INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of
Hamilton Beach Brands, Inc. Pension Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Hamilton Beach Brands, Inc. Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets in liquidation as of December 31, 2023 and 2022, and the related statements of changes in net assets in liquidation for the years then ended, the statement of accumulated plan benefits in liquidation as of December 31, 2022, and the related statement of changes in accumulated plan benefits in liquidation for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 6 to the financial statements, the Board of Directors of the Plan Sponsor approved a plan of liquidation on May 17, 2022 and management determined liquidation is imminent. As a result, the liquidation basis of accounting is used in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Hamilton Beach Brands, Inc. Pension Plan (the “Plan”) provides only general information. Reference should be made to the Plan document for a more complete description of the Plan’s provisions.

General: The Plan is sponsored by Hamilton Beach Brands, Inc. (the “Company”) and is a defined benefit pension plan subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) (as amended).

The Company established the Plan effective January 1, 2013. The Plan was formed by a spin-off of the net assets and obligations of The Combined Defined Benefit Plan for NACCO Industries, Inc. and Its Subsidiaries (the “Combined Plan”) which were attributable to participants and beneficiaries of the Company who were covered under Part II of the Combined Plan.

The Plan is frozen for purposes of eligibility and benefit accruals, except for interest credits on theoretical cash balances.

As further discussed in Note 6, on May 17, 2022, the Board of Directors of the Plan Sponsor voted to terminate the Plan effective September 30, 2022. As a result, as of December 31, 2022, Plan management determined that liquidation of the Plan was imminent and unlikely not to occur.

Plan Administration: The Company is the Plan sponsor, and the Hamilton Beach Brands Administrative Committee is the Plan administrator. Vanguard Fiduciary Trust Company (“Trustee”) is the trustee of the Plan. Investment decisions are made by the Hamilton Beach Brands Holding Company Retirement Funds Investment Committee.

Vesting: All Plan participants are 100% vested in their benefits under the Plan.

Contributions: The Company intends to contribute, at a minimum, amounts necessary to provide the Plan with sufficient assets to meet or exceed the minimum funding requirement under ERISA. No Company contributions were required for the plan years ended December 31, 2023 and 2022 to meet the ERISA minimum funding requirements.

Benefits: Plan benefits are equal to the sum of prior plan benefits plus cash balance pension benefits. Under the cash balance formula, a separate account was established for each participant in the Plan. The interest credited to the cash balance accounts is indexed to the one-year constant maturity yield published by the Federal Reserve as in effect on the last business day of the preceding plan year, subject to a 12% maximum. Various minimum benefits and prior plan benefits also apply. The Plan permits early retirement with reduced benefits at age 55 with 5 or more years of service.

Various pre-retirement and post-retirement death benefits are payable under the Plan. In the event of a participant’s death prior to distribution of such benefits, such benefits are distributed, as provided by the Plan, to the participant’s beneficiary. In general, benefits are distributed in the form of monthly or lump sum payments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: As a result of the decision to terminate the Plan in 2022, management determined that liquidation of the Plan was imminent, and as such the accompanying financial statements as of and for the years ended December 31, 2023 and 2022 have been prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Other than the Plan Sponsor's estimate of costs associated with the Plan's termination, the Plan's adoption of the liquidation basis in 2022 had no effect on the Plan's net assets as of December 31, 2023 and 2022 and changes in net assets for the years then ended, as the fair value of the Plan's investments have been determined to approximate liquidation values. Accumulated plan benefits increased by approximately \$2.6 million as a result of the adoption of the liquidation basis of accounting.

Expenses: Certain expenses of administering the Plan, principally actuarial fees, accounting fees and some investment management fees, are paid by the Plan. These costs are reflected on the accompanying financial statements. Other administrative expenses, such as legal fees and miscellaneous costs, are paid by the Company and are not reflected in the accompanying financial statements. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Therefore, it is reasonably possible that a significant change may occur in the near term for the estimate of the actuarial present value of accumulated plan benefits.

Benefit Payments: Benefits are recorded when paid.

Risk and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Market risks include risks associated with ongoing global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money market fund: The fair value of the money market fund investment is based on the value per unit as published daily by the investment manager and represent the net asset value of units held by the Plan at year end (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured at fair value on a reoccurring basis as of December 31, 2023 and 2022 are summarized below.

