death while an employee of the Plan Sponsor.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, no more than one loan per participant may be outstanding at a time. Generally, loans are secured by 50% of the participant's account balance and payable in equal monthly payments over a period not to exceed five years. A loan used for financing the purchase of the participant's principal residence may be repaid over a longer period of time.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments of 1% (totaling 100%) among various risk options that the Plan Administrator makes available.

Withdrawals

In general, a participant may withdraw up to 100% of the pre-tax contributions, excluding certain earnings on pre-tax contributions, in the event of a participant's severe and immediate financial hardship, as defined in the plan agreement. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make contributions will be suspended for six months.

The Plan Administrator may be required by law to recognize obligations the participant incurs as a result of court-ordered support or alimony payments. The Plan Administrator must honor a Qualified Domestic Relations Order (QDRO). If a QDRO is received by the Plan Administrator, all or a portion of the participant's account balance may be used to satisfy the obligation.

Pre-tax contributions may be withdrawn by a participant after reaching age fifty-nine and one-half. Rollover contributions may be withdrawn by a participant at any time.

Upon normal retirement, early retirement, after reaching age sixty-five, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution. In general, if a participant's account balance, as defined in the plan agreement, is greater than \$1,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement age without the participant's consent. Regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is \$1,000 or less. Terminated employees that defer distribution of their benefits are required to pay all fees incurred by the Plan to administer the participant's deferral payment.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Effective January 1, 2024, upon termination of service, participants with account balances greater than \$1,000 but not greater than \$5,000 will be subject to automatic rollover requirements.

Forfeitures

Non-vested portions of discretionary account balances of employees are forfeited the year after the fifth consecutive year during which the employee works less than 500 hours with any NFL Club or entity. Forfeitures of employees' non-vested accounts are used as of the end of the year in which the forfeiture occurs to reduce future nonelective discretionary contributions and safe harbor matching contributions. During 2023, forfeitures were not used to reduce safe harbor matching contributions. The balance of the forfeiture account at December 31, 2023 and 2022 was \$16,218 and \$9,213, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Plan Participants

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefit payments are recorded when paid by the Plan.

Subsequent Events

The Plan Sponsor has evaluated for subsequent events between December 31, 2023, the date of the statement of net assets available for benefits, and the report date, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure were incorporated herein.

Note 3: Fair Value Measurements

The Financial Accounting Standards Board establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is the description of the valuation methodologies used for these items. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Fund: The carrying value approximates its fair value.

Mutual funds: Mutual funds are valued at quoted market prices. Net appreciation in the fair value of the mutual funds represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market	\$ 49,493	\$ -	\$ -	\$ 49,493
Mutual funds	<u>75,580,394</u>	<u>-</u>	<u>-</u>	<u>75,580,394</u>
Total investments at fair value	<u>\$ 75,629,887</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 75,629,887</u>

Assets at Fair Value as of December 31, 2022 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market	\$ 34,683	\$ -	\$ -	\$ 34,683
Mutual funds	<u>62,929,914</u>	<u>-</u>	<u>-</u>	<u>62,929,914</u>
Total investments at fair value	<u>\$ 62,964,597</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 62,964,597</u>

Note 4: Fully Benefit-Responsive Investment Contract

The Plan has entered into a traditional investment contract through a group annuity contract issued by TLIC. The traditional investment contract held by the Plan is a guaranteed investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus interest, less participant withdrawals and administrative expenses. TLIC maintains the contributions in a general account secured by the general assets of TLIC. There is no maturity date and the guaranteed interest rate is revised semi-annually or annually, by TLIC, subject to contractual limitation in the contract. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable of occurring. The contract value of the guaranteed investment contract totaled \$2,425,633 and \$2,114,691 at December 31, 2023 and 2022, respectively, and is reported as investment at contract value in the accompanying statements of net assets available for benefits.

Note 5: Information Certified by Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investment assets and transaction in those assets included in the accompanying financial statements and supplemental information and as outlined below as of December 31, 2023 and 2022, and for the year ended December 31, 2023, was derived from information certified as complete and accurate by the custodians in accordance with DOL regulations. As permitted under such election, the Plan's independent auditors did not perform any auditing procedures with respect to the following information certified by the custodians, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental information:

	2023	2022
Statements of net assets available for benefits:		
Investments, at fair value	\$ 75,629,887	\$ 62,964,597
Investment, at contract value	2,425,633	2,114,691
Statement of changes in net assets available for benefits:		
Investment income:		
Net appreciation in fair value of investments	\$ 10,792,681	
Interest and dividends on investments	1,271,441	
Interest income on notes receivable from participants	33,938	

Note 6: Income Tax Status

Effective April 1, 1987, the Plan Sponsor entered into a non-standardized adoption agreement of the National Football League Capital Accumulation Plan.

The Plan has obtained an individual IRS determination letter dated August 3, 2017. The Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2023.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 7: Party-in-Interest Transactions

TRS, State Street and TLIC to perform services for, sell products to, and maintain certain investments of the Plan for which fees are charged to the Plan. Transactions with these providers qualify as party-in-interest transactions. In addition, notes receivable from participants also qualify as party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Prohibited Transaction

The Plan Sponsor deducted, via payroll withholding, an aggregate of \$16,077 and \$208,056 and \$29,647 during 2023, 2022 and 2021, respectively, from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. During 2023, the Company made corrective actions related to withholdings totaling \$2,426. The Company intends to file Form 5330 with the IRS, pay the required excise tax, and make the restoration contribution to restore the lost earnings to participants with regards to the uncorrected late remittances.

Note 9: Excess Contributions Payable

During 2022, certain participants were not in compliance with IRS 402(g) contribution limits and certain participants received Plan Sponsor matching contributions in excess of the limitations under the IRC Section 401(k). The Plan recorded excess contributions totaling \$12,952 in the accompanying statements of net assets available for benefits to reflect the appropriate refund of a portion of the contributions made by the participants in order to comply with IRS 402(g) and the IRC limitations. The Plan refunded these excess contributions to its participants during 2023. The Plan Administrator believes that these corrective measures satisfied the requirements of the Plan. During 2023, the Plan was in compliance with IRC Section 401(k).

Note 10: Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to terminate the Plan subject to the provisions of ERISA.
