Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

To the Plan Administrator
The W.W. Williams Company, LLC Employees'
Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of The W.W. Williams Company, LLC Employees' Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
The W.W. Williams Company, LLC Employees'
Pension Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Pension Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of The W.W. Williams Company, LLC Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering all employees of The W.W. Williams Company, LLC (the "Company") hired prior to December 31, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2000, participation in the Plan was frozen. Effective December 31, 2003, benefits under the Plan were frozen. No additional participants will be enrolled in the Plan, and no additional benefits will be accrued. The Plan was amended and restated effective January 1, 2016; however, there were no significant changes to the Plan.

Plan Operations

Under a trust agreement, Fifth Third Bank (the "Trustee") was appointed trustee of the Plan. In accordance with the powers and duties of the Trustee, as designated by the Company, the Trustee administers the Plan in accordance with the orders of the plan committee and invests the Plan's assets and the income thereof, as directed by the Plan's investment manager. Certain administrative fees incurred in administering the Plan are paid from the assets of the Plan.

Pension Benefits

The Plan provides for payments for normal retirement, early retirement, disability retirement, vesting, and death benefits to its participants. Normal retirement benefits commence on the first day of the month coinciding with or next following the participant's 65th birthday. Participants may elect to retire early following the attainment of age 55.

The normal retirement pension for employees is a monthly life annuity equal to the following: 0.65 percent of average monthly compensation times years of service (up to 40), plus 0.65 percent of average monthly compensation in excess of one-twelfth of Social Security covered compensation in effect on the last day of the calendar year in which the participant reaches his or her Social Security retirement age times years of service (up to 35).

For the purpose of this section, average compensation means a participant's average monthly compensation earned for the five consecutive calendar years that produce the highest monthly average. If a participant has fewer than five calendar years of employment, average compensation will be based on the date of employment until date of termination. Participants who have not attained age 55 as of January 1, 2000 shall have their average monthly compensation computed by using the 10 consecutive calendar years that produce the highest monthly average. In no event will the accrued benefit calculated after December 31, 1999 ever be less than the accrued benefit at that date for an eligible employee. No compensation or years of service earned after December 31, 2003 will be used for the purpose of determining a participant's average monthly compensation. However, the accrued benefit of any active employee on December 31, 2003 will not be less than \$1,575 per year.

After attaining age 55 and accumulating 10 years of service credit, the participant is entitled to a monthly pension commencing at his or her early retirement date equal to his or her accrued monthly pension reduced by 1/180 for each of the first 60 months and 1/360 for each of the next 60 months by which his or her early retirement date precedes his or her normal retirement date.

If a participant works beyond his or her normal retirement date, he or she will be entitled to a monthly pension commencing at his or her late retirement date equal to the greater of (1) the actuarial equivalent of his or her normal retirement benefit or (2) his or her monthly benefit determined using his or her years of service and wages to his or her late retirement date.

December 31, 2023 and 2022

Note 1 - Plan Description (Continued)

If a participant becomes totally and permanently disabled, he or she will be entitled to a monthly pension commencing once other disability benefits discontinue equal to the actuarial value of his or her accrued monthly pension using his or her credited service and average monthly compensation to date of disablement or December 31, 2003, if earlier.

If a participant terminates employment for reasons other than retirement, disability, or death after completing five years of service, he or she will be entitled to a monthly pension commencing at his or her normal retirement date equal to his or her accrued monthly pension.

If a participant dies prior to retirement, the surviving spouse will be entitled to the annuity that would have been received had the participant retired when first eligible for early retirement (or immediately, if already eligible for early retirement) and not waived out of the joint and 50 percent survivor form of benefit. In 2011, the death benefit for terminated vested participants was changed from the present value of the participant's accrued benefit to a 50 percent joint and survivor annuity payable at the date the participant reaches age 65.

Funding

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

Administration

The Company is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Fifth Third Bank functions as trustee and investment manager.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value.

