Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of New York Medical College Tax Deferred Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NEW YORK MEDICAL COLLEGE TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1)Description of the Plan

The following description of the New York Medical College Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision.

(a) General

The Plan is a defined-contribution plan, covering all employees of the New York Medical College (the College or the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and the Internal Revenue Code.

(b) Eligibility

Prior to January 1, 2018, per diem employees needed to work 1,000 hours in order to make employee contributions to the Plan. Effective January 1, 2018, per diem employees began to make employee contributions to the Plan on the first payroll date after commencement of employment. However, they are not eligible to receive employer contributions. Prior to January 1, 2018, graduate research associates, students, fellows, and temporary employees were excluded from the Plan. Effective January 1, 2018, temporary employees began to make employee contributions to the plan on the first payroll date after commencement of employment. They are not eligible for employer contributions. Substantially, all other employees are eligible to become participants and make deferral contributions to the Plan, as soon as administratively possible after their hire date. Union employees are not eligible to receive a contribution from the College.

(c) Contributions

(i) Employee Contributions

Each year, participants may contribute a portion of their pretax annual compensation, as defined by the Plan, up to an annual limit determined by the Internal Revenue Service (IRS) (\$22,500 for 2023 and \$20,500 2022). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$7,500 \$6,500 in 2023 and 2022, respectively. Participants who have been employed for at least 15 years may also make special 403(b) catch-up contributions not to exceed \$3,000 per annum or \$15,000 in a lifetime. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

(ii) Employer Contributions

The College makes contributions to each eligible employee who was a participant with respect to employer contributions prior to January 1, 2018, in accordance with the following table:

	Employees under age 40 or less than 5 years of service	Employees at least age 40 and 5 or more years of service	Employees at least age 55 and 15 or more years of service
On the portion of pay within the year's social security taxable wage base	6.3 %	6.5 %	10.0 %
On the portion of pay above the year's social security taxable wage base	12.0	12.2	15.0

For employees who were not participants with respect to employer contributions prior to January 1, 2018, the College makes matching contributions of 100% of deferral contributions for each eligible employee up to 5% of compensation. This also applies to employees who were participants prior to January 1, 2018, but terminated employment and were then rehired on or after January 1, 2018.

TAX DEFERRED ANNUITY PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(d) Participant Accounts

The Plan is a defined-contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the College's contributions and (b) plan earnings or loss. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested 100% in their contributions, including salary deferral and rollover contributions and the related earnings thereon. Participants become 20% vested in their employer nonelective contribution account after two years of eligible service, 50% vested after three years and 100% vested after four years. Participants become 100% vested in their employer matching contribution account after one year of eligible service.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the excess (if any), of the highest outstanding of the loans from the Plan during the 12-month period ending on the day before the date a new loan is made. Loans used to purchase a primary residence may be repaid over 10 years. Loans for all other purposes must be repaid within 5 years.

Loans are administered by TIAA. These loans are secured by the balance in the participant's account with TIAA and interest rates are variable and can increase or decrease once a year. As of December 31, 2023, loans outstanding amounted to \$891,605 with interest rates ranging from 4.25% to 9.5% and are scheduled to mature through 2031. As of December 31, 2022, loans outstanding amounted to \$594,918, with interest rates ranging from 4.25% to 8.0% and are scheduled to mature through 2031. Principal and interest are paid by the participant directly to the Plan.

(g) Plan Loans

Loans are also issued directly from TIAA and Mutual of America and not directly from a participant's account (Plan loans). For all Plan loans, interest and principal is paid by the participant directly to TIAA and Mutual of America who also retain a security interest in the participant accounts related to the loans outstanding. Plan loans are not considered investments of the Plan and therefore are not reported in the statements of net assets available for benefits. The interest rate is determined by TIAA and Mutual of America and may be fixed or variable. The interest rate is determined by the terms of the controlling contract and is fixed over the life of the note. As of December 31, 2023, Plan loans amounted to \$316,101 with interest rates ranging from 4.04% to 7.07% and were scheduled to mature through June 2030. As of December 31, 2022, Plan loans amounted to \$574,178 with interest rates ranging from 4.0% to 7.07% and were scheduled to mature through June 2030. Loans in default at December 31, 2023 and 2022 amounted to approximately \$79,360 and \$75,456, respectively.

All new loans initiated after December 2017 must be taken out through TIAA and are no longer eligible for payroll deduction for repayment.

(h) Payment of Benefits

On termination of service due to death, disability, or attainment of age of 59^{1/2}, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in the form of an annuity contract. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive coronavirus-related distributions without penalty.

