Independent Auditor's Report

To the Plan Administrator
Varnum Profit Sharing and Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Varnum Profit Sharing and Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PRAXITY™
Empowering Business Globally

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator
Varnum Profit Sharing and Retirement Savings Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Varnum Profit Sharing and Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Information about the Plan and benefit provisions are available from Varnum LLP's (the "Partnership" or the "Employer") human resources department.

General

The Plan is a defined contribution plan covering all eligible employees of the Partnership. Employees become participants in the Plan on the earliest of the next January 1, April 1, July 1, or October 1 upon attaining age 21 and completing one year of eligible service unless a separation from service occurs before that date. An employee is credited with an eligible year of service for each employment year in which the employee has worked 1,000 hours or more. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary contributions to the Plan of up to the maximum amount permitted by the Internal Revenue Code (IRC). The Plan provides for a discretionary employer contribution, to be determined by the Partnership, that is based upon a percentage of the participant's compensation. The Plan has various levels of discretionary employer contributions, each having its own eligibility requirements. Total contributions to each participant's account may not exceed the lesser of $66,000 ($73,500 in some circumstances) or 100 percent of the participant's total compensation. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Participant Accounts

A participant has the option of determining the nature of individual investments in their account. The account may be invested in such separate investment programs as the trustee may make available for this purpose. Each participant's account is credited with the participant's contribution and allocations of the Partnership's contributions plus or minus any allocation of income, expenses, gains, or losses on investments. The income or loss and administrative expenses of the funds will be allocated proportionately to all investors in the separate investment programs. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

The participant also has the option of electing a self-directed account. The Plan's self-directed account within the Varnum Master Trust is referred to in these financial statements as the "self-directed brokerage account." The income or loss from the self-directed brokerage account is credited or charged to the individual participant's account.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Employer contributions are 100 percent vested as of December 31 of each year. A participant who terminates employment prior to December 31 forfeits that year's employer contribution.

Payment of Benefits

Generally, benefits are paid to participants upon retirement, death, total disability, or termination of service. Upon termination of service, a participant may elect to receive either a lump-sum amount or payments over a period not to exceed the joint life expectancy of the participant and his or her designated beneficiary.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Partnership must approve any such hardship withdrawals.

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions.

Termination

While it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. In the event of plan termination, the trustees shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the IRC. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. If a receivable is not repaid within five years, the outstanding balance is reported by the trustees as a distribution to the participant.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The fair value of the Plan's interest in the Varnum Master Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value and certified by the trustee of the Master Trust, Fidelity Management Trust Company.

The Master Trust allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

The Plan also maintains a separate trust, Varnum Retirement Savings Trust for Special Assets (the "Special Asset Trust"), to account for certain items not maintained by Fidelity Management Trust Company (see Note 4). The trustee of the Special Asset Trust is Varnum LLP. The pooled separate accounts held in the Special Asset Trust includes various investments valued based on other observable inputs. Life insurance contracts held in the Special Asset Trust are stated at cash surrender value, as provided in the policies, which approximates fair value. Limited and general partnerships are valued at estimated market value, which is determined by either the Partnership's discounted cash flow methodologies or recent purchase and sale transactions involving similar investments.

All other investments held in the Master Trust and Special Asset Trust are valued based on quoted market prices reported in active markets. See Note 8 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Distributions to beneficiaries are recorded when paid by the Plan.

Note 2 - Summary of Significant Accounting Policies (Continued)

Contributions Receivable

Contributions receivable of the Plan include amounts to be collected from the employer and participants that were paid or earned but not yet received by the plan in 2023.

Contributions from employers are recognized in the plan year in which members provide services except where collection is doubtful, in which case they are recorded upon receipt of the contribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 9, 2024, which is the date the financial statements were available to be issued.

Note 3 - Interest in the Varnum Master Trust

Certain investments of the Plan are held in a trust account with Fidelity Management Trust Company and are combined with the assets of the Varnum Associates Retirement Savings Plan. The Master Trust was created to increase the efficiency of administering the plans and to provide a broader diversification of investments for each plan.

The fair values of investments for the Master Trust and the Plan's related interest at December 31, 2023 and 2022 are as follows:

Note 5 - Certified Information

Fidelity Management Trust Company, holds the Master Trust's investment assets and participant notes receivable and executes related investment transactions (see Note 3). The Master Trust investment balances and participant notes receivable balances and related income and losses included in the accompanying statement of net assets available for benefits as of December 31, 2023 and 2022; the statement of changes in net assets available for benefits for the year ended December 31, 2023; and the supplemental schedule of assets held at end of year as of December 31, 2023 and is based solely on information provided by Fidelity Management Trust Company. The plan administrator has received a certification from Fidelity Management Trust Company that the information provided in Note 3 is complete and accurate.

Additionally, the pooled separate accounts held by the Varnum Retirement Savings Trust for Special Assets (see Note 4) are held by Massachusetts Mutual Life Insurance Company (MassMutual). The investment balances and related investment gain totaling $188,299 included in the statement of net assets available for benefits as of December 31, 2023; the statement of changes in net assets available for benefits for the year ended December 31, 2023; and the supplemental schedule of assets held at end of year as of December 31, 2023 are based solely on information provided by Empower Annuity Insurance Company on behalf of MassMutual. The plan administrator has received a certification from Empower Annuity Insurance Company of America on behalf of MassMutual that the information provided in Note 4 is complete and accurate.

The remaining investments and investment activity held in the Varnum Retirement Savings Trust for Special Assets are not certified.

Note 6 - Related Party Transactions

Fees incurred for investment management, legal, accounting, and administrative services rendered by parties in interest were based on customary and reasonable rates for such services.

Note 6 - Related Party Transactions (Continued)

Certain plan assets are in investment funds managed by Fidelity Management Trust Company; MassMutual or their affiliates. Fidelity Management Trust Company; MassMutual are the trustee and custodians of the Plan; therefore, these transactions qualify as party in interest transactions.

Subject to applicable partnership approvals, participants may hold investments in certain clients of the Partnership. Approximately 2 percent of the Plan's investments represents securities of clients of the Partnership as of December 31, 2023 and 2022.

Note 7 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the IRC. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 8 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management’s own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant Level 3 inputs include state equalized value for real estate investments and the discounted cash flows or recent purchase and sale transactions involving similar investments for the limited and general partnership investments.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 8 - Fair Value Measurements (Continued)

There were no transfers, purchases, or issuances in Level 3 assets measured at fair value on a recurring basis for the year ended December 31, 2023.

Note 9 - Transfers to and from Related Plan

During the normal course of business, employee status may change. As a result, employees participating in the Varnum Associates Retirement Savings Plan may become eligible to participate in the Plan. The related net assets are then transferred from the Varnum Associates Retirement Savings Plan to the Plan. Similarly, employee status changes may result in net assets being transferred out of the Plan and into the Varnum Associates Retirement Savings Plan.