All investments are valued based on quoted market prices. See Note 7 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company. Administrative expenses directly related to the investments of the Plan are paid by the Plan except to the extent paid directly by the Company.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. These include benefits expected to be paid to the following:

- (a) Retired or terminated employees or their beneficiaries
- (b) Beneficiaries of employees who have died
- (c) Present employees or their beneficiaries

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of the Plan at January 1, 2023 are summarized as follows:

Actuarial cost method	Standard unit credit cost method
Assumed rate of return	5.00 percent per annum
Mortality basis	Pri-2012 Healthy Employee and Annuitant tables projected generationally from 2012 with mortality improvement Scale MP-2021
Retirement scale	Various rates beginning at age 60 at 10 percent up through age 67+ at 100 percent

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plan and the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 4, 2024, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Fifth Third Bank holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

December 31, 2023 and 2022

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by consulting actuaries. The calculation of the accumulated plan benefits attributable to participants in the Plan, which was made as of January 1, 2023, the most recent actuarial valuation, is as follows:

Actuarial present value of accumulated plan benefits - Vested benefits:	
Active and terminated vested participants	\$ 5,717,092
Retired participants and beneficiaries	<u>3,300,879</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 9,017,971</u></u>

A summary of significant changes in the actuarial present value of accumulated plan benefits during the period ended January 1, 2023 is as follows:

Actuarial present value of accumulated plan benefits - Beginning of year	\$ 10,656,208
Increase (decrease) during the year attributable to:	
Interest accumulation	368,801
Changes in actuarial assumptions	(1,716,647)
Benefits paid	(240,138)
Plan experience	<u>(50,253)</u>
Actuarial present value of accumulated plan benefits - End of year	<u><u>\$ 9,017,971</u></u>

The change in actuarial assumptions for 2023 was primarily due to a change in the expected rate of return on plan assets.

Note 6 - Plan Termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Notes to Financial Statements

December 31, 2023 and 2022

Note 7 - Fair Value Measurements (Continued)

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2023	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 9,008,546	\$ 9,008,546
Money market fund		10,711	10,711
Total		<u>\$ 9,019,257</u>	<u>\$ 9,019,257</u>
		Assets Measured at Fair Value on a Recurring Basis at December 31, 2022	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 8,364,696	\$ 8,364,696
Money market fund		9,013	9,013
Total		<u>\$ 8,373,709</u>	<u>\$ 8,373,709</u>

There were no unfunded commitments or redemption restrictions on the investments described above.

Normal Form of Payment

A monthly pension for life

Vesting

If a participant terminates employment for reasons other than retirement, disability or death he will be entitled to a monthly pension commencing at his normal retirement date equal to a percentage of his accrued monthly pension as shown in the following table:

Years of Service	Vested Percent
0–4	0%
5 or more	100%

Death Benefit

Starting January 1, 2011, if an active participant dies prior to retirement his surviving beneficiary will be entitled to the annuity she would have received had the participant retired when first eligible for early retirement (or immediately if already eligible for early retirement) and elected the joint and 100% survivor form of benefit. If a terminated vested participant dies prior to retirement, the surviving spouse will receive the survivor portion of a 50% joint and survivor annuity at the participant normal retirement date.

Great Lakes Diesel Benefits

For any participant who had been a participant in the Great Lakes Diesel Co. Retirement Plan on March 31, 1981, benefit accruals under that plan will be added to those earned in The W.W. Williams Company Employee's Pension Plan after date.

Plan Changes Since the Prior Year

The funding, financial accounting, and plan reporting valuations do not reflect any plan changes.

Normal Form of Payment

A monthly pension for life

Vesting

If a participant terminates employment for reasons other than retirement, disability or death he will be entitled to a monthly pension commencing at his normal retirement date equal to a percentage of his accrued monthly pension as shown in the following table:

Years of Service	Vested Percent
0–4	0%
5 or more	100%

Death Benefit

Starting January 1, 2011, if an active participant dies prior to retirement his surviving beneficiary will be entitled to the annuity she would have received had the participant retired when first eligible for early retirement (or immediately if already eligible for early retirement) and elected the joint and 100% survivor form of benefit. If a terminated vested participant dies prior to retirement, the surviving spouse will receive the survivor portion of a 50% joint and survivor annuity at the participant normal retirement date.

Great Lakes Diesel Benefits

For any participant who had been a participant in the Great Lakes Diesel Co. Retirement Plan on March 31, 1981, benefit accruals under that plan will be added to those earned in The W.W. Williams Company Employee's Pension Plan after date.

Plan Changes Since the Prior Year

The funding, financial accounting, and plan reporting valuations do not reflect any plan changes.
