INDEPENDENT AUDITORS' REPORT

To the Benefits Committee and Participants
BelFlex Staffing Network Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements – in liquidation of the BelFlex Staffing Network Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements – in liquidation comprise the statements of net assets available for benefits – in liquidation as of July 2, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits – in liquidation for the period from January 1, 2024 through July 2, 2024, and the related notes to the financial statements – in liquidation.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements – in liquidation performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of July 2, 2024 and December 31, 2024, and for the period from January 1, 2024 through July 2, 2024, stating that the certified investment information, as described in Note 3 to the financial statements – in liquidation, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements – In Liquidation section:

- The amounts and disclosures in the accompanying financial statements – in liquidation, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements – in liquidation related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements – In Liquidation section of our report. We are

required to be independent of the BelFlex Staffing Network Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in Note 1 to the financial statements – in liquidation, the governing body of BelFlex Staffing Network Retirement Savings Plan approved a plan of liquidation on December 31, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the financial statements to the liquidation basis used in presenting the financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements – In Liquidation

Management is responsible for the preparation and fair presentation of the financial statements – in liquidation in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements – in liquidation that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements – in liquidation.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements – in liquidation are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements – In Liquidation

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements – in liquidation as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements – in liquidation.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements – in liquidation, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements – in liquidation.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the BelFlex Staffing Network Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements – in liquidation.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the BelFlex Staffing Network Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements – in liquidation, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements – in liquidation as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. DESCRIPTION OF PLAN:

The following description of the BelFlex Staffing Network (the “Company” or “Employer”) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was terminated effective December 31, 2023, and all Plan assets were distributed by July 2, 2024 in accordance with the provisions of ERISA. Upon termination, all participants in the Plan did not accrue any further benefits but did become 100% vested in their previous employer contributions. At the time of Plan termination, participants had the option to take a lump sum payment or a direct rollover to an IRA or another qualified retirement plan.

General

Prior to its termination, the Plan was a defined contribution plan established on July 1, 2015 and covered all employees of the Company, except for co-op students, temporary employees and highly compensated employees, who had completed three months of service and were age 21 or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employee contributions

Each year, participants could contribute up to 80 percent of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan.

Automatic enrollment

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate. Automatically enrolled participants had their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Employer contributions

The Plan included a discretionary employer match. During 2024, the Company did not make any discretionary employer match contributions. The Company could also make discretionary non-elective contributions which, if made, were allocated based on compensation of all eligible participants. The Company did not make discretionary non-elective contributions for the period from January 1, 2024 through July 2, 2024.

Participant accounts

Each participant's account was credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary non-elective contributions, if any, and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. A participant was 100 percent vested after completing five years of credited service.

Notes receivable from participants

Participants were able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates, as determined quarterly by the plan administrator. Principal and interest were paid ratably through weekly payroll deductions.

Payment of benefits

Upon termination of service, death, disability, or retirement, a participant was able elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants were able to make withdrawals while employed after attaining age 59 ½ as per the guidelines of the plan document. In conditions of "financial hardship", a participant could apply to the plan administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and the IRC.

Forfeited accounts

At July 2, 2024 and December 31, 2023, forfeited non-vested accounts totaled \$0 and \$18,240, respectively. Forfeitures could be used to pay administrative expenses of the Plan or used to reduce Employer contributions. During 2024, \$18,692 of forfeitures were used to pay administrative expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements – in liquidation of the Plan are prepared on the accrual basis of accounting and on the liquidation basis of accounting.

Use of estimates

The preparation of financial statements – in liquidation in accordance with the liquidation basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities.

Investment valuation and income recognition

Investments were reported at fair value. Fair value was the price that would have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Committee determined the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded at July 2, 2024 or December 31, 2023.

Payment of benefits

Benefits payments to participants were recorded upon distribution.

Administrative expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements – in liquidation. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2024, the date the financial statements – in liquidation were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE:

The Plan administrator had elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, had certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits – in liquidation as of July 2, 2024 and December 31, 2023, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits – in liquidation for the period from January 1, 2024 through July 2, 2024.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There had been no change in the methodology used at July 2, 2024 and December 31, 2023.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan were deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023. Classification within the fair value hierarchy table was based on the lowest level of any input that is significant to the fair value measurement:

	<u>Investments at fair value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual and money market funds	\$ <u>6,762,975</u>	-	-	<u>6,762,975</u>
Assets at fair value	\$ <u>6,762,975</u>	-	-	<u>6,762,975</u>

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments were shares of mutual funds managed by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualified as party in interest transactions. Fees incurred by the Plan for investment management services were included in net appreciation in fair value of the investment. The Plan made direct payments to Fidelity totaling \$23,905 for the period from January 1, 2024 through July 2, 2024. The Plan Sponsor pays directly any other fees related to the plan's operations.

6. TAX STATUS:

The Company had adopted a non-standardized pre-approved profit sharing plan with a cash or deferral arrangement. The provider of the plan document for the Plan, Fidelity Management Trust Company, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the pre-approved volume submitter plan document, as then designed, was in compliance with the applicable requirements of the IRC. The Company had elected not to apply for its own determination letter covering

the Plan. Since receiving the opinion letter, the Plan had been amended. However, the plan administrator believes that the Plan was designed and operated in accordance with the IRC.

7. RISKS AND UNCERTAINTIES:

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could have materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – liquidation basis.