TAX DEFERRED ANNUITY PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(i) Hardship Withdrawals

Under certain conditions, participants, while still employed by the College, are permitted to withdraw components of their participant account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster cleanup on the participant's principal residence, or to prevent eviction or foreclosure from the participant's principal residence.

(j) Forfeitures

Forfeitures are created when a participant terminates his or her employment prior to vesting. Such amounts can be used to reduce future employer contributions, as defined in the plan document. As of December 31, 2023, and 2022, available forfeited nonvested accounts amounted to \$166,586 and \$159,201, respectively. During 2023 and 2022, employer contributions were reduced by \$186,547 and \$161,083, respectively, using the available forfeited nonvested accounts.

(k) Administrative Expenses

Administrative expenses related to investment management are allocated among various funds and are included as an offset to interest income or net appreciation in fair value of investments. Expenses related to investment management are paid directly by the respective investment vehicle and are included as a reduction to net depreciation in fair value of investments. Net appreciation includes approximately \$177,229, which represents a portion of the investment appreciation, which was returned to the Plan during the year ended December 31, 2023. These amounts have been, or will be, used to pay allowable plan expenses or be allocated to plan participants. Certain other expenses to maintain the Plan are paid by the College.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses.

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

(d) Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2023 and 2022

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes in net assets available for benefits and, when applicable, disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Investments – Information Certified by the Insurance Companies or Custodians (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosures under ERISA. TIAA, Mutual of America, or Empower, formerly managed by MassMutual (MassMutual, for investment options formerly managed by The Hartford Life Insurance Company) (collectively, the Custodians) have certified as being complete and accurate the investments and notes receivable from participants on the statements of net assets available for benefits as of December 31, 2023 and 2022, and the investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023, and the information included in the supplemental schedule of the financial statements as of December 31, 2023. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate.

The following account balances and transactions were obtained from statements certified by the insurance companies or custodians (collectively, the Custodians):

	<u>2023</u>	<u>2022</u>

	<u>\$ 691,137,641</u>	<u>646,648,013</u>

* Empower acquired MassMutual and provided all administrative services for these plan investments. MassMutual acquired the Hartford's Retirement Plan Group business effective January 1, 2014.

The information related to Columbian Mutual Group Annuity Contract that was not certified was less than 0.30% of the Plan's assets, and represented \$1,587,636 and \$1,708,600 in investments as of December 31, 2023 and 2022, respectively, and \$60,514 in interest for the year ended December 31, 2023.

(4) Fair Value Measurement

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**NEW YORK MEDICAL COLLEGE
TAX DEFERRED ANNUITY PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2023 and 2022:

<i>Money market funds and short-term investments</i>	Money market funds have original maturities of three months or less. The original cost of these assets approximates fair value due to their short-term maturity.
<i>Registered investment companies</i>	Valued at the quoted prices of shares held by the Plan at year-end, which are quoted daily. Prices quoted are the net asset value (NAV) of the shares held, which are based on the fair value of the underlying securities.
<i>TIAA Traditional Annuity Accounts Non-benefit responsive contracts</i>	Valued at contract value that approximates fair value
<i>Columbian Mutual Group Annuity Contract</i>	This fixed annuity contract is not fully benefit-responsive and is valued based on the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals that approximates fair value. These annuity contracts are not available for sale or transfer on any securities exchange.
<i>The Hartford Group Variable Contract</i>	This variable annuity contract is not fully benefit-responsive and is valued based on the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals that approximates fair value. These group variable contracts are not available for sale or transfer on any securities exchange.
<i>Pooled separate account</i>	Valued at the NAV of shares held by the Plan at year-end using market quotations or prices obtained from pricing sources who may employ various pricing methods to value the investments, including matrix pricing.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers among levels during the year ended December 31, 2023, and there were no changes in methodologies used to determine the fair value hierarchy at December 31, 2023 and 2022.

Notes to Financial Statements

December 31, 2023 and 2022

The following table presents a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

	Level 3
Beginning balance at January 1, 2023	\$ 161,164,936
Purchases	1,440,765
Net investment income	7,593,522
Sales	<u>(11,230,859)</u>
Ending balance at December 31, 2023	<u>\$ 158,968,364</u>

The TIAA Traditional Annuity contracts that are considered benefit responsive are measured using contract value and have been excluded from the fair value hierarchy tables and the Level 3 roll forward Accounting Standards Updates (ASU) No. 2015-12, as of December 31, 2023 and 2022.

