Independent Auditors' Report

The Participants and Plan Administrator
MOBIS-ALABAMA 401(K) PLAN:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MOBIS-ALABAMA 401(K) PLAN (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors'*

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MOBIS-ALABAMA 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of MOBIS-ALABAMA 401(K) PLAN (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of MOBIS-ALABAMA, LLC (the “Company” or the “Plan Sponsor”) and its affiliate, who have reached at age of 18 and completed at least 3 months of service. Part-time, temporary, and seasonal employees are not eligible to participate in the Plan. An employee may elect to participate in the Plan on the first day of the month following completion of eligibility requirements.

The administration of the Plan is the responsibility of the Plan administrator appointed by the board of directors of the Company. The Plan’s trustee is Empower Trust Company, LLC (“Empower”) and the record-keeper is Great-West Life and Annuity Insurance Company. The Plan began on January 15, 2005, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Contributions

Every pay period, participants may elect to contribute up to 100% of pre-tax eligible earnings to the Plan, as defined in the Plan. Eligible employees who do not make an affirmative election to participate or not to participate, were automatically enrolled in the Plan at 2% (“Default Percentage”) of eligible compensation, which increase 1% per year until the total deferral is 5% of eligible compensation. Participants may opt out of contributing at any time. Effective August 15, 2023, the Plan was amended to allow Roth contributions of up to 100% of participant’s eligible earnings.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$7,500 in 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“Rollover”). The total contributions in any taxable year may not exceed the dollar limit set by the Internal Revenue Service (“IRS”), which is \$22,500 for 2023.

The Company makes a discretionary matching contribution. Each year, the Company will determine the formula to determine the discretionary matching contribution equal to a uniform percentage or dollar amount of employee elective deferrals. In 2023, the Company contributed 60% of the first 5% of the employee contribution.

The Company may also decide to make non-elective (discretionary) contribution to the Plan, which will be allocated to all participants eligible in the Plan. In order to share in the non-elective contribution, participants must be actively employed on the last day of the Plan year. Participants’ share of non-elective contribution is determined by a participant’s compensation divided by total compensation of all participants eligible to share times total non-elective contribution for the Plan year. No employer non-elective contributions were made by the Company for the year ended December 31, 2023.

(c) Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants.

MOBIS-ALABAMA 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are always 100% fully vested in their elective deferrals and rollover contributions, plus actual earnings thereon. Each participant whose employment terminates for any reason other than death, disability, attainment of normal retirement age, is entitled to a non-forfeitable right to his or her employer contribution accounts based on the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

To earn a year of service, participants must be credited with at least 1,000 hours of service during a plan year.

(e) Notes Receivable from Participants

Participants may borrow funds from their accounts a minimum of \$1,000 up to lesser of 50% of their vested account balance or \$50,000. Loans along with interest must be fully repaid ratably through biweekly payroll deductions for from one to five years. Participants may not have more than two outstanding loans at a time and repayment of the loan is secured by participants' account balances. The interest rate is the prime rate as published in the Wall Street Journal plus 1.00% per annum.

(f) Distribution of Benefits

On termination of service due to death, all amounts credited to participant's account become fully vested and distribution will be made to the designated beneficiary in a single lump-sum payment. If death benefit exceeds \$5,000, however, beneficiary may elect to have the benefit paid in a single lump-sum payment in cash or annual installments at least equal to the required minimum distribution amount.

On termination of service due to other reasons, including attainment of normal retirement age of 65, a participant may receive the value of the vested interest pursuant to the election of the participant or beneficiary. Participants will become 100% vested in all of the accounts under the Plan if employed on or after your normal retirement age. If the vested account balance exceeds \$5,000, participant consent is required to distribute account balance before reaching normal retirement age. If the vested account balance does not exceed \$5,000, however, a distribution of your account balance will be made to participants, regardless of whether to consent, as soon as administratively feasible following termination of employment.

MOBIS-ALABAMA 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

For termination of service due to disability, all amounts credited to participant's account become fully vested and distribution will be made to the participant or beneficiary. The Plan will distribute account balance in the same manner as for any other non-death related termination.

If a participant is a more than 5% owner, distributions are required to begin by the April 1st following the year in which a participant reaches age 73, even if he or she is still employed at the time. If a participant is not a 5% owner, he or she must begin to receive benefits no later than the April 1st following the later of the year in which a participant reaches age 73 or terminate employment.

Participants may withdraw all or part of their vested account balance once an age of 59 ½ is reached. Participants may also withdraw any or part of their rollover contribution account that may be held in their account in the Plan at any time and at any age.

(g) Forfeitures

If a participant terminates employment before becoming 100% vested in his or her account balance but do not take a distribution from the Plan, the non-vested portion will be forfeited as of the date he or she has five consecutive breaks in service. As of December 31, 2023 and 2022, forfeited nonvested accounts amounted to \$81,718 and \$41,764, respectively. Forfeitures of non-vested matching contributions are used first to pay the Plan expenses and then to reduce future employer contributions to the Plan. The amount of forfeitures applied for the year ended December 31, 2023 totaled \$135,321.

