**The Plan Administrator of
MGA Home Healthcare 401(k) Plan:**

We have audited the financial statements of the MGA Home Healthcare 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) as of and for the year ended December 31, 2023, and have issued our report thereon dated **TBD**. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, which are a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles in the United States of America ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 13, 2024. Professional standards also require that we communicate to you the following information related to our audit.

This information is intended solely for the information and use of the plan sponsor and plan administrator of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the confidence you place in LBMC as your business advisor. We strive to help you stay compliant, manage risk, and improve performance as you manage your employee benefit plan.

Scope of Attest Services	LBMC was engaged to perform an ERISA Section 103(a)(3)(C) audit of the 2023 financial statements of the Plan including subjecting the form and content of certain supplemental information to auditing procedures.
Plan Management Responsibilities	Management is responsible for the preparation and fair presentation of the financial statements, and supplemental information, and maintaining internal controls.
Attest Deliverable	LBMC issued an ERISA Section 103(a)(3)(C) opinion on the financial statements of the Plan and communicated certain matters relating to the financial statements and supplemental information.
Other Services	LBMC performed the nonattest service of drafting the financial statements and supplemental information of the Plan in conformity with GAAP based on information provided by management. We provided management with any and all accounting records that were prepared by LBMC in connection with the nonattest service set forth above. Management is responsible for retaining these accounting records, including supporting schedules as an integral part of the Plan's accounting records: • Trial balance with financial statement groupings • Fair value leveling of investments • Investments measured at net asset value as a practical expedient

Area	Detail
Qualitative Aspects of Accounting Practices – Accounting Policies	Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new significant accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.
Qualitative Aspects of Accounting Practices - Estimates	Accounting estimates are an integral part of the Plan's financial statements and are based on management's knowledge and experience, as well as certain assumptions. Certain accounting estimates are particularly sensitive due to: (i) their significance to the financial statements; and (ii) because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements relate to management's estimate of the fair value of the Plan's investments. Investments are carried at fair value as determined on the last day of the plan year, as described in Note 4 to the financial statements. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.
Qualitative Aspects of Accounting Practices – Disclosures	Financial statement disclosures are neutral, consistent, and clear.

Area	Detail
Difficulties Encountered in Performing the Audit	For purposes of this report, “difficulties” may include matters such as: • the unavailability of, or significant delays in management providing information, • an unreasonable time frame within which to complete the audit, • extensive unexpected effort required to obtain audit evidence, or • restrictions imposed on the auditor by management. We encountered no significant difficulties in performing and completing our audit.
Disagreements with Management	For purposes of this report “disagreements with management” include matters that, individually or in the aggregate, could be significant to the Plan’s financial statements or the auditors’ report, regardless of whether they were satisfactorily resolved. Examples of such matters include, but are not limited to, the application of accounting principles to a specific transaction, the basis for management’s judgments about accounting estimates, and the scope of the audit. We are pleased to report that no such disagreements arose during the course of our audit.
Management Consultations with Other Independent Accountants	If management were to consult with other accountants about the application of an accounting principle to the Plan’s financial statements or the type of auditors’ opinion that may be expressed on those statements, professional standards require the consulting accountant to confer with us to determine that the consultant has all relevant facts. To our knowledge, there were no such consultations with other accountants.
Management Representations	We have requested certain representations from management that are included in the management representation letter dated TBD.
Independence	We are not aware of any relationships between our firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence that have occurred during the period from January 1, 2023, through the date of this report.
Other Findings or Issues	We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year both prior to, and subsequent to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.
Form 5500 Procedures	We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors’ report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan’s financial statements. We identified no material inconsistencies in performing and completing our audit.

Area	Detail
Information Accompanying the Financial Statements	Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DRAFT

The following table summarizes the uncorrected misstatement to the financial statements. Management has determined that the effects of the uncorrected misstatement is immaterial to the financial statements taken as a whole.

Uncorrected misstatement

	Description	Impact to 2023 Net Assets Available for Benefits Increase (Decrease)
Passed adjustment	To record qualified non-elective contribution receivable to Plan for errors in participant withholdings	\$ 18,000

DRAFT

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan by Principal Trust Company and Principal Life Insurance Company, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

During the course of our audit, we identified the following items that are an opportunities for improving internal controls and enhancing compliance with Internal Revenue Service and DOL regulations:

Untimely Remittance of Employee Deferral Contributions	We noted an instance where participant contributions were not remitted to the Plan within the guidelines set forth by Department of Labor ("DOL") standards. The Plan Sponsor is required by DOL regulations to remit participant contributions as soon as practicable, but no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. DOL officials have stated that remitting participant contributions by the fifteenth business day after being withheld from payroll is not a "safe harbor" to avoid penalties from the DOL. Due to the failure to timely remit withheld contributions, participants' accounts may not be updated as soon as possible with new remittances and resulting plan earnings, and an opportunity is created for the DOL to issue penalties and fines for not remitting participant contributions as soon as practicable. We recommend that management review and evaluate current remittance practices to help ensure that all participant contributions are being remitted as soon as administratively possible on a consistent basis after the funds are withheld from employee wages.
Contribution Calculation	During our testing related to participant deferrals, we noted that there were no 401(k) deferrals on bonuses and paid leave compensation that were paid on off-cycle payrolls. We also noted that cell phone reimbursement was not being included in compensation when calculating participant deferrals. These types of compensation are not listed as exclusions from compensation under the plan document. Management should consult with ERISA counsel to determine what, if any, corrective action should be taken.

Retirement Plan Oversight

During our audit, we noted that Plan management did not document its plan oversight meetings during the year. We recommend that Plan management implement a policy to document their regular meetings and any important decisions or discussions held during these meetings. Meeting minutes could include the following:

- Date, time and location of the meeting
- Identification of the people present at the meeting
- Reference to any investment reports used during the meeting
- Participation issues such as education, goals for increasing the number of participants, or deferral rates
- Plan fee issues
- Fund performance issues
- Decisions made, such as the decision to place a specific fund on a formal or informal “watch list” that will need to be addressed at a future meeting
- Decisions made which require immediate action, such as the decision to remove and/or replace a fund in the Plan’s line-up

Meeting minutes serve as important documentation that a fiduciary process was followed, and the Plan is being prudently managed.

On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0) was enacted. This occurred as part of the passage of the Consolidated Appropriations Act, 2023, a federal government spending package. SECURE 2.0 builds on the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 1.0) in effort to expand retirement coverage and savings. The new law includes both required and optional changes to defined contribution and defined benefit plans, and the effective dates vary across the 90+ provisions.

The law creates opportunities for plan sponsors to include new benefits in their existing plans that address everyday obstacles when saving for retirement, like repaying student debt and saving for emergencies. It also has provisions which raise the age for required minimum distributions, allow long-term part time employees to participate in their benefit plans sooner, increase the “catch-up” contribution limit for pre-retirees, and allow participants to self-certify hardship withdrawals, as well as many others. SECURE 2.0 includes provisions in the following areas:

- Contributions
- Corrections
- Disclosure and Notices
- Distributions and/or Exceptions to the Additional Tax on Early Distributions
- Expanding Coverage
- Plan Design
- Required Minimum Distributions
- Taxes and Tax Credits
- Testing and Reporting

LBMC recommends that you work with your retirement plan provider to determine which provisions to adopt and at what time. Should you have any questions, reach out to your audit team leader.