There are no unfunded commitments, and redemptions may occur daily, except for the TIAA Real Estate pooled separate account, which is quarterly, the TIAA Traditional Annuity Accounts as described in note 5 and the Colombian Mutual Group Annuity Contract.

The following table presents information about significant unobservable inputs related to the Plan's investment in TIAA assets categorized as Level 3 in the fair value hierarchy at December 31, 2023 and 2022:

2023				
Investment	Fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity Accounts – Non-benefit responsive	\$ 157,105,782	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied*	3.25% - 7.00%
2022				
Investment	Fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity Accounts – Non-benefit responsive	\$ 159,172,703	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied*	3.00% - 6.50%

* Unobservable inputs included discount rate applied. Increases (decreases) in the risk-adjusted discount rate in isolation can result in a significantly lower (higher) fair value.

The College performs ongoing due diligence reviews of the Plan's investments.

Notes to Financial Statements

December 31, 2023 and 2022

(5)TIAA Traditional Annuity Accounts

The TIAA Traditional Annuity Accounts are one of the investment options that represents insurance contracts issued by TIAA, which guarantees principal and a contractually specified interest rate to account participants. TIAA invests amounts that back contracts in individual bonds, commercial mortgages, real estate, stocks, and other assets selected by specialized teams that target different sectors of the marketplace. The portfolio follows specific guidelines with respect to major asset classes, sectors, industries, property types, geographic regions, individual issuers/borrowers, foreign holdings, liquidity, quality, and derivatives.

The TIAA Traditional Annuity Accounts is segregated into those investments considered benefit responsive and those that are considered non-benefit responsive. The fully benefit-responsive investments are reported at contract value in accordance with ASU 2015-12 and guarantee the contract value even when the fair market value of the underlying assets are more or less than contract value. The non-benefit responsive investments are reported at contract value, which approximates fair value, and are subject to interest rate risk.

The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts and transfers, if any, less any withdrawals and transfers, if any. The fair value is derived from a discounted cash flow analysis and other factors. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable.

The guaranteed annual interest rate for the TIAA Traditional Annuity Accounts is 3% for all premiums remitted since 1979 under all TIAA Traditional Annuity accumulating contracts (with the exception of the Retirement Choice (RC) annuities) plus additional amounts established by TIAA on a year-by-year basis. For the RC annuities, the guaranteed rate is between 1.00% and 3.00% and is specified in the contract. The average yield and crediting interest rate was approximately 5.25% and 5.5% for the Group Supplemental Retirement Annuity and Supplemental Retirement Annuity, and 6.00% and 6.25% for the Retirement Annuity and Group Retirement Annuity for 2023 and 2022, respectively. Both the one-year total return and the yield credited to participants for 2023 and 2022 are net of annual fees. For 2023 and 2022, the annual custodian fees were 0.15%. The crediting interest rate is calculated on a daily basis.

The TIAA Traditional Annuity Accounts represent approximately 34.1% and 36.6% of the Plan's net assets, as of December 31, 2023 and 2022 respectively, and represents an obligation from TIAA to repay as amounts come due. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan's management does not believe that any events would limit the Plan's ability to transact at contract value.

(6)Income Tax Status

A tax determination letter program is not yet available for individually designed 403(b) employee benefit plans through the IRS. The Plan satisfied the minimum coverage requirements testing for the Plan year 2023 and 2022. The Plan's management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is deemed to have been operated in compliance with the applicable Internal Revenue Code requirements, and as such will continue to be exempt from income taxes.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

**NEW YORK MEDICAL COLLEGE
TAX DEFERRED ANNUITY PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(7)Related-Party Transactions

Certain Plan investments are managed by TIAA, Mutual of America, Empower, and Columbian that are the Plan's custodians, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

(8)Risks and Uncertainties

The Plan invests in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Some of the Plan's investments may directly or indirectly invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Columbian Mutual Group Annuity Contract represents an obligation from Columbian to repay as amounts come due. Mutual of America's General Account, also referred to as the Interest Accumulation Account, represents an obligation from Mutual of America. The general account of Empower is guaranteed by the Empower's claims paying ability. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Plan management does not believe that any events that would limit the Plan's ability to transact at contract value are probable.

(9)Plan Termination

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

(10)Subsequent Events

Subsequent events have been evaluated through October 11, 2024, the date the financial statements were available to be issued. No other subsequent events were identified that require recognition or disclosure in the Plan's financial statements.
