Independent Auditor's Report

The Plan Administrator
ZocDoc Retirement Savings Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ZocDoc Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ZocDoc Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the ZocDoc Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. The Plan is sponsored and administered by ZocDoc, Inc. (the Sponsor).

General

The Plan, which was established on January 1, 2013, is a defined contribution plan covering all eligible employees of the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan administrator is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan administrator. The trustee of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee), a related party of Fidelity Workplace Services LLC, which is the recordkeeper of the Plan.

Eligibility

Employees of the Sponsor must be 18 years of age or older to be eligible to participate, on their date of hire, in elective deferral contributions and Sponsor contributions. Employees subject to a collective bargaining agreement, leased employees, non-resident aliens, and part-time employees who normally work less than 20 hours per week are not eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 75% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the Code); the limit was \$22,500 in 2023 and \$20,500 in 2022. Participants who have attained age 50 before the end of the Plan year are eligible to contribute up to an additional \$7,500 in 2023 and \$6,500 in 2022, as catch-up contributions. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans.

Participants are eligible for discretionary matching contributions and discretionary profit-sharing contributions from the Sponsor immediately upon their participation in the Plan and if employed on the last day of the Plan year. The Sponsor's contributions are invested as directed by the participant. The discretionary matching contribution made to the Plan was \$1,517,216 for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching and discretionary profit-sharing contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific-participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ZocDoc Retirement Savings Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service, as follows:

Years of Service	Vesting (%)
Less than 1	-
At least 1 but less than 2	33
At least 2 but less than 3	66
At least 3 or more years	100

In addition, a participant becomes 100% vested in all allocated Sponsor contributions upon death, disability, or the attainment of age 65 while employed by the Sponsor.

Investment Options

Contributions are invested by Fidelity according to the options elected by the participants. All participant and Sponsor contributions are directed by the participant among the available investment options. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived.

Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest are paid ratably through bi-monthly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is 15 years. No more than one note is allowed at any time and repayment of the entire balance is permitted at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$0 and \$14, respectively. These accounts will be used to pay Plan expenses and reduce future employer contributions. During 2023, the Plan reduced employer contributions from forfeited nonvested accounts in the amount of \$35,121.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2023 and 2022 range from 4.25% to 9.50%.

Payment of Benefits

Benefits are recorded upon payment.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of

ZocDoc Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - The common collective trust is valued upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value. There are no restrictions on the redemption of these investments and no unfunded commitments.

ZocDoc Retirement Savings Plan

Notes to Financial Statements

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. As of December 31, 2023 and 2022, there were no Level 2 or Level 3 investments.

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 43,785,101	\$ -	\$ -	\$ 43,785,101
Common collective trust ^(a)				278,971
Total Investments, at fair value				\$ 44,064,072

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,885,569	\$ -	\$ -	\$ 28,885,569
Common collective trust ^(a)				908,455
Total Investments, at fair value				\$ 29,794,024

^(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Related Party and Party-in-Interest Transactions

The Trustee of the Plan is Fidelity, a related party of Fidelity Workplace Services LLC, which is the recordkeeper of the Plan. Therefore, fees paid to these entities qualify as party-in-interest transactions and amounted to \$68,415 for the year ended December 31, 2023.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc., which is an affiliate of Fidelity. Therefore, the transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment-management services are included in the net appreciation in fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

ZocDoc Retirement Savings Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Income Tax Status

The Plan has adopted the Fidelity Management and Research Co. (FMRC) Volume-Submitter Profit-Sharing Plan with Cash or Deferred Arrangement (CODA). Accordingly, the Plan is permitted to rely on FMRC's opinion letters. The Internal Revenue Service (IRS) has determined and informed FMRC by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

9. Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2023 through October 11, 2024, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date.

Independent Auditor's Report

The Plan Administrator
ZocDoc Retirement Savings Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ZocDoc Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ZocDoc Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the ZocDoc Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. The Plan is sponsored and administered by ZocDoc, Inc. (the Sponsor).

General

The Plan, which was established on January 1, 2013, is a defined contribution plan covering all eligible employees of the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan administrator is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan administrator. The trustee of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee), a related party of Fidelity Workplace Services LLC, which is the recordkeeper of the Plan.

Eligibility

Employees of the Sponsor must be 18 years of age or older to be eligible to participate, on their date of hire, in elective deferral contributions and Sponsor contributions. Employees subject to a collective bargaining agreement, leased employees, non-resident aliens, and part-time employees who normally work less than 20 hours per week are not eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 75% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the Code); the limit was \$22,500 in 2023 and \$20,500 in 2022. Participants who have attained age 50 before the end of the Plan year are eligible to contribute up to an additional \$7,500 in 2023 and \$6,500 in 2022, as catch-up contributions. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans.

Participants are eligible for discretionary matching contributions and discretionary profit-sharing contributions from the Sponsor immediately upon their participation in the Plan and if employed on the last day of the Plan year. The Sponsor's contributions are invested as directed by the participant. The discretionary matching contribution made to the Plan was \$1,517,216 for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching and discretionary profit-sharing contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific-participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ZocDoc Retirement Savings Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service, as follows:

Years of Service	Vesting (%)
Less than 1	-
At least 1 but less than 2	33
At least 2 but less than 3	66
At least 3 or more years	100

In addition, a participant becomes 100% vested in all allocated Sponsor contributions upon death, disability, or the attainment of age 65 while employed by the Sponsor.

Investment Options

Contributions are invested by Fidelity according to the options elected by the participants. All participant and Sponsor contributions are directed by the participant among the available investment options. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived.

Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest are paid ratably through bi-monthly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is 15 years. No more than one note is allowed at any time and repayment of the entire balance is permitted at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$0 and \$14, respectively. These accounts will be used to pay Plan expenses and reduce future employer contributions. During 2023, the Plan reduced employer contributions from forfeited nonvested accounts in the amount of \$35,121.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2023 and 2022 range from 4.25% to 9.50%.

Payment of Benefits

Benefits are recorded upon payment.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of

Notes to Financial Statements

December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - The common collective trust is valued upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value. There are no restrictions on the redemption of these investments and no unfunded commitments.

Notes to Financial Statements

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. As of December 31, 2023 and 2022, there were no Level 2 or Level 3 investments.

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 43,785,101	\$ -	\$ -	\$ 43,785,101
Common collective trust ^(a)				278,971
Total Investments, at fair value				\$ 44,064,072

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,885,569	\$ -	\$ -	\$ 28,885,569
Common collective trust ^(a)				908,455
Total Investments, at fair value				\$ 29,794,024

^(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Related Party and Party-in-Interest Transactions

The Trustee of the Plan is Fidelity, a related party of Fidelity Workplace Services LLC, which is the recordkeeper of the Plan. Therefore, fees paid to these entities qualify as party-in-interest transactions and amounted to \$68,415 for the year ended December 31, 2023.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc., which is an affiliate of Fidelity. Therefore, the transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment-management services are included in the net appreciation in fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Income Tax Status

The Plan has adopted the Fidelity Management and Research Co. (FMRC) Volume-Submitter Profit-Sharing Plan with Cash or Deferred Arrangement (CODA). Accordingly, the Plan is permitted to rely on FMRC's opinion letters. The Internal Revenue Service (IRS) has determined and informed FMRC by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

9. Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2023 through October 11, 2024, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date.
