Independent Auditor's Report

To the Trustees and Plan Administrator of the
Natural Essentials, Incorporated 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the financial statements of the Natural Essentials, Incorporated 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's 2023 and 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Natural Essentials, Incorporated 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NATURAL ESSENTIALS, INCORPORATED 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: Description of Plan

The following description of the Natural Essentials, Incorporated 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement and its amendments for a more complete description of the Plan's provisions. Natural Essentials, Incorporated (the "Company") established the Plan on January 1, 2013. The Plan was restated effective January 1, 2022.

General

The Plan is a defined contribution plan covering all full-time and part-time employees of the Company who have completed one year of service and are age 21 or older. Hours of service necessary for a year of eligibility service is 1,000 hours. Employees are eligible to enter the Plan on the first day of the Plan year quarter coincident upon reaching the eligibility requirements. The Plan is a single employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustees are responsible for oversight of the Plan. The trustees, along with an investment advisor, determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may elect to defer a percentage of their compensation as defined in the Plan. Currently, automatic deferral provisions are not included in the Plan provisions. Elective deferrals of any compensation in any taxable year may not exceed certain annual dollar limits set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for elective deferral contributions to be made as Roth contributions. In addition, rollover contributions are also allowed into the Plan as well as In-Plan Roth rollovers or transfers. Participants direct the investment of all contributions into various investment options offered by the Plan. The Company may make discretionary matching employer contributions on behalf of each participant. The Company elected to make matching employer contributions of \$48,923 and \$54,914 for the years ending December 31, 2023 and 2022, respectively. The Company also has the option of making an additional discretionary profit-sharing contribution. There were no discretionary profit-sharing contributions made for the years ending December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions, any contributions by the Company, as well as allocations of Plan earnings (losses). Allocations are based on compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NATURAL ESSENTIALS, INCORPORATED 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: Description of Plan - Continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit-sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after 5 years of service. In addition, participants are 100% vested upon normal retirement age, death, or the date they become disabled, while an employee, as defined in the Plan.

The graduated vesting schedule with respect to the Company's matching and profit-sharing contributions are as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than one	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Payment of Benefits

On termination of service due to disability or retirement, a participant may elect to receive a single lump-sum payment equal to the value of the participant's vested interest in his or her account. Benefits will be automatically distributed if his or her account balance is \$1,000 or less. If benefits are greater than \$1,000 but less than \$5,000, a participant may elect to receive payment in cash or rollover the distribution into an IRA or into their new employer's qualified plan. Upon death, a distribution will be made to the participant's beneficiaries no later than five years after death. For termination of service due to other reasons, a participant receives the value of the vested interest in his or her account in a single lump-sum payment as provided by the Plan.

The Plan does not allow for hardship withdrawals from a participant's elective deferral account or their vested interest in the matching and discretionary profit-sharing contribution accounts. The Plan allows for in service withdrawals from a participant's elective deferral account as well as his or her vested interest in the matching and discretionary contribution accounts upon attaining the age of 59½.

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: Description of Plan - Continued

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Forfeited Accounts

At December 31, 2023 and 2022, the forfeited nonvested account balance totaled \$4,648 and \$3,430, respectively. This account may be used to first pay reasonable Plan expenses and second to reduce future employer contributions as elected by the employer. For the years ended December 31, 2023 and 2022, \$3,987 and \$2,593, respectively, were used to pay expenses of the Plan from the forfeiture account balances.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors. Purchases and sales of securities are recorded on a trade date basis. Dividends and interest are recorded on a cash basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies - Continued

Date of Managements Review of Subsequent Events

Subsequent events have been evaluated by management through October 8, 2024 which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

As previously mentioned, the Plan's investments are reported at fair value on the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements:

The Plan's Level 1 investment assets consist of mutual funds. Mutual funds are valued at the daily closing price as reported by the funds. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements:

There were no Level 2 assets held by the Plan at year-end based on fair value.

Level 3 Fair Value Measurements:

There were no Level 3 assets held by the plan at year-end based on fair value.

Note 3: Fair Value Measurements - Continued

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair market value as of December 31, 2023 and 2022:

	Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets (Level 1)
<u>December 31, 2023</u>		
Mutual funds	\$ <u>1,035,094</u>	\$ <u>1,035,094</u>
<u>December 31, 2022</u>		
Mutual funds	\$ <u>745,332</u>	\$ <u>745,332</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2023 and 2022 are reported in net appreciation (depreciation) in fair value of investments.

During 2023 and 2022, the Plan's investments, including investments bought, sold, and held during the year appreciated (depreciated) in value by \$126,375 and (\$161,375), respectively, as follows:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ <u>126,375</u>	\$ <u>(161,375)</u>

Note 4: Information Certified by the Custodian

In accordance with 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected to restrict the scope of the auditor's examination. Certain information disclosed in the accompanying financial statements, including investments from participants held at December 31, 2023 and 2022, net appreciation (depreciation) in fair value of investments, dividends, and interest income for the years ended December 31, 2023 and 2022, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Newport Trust Company, the custodian. Auditing procedures have not been performed on this information except to compare such information to the information included on the accompanying financial statements.

Note 5: Party-In-Interest Transactions

As of December 31, 2023 and 2022, there were no Party-In-Interest transactions with respect to the investments held by the Plan. Administrative fees paid to custodians and trustees for the years ended December 31, 2023 and 2022 were \$16,555 and \$15,844, respectively.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7: Tax Status

The Company adopted a non-standardized prototype profit-sharing plan with a cash or deferral arrangement sponsored by the Newport Group, Inc. Newport Group, Inc. received a favorable opinion letter from the IRS dated June 30, 2020 stating that the Plan and related trust are designed in accordance with section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan and related trust is designed and operating in accordance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2020.

Note 8: Plan Amendments

The Plan was originally established with an effective date of January 1, 2013. The Plan was amended and restated effective January 1, 2022 to incorporate IRS legislative and regulatory changes as well as to clarify several administrative provisions.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

FASB ASC 275, *Risks and Uncertainties*, requires disclosures that focus primarily on risks and uncertainties that could significantly affect the amounts reported in the financial statements in the near term or the near-term functioning of the reporting entity. The risks and uncertainties addressed can stem from the nature of an entity's operations, the use of significant estimates, and current vulnerabilities due to certain concentrations.