(h) ERISA Budget Account

Annually, the investment custodians through their revenue sharing arrangements ("Shared Revenue") with investment companies, share a portion of the shared revenue it receives with the retirement plans which they service (referred to as an "ERISA Budget Account"). For the year ended December 31, 2023, the Plan received \$64,141 of Shared Revenue from the investment custodians. Such revenues have been recorded as a reduction of administrative expenses on the statement of changes in net assets available for benefits. The ERISA Budget Account can be used to either reduce Plan expenses or be reallocated to participant accounts. At December 31, 2023 and 2022, the balance in the ERISA Budget Account was \$5,646 and \$22,177, respectively, and is included in the investment balance on the statements of net assets available for benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued using quoted prices. Investments in the stable value fund are reported at fair value as determined by the fund manager based on the net asset value ("NAV") of the fund, which is based on the fair value of the underlying assets of the funds divided by units outstanding at the valuation date. Purchases and sales of

MOBIS-ALABAMA 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sales of investments are computed on a moving average using a current value cost basis. Net changes in unrealized appreciation (depreciation) in investments represents the difference between the fair values of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent loans are treated as distributions based upon the terms of the Plan document.

(e) *Excess Contributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess contributions in the amount of \$1,049 and \$33,403 to the applicable participants on March 4, 2024 and March 15, 2023, respectively.

(f) *Contributions*

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from compensation. The Plan recorded no employer contribution receivable and participant contribution receivable related to payroll withholdings in the statements of net assets available for benefits as of December 31, 2023 and 2022.

(g) *Payments of Benefits*

Benefit payments to participants and beneficiaries are recorded when paid.

(h) *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(i) *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

MOBIS-ALABAMA 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

The Plan may indirectly invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(j) *Recently Issued Accounting Standards*

All applicable accounting standards have been adopted by the Plan. There are no issued accounting standards that will require adoption in future periods.

(3) Certified Investments

A statement that certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest income on notes receivable from participants for the year ended December 31, 2023 was obtained by management and agreed to or derived from information certified as complete and accurate by Empower (the trustee of the Plan).

(4) Investments

For the year ended December 31, 2023, the Plan's investments in mutual funds and stable value fund (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,222,161.

(5) Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 82010 are described as follows:

Level 1 measurements	Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access
Level 2 measurements	Inputs are inputs other than quoted prices within Level 1 that are observable, either directly or indirectly. These inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals
Level 3 measurements	Inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related assets or liability

MOBIS-ALABAMA 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Fair value estimates are made at a specific point in time, based on available market information and other observable inputs. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be realized in the ultimate settlement of the financial asset as these values do not represent any premium or discount that could result from selling an entire holding of a particular financial asset at one time. Other expense that would be incurred in an actual sale or settlement are not included in the amounts disclosed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies to determine the fair value of investments at December 31, 2023 and 2022.

The following table presents the fair value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 40,229,414	\$ —	\$ —	\$ 40,229,414
Investments valued at NAV:				
Stable value fund*				3,035,031
				<u>\$ 43,264,445</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31,977,510	\$ —	\$ —	\$ 31,977,510
Investments valued at NAV:				
Stable value fund*				2,641,228
				<u>\$ 34,618,738</u>

- * This investment generally invests all or a portion of its assets in one or more commingled funds and its primary objective is to achieve broader diversification and more competitive rates than if beneficial owners were to attempt to purchase general account guaranteed investment contracts on an individual basis. Units of the fund can be redeemed daily with no restriction.

The Plan does not have any liabilities that are measured at fair value on a recurring basis as of December 31, 2023 and 2022.

(6) Notes Receivable from Participants

The notes receivable from participants bear interest at a rate between 4.25% and 9.50% as of December 31, 2023 and 2022, and have original maturities that range from one to five years. For the year ended December 31, 2023, interest income on notes receivable from participants amounted to \$255,647.

MOBIS-ALABAMA 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(7) Related Party Transactions

Certain Plan investments are managed by affiliates of Empower. Empower is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(9) Tax Status

The Plan document is a prototype document that the Company adopted with specific provisions customized to meet the needs of the Plan Sponsor and the participants. The prototype document has received a favorable opinion letter from the IRS that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the original opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The IRS is one of the primary tax oversight bodies of the Plan and generally has the ability to examine the Plan's income tax returns for the years 2020 through 2023; however, there are no audits for any tax years in progress.

During 2024, the Plan Sponsor discovered an operational error related to participant and matching contributions. The Plan Sponsor is in the process of correcting the error in accordance with the Self Correction Program ("SCP") allowed by the IRS, by depositing the total correction amounts, plus earnings, into the participant account in 2024. The amount is recorded as employer contribution receivable in the amount of \$2,856 on the statement of net assets available for benefits as of December 31, 2023. The operational error does not have a material impact on the Plan's net assets available for benefits, and the Plan Sponsor does not expect the corrections to impair the Plan's tax status.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as presented in these financial statements as of December 31, 2023 and 2022 to Schedule H per Form 5500:

(11) SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act of 2022 (“SECURE 2.0 Act”) was enacted to help improve retirement savings. The SECURE 2.0 Act made wide-ranging changes, both mandatory and elective, to qualified plans and its provisions have various effective dates. Significant provisions include the following:

- Increase the required minimum distribution (“RMD”) age from 72 to 73, effective January 1, 2023, and to age 75, effective January 1, 2033;
- Reduce the excise tax for failure to take RMDs from 50 percent to 25 percent of the RMD amount that was not taken, beginning January 1, 2023;
- Reduce the service requirement from 3 years to 2 years for long-term part-time employees who work at least 500 hours per year, effective for the plan years beginning after December 31, 2024; and
- Require all catch-up contributions for participants with compensation of more than \$145,000 (indexed for inflation) to be designated as Roth 401(k) contributions beginning after December 31, 2025.

The Plan will incorporate changes in its Plan document and administration to the extent required by the SECURE 2.0 Act.

(12) Subsequent Events

The Plan Sponsor has evaluated subsequent events from the balance sheet date through October 8, 2024, the date at which the financial statements were available to be issued and has determined that there are no other items to disclose.