	Fair Value Measurements at December 31, 2023 Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Fair Value Measurements at December 31, 2022 Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Investments		
Mutual funds	\$ 24,201,681	\$ 25,213,429
Money market fund	<u>848,551</u>	<u>807,450</u>
Total investments, fair value	<u>\$ 25,050,232</u>	<u>\$ 26,020,879</u>

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present eligible employees or their beneficiaries. Benefits under the Plan are based on the accumulation of the cash balance account as well as frozen prior plan benefits. Benefits payable under all circumstances (retirement, death, full and permanent disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by actuaries from Willis Towers Watson, the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, full and permanent disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Due to the termination of the Plan, the Plan was measured on a liquidation basis as of and for the year ended December 31, 2022.

The more significant actuarial assumptions used by the Plan's actuaries to arrive at the valuation of the Plan's accumulated plan benefit obligation in liquidation as of December 31, 2022 are as follows:

Settlement rate	5.34%
Mortality basis	Pri-2012/MP-2021
Retirement age	Rates vary by age, ranging from 3% (age 55) to 100% (age 70+)
Cash balance crediting rate	2.39%

The \$2,568,154 increase in the present value of accumulated plan benefits in 2022 that is due to the change in actuarial assumptions was attributed to the change of ongoing discount rate of 7.25% to the settlement rate of 5.34%

NOTE 4 - CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held as of December 31, 2023 and 2022, net appreciation (depreciation) in fair value of investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the Trustee of the Plan).

NOTE 5 - INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated January 13, 2021, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to the receipt of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan as amended is qualified and the related trust is tax-exempt. The Plan has received a letter dated March 18, 2024 from the IRS that they have determined that the termination of the Plan does not adversely affect its qualification for federal tax purposes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 6 - PLAN TERMINATION

The Company has the right to terminate the Plan at any time within the constraints of ERISA and its related regulations. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed in the Plan document and by ERISA and its related regulations. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. However, benefit improvements attributable to plan amendments may not be fully guaranteed by the PBGC. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

On May 17, 2022 the Board of Directors of the Plan Sponsor voted to terminate the Plan effective September 30, 2022. On March 18, 2024, the Plan received a favorable determination letter from the IRS allowing the termination to proceed. As of the termination date, all participants were 100% vested in their accrued benefits. The distribution phase of the plan termination commenced accordingly. The Plan Sponsor completed the termination and settlement of the defined benefit plan in 2024. As of October 31, 2024, all accumulated benefits of the Plan will be settled and the Company will have no further defined benefit retirement plan liability (unaudited). During 2024, the Plan made recurring payments to participants totaling \$1.0 million (unaudited), lump sum payments to participants totaling \$1.3 million (unaudited), and purchased annuity contracts totaling \$9.7 million (unaudited). Excess funds will be reverted to the Hamilton Beach Brands, Inc. Employees' Retirement Savings Plan (401(k)) as the Qualified Replacement Plan. The Plan Sponsor estimates costs associated with the plan termination to be \$473,230 and \$756,092 as of December 31, 2023 and 2022, respectively.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain investments held by the Plan are shares of mutual funds managed by Vanguard Group, Inc. Vanguard Fiduciary Trust Company is a wholly-owned subsidiary of the Vanguard Group, Inc. Vanguard Fiduciary Trust Company is the Trustee, as defined by the Plan, therefore, these investments and investment transactions qualify as party-in-interest transactions. Amounts paid by the Plan to parties-in-interest included fees for investment management, actuarial, audit and trustee services. However, these investments and transactions are not considered prohibited transactions.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 10, 2024, which is the date the financial statements were available to be issued.

NOTE 9 – DECEMBER 31, 2023 ACTUARIAL VALUATION (UNAUDITED)

The December 31, 2023 actuarial valuation was completed prior to the release of the financial statements. A summary of the actuarial valuation information provided by the Plan's actuary, which has not been audited by independent accountants, is provided below for informational purposes. .

The actuarial present value of accumulated plan benefits in liquidation as of December 31, 2023 is as follows:

Actuarial present value of accumulated plan benefits in liquidation	
Vested benefits	
Participants currently receiving payments	\$ 10,273,789
Other participants	<u>2,307,156</u>
Total actuarial present value of accumulated plan benefits in liquidation	<u>\$ 12,580,945</u>

The change in actuarial present value of accumulated plan benefits in liquidation for the year ended December 31, 2023 consists of the following:

Actuarial present value of plan benefits in liquidation at beginning of year	\$ 14,071,198
Actuarial (gains)/losses	(490,139)
Increase due to decrease in the discount period	701,242
Benefits paid	(1,903,389)
Assumption changes	<u>202,033</u>
	<u>(1,490,253)</u>
Actuarial present value of plan benefits in liquidation at end of the year	<u>\$ 12,580,945</u>

The \$202,033 increase in the present value of accumulated plan benefits in 2023 that is due to the change in actuarial assumptions was attributed to the change of the settlement rate from 5.34% to 5.01%.
